International Student Admission
Office of International Programs
DIVISION OF EQUITY, DIVERSITY AND GLOBAL OUTREACH

Admission of undergraduate international students is determined by a selective admission process which includes consideration of English language proficiency, academic ability and financial resources. **Deadlines for applications are May 1 for fall semester and November 1 for spring semester.** In order for an application to be processed, a nonrefundable application fee of $35 U.S. must be submitted to North Dakota State University.

**English Language Proficiency**

**इंग्लिश भाषाची प्रविष्टता**

For full undergraduate admission, students must submit an official English score report meeting one of the following:

- TOEFL: 70 IBT
- IELTS: 6.0
- PTE (Pearson’s Test of English): 50
- SAT (Critical Reading Section): 450

Applicants should have their official scores sent directly to the Office of International Programs, North Dakota State University, Dept. 4620 P.O. Box 6050, Fargo, ND 58108, USA. Test results are valid for two years.

Students can also be considered for **conditional undergraduate admission** by enrolling in the NDSU Intensive English Language Program (IELP), if their English proficiency is below one of requirements above. The IELP is offered each fall, spring, and summer term.

**Academic Eligibility**

**शैक्षणिक योग्यता**

Applicants are required to provide an official academic record from all senior secondary or high schools, universities, and colleges attended. Students should have an educational background of: science, mathematics, social science/history, and English to be considered for admission. Each academic record must include an original signature or stamp and show grades for all coursework and examinations taken at each school. Scanned or notarized documents are not accepted.

Students applying directly from higher or senior secondary school in India should have the equivalent of a 55% average or 2.5/4.0 CGPA in order to be admitted. Some engineering and health sciences programs require higher GPAs for direct admission into the professional program. Specific requirements by country are provided at: www.ndsu.edu/international.

**Health Insurance**

**आरोग्य विधि**

All international students are required to purchase university approved health insurance. No other policy may be substituted. The fee for health insurance for one year must be paid upon arrival and the coverage is for one calendar year.

**Financial Resources**

**आर्थिक योजना**

All international undergraduate applicants must provide official bank statements with an original signature showing fixed funding for one academic year of expenses, currently $28,575 USD. Estimated costs for the 2011-2012 academic year include: tuition and fees, $17,596; on-campus room and board, $7,190; books, $800; health insurance, $894; miscellaneous costs, $2,000. Applicants must be prepared to pay for all expenses during their entire stay at the NDSU.

**Transfer International Student**

**आंतरराष्ट्रीय विद्यार्थी स्थानांतर**

Undergraduate students transferring to North Dakota State University should have a cumulative grade point average (GPA) of 2.5 or higher on a 4.0 scale, and a 2.8-3.0 GPA for applicants to engineering and health sciences programs. In order to receive credit for prior university study, applicants must submit official transcripts and English course descriptions of all course work. This process takes 3-4 weeks to complete and is not evaluated until after admission to NDSU is awarded.

Course work taken at universities recognized by the Ministry of Education in India is normally accepted for transfer to North Dakota State University, provided that the grades are passing and the courses are comparable to those offered at NDSU. However, transfer credit is not guaranteed and may not be applicable to a particular degree program or academic major at this university. Course work taken at technical schools should be sent to World Education Service (WES) for evaluation. More details available at: www.wes.org/.
