During October 26-29, 2011, the North Central Associated Schools of Construction (ASC) - Region IV met at the Lied Lodge in Nebraska City, Nebraska for its annual conference. Eleven of the fourteen universities in the seven-state region were represented. In attendance were 17 university faculty and 27 teams totaling 161 students. Events included this year were the ASC Region IV Midyear Meeting, Career Fair, curriculum breakout discussions for faculty, and the 19th Annual Construction Management Student Competition. Students, faculty and industry met for breakfast during the Career Fair.

The following companies attended the career fair:

- TIC – The Industrial Company
- Kiewit Corporation
- McCarthy Building Companies
- Hawkins Construction
- Garney Construction
- Hensel Phelps

Students competed in four divisions: Commercial, Design Build, Heavy Highway, and Residential divisions. They used real plans and specifications from projects that have already been or are currently under construction. The overall intent was to place students in “real life” project management situations. In an 18-hour period, they had to schedule, estimate, run cost analysis, and resolve several issues that arise as the project is being built. A panel of judges from industry reviewed and graded the team proposals that were prepared in the 18-hr time period by the students. The proposals included the team’s plans for managing and constructing the project. Students were asked to prepare and present their proposed ideas to the panel of judges. In order to facilitate such an environment, the judging panels were comprised of representatives from all facets of the construction industry.
