VIBRANT HEALTHY LIVE LEARN

THE DEPARTMENT OF RESIDENCE LIFE SUPPORTS STUDENTS BY PROVIDING A VIBRANT, HEALTHY PLACE TO LIVE AND LEARN.

VIBRANT

"Students should look forward to living on campus because they can take part in events and utilize all the resources living on campus offers. I enjoy having everything so close and easily accessible. It is a short walk to all campus events."

LIVING ON NDSU'S CAMPUS IS EXCITING! THERE'S ALWAYS SOMETHING GOING ON.

From weekly events in residence halls such as video game tournaments and ice cream socials to campus-wide events held annually like Casino Night, Blacklight Underground and Cancer Awareness Week – there's something for everyone.

In addition to having easy access to a wide variety of fun events, on-campus students also have the opportunity to become student leaders. By participating in Hall Government or the Residence Hall Association, students get to plan campus events like speakers, dances and service projects.

Living on campus is also a healthy choice. Here are a few reasons why:

SAFETY AND SECURITY Residence halls and apartments are secure facilities with 24-hour card/key access for outside doors.

WELL-BALANCED NUTRITION Meal plans offer students unlimited access to dining centers during regular hours of operation. In addition to hot meals at traditional meal times, dining centers offer soup, salad and sandwich bars, cereal, fruit and an array of other healthy options throughout the day. A licensed registered dietitian provides free information and private counseling for students with special dietary needs.

STUDENTS MAY CHOOSE TO LIVE IN THE WELLNESS COMMUNITY, A RESIDENCE HALL ENVIRONMENT WHERE STUDENTS FOCUS ON ALL ASPECTS OF WELLNESS

HEALTHY

"The Wellness Community is about the seven different areas of wellness in your life. I love the fact that we are all here because of one or several of those areas of wellness. These similarities help you bond with other students in the community almost instantly."

CARING PROFESSIONALS Hall directors, resident assistants and complex managers are trained to serve as sources of information and help students become acquainted with NDSU. Custodians take pride in providing a safe, clean and friendly environment.

FOCUS ON OVERALL WELLNESS Students may choose to live in the Wellness Community, a residence hall environment where students focus on all aspects of wellness and pledge to remain substance free, both on and off campus.

LIVE

Options are a big bonus of living on campus.

Residence hall or apartment? Single-gender or co-residential? High rise or low rise? Students are offered a wide variety of living arrangements to choose from throughout their time at NDSU. For more information about particular on-campus accommodations, visit www.ndsu.edu/reslife.

LEARN

ON AVERAGE, STUDENTS LIVING ON CAMPUS HAVE A HIGHER GPA THAN THOSE LIVING OFF CAMPUS. THIS IS TRUE NOT ONLY FOR FIRST-YEAR STUDENTS, BUT ALSO FOR SOPHOMORES, JUNIORS AND SENIORS.

Contributing to this are numerous resources available to students living on campus:

ESTABLISHED LEARNING COMMUNITIES Available for students with particular interests or majors including: pharmacy; business; engineering; and arts, humanities and social sciences

FIRST-YEAR EXPERIENCE PROGRAM Designed to facilitate a smooth transition from high school to college

FACULTY MENTORS Each residence hall has instructors who visit the residence halls to participate in programs and events and engage with students outside of the classroom.

PROGRAMMING Residence halls offer programs that focus on community, leadership, academics and wellness to enhance the overall college experience.

"I have met so many people living here. Everyone is really friendly and inviting."
