### Insect and Equipment/Machinery Identification

- **Air Compressor/hose**
- **Baler**
- **Bean Harvester Head (for Combine)**
- **Center Pivot**
- **Combine**
- **Corn Harvester Head (for Combine)**
- **Crop Cultivator**
- **Crop Planter**
- **Disc Mower**
- **Drill Planter**
- **Fertilizer Broadcaster**
- **Forage Harvester**
- **Grain Auger**
- **Grain Storage Bin/Dryer**
- **Gravity Wagon**
- **Hay Rake**
- **Hearing Protection**
- **Hitch Pin**
- **Hydraulic Hose**
- **Liquid Manure/Fertilizer Spreader**
- **Manure Spreader (Dry)**
- **Moldboard Plow**
- **Plow (Soil Chisel)**
- **Press Wheel**
- **Pressure Gauge**
- **PTO Shaft**
- **Rotary Hoe**
- **Sprayer**
- **Swather**
- **Tractor**

#### Record the number of equipment or machinery sample in the box at left.

#### Record the number of the insect in the box below next to the name of the insect.

- Alfalfa weevil
- Aphids
- Armyworm larva
- Bean leaf beetle
- Blister beetle
- Colorado potato beetle
- Corn ear worm larva
- Corn rootworm larva
- cricket
- Cutworm larva
- Flea beetle
- Grain weevil
- Grasshopper
- Green lacewing
- Honeybee
- Japanese beetle
- Lady beetle larva
- Leafhopper
- Lygus
- Spider mite
- Western corn rootworm beetle
- Wheat stem sawfly
- White grub
- Whitefly
- Wireworm
