

NORTH DAKOTA STATE UNIVERSITY SCHOOL OF EDUCATION

Vision Statement:

- * Educational programs emphasizing significant field-based experiences that are collaboratively planned, actively implemented and school/community based;*
- * A unified professional school structure and philosophy reflected in all facets of SOE operations;*
- * A commitment to providing meaningful assistance to new professionals during their major periods of transition and throughout their entire careers;*
- * The willingness and ability to assume a leadership role in education within local community, the state and the region; and*
- * Professionals who continuously monitor demographic projections and other relevant data so that new paradigms including interdisciplinary approaches for program delivery, can be developed and implemented in timely, proactive and diversity conscious ways.*
