Minimum Degree Total 131

³ First year students with a composite ACT ENGL sub-score > 18 should register for ENGL 120 (unless transfer credit for ENGL 120 is received). If ENGL 120 is completed with a grade of "C" or better, three credits will be awarded for ENGL 110 with a passing grade (P). For more details on NDSU's English Placement process, go to https://bulletin.ndsu.edu/academic-policies/undergraduate-policies/english-and-math-placement/#englishplacementtext

The last 30 credits must be earned in residence at NDSU.

¹ Use this column to tally grades; use "T" for transfer courses and "IP" for courses currently in progress.

² Use this column to tally 36 credits of 300/400 level courses required for graduation

⁴ Technical Electives can be additional courses from ABEN, Engineering, or Chem/Bio/Enviro Elective or as a Technical Elective. ABEN 496 - Field Exp./Internship/TA, 1 cr., may be used as an ABEN Elective or as a Technical Elective. A maximum of two credits of ABEN 496 FE/Internship may be counted towards degree requirements.

⁵ Advanced bioscience courses (ABC) may double-count with Program Electives; qualifying courses must have a biological science component with one or more prerequisites (see reverse for ABC eligible courses). Add'l courses may be available in consultation with your advisor. At least 3 cr. must be from non-ABEN courses.

⁶ ABEN courses may not be used to fulfill CHEM/BIO/ENVIRO Science Electives

BIOSYSTEMS ENGINEERING CURRICULUM GUIDE CONTINUED

The following electives are approved; alternatives may be possible with advisor approval.

| | Suggested Computer Electives | ABC ¹ |

^{*}As a student at NDSU, it is your responsibility to know the requirements of your degree. To ensure all degree requirements are met, meet with your academic advisor regularly and follow your Academic Req. Report found on Campus Connection. Required ABEN Courses are typically offered only once per year. ABEN electives are typically offered only once every two years, and all courses are subject to change.
