

**Resource Guide**  
**Getting It Right Canola Production**  
Webinar originally broadcast March 19, 2026  
**Resource Guide**

We are grateful for support from the Northern Canola Growers Association, sponsor of the 2026 Getting It Right Canola Production Webinar. <https://www.northerncanola.com/>

Resources from all of the Getting It Right crop production sessions have been posted at <https://www.ndsu.edu/agriculture/ag-hub/getting-it-right> .

<https://www.ndsu.edu/agriculture/ag-home/directory/frayne-olson>

Agriculture By the Numbers monthly newsletter <https://www.ndsu.edu/agriculture/ag-hub/ag-topics/farm-management/agriculture-numbers>

### Information regarding winter canola provided at end of meeting:

Qasim Khan, Organic Cropping Systems Agronomist at the NDSU Carrington REC is evaluating winter-hardy canola varieties and optimal planting dates under North Dakota conditions. The anticipated impact of this project is the expansion of winter canola as a viable crop in North Dakota, offering farmers a resilient and high-performing alternative that enhances productivity, soil health, and overall farm sustainability.

### Additional Useful NDSU Resources:

Subscribe to the NDSU Crop & Pest Report <https://www.ndsu.edu/agriculture/ag-hub/ag-topics/crop-production/crop-pest-report/subscribe-crop-pest-report>

If you'd like a weekly (Monday morning) update from the NDSU Carrington REC, add your name to our listserv for Center Points at <https://www.ndsu.edu/agriculture/ag-hub/research-extension-centers-recs/carrington-rec>. Our Center Points list will soon become the only method for sending email reminders about events at the Carrington REC. Don't miss out!
