

Thanks to everyone who was able to attend the first meeting of the NCA Mission and Integrity Subcommittee on Monday, 2/2 at 1:00. For those of you who could not be there, we'll look forward to seeing you next time.

It seems that another good time to meet would be at 1:00-2:00 on Wednesdays so meetings have been scheduled for the following Wednesdays:

February 18th - EML 384

~~March 3rd - MU University Chambers \*~~

~~March 17th - MU Plains \*~~

March 31st - MU Plains

April 14th - MU Plains

April 28th - MU Plains

May 12th - MU University Chambers

May 26 - MU Plains

June 9th - EML 384

June 23 - MU Plains

\* Cancelled meetings per Mary McDonald's email dated February 19, 2004.

As you can see, the listserv has been set up as requested and the address is listed above.

We also decided on Monday that by the next meeting (February 18th) everyone should review the handout provided at the Steering committee Meeting on Criterion One: Mission and Integrity. For each of the core components (a-e), please jot down the specific sources or evidence you know/think would be helpful - if you cannot identify evidence for all of the core components, that is okay.

Also, bring your list of people (not on our committee) who might be able to provide information for us. As you review the core components, select the one you would like to work on when we divide into subgroups.

Let me know if you have questions, or need more information. Thanks in advance.

Virginia and David
