

MATH 229, Multivariate Calculus
Course survey
Due in recitation, 15 or 17 Jan

Name _____

Are you registered for this course? _____

What is your major? _____ minor? _____

What year? (Freshman, etc.) _____ Full-time or part-time student? _____

Did you transfer to NDSU? _____ If so, when and from where? _____

Have you satisfied the course prerequisite (MATH 166)? _____

If so, where and when? _____

Do you have a job besides "student"? _____ If so, what do you do and how many hours do you work per week? _____

Tell us about yourself. Here are some things you might discuss. (Feel free to tell us other things, too. Feel free to leave unanswered questions that you feel are too personal or irrelevant.) Why are you in college? Why here at NDSU? Why are you enrolled in this class? What are your life goals? Do you participate in extracurricular activities? which ones? why? What do you hope to do with your degree from NDSU? What's your dream job? Do you like math? why or why not? Have you had particularly good or bad experiences with math? If so, tell us about them. What's your favorite artist, song, movie, book, school subject, place, etc.? Where are you from? Use the back of this form or extra sheets if you need more room.
