

Old Time Threshing Shows in North Dakota

A Directory

Center for Heritage Renewal
North Dakota State University

NDSU's Center for Heritage Renewal, an office dedicated to the promotion of grassroots heritage tourism in North Dakota, has begun the compilation of a guide to old-time threshing shows in the state. This will be a web-based guide with home page here – www.ndsu.edu/heritage/threshing

To begin with, the center is collecting basic information about all the shows in the state. Once this is done, staff and NDSU students will be sent out to shows to collect photos, video, and sound that will illustrate to the public the interest and fun to be found at threshing shows. The aim is to increase public interest, and thereby increase heritage tourism in the North Dakota countryside.

Help us out by providing information about your show!

Organization sponsoring the show		
Location of the show		
2009 dates
