

 www.aaas.org

AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE – a general organization for advancing science. The website contains links to *Science* journal where jobs can be posted. The AAAS also has its own Careers in Science page where jobs can be posted along with resume postings and information on grants/internships.

 www.asbmb.org

AMERICAN SOCIETY FOR BIOCHEMISTRY AND MOLECULAR BIOLOGY – a national society who encourages its science and scientists and also is interested in promoting the diversity of individuals entering the scientific workforce. Uses a specific link to Diversity information on the website where activity involving underrepresented groups is organized. Also, a link to their journal is provided where ads can be bought. Within the Education section is a Placement Services link that connects with the FASEB career site mentioned above.

 www.biophysics.org

BIOPHYSICAL SOCIETY – professional organization that fosters the development of the biophysical field. There are several online networking options within this group including; links to other similar societies, advertising in one of its publications/newsletters like the *Biophysical Journal* and they offer an online placement service in their products and services page.

 www.faseb.org

FEDERATION OF AMERICAN SOCIETIES FOR EXPERIMENTAL BIOLOGY - FASEB is a coalition of independent Member Societies that serve the interests of biomedical and life scientists. The website contains many interesting links to Member Societies, Members Directory, access to the FASEB journal publication and other resources. Of special interest is the Career Resources section where there is a classified ads section, searchNet section providing a database referral system, and other useful tools. There is also the Minorities Access to Research Careers section with information about the program (also linked back to the Career Resources).

 www.faseb.org/protein/

PROTEIN SOCIETY – one of the member associations of the FASEB, the website for this organization includes links to the journal *Protein Science* where advertising is available and a Job Opportunities section where positions can be posted and candidate searches can be done.
