Benefits of Academic Works (AW)
- User friendly – one application process allows you to be eligible for general NDSU scholarship and College of Health Professions scholarships
- Same log in and password used for NDSU accounts
- For general information, you can also refer to the video on the scholarship information page

Getting There
- College of Health Professions - https://www.ndsu.edu/healthprofessions/
- One Stop (formerly Bison Connections) - https://www.ndsu.edu/onestop/finaid/scholarships/

How to apply
- Click on the “Apply Now” button
- Sign in with NDSU user name and password
- Once signed in to Academic Works you can navigate through two tabs at the top
  - Applications and Opportunities
- The Application tab takes you to the General Application. You can finish and submit or save and edit. It is that easy!
  \text{TIP}: \text{Not all questions are required to complete but it is to your benefit to complete all of them.}
- The Opportunities tab is where you can view the opportunities or scholarships available. Under the Opportunities tab, you will find your recommended scholarships to apply for.
  \text{TIP}: \text{Use the filter feature located on the right side of the screen to narrow down the number of opportunities. You filter by "scope" or department. Example: Department of Allied Sciences, Department of Public Health, School of Nursing Bismarck, School of Nursing Fargo and School of Pharmacy.}
- Clicking on a specific opportunity allows you to see a description, award amount in some cases, deadline and if additional information is required.

I applied, now what?
AW will pull your personal information from the database such as financial need, GPA, hometown and major and "auto match" you to scholarships. If you are recommended for scholarships that require more information, you will receive notification you need to answer additional questions or submit an essay related to these "apply to" scholarships.

Important dates for application process
\text{Pharmacy, Nursing (Fargo and Bismarck) and MPH}
Open April 10, 2017; close May 19, 2017
\text{Allied Sciences}
Open April 10, 2017; close May 31, 2017

Scholarship Requirements
Complete a thank you note to the donor
Attendance is required at the September 7, 2017 scholarship ceremony (exceptions can be granted for distance students or students on rotations outside of a reasonable driving distance; approval is required)
