Dear BUS Program Review Committee,

You must be able to answer the following questions, in no particular order, for your Statement of Goals to be complete: Discuss your academic journey, what led you to the Bachelor of University Studies degree? Why will this degree benefit you more than a traditional academic major? What are your goals after graduation? Which area(s) of emphasis/minor(s) did you choose to focus on, how do they blend together and how do they help you towards your future goals?
