

College of Human Development and Education Graduate Survey – Spring 2007

Instructions: Consider the time you have spent as a student in one of our graduate programs in the College of Human Development and Education at North Dakota State University as you answer the following questions in regard to your experience. Your feedback is important to us and will be used to help plan for program changes. **All information will be compiled and presented in a printed form. Statements/responses will be not linked to individuals.**

Graduate Degree Programs (please choose one):

1. Which classes or experiences have been most rewarding to you? Why?
2. Which classes or experiences have been least rewarding to you? Why?
3. What do you consider the greatest strength(s) of your program? Why?
4. What do you consider the greatest weakness(s) of your program? Please explain why?
5. Do you feel that your advisor has provided helpful information? Are there things he/she could do to improve? What would you suggest?
6. Describe your workload (i.e., full time job, assistantship, work 20 hours a week, etc.).
7. What would you suggest we do to improve your program?
