

Members of the Allied Sciences Alumni Advisory Board meet twice a year. These appointed members assist the department to: build and maintain an advancement program; annually review program goals, assessment data, resources, curriculum, and continuous quality improvement efforts; identify the human, financial, and physical resources needed to deliver high quality programs; identify current needs, trends affecting the professions, future challenges, and opportunities related to advancing the programs; and strategize, develop, promote and encourage inter-professional collaborations within the College.

2014-2015 alumni advisory board members are: Tausha Bolluyt, Jim Breen, Sara Dell, Lisa McBroom, Eryn Miller, Keith Schweigert, Jill Urke, & Robyn Urlacher
