Robert Noyce STEM Intern Program

NDSU UNDERGRADUATE STUDENTS:
NDSU-Noyce Intern program provides $450/week for six weeks of summer research experience to students working in a STEM (i.e. Science, Technology, Engineering, or Mathematics) discipline.

We are now accepting applications for summer 2010.

Students majoring in any STEM discipline with fewer than 60 completed semester credits at the end of spring 2009 semester are eligible to apply.

Deadline for applications is 5 pm, March 2, 2009.

For information and application forms visit www.ndsu.edu/csme/noyce

NDSU-Noyce is supported by a National Science Foundation grant DUE-0833268.
