Help us finish something positive. We are so excited to see our plans for the North Dakota 4-H Camp come to life. Current buildings are being modernized and a multipurpose education center is under construction. We have a few more steps to go, and 4-H needs your financial help to finish the project with new indoor and outdoor furnishings, equipment and program amenities.
Extending Knowledge and Changing Lives

The North Dakota 4-H Camp, near Washburn, N.D., was established in 1967 and has a long history of extending knowledge and changing the lives of those who participated in its camping program. It was created with a primary purpose of providing education, outdoor recreation and leadership opportunities for youth. The 87-acre camp is on the banks of the Missouri River near Fort Mandan, where Lewis and Clark and the Corps of Discovery spent the winter of 1804. It is the only 4-H camp in North Dakota, and the present facilities have served youth well during the past 47 years.

The camp is owned by the North Dakota 4-H Foundation and relies on the NDSU Extension Service’s Center for 4-H Youth Development to conduct the educational programming that takes place.

Your support of this 4-H camp project provides you the opportunity to be part of the legacy of extending knowledge and changing the lives for those who participate in the program now and in the future.

We are incredibly excited to see the plans for the North Dakota 4-H Camp come to life. We are also updating the master plan that lays out the long-term vision for the camp and its future.

– Brad Cogdill, Chair, Center for 4-H Youth Development, NDSU

We’re inviting our 4-H community of youth, adults, friends and alumni to participate. The time is now. Your contributions will make a positive impact.
Donor Opportunity

The North Dakota 4-H Camp is being modernized, with all current buildings being remodeled and a multipurpose building being constructed. These improvements will help enhance our learning environments, increase our capacity to accommodate larger youth groups, provide access to people of all abilities and ensure a safe camping facility.

Program Amenities
Donors can choose to sponsor the development or renovation of one of the outdoor camp areas, including a chapel, two arenas, storage buildings, crafts shack, basketball court, one animal shelter and a small pasture. Planned additions to the camp may include a multidiscipline shooting range, pavilion, fishing pond, high-ropes course, and walking and riding trails.

Indoor and Outdoor Furniture and Equipment
Donors also can choose to sponsor the replacement of indoor and outdoor furniture and equipment at the camp. Examples of these items include bunks and other furnishings for all cabins, seating for small-group gatherings in a variety of areas, tables and chairs for the Johnsrud Center and the renovated dining hall, kitchen equipment and serving pieces related to dining.

Paver Patios
Patios are being built adjacent to the Johnsrud Center and the Dining Hall to create outdoor gathering areas. These patios will use a paver patio design, creating the opportunity for an engraved brick patio.

All gifts of $100 and larger will include an engraved brick. The bricks are 4 by 8 inches and can be engraved to honor, memorialize, celebrate or thank friends, family and supporters.
