Student Scholarship Support

Please Select: ❑ Pharmacy Scholarship ❑ Nursing Scholarship ❑ Allied Sciences Scholarship ❑ Public Health Scholarship

I/We will: _____

❑ Provide a scholarship to be named _____

In the amount of: ❑ $1,000 (minimum) ❑ $2,000 ❑ Other $_____.

NOTE EFFECTIVE JANUARY 1, 2017: A one-time administrative assessment or "gift fee" of 5% on all incoming gifts, including endowment and scholarship gifts went into effect. To determine the overall amount you would need to make your desired gift goal, divide your goal amount by .95. That new total includes your gift fee. For example: If your gift goal is $1,000, take $1,000 ÷ .95. This equals $1,053. Your gift of $1,053 would be received by the Foundation and the 5% gift fee would be applied, leaving a $1,000 scholarship to directly benefit your selected area. In this example, your tax deductible gift amount is $1,053.

❑ Contribute to the Deans Scholarship Fund in the amount of $_____ (amounts less than $1,000 will automatically be placed in the Deans Scholarship Fund).

❑ Our preference for awarding the scholarship dollars is as follows (scholarship, merit and need are among the most commonly chosen criteria):

1. _____

2. _____

The College faculty scholarship committee will determine how to best award the scholarship(s) using the above criteria listed.

Please send a photo or logo that best describes your scholarship. We will use your photo or logo while announcing our scholarship
