

**University Senate Personnel Committee
Annual Report
2005-06**

The University Senate Personnel Committee last met in the spring of 2005, with Berlin Nelson, chair. At that time, we issued a brief report to the Senate about the idea of creating a university ombudsman. Dr. Nelson then ended his term as chair and the committee did not elect a new chair. As a member of the committee, I can report that we have not met since then because the Senate gave us no further charge. Thus, we conducted no business in the 2005-2006 academic year.
