before you take comps)

When do you plan to graduate? _____

Comprehensive exams are to be taken the semester before the semester you plan to graduate.

If comps are your last step toward completion of your degree, you will need to check out with Melissa Selders-Ortez in the Graduate School to make sure everything is in order for graduation. Her office is located in Old Main 201. Her telephone number is 231-5945. Please do this as soon as possible.

If you are planning to go through commencement, you must fill out an application, have your advisor sign it, and have it returned to the Grad School by March 15 for Spring Commencement, or October 30 for Fall Commencement. There is no summer commencement.

If you are not currently registered for any courses, you must register for 1 credit to take comps.

Submit this application form, along with a copy of your approved plan of study, 4 weeks prior to the examination to:
