Research Inquiry

Looking to improve existing products or processes or examine a new area of interest? NDSU offers a broad array of experienced researchers, with excellent research facilities, who may be able to conduct the needed research. For specific areas of research interest, or if there are specific research questions you'd like investigated, the NDSU Sponsored Program Administration would be happy to work with you on developing an agreement to sponsor research at NDSU.

Confidentiality: NDSU will only use the information provided below to respond to your request, or to provide appropriate follow-up materials within your areas of interest.

Technical Interests
Please tell us the type of technology or research in which you have an interest, and if possible, what application. Details are helpful to expedite a match, but please convey only non-confidential information.

Are there particular areas in which we could provide information as future research opportunities develop?
