Early-entry classes allow you to take courses at NDSU while you complete your high-school diploma. You may choose to take these courses to:

- continue learning in a subject area of interest to you.
- continue your education and maintain good study habits during the summer or your last semester of school.
- get a head start on your degree program.

**EARLY ENTRY:** Students in early entry earn college credit for the classes they take. You do not need to have a high-school diploma to apply for this program. Students may also want to inquire about dual credit or PSEO options with their school administrator, which are options for earning college credit.

You are encouraged to review the list of early-entry classes with your school counselor and parent or guardian to determine which classes are a good fit for you and for your intended degree.

## EARLY-ENTRY PATHWAYS

We offer early-entry pathways guides to help you choose appropriate classes that get you started on a degree program while in high school.

## ELIGIBILITY

If you are a student in grades 10, 11, and 12, you may be eligible to take early-entry courses through NDSU. We recommend you have a GPA of 3.0 or higher. You should first speak with your high-school counselor or teachers to determine your academic readiness to participate in a college-level class.

Early-entry classes have a discounted tuition rate and may have a scholarship available to you. Take advantage of this opportunity to get ahead on your degree and save money too!
