SECTION 327
EVALUATION OF ACADEMIC ADMINISTRATORS, ACADEMIC DEANS, DIRECTORS AND DEPARTMENT CHAIRS AND HEADS

SOURCE: NDSU President
Faculty Senate

1. Introduction

North Dakota State University believes every university employee deserves regular evaluation of his or her professional duties as they relate to a formal job description and the university’s needs. This process should be transparent and constructive, honest, open, and forthright, including an acknowledgment of the employee’s achievements, as well as an assessment of his or her ability to match the university’s expectations, and a determination of areas needing improvement.

As this evaluation process pertains to the campus provost, full-time vice provosts, academic vice presidents who report to the provost, academic deans, full-time academic associate and assistant deans, directors of academic offices, and chairs and heads, directors, and other academic supervisory personnel, the evaluation process will include input from a variety of groups; faculty will play a major role in evaluation of academic administrators. Evaluation will always emphasize areas of special achievement, while also identifying areas needing improvement. This should be a constructive and useful experience to be welcomed by the person being evaluated. It is expected to be a required part of an ongoing process designed to ensure that the person evaluated continues to meet both his or her own needs, as well as the needs of affected university publics.

2. Annual Review Timetables

Each administrator covered by this policy will be reviewed annually by the administrative supervisor to whom that person reports in accordance with Policy 167.

3. Comprehensive Review

All administrators covered under this policy will undergo a comprehensive review. Evaluation of deans, directors, and chairs will include input from a variety of groups. This document is designed to guide faculty, as they play a major role in evaluation of academic supervisors. It is expected that deans, chairs, and directors will be evaluated formally. The first comprehensive review will be completed by the end of the administrator’s third year of appointment. Subsequent reviews will occur at least every three years, to be completed by the end of the fifth year after the prior review. Interim reviews may be requested by the administrator or by the person to whom the administrator reports. If a review indicates substantial areas of concern or lack of performance, the next review will be completed within two years of that review. The college or department Promotion, Tenure and Evaluation (PTE) committee, supervising administrator, or the employee himself/herself may request an evaluation.

4. Common Review Criteria

Review criteria should be based on the administrator’s job description which may include, but are not limited to the following:

a) leadership, strategic planning and assessment;
b) administration and management;
c) commitment to institutional values including equity and diversity, academic freedom, and shared governance;
d) external relations;
e) service to the broad mission of the University.

The relative importance of evaluation areas will vary with position of the administrator; therefore some criteria above may not apply and others may be added.

5. Procedures

Reviews will be initiated by the administrator’s supervisor, and must be conducted according to the Comprehensive Review Procedures for Academic Administrators.

Review committees – consisting of tenured faculty, relevant administrators, and staff – will be formed in accordance with the Comprehensive Review Procedures. The review committee shall prepare a report summarizing its findings for submission to the supervisor.

As personnel matters, reviews and any materials generated during the review process are confidential. The supervisor will provide a summary of the review for public distribution.

3. Evaluation of academic deans and directors

3.1 Evaluation standards

While standards vary among colleges and divisions, the considerations below are designed to help guide Evaluation Committees in forming their evaluation.

a) Leadership. Promotes high standards for the unit in areas of scholarship, instruction, and outreach; communicates priorities, standards, and administrative procedures effectively; articulates a vision for the future; provides national and statewide visibility and recognition for the unit; contributes to the leadership of the university and effectively advocates for the university.

b) Planning. Works effectively with staff in identifying appropriate short-term and long-term goals, in setting priorities, and in focusing resources across all unit missions.

c) Administration and Management. Oversees the recruitment and appointment of highly qualified staff, provides support for the successful recruitment and retention of chairs, faculty and staff, manages the dean’s or director’s office effectively, shares governance with staff when appropriate, provides for effective budget management, works effectively with other colleges, makes decisions in a timely fashion.
d) Affirmative Action. Encourages diversity and implements mechanisms for attracting and retaining women and underrepresented groups; encourages respect for all persons in the unit.

e) Instruction. Coordinates and implements curricula as developed by the faculty.

f) Outreach. Promotes the service component of the unit's mission, provides mechanisms for the successful delivery of outreach programs, is responsive to the needs of external constituencies.

g) Development. Within the context of the college, successfully works with the Development Foundation and other organizations in identifying and pursuing philanthropic support for the unit; develops public and constituency support for the unit.

h) Personnel Development. Supports and defends academic freedom; provides guidance, support and resources for faculty and staff development, particularly in promotion, tenure and evaluation.

i) Assessment. Effectively evaluates or assesses the units under his/her administration; acknowledges areas of excellence, and recommends areas where improvement is needed.

3.2 Evaluation Procedures

a) The Office of the Provost initiates evaluations of these administrators. To ensure faculty involvement, the faculty of a college or unit must organize a committee consisting of full-time non-administrative faculty at the assistant professor, associate professor, or full professor level. Members of the Evaluation Committee are recommended to the Provost the college or unit's PTE Committee, as appropriate under the evaluative charge of this group. However, members of the college's PTE Committee cannot appoint themselves.

b) The number of faculty on the committee may be flexible, but should total at least five. Evaluation Committee members should decide at an initial meeting the number of members constituting a quorum. A timetable should be set in consultation with the Provost or other senior administrative office to assure that the faculty evaluation material is ready in time to be included in the entire evaluation document.

c) The Evaluation Committee will propose a written evaluation form based upon the formal job description, dean's statement of goals and accomplishments, and a statement of self-assessment. A draft of this proposed evaluation form will be made available to the dean/director, who will be invited to offer input before it is finalized. The final evaluation form will be used to solicit responses from faculty, chairs, peer administrators, and others including classified staff, students, recent graduates, and external constituencies, if appropriate.
d) The Evaluation Committee will analyze the completed evaluation forms and prepare a committee evaluation report summarizing the findings for the Provost. Evaluation Committee members who do not agree with the majority report may append a dissenting report. If the Evaluation Committee believes the needs of the college or division have changed, it may recommend to the Provost that the position description be changed.

e) Upon receipt of the committee’s evaluation report, the Provost will also analyze and summarize the data. The Provost will then meet with the Evaluation Committee to determine consensus and discuss differences. The Provost will prepare a draft report of the final evaluation and provide it to the dean. The Provost will meet with the dean and discuss the findings of the Evaluation Committee. Following this meeting, a final evaluation report will be written and placed in the individual’s official personnel file. To ensure that the process remains open and positive, it is strongly suggested that the dean/director discuss this final evaluation report at a subsequent college or division faculty meeting.

f) At any time, faculty or staff not on the committee, of course, may contact the Office of the Provost or other appropriate supervising officer directly with compliments or concerns relating to the person being evaluated.

4. Evaluation of chairs and heads

i) Assessment. Effectively evaluates or assesses the unit under his/her administration; acknowledges areas of excellence, and recommends areas where improvement is needed.

4.2 Evaluation Procedure for chairs and heads

a) Chairs also must be evaluated at least once every three years. With the dean of the college or the director of the unit initiating the evaluation process. The dean, in conjunction with the department faculty, will form an ad hoc committee consisting of at least three faculty members.

b) This ad hoc committee chair will propose a written evaluation form based upon the chair's formal job description, statement of goals and accomplishments, and a statement of self-assessment. A draft of this proposed evaluation form will be made available to the chair, who will be invited to offer input before the document is finalized. e) **Evaluation form and other input.** The review committee will adapt a standard evaluation form based on the administrator’s job description, goals, and the relevant evaluation criteria that apply in this context. A draft of the adapted evaluation form will be made available to the administrator, who will be invited to offer input before it is finalized. The final evaluation form will be used to solicit anonymous responses from members of groups impacted by or involved with the work of the associate/assistant dean or director (such as faculty, staff, peer administrators, deans, chairs/heads, students, and other constituents). Additional input from interviews or other solicited/contributed materials may be considered. Both the review committee and the immediate supervisor can access information assembled as part of the review process.

f) **Review committee report.** Based on the summarized findings of the solicited responses and other input, and the administrator’s statement of goals and accomplishments and a self-assessment, the review committee will write an evaluation report for submission to the dean. Review committee members who do not agree with the majority report may append a dissenting report. If the review committee believes the needs of the university or division have changed, it may recommend that the position description be changed. The chair of the review committee will meet with the dean regarding the review committee’s report.

g) **Dean’s report and action plan.** An evaluation report will be written by the dean, accompanied by an action plan to address any performance concerns, needed improvements or changes in position responsibilities. The dean will meet with the administrator to review the evaluation report and action plan. The final dean’s report and action plan will be placed in the administrator’s personnel file.

h) **Other avenues for feedback.** At any time, individuals not on the review committee may contact the review committee or appropriate immediate supervisor directly with comments or concerns relating to the person being evaluated.

SECTION 352
PROMOTION, TENURE AND EVALUATION

SOURCE: NDSU President
NDSU Faculty Senate

1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within each college should be consistent with the missions of the University and college and their policies on promotion and tenure, and also should designate evidence of how faculty in the academic unit meet the expectations of the college and University.
2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.

2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:
2.2.2.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or

2.2.2.1.2 creative activities and productions that are related to the candidate's discipline.

2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;

2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;

2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;

2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;

2.2.2.5 the receipt of awards or special recognition for research;

2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or

2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

2.2.3.2.1 the receipt of awards or special recognition for service;

2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;

2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;
2.2.3.2.4. active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5. effective management or improvement of administrative procedures or programs.

2.2.3.2.6. contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.7. contributions to the operation of state or federal agencies.

2.3. The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes, shall be reviewed and approved by the Provost to assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit which were provided to the candidate at the time of the candidate's appointment to the position. The dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan. Tenured candidates for promotion to professor shall be evaluated by the criteria in effect at the time of application.
3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum (from one to three) years of tenure credit offered. There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.

3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.
3.6 Extension of Probationary Period

At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption

A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability

A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.
3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.
3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member’s progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward
tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.6 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.7 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for election to a college or department PTE Committee. Faculty members being considered for promotion may not serve while under consideration.

5.3 The department and college PTE committees' reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. ("Academic administrative appointment" includes appointments as President, Vice President, Associate or Assistant Vice President, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, or Director of an academic unit.) Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty.) Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.4 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.5 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty
member's judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate's PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department's recommendations, and an explanation of the basis for them, to the College Dean and the College's PTE Committee no later than November 1.

6.2 After November 1, the information that may be added to the portfolio is limited to:
   a) Recommendations by the evaluating units considering the portfolio at that time;
   b) the candidate's response to those recommendations;
   c) any materials requested by the evaluators.

6.2.1 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

6.2.2 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing to the additional materials. Any response from the candidate to such materials must be in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after November 1 that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.
6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost by January 5. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate, to the Provost by January 5. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the appointment as appropriate to the allocation of effort. This input from other units which shall be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.

7. **APPEALS**

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. **DOCUMENT RETENTION**

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

**Suggested process**

The Committee should focus on moving proposals efficiently through the approval process. Only substantive errors or conflicts in the proposal should be addressed.
Recommendations for Best Practices

1. To expedite the process, proposals should not be re-reviewed more than is absolutely necessary. Below we have listed the review focus at each stage of the process:

   a. Department Curriculum Committee Review – Review for quality within the discipline, fit in the department’s offerings, fit with the department’s strategic planning, review course or program compatibility with the department’s assessment plan.

   b. College Curriculum Committee Review – Review for fit in the college’s offerings and fit with the college’s strategic planning. (Not reviewed for quality unless cause is shown.)

   c. Academic Affairs Committee Review – review according to clearly articulated policy requirements.

2. Templates for each proposal or measure should include all elements that will be evaluated during the process.

   It would be helpful to say who will be evaluating what in the template.

   If a requirement is lacking or vague, the review shall be determined in the favor of the proposal.

   Components irrelevant to the review, such as office hours, instructor name, and so on, will not be required for the review. The templates can have placeholders for these pieces of information.
