

Violence in Schools:

Identification, Prevention & Intervention Strategies

Instructor Name: Dr. Karen Lea
 Phone: 509-891-7219
 Office Hours: 8 a.m. to 5 p.m. PST Monday - Friday
 Email: karen_lea@virtualeduc.com
 Address: Virtual Education Software
 23403 E Mission Avenue, Suite 220F
 Liberty Lake, WA 99019
 Technical Support: support@virtualeduc.com

Introduction

Welcome to *Violence in Schools*, an interactive computer-based instruction course, designed to give you a better understanding of school violence and increase your interventions strategies. *Violence in Schools* provides a foundational understanding of violence and the motivational purposes behind aggression. The correlation with and impact of the media, community and family upon violence will be investigated. The course teaches identification and intervention approaches for working with out-of-control behaviors. In addition, each student will receive information on available national resources for both parents and teachers. This course will help each person to increase his or her understanding of violence, the motivations behind the use of violence and specific strategies to minimize the occurrence of violence in a school and community.

This computer-based instruction course is a self-supporting program that provides instruction, structured practice, and evaluation all on your home or school computer. Technical support information can be found in the Help section of your course.

Course Materials (Online)

Title: *Violence in Schools: Identification, Prevention & Intervention Strategies*
 Instructor: Dr. Karen Lea
 Publisher: Virtual Education Software, inc. 2000, Revised 2004, Revised 2010, Revised 2013, Revised 2016, Revised 2019

Academic Integrity Statement

The structure and format of most distance-learning courses presume a high level of personal and academic integrity in completion and submission of coursework. Individuals enrolled in a distance-learning course are expected to adhere to the following standards of academic conduct.

Academic Work

Academic work submitted by the individual (such as papers, assignments, reports, tests) shall be the student's own work or appropriately attributed, in part or in whole, to its correct source. Submission of commercially prepared (or group prepared) materials as if they are one's own work is unacceptable.

Aiding Honesty in Others

The individual will encourage honesty in others by refraining from providing materials or information to another person with knowledge that these materials or information will be used improperly.

Violations of these academic standards will result in the assignment of a failing grade and subsequent loss of credit for the course.

Level of Application

This course is designed to be an informational course with application to work and work-related settings. The intervention strategies presented in this course may be generalized to all students (pre-kindergarten through 12th grade) and adults. While an intervention may be geared toward a specific age population, with minimal modifications an educator should be able to adapt the strategy for his or her students.

Expected Learning Outcomes:

As a result of this course, participants will demonstrate their ability to:

- Identify factors contributing to violent behaviors
- Develop strategies to address school/community violence
- Effectively intervene, provide safety and minimize violent actions
- Develop a "school violence" assessment with specific intervention strategies
- Assess the climate of the classroom and school, making the necessary adjustments to increase safety
- Address preventative methods within the school system for students

Course Description:

Anger management strategies have become an important topic in schools, businesses, homes and communities. Our society is

inundated with classes, books and counseling programs that explain various ways to “manage anger.” Despite our best attempts, aggression and violence are still on the rise. We regularly hear and read from various media sources how dangerous our society has become, especially our youth population. This class will focus on developing new ways of handling violence without getting involved in the typical power struggles. During this course, each person will learn specific strategies and practical ideas to aid in the reduction of school violence. Key intervention ideas for developing a civil climate within each school will be presented, and identification and recognition of potential violence will be discussed. Included in this approach will be an emphasis on safety for students and educators. This course is not attempting to be a “cure all” or “fix it” approach, but will aid educators in their ability to develop a safer environment in a school and community. In addition, it will help each person feel more qualified and capable of handling emerging violent behaviors within a school, home or community setting.

Student Expectations

As a student you will be expected to:

- Complete all four information sections showing a competent understanding of the material presented in each section.
- Complete all four section examinations, showing a competent understanding of the material presented. **You must obtain an overall score of 70% or higher, with no individual exam score below 50%, and successfully complete ALL writing assignments to pass this course. *Please note: Minimum exam score requirements may vary by college or university; therefore, you should refer to your course addendum to determine what your minimum exam score requirements are.**
- Complete a review of any section on which your examination score was below 50%.
- Retake any examination, after completing an information review, to increase that examination score to a minimum of 50%, making sure to also be achieving an overall exam score of a minimum 70% (**maximum of three attempts**). ***Please note: Minimum exam score requirements may vary by college or university; therefore, you should refer to your course addendum to determine what your minimum exam score requirements are.**
- Complete all course journal article and essay writing assignments with the minimum word count shown for each writing assignment.
- Complete a course evaluation form at the end of the course.

Chapter 1: Why We Have Violence in Schools

1. Introduction
2. Statistics
3. Types
4. Risk Factors
5. Why Escalating Violence, Part I
6. Why Escalating Violence, Part II
7. Media
8. Reasons
9. Characteristics
10. Warning Signs
11. Self-Awareness Activity
12. Learned vs. Instinctive
13. Gang Assessment Tools
14. Anger/Aggression Activity
15. Summary

Chapter 2: Strategies/Prevention for Individuals

1. Behavior Response
2. How to Respond
3. Avoiding Power Struggles
4. Tips
5. Controlling Anxiety
6. Control & Direct Activity

Chapter 3: Strategies/Prevention for Schools

1. Action Steps for Students
2. Action Steps for Teachers
3. Action Steps for Parents
4. Actions Steps for Schools
5. Patterns of Aggression
6. Preventing Behavior
7. Making Peace
8. Decision Making Activity
9. Confrontation Communication
10. Changing Behavior
11. Prevention Strategies
12. Conflict Negotiation
13. Crisis Planning Guidelines
14. Possible Interventions
15. Anger: It Won't Work Here

Chapter 4: Have a Plan

1. Case Study
2. Violence Prevention Training/Tools

3. Summary

Examinations

At the end of each course chapter, you will be expected to complete an examination designed to assess your knowledge. You may take these exams a total of three times. Your last score will save, not the highest score. After your third attempt, each examination will lock and not allow further access. The average from your exam scores will be printed on your certificate. However, this is not your final grade since your required writing assignments have not been reviewed. Exceptionally written or poorly written required writing assignments, or violation of the academic integrity policy in the course syllabus, will affect your grade. As this is a self-paced computerized instruction program, you may review course information as often as necessary. You will not be able to exit any examinations until you have answered all questions. If you try to exit the exam before you complete all questions, your information will be lost. You are expected to complete the entire exam in one sitting.

Writing Assignments

All assignments are reviewed and may impact your final grade. Exceptionally or poorly written assignments, or violation of the Academic Integrity Policy (see course syllabus for policy), will affect your grade. Fifty percent of your grade is determined by your writing assignments, and your overall exam score determines the other fifty percent. *Refer to the Essay Grading Guidelines which were sent as an attachment with your original course link. You should also refer to the Course Syllabus Addendum which was sent as an attachment with your original course link, to determine if you have any writing assignments in addition to the Critical Thinking Questions (CTQ) and Journal Article Summations (JAS). If you do, the Essay Grading Guidelines will also apply.*

Your writing assignments must meet the minimum word count and are not to include the question or your final citations as part of your word count. In other words, the question and citations are not to be used as a means to meet the minimum word count.

Critical Thinking Questions

There are four CTQs that you are required to complete. You will need to write a minimum of 500 words (maximum 1,000) per essay. You should explain how the information that you gained from the course will be applied and clearly convey a strong understanding of the course content as it relates to each CTQ. To view the questions, click on REQUIRED ESSAY and choose the CTQ that you are ready to complete; this will bring up a screen where you may enter your essay. Prior to course submission, you may go back at any point to edit your essay, but you must be certain to click SAVE once you are done with your edits.

You must click SAVE before you write another essay or move on to another part of the course.

Journal Article Summations

You are required to write, in your own words, a summary on a total of three peer-reviewed or scholarly journal articles (one article per JAS), written by an author with a Ph.D., Ed.D. or similar, on the topic outlined within each JAS section in the "Required Essays" portion of the course (blogs, abstracts, news articles or similar are not acceptable). Your article choice must relate specifically to the discussion topic listed in each individual JAS. You will choose a total of three relevant articles (one article per JAS) and write a thorough summary of the information presented in each article (you must write a minimum of 200 words with a 400 word maximum per JAS). Be sure to provide the URL or the journal name, volume, date, and any other critical information to allow the facilitator to access and review each article.

To write your summary, click on REQUIRED ESSAYS and choose the JAS that you would like to complete. A writing program will automatically launch where you can write your summary. When you are ready to stop, click SAVE. Prior to course submission you may go back at any point to edit your summaries but you must be certain to click SAVE once you are done with your edits. For more information on the features of this assignment, please consult the HELP menu.

You must click SAVE before you write another summary or move on to another part of the course.

Instructor Description

Karen Lea holds a Ph.D. in education, has TEFL certification, and is Project Management Professional certified. Dr. Lea has fifteen years' experience teaching at the K-12 level and another seventeen years' experience teaching education and leadership courses at the undergraduate and post-graduate levels. Currently she is an Assessment Developer at Western Governor's University. Dr. Lea has been professionally published over fifteen times and has served on more than a dozen panels and boards, including serving on the NCATE (CAEP) Board of Examiners.

Contacting the Instructor

You may contact the instructor by emailing Dr. Lea at karen_lea@virtualeduc.com or by calling him at 509-891-7219, Monday through Friday, 8:00 a.m. - 5:00 p.m. PST. Phone messages will be answered within 24 hours. Phone conferences will be limited to ten minutes per student, per day, given that this is a self-paced instructional program. Please do not contact the instructor about technical problems, course glitches, or other issues that involve the operation of the course.

Technical Questions

If you have questions or problems related to the operation of this course, please try everything twice. If the problem persists please check our support pages for FAQs and known issues at www.virtualeduc.com and also the Help section of your course.

If you need personal assistance then email support@virtualeduc.com or call (509) 891-7219. When contacting technical support, please know your course version number (it is located at the bottom left side of the Welcome Screen) and your operating system, and be seated in front of the computer at the time of your call.

Minimum Computer Requirements

Please refer to VESI's website: www.virtualeduc.com or contact VESI if you have further questions about the compatibility of your

operating system.

Refer to the addendum regarding Grading Criteria, Course Completion Information, Items to be Submitted and how to submit your completed information. The addendum will also note any additional course assignments that you may be required to complete that are not listed in this syllabus.

COURSE SYLLABUS ADDENDUM

Important - Please Read - Do Not Discard

It is each student's responsibility to read all course materials, including course syllabus and addendum, and to know and understand the course requirements, exam score minimum requirements, and deadlines. Students enrolled in VESi courses are required to check their email for any communications regarding the course until their final grade is posted with the college or university. Once your course materials are received by VESi and have been reviewed, the **GRADE IS FINAL**.

Grading Criteria:

You must obtain an overall score of 70% or higher, with no individual exam score below 50%, and successfully complete ALL writing assignments to pass this course. This course requires a minimum overall passing grade of "C-" to receive credit. The average from your exam scores will be printed on your certificate. However, this is not your final grade since your required writing assignments have not been reviewed. Exceptionally written or poorly written required writing assignments, or violation of the academic integrity policy in the course syllabus, will affect your grade. Fifty percent of your grade is determined by your writing assignments, and your overall exam score determines the other fifty percent.

No grade will be submitted for partial completion of course assignments, regardless of partial score. An F will be reported if course is not completed by the end of the term enrolled. Exceptions only apply to those that request an extension (must have extenuating circumstances) prior to course deadline.

Letter grades will be assigned as follows:	90% to 100%	A
	80% to 89%	B
	70% to 79%	C
	69% - lower	F

Course Completion Information:

Grading will take approximately two weeks from the time your materials are received by the instructor, after which we will submit grades to the college/university weekly. If you have a timeline to meet certain school or state requirements, please keep this time period in mind when planning your course completion dates.

Course Completion Instructions

- **Once you have completed all of the course requirements, follow the instructions from the Complete Course toolbar to submit your materials to VESi's office for processing. You can only submit the course ONE TIME. Be sure that you have completed all requirements and exams.**
- **Course Evaluation:** Please take a moment to fill out the course evaluation which is also found under the Complete Course toolbar.

- **Print Certificate:** You can print a copy of your course certificate for your records.

Accessing your NDSU Transcript:

After the grade for your course(s) is posted, approximately two weeks after the course submission, you can access your NDSU transcript for documentation of course completion and performance. Instructions are found at this link: [Transcript Instructions | Distance and Continuing Education | NDSU](#)

Drops & Refunds:

Once learners have received the course materials, they are no longer eligible for a refund. Appeals will be considered on a case-by-case basis.

Questions or Concerns:

Please direct any questions or concerns regarding this class to ndsudce@ndsudce.edu. Please include the title of the course in your correspondence.
