

PRESIDENT'S CABINET MEETING AGENDA

June 27, 2022

STRATEGIC PRIORITIES TRANSFORMING NDSU INTO A STRONGER LAND GRANT, STUDENT FOCUSED, RESEARCH UNIVERSITY.

GUIDING PRINCIPLES

In the process of transforming, we are guided by five guiding principles that are aligned with our strategic plan:
Enhancing enrollment, retention and student success • Prioritizing NDSU's Research-1 Carnegie classification status as a top research institution • Investing in the well-being of the people across the NDSU community • Building a stronger culture of diversity, inclusion and respect • Embracing NDSU's critical role as a land-grant university

KEY STRATEGIES

Three key strategies for transformation include:

Right-sizing operations through college mergers and academic program efficiencies • Strategic investing in opportunities that will enhance our academic enterprise and improve retention and enrollment, and • Modernizing our financial infrastructure through an incentivized budget model for colleges and reorganizing how financial services are delivered.

AGENDA DETAILS

- Review our plans for the field days travel schedule and the other events that will occur that week. Then you can weigh in with your expectations or encouragement about attendance by Cabinet and Deans to the public events that would be occurring over those two weeks (also talk about expectations going forward for event attendance). - Greg, John, or Chris
- Volunteer assistance with Orientation & other important campus events – Laura O-A
- Potential sale of alcohol at Fargodome – Matt Larsen
- Bias Incident Notification Team – Laura O-A & Chris
- President updates
