I am disappointed to write this notice. I know all the effort and time that our instructors, parents, and youth put into their archery and air rifle seasons. I know that some archers never got to join the 2020 circuit and for some seniors, it was their last season with us.

- We will be cancelling the state indoor archery season events (Southwest in Bismarck, South Central in Edgeley district matches and State Indoor Archery Championship in Minot) for 2020 as our remote work assignments and face to face programming limits have been extended until May 15. This timeline limits our ability to hold those events and also have time to prepare for summer activities. I anticipate if we return to normal activities there will also be a last minute push to accomplish some high school events.

- The Missouri River 3D in Bismarck is cancelled and will be refunded.

- The 2020 air rifle state championship is postponed until September 26. This match is most important as a national qualifier for senior division in the 2021 4-H National Championships.

- The 2020 State 4-H Archery Championships on June 12 and 13 is still on schedule but I am not going to put up registration unless there is a chance it will happen. We will announce the match through Facebook and email when we receive notice to resume regular programming. It might be a short window for registration and I will directly email as many families as I can and post on our websites.

- The 4-H State Shotgun Match is still on schedule for August 8.

- If you are dual certified in NASP and 4-H. Your NASP certification report is due if you want to remain recognized by them. Your NASP eligibility does not affect your 4-H certification. You should have received an email link with your certification # when you completed the class by me. You will need that. Your only requirement to remain certified in NASP is to complete the yearly instructor report. The report is in the NASP reminder email or can be found on the NASP website under BAI instructor. Working in the 4-H program does count as an afterschool program.

We will refund all indoor events that were not completed in shooting sports less the registration system fee. We thank you for your participation in the 2020 indoor season and understanding for the current situation.
