Note: (1) An additional 3 credit statistics class is required as approved by the student's committee. Minimal internship and practicum credits total 6 and minimal dissertation credits total 10. It is also recommended that other graduate classes be considered as elective in addition to those above, or as substitutes with committee approval.

****PLEASE NOTE:** If a proposed graduate research project involves human or animal subjects, or biohazards, it must be submitted for review and approval by the Institutional Review Board (IRB), the Institutional Animal Care and Use Committee (IACUC), and/or the Institutional Biosafety Committee (IBC). The student should initiate this process after his or her supervisory committee has approved the final research design because IRB, IACUC, and IBC approval must be obtained before the research project commences.

Transfer Credits (Official transcripts showing completion of credit to be transferred from other institutions must be in the Graduate School PRIOR to approval of the Plan of Study.) Only include transfer course. Do not list the courses taken for a previous master's degree. The supervisory committee recommends the following transfer credits to satisfy degree requirements.
