The Allied Sciences Advisory Board meets twice a year. These appointed members assist the department to build and maintain an advancement program, annually review program goals, assessment data, resources, curriculum, and continuous quality improvement efforts, identify current needs, trends affecting the professions, future challenges, and opportunities related to advancing the programs, and strategies to promote inter-professional collaborations within the College.

Current members: Tausha Bolluyt, Jim Breen, Sara Dell, Lisa KaKayGeesick, Chelsey Matter, Eryn Miller, Keith Schweigert, Jill Urke, Robyn Urlacher
