NDSU Policy Manual

1. Stipends or consultant fees may be issued to potential candidates for positions when such persons give on-campus lectures, colloquies, seminars, demonstrations or formal consultations in a manner not significantly different from that of visitors who are not candidates for positions. Such stipends or consultant fees may be authorized from a lecturers' budget or from a consultant budget. *(NDSU Guidelines: Reimbursement is made by an Accounts Payable voucher, using account 623025.)*

2. Recruitment travel expenses for a prospective candidate for faculty or staff positions may be reimbursed upon approval of department head/chair.

3. For senior administrative and faculty positions, upon authorization of the President, recruitment travel expenses for the spouse may be authorized for a prospective candidate.

4. Upon approval of the president or designee(s), an institution may, subject to the limits of this policy, pay the moving expenses of a benefited employee hired from outside the institution by:

   4.1. Negotiating an amount paid to the employee through payroll as a lump sum for relocation expenses. Such allowance will be reported as taxable income and included on the employee's W-2. The moving allowance will be subject to all tax liabilities at the time of payment; OR

   4.2. Using a combination of reimbursing the employee for actual moving expenses and paying the vendor(s) directly. Actual moving expenses include direct travel to and from the new work location, and while in temporary living quarters for the employee and immediate family (not to exceed 10 days total). Additionally, personal travel expenses may also be reimbursed for one round trip to the new work location for the employee and employee's spouse/partner for up to three days to arrange for living

documentation to justify the reimbursement; the institution may deny any claim for
reimbursement that is not sufficiently documented. Institutions will need to refer to
IRS rules and regulations regarding taxability of the expenses in part 4.2.

(Institutions may use either method (4.1 and 4.2, above) but must choose one or the
other when paying each individual employee.)

5. Relocation expenses being paid or reimbursed should not exceed one month's salary or
a "not to exceed" amount approved by the president or designee(s). (NDSU LIMITATIONS:

1. INTRODUCTION: North Dakota State University (NDSU) strives to create a campus community free from interpersonal abuse including sexual misconduct. In working to achieve this intent, NDSU commits to:

a) Taking action to stop sexual misconduct;

b) Taking action to remedy its effects by providing advocacy, support and appropriate referral services for recipients of the behavior;

c) Taking action to prevent recurrence;

d) Educating individuals and promoting discussions on interpersonal abuse and violence; and

e) Conducting impartial investigation of all reports/notice of sexual misconduct through fair, equitable and prompt procedures. Investigations will be independent of and separate from law enforcement investigations of criminal activity.

2. POLICY: This policy is required by federal law and implementation of this policy is guided by the U.S. Department of Education, Office of Civil Rights.

a) Sexual misconduct is prohibited in all forms, regardless of intent to harm. Sexual assault, sexual exploitation, coercion and sexual harassment are examples of sexual misconduct, and all are prohibited.

b) Also prohibited under Title IX is any rule violated on the basis of the recipient of the behavior’s sex/gender which is severe enough to cause a discriminatory effect. (Examples of this may include but are not limited to bullying, cyber-bullying, relationship violence and stalking.)

3. DEFINITIONS: For the purpose of this policy, the following definitions apply:

a) Consent is:

1. Words or actions showing a clear, knowing and voluntary agreement to engage in mutually agreed upon sexual act; or

2. An affirmative decision given by clear actions or words.
3. Consent may not be inferred from:
   
i. Silence, passivity, or lack of active resistance alone.
   
ii. A current or previous dating or sexual relationship.

   NOTE:
   It is important to obtain explicit consent from any sexual partner and not to make assumptions. If confusion or ambiguity on the issue of consent arises anytime during the sexual interaction, it is essential that each participant stops and clarifies, verbally, willingness to continue. Consent to one form of sexual act does not imply consent to other forms of sexual act(s).

b) Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

c) Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction).

d) Intimidation is implied threats or acts that cause an unreasonable fear of harm in another.

e) Responsible employees:
   
   1. Those with authority to address and remedy sex and gender-based discrimination and harassment;
   
   2. Those with responsibility to report sexual misconduct to a supervisor; and/or
   
   3. Those who a student would reasonably believe have such authority or obligation.

f) Retaliation: Any adverse action taken against a person because of their participation in a protected activity. Retaliation against an individual for alleging sexual misconduct, supporting a complainant or for assisting in providing information relevant to a claim of sexual misconduct will be treated as another possible instance of harassment or discrimination. Any acts of alleged retaliation should be reported immediately to the Title IX Coordinator or a Deputy Title IX Coordinator and will be promptly investigated. NDSU is prepared to take appropriate steps to protect individuals who fear that they may have been subjected to retaliation.

g) Sexual Acts include, but are not limited to the following actions:
   
   1. Sexual intercourse;
   
   2. Sodomy (oral and/or anal);
3. Sexual penetration with any object;

4. Sexual touching of a person’s intimate parts (genitalia, groin, breasts, buttocks, mouth or other bodily orifice or the clothing covering them); or

5. Compelling a person to touch his or her own or another person’s intimate parts.

h) Sexual Assault: Any sexual act between two or more people to which one person does not or cannot consent. This includes sexual acts or contacts with others that can involve:

1. Compelling a person to submit to sexual acts or contacts by force, threat of force, or intimidation;

2. Use of intoxicants to substantially impair the person’s power to give consent;

3. Engaging in such acts when the person suffers from a mental state that renders him or her incapable of understanding the nature of the contact. This includes, but is not limited to, situations when an individual is intoxicated, “high”, scared, physically or psychologically pressured or forced, passed out, unconscious, intimidated, coerced, mentally or physically impaired, beaten, isolated, or confined; or

4. A victim under fifteen (15) years of age. (Do note the age of consent may vary depending on the ages of the individuals involved in the act. For more information see: a link to the Sexual Assault Prevention Programs location with this information will be provided here.)

i) Sexual Exploitation: Taking sexual advantage of another person without consent. Examples include, but are not limited to:

1. Causing the incapacitation of another in order to take sexual advantage of the person;

2. Distributing or publishing sexual information;

3. Engaging in indecent exposure;

4. Engaging in voyeurism (the viewing of another for sexual gratification);

5. Invasion of sexual privacy;

6. Knowingly exposing another to an STD or HIV;

7. Prostituting another person; or

8. Recording, photographing, or relaying sexual sounds or images.

j) Sexual Harassment: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:
1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic achievement;

2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions affecting such individual; or

3. Such conduct has the effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive environment.

k) Sexual Misconduct: Any non-consensual behavior of a sexual nature that is committed by force, intimidation, or is otherwise unwelcome that is sufficiently severe, persistent, or pervasive so as to limit a student’s ability to participate in or benefit from an NDSU program or activity. Depending on the circumstances, a single incident of sexual misconduct may be sufficient to limit a student’s ability to participate in or benefit from an NDSU program or activity.

4. REPORTING/CONFIDENTIALITY: Students are encouraged to report incidents or information related to sexual misconduct as soon as possible. If criminal activity is involved, students are encouraged to contact NDSU Police or your local law enforcement. NDSU employees who became aware of a complaint or violation of this policy and have the authority to take action on the complaint or violation, shall report the complaint or violation either to the Title IX Coordinator or a Deputy Title IX Coordinator:

The guiding principle in accepting reports or sexual misconduct is to avoid re-victimizing the recipient of the behavior by forcing them into any plan of action. NDSU will make every attempt to safeguard the privacy of the complainant and/or recipient of the behavior; however, it is important that complainants recognize that NDSU cannot ensure confidentiality in all cases. NDSU must weigh the request for confidentiality against its obligation to protect the safety and security of the entire campus. Depending on the circumstances of the offense (the severity of the offense, the number of victims involved, etc.), NDSU may be required to respond to an incident, even if confidentiality has been requested. Therefore, NDSU employees cannot guarantee
absolute confidentiality. Individuals desiring confidentiality should be encouraged to contact one of the following:

F-M Rape & Abuse Crisis Center: 701-293-7273 (Available 24 hours) www.raccfm.com
NDSU Counseling Center: 701-231-7671 (Available 24 hours) http://www.ndsu.edu/counseling/

5. FORMAL/INFORMAL RESOLUTION: NDSU offers both formal and informal resolution of sexual misconduct complaints involving NDSU students, faculty or staff. Regardless of the path chosen by the recipient of the behavior, NDSU will conduct an impartial, fair, and prompt investigation into the allegations, and ensure that actions will be taken to prevent similar actions in the future. Typically, investigation/resolution of the complaint will occur within 60 days. The sexual orientation and/or gender identity of individuals engaging in sexual activity is not relevant to allegations under this policy. Investigation/resolution of the allegations shall include:

a) The complainant and the accused having equal opportunities to present relevant witnesses and other evidence;

b) Providing both sides with similar and timely access to any information that will be used during the process;

c) Equal opportunity to have a support person present, and equal restrictions on how a support person may participate during the process;

d) The right of the complainant and the accused to be informed of the outcome of the investigation/resolution, and the right of either party to appeal; and

e) The right of the complainant and the accused to receive periodic status updates throughout the investigation/resolution process.

6. FORMAL RESOLUTION: Formal resolution of sexual misconduct complaints will be resolved as follows:

a) If the alleged perpetrator is a student, the University will follow the procedure outlined in NDSU Rights and Responsibilities of Community: A Code of Student Behavior.

b) If the alleged perpetrator is an NDSU employee, the University will follow the applicable policy for the circumstances (e.g. Policy 156: Equal Opportunity Grievance Procedures, Policy 162: Sexual Harassment).

c) All sexual misconduct cases shall use a “preponderance of the evidence” standard; meaning that in order for the accused to be held responsible, the hearing officer must determine that it is more likely than not that the sexual misconduct occurred.

7. INFORMAL RESOLUTION: Except in cases of sexual assault which always require a formal resolution, complainants may choose to pursue informal resolution of their complaint. Informal resolution is entirely voluntary and the complainant may end informal resolution at any time. Complainants should never attempt to resolve the complaint directly with the accused. In cases of informal resolution, the Title IX Coordinator shall assign a school official with the authority to remedy the alleged violation (e.g. Dean of Student Life, the alleged perpetrator’s supervisor, etc.)
to oversee the informal resolution process. Informal resolution provides the complainant with a forum to confront the accused; to express how the alleged behavior has impacted them and those close to them; and to communicate to the accused and the University how this behavior needs to be addressed so that they, or anyone else at the University, are not victimized again by the behavior.

a) In cases where the accused acknowledges their involvement in the sexual misconduct, the school official shall impose an appropriate sanction for the misconduct. If the sanction is agreeable to the parties, the informal resolution is complete, and the sanction is imposed. No appeal is allowed.

b) In cases where the accused does not acknowledge responsibility, the school official may impose a sanction warranted by the information gathered during the informal resolution, and any supporting information known to the University. The sanction may be appealed either to the Title IX Coordinator or to the Dean of Student Life/Deputy Title IX Coordinator, who shall have the final decision on the appropriate sanction.

8. ANONYMOUS COMPLAINTS: Anonymous complaints will be accepted by the University. The University’s ability to investigate and resolve anonymous complaints will be limited if the information contained in the anonymous complaint cannot be verified by independent facts. Anonymous complaints may be filed by any of the following means:

a) Bias Report Form: https://www.ndsu.edu/biasreport/

c) Sexual Assault Resources and Advocacy (SARA): http://www.ndsu.edu/student_life/departments_and_programs/sexual_assault_prevention/get_help_now/

9. INTERIM MEASURES: When warranted by the circumstances surrounding a complaint of sexual misconduct, the University may implement interim measures until its investigation concludes. Violation of these interim measures may be considered grounds for additional complaints of sexual misconduct or as retaliation for the ongoing investigation of sexual misconduct. Potential interim remedies include, but are not limited to:

a) Providing an escort to the complainant so that he/she may move safely on campus;

b) Issuing a no contact order to the parties, prohibiting any contact between them;

c) Moving the complainant and/or accused to different University housing;

d) Altering the class schedule of the parties so that they do not attend the same classes;

e) Providing counseling services; and

f) Providing academic support services.
10. **PREVENTION:** NDSU considers both physical surroundings and educational programming in addressing prevention of sexual misconduct. The University continually reviews and modifies the physical surroundings to foster security and safety, including but not limited to such factors as emergency phones, lighting, and locking procedures. For further safety information, contact the NDSU University Police and Safety Office: 701-231-8998 (NDSU University Police) or 701-231-7759 (Safety Office). NDSU offers curricular and co-curricular educational experiences concerning bystander intervention, primary prevention efforts, personal safety, sexual assault, and sexual misconduct. For further information on pertinent campus educational opportunities, contact the NDSU Dean of Student Life Office at 701-231-6560.  
http://www.ndsu.edu/student_life/

11. **INTERVENTION:** The NDSU community actively supports individuals who experience sexual misconduct through a coordinated response system that attends to their physical and emotional well-being. NDSU disciplinary efforts respect the personal rights of all parties. For further information, see NDSU Rights and Responsibilities of Community: A Code of Student Behavior and NDSU Calendar Handbook distributed by Residence Life. All reports/notices of sexual assault and sexual misconduct are handled in a manner designed to respect the privacy of the involved individuals, to the extent permitted by law. Incidents are reported to appropriate Departments and agencies in consideration of safety concerns and investigative needs. In addition, NDSU publishes and disseminates annual statistics on incidents of sexual assault in the annual Personal Safety and Security publication (available in printed and online form).  
http://www.ndsu.edu/police_safety/police/annualsecurityreport/

12. **FALSE COMPLAINTS:** Knowingly submitting a false report of sexual misconduct is prohibited. Anyone submitting a false report is subject to disciplinary action.

13. **FOR MORE INFORMATION** on sexual assault and sexual assault prevention programs, please contact the NDSU sexual assault advocate at ndsu.sa-advocate@ndsu.edu.

SECTION 703
BISON-NDSU CARD TERMS AND CONDITIONS
SOURCE: NDSU President

A. BISON-CARDNDSU CARD.

The NDSU Bison Card is the official North Dakota State University identification card. All faculty, staff and students are required to have a Bison Card for identification, security, and access to University buildings and services. The card must be carried at all times while on the NDSU campus. Cardholders must present the card for identification if requested by a University official. The card is valuable and should be treated like cash, a credit card or a key. See Policy 707 for policies on card/key access.

North Dakota State University issues an all-campus card subject to the following terms and conditions:

1. To obtain a Bison CardNDSU Card, an individual must first be assigned a university generated identification number.

2. The Bison CardNDSU Card is intended for campus use only and must be returned upon request.

3. The Bison CardNDSU Card is non-transferable and will be confiscated and returned to the Bison CardNDSU Card Center if found in the possession of another person.

4. The Bison CardNDSU Card must be presented upon any request for campus services.

5. The cardholder will not damage or alter the card in any manner. This includes, but is not limited to, punching holes in or affixing unapproved stickers to the card.

6. The Bison CardNDSU Card, transactions and activities related to the use of the card, and any account balances are the sole responsibility of the individual cardholder.

7. IMMEDIATELY report lost, found, or stolen cards to the NDSU University Police (701-231-8998).
8. A replacement Bison CardNDSU Card can be obtained at the Bison CardNDSU Card Center (Memorial Union). A photo ID is required at the time of replacement.

9. The Bison CardNDSU Card is valid for as long as the person retains their student, faculty or staff status at NDSU.

10. A fee is charged for all new cards and a replacement fee is charged for any lost, stolen or invalid card. The first card for all faculty and staff will be charged to his/her department. Billing information is required at the time of the card production. Lost, stolen or invalid cards will be the responsibility of the employee.

11. Cardholders may only possess one valid ID card. Any card that has been replaced after the previous was lost or stolen is no longer valid. Cards cannot be reactivated.

12. Associate Status for any individual/group must have prior approval by the NDSU President or Vice President for Student Affairs. Associate Status is granted to groups or individuals who may work on campus, but are not students or staff or the University.

12.1 Associate Status does not guarantee access to all NDSU activities, events, and facilities.

13. The NDSU Card Department Associate Director, Campus Police or Facilities Management may revoke a Bison CardNDSU Card if it is determined that abuse of the privileges associated with the Bison CardNDSU Card has occurred. Students who misuse their Bison CardNDSU Card may also be referred to the Dean of Student Life Office for possible disciplinary actions. Faculty or staff misuse will be reported to the faculty or staff members' supervisor.

B. Bison BucksCampus Cash ACCOUNT.
Bison BucksCampus Cash is a debit card service that is linked to the NDSU Bison CardNDSU Card. This benefit is free to ALL students, faculty and staff. There are NO hidden charges, expenses or interest.

1. A $5 minimum is required for opening a Bison BuckCampus Cash account and for additional deposits.

2. No minimum balance must be maintained.

3. Cash refunds are not given for any Bison BucksCampus Cash purchases at any participating merchants. Credit is returned to the Bison BucksCampus
1. **Cash** account.

4. **Bison-Bucks Campus Cash** balances carry over from semester to semester. Refunds on any balance above $15 at the end of the academic year are available by submitting a Refund Form. For balances below $15, the customer is required to spend out this amount.

5. For those students who are graduating, withdrawing, or cancelling enrollment from the University, and who also have a balance of $15 or more on their **Bison-Bucks Campus Cash** accounts, the University will first apply the balance to the student’s university account. If there is no money owed to the student’s NDSU account, the refund will be generated.

   5.1 If the check or direct deposit funds are returned, the University shall retain it for safekeeping for three years. Attempts are periodically made to contact the student until the time the check is written off and the money is turned over to the state abandoned property office.

   5.2 Checks that are neither returned nor cashed for more than two years after becoming payable are presumed abandoned (N.D.C.C. § 47-30.1-02.1).

   5.3 Uncashed NDSU checks are accounted for as outstanding checks until they are written off.

   5.4 When uncashed NDSU checks are written off, they are temporarily placed in a local NDSU fund for old outstanding checks. On November 1st of each year, NDSU submits the outstanding check funds with the required reports to the state abandoned property office. Separate unclaimed property reports are required for over $50, versus $50 and under.

   5.5 Per N.D.C.C. § 47-30.1-03, any intangible property (which includes, but is not limited to, moneys, checks and credit balances), that is unclaimed for more than three years becomes abandoned property and is then reported and handed over to the administrator of the state abandoned property office, who is then responsible for the safekeeping and final disposition of the abandoned property.

6. A $15 fee, or the account balance if it is under $15, will be imposed for accounts that are inactive for more than one year from the date of the last transaction.
7. Customers with checks returned for insufficient funds will have accounts frozen until payment is received.

8. Funds are non-transferable.

9. IMMEDIATELY report lost or stolen cards to the NDSU University Police (701-231-8998). Once the card has been reported lost, the cardholder is not responsible for any additional purchases. Per federal regulations, the cardholder is responsible for up to $50 if the lost or stolen card is reported within two business days. If the lost or stolen card is not reported within two business days, the cardholder can be liable up to $500 or the total account balance, whichever is lower.

**Privacy Statement:** Through the Family Educational Rights and Privacy Act, also known as FERPA or the Buckley Amendment, data collected on the use of University facilities and services by an individual cardholder will only be used for University purposes within FERPA guidelines. Information regarding a cardholder's account will not be provided to third parties unless required by applicable laws or within written permission of the cardholder.

SECTION 707
ACCESS CONTROL AND BUILDING SECURITY

SOURCE: NDSU President

1. The Facilities Management Department is charged with the responsibility to coordinate access control and building security policies.

   1.1 Each department/unit is responsible for ensuring that proper building security practices are maintained by each respective department. This includes, but is not limited to:

   1.1.1 Ensuring appropriate use of access control to maintain a secured area;

   1.1.2 Financial responsibility for re-keying or reissuing the ID card by the respective department in the case of lost, misplaced or stolen keys or ID Cards;

   1.1.3 Return of key(s) and requesting removal of access of a department member or student who no longer needs access to an area.

1.2 Employees will be issued a card, at the expense of the respective department. (See Policy 703 - Bison NDSU Card Terms and Conditions, section A.10.)

2. Authorization for access is provided by using the Key Request form for keys or the Card Access Request form. Upon the receipt of an authorized request, the Facilities Management Department will prepare the key(s), or grant access.

   2.1 Duplication of an ID card/key, is strictly forbidden and may result in personal financial responsibility and/or disciplinary action against the individual responsible for the duplication.

2.2 All keys issued through this authorization process are considered property of the University.
2.3 Immediately report lost, found or stolen ID cards to the University Police at 231-8998.

3. There shall be one key and access control official for each building designated by the department having the broadest responsibility in the building. The Facilities Management Department will maintain a current list of each building's key and access control official.

4. Effective building security is possible only through the cooperative efforts of University Police, Facilities Management and most importantly, the building occupants. The following rules apply:

   4.1 Keys and ID cards are not to be left unattended on desks, in door locks, or carried in such a manner as to be susceptible to loss or theft.

   4.2 When faculty, staff, or students leave a building after hours, the exterior door lock must be set to prevent unauthorized access. If the door does not close or lock properly, notify the University Police (231-8998) immediately.

   4.3 The University Police must be notified whenever a potential or actual security problem exists, i.e., unauthorized entry, theft of property, or loss of keys or ID cards.

5. Institutional Security System enhancements: An electronic network has been established to provide access control and monitor various activities on campus, involving access control devices, intrusion devices, and video cameras, where applicable. The access control devices are installed at select interior and exterior doors and spaces.

   5.1 Intrusion devices and video cameras monitor select spaces requiring a continuing level of security. The installation of the devices may be requested from Facilities Management via a work request.

   5.2 The requesting department will be responsible for the cost of the devices, installation, connectivity and system maintenance. Contact Facilities Management for a project cost estimate.

FEDERAL FLOW-THROUGH AGREEMENTS

SOURCE: NDSU President

When a sponsored agreement is received from a non-federal entity, Sponsored Programs Administration will make a determination about the actual source of the funding provided by the entity. If the entity is using federal money to support the project, the University must account for the funds as if they were federal funds. Thus, the institution must adhere to all federal guidelines and restrictions of the federal agency supporting the project.

SECTION 816
REBUDGETING ON SPONSORED AGREEMENTS

SOURCE: NDSU President

1. The Grants Management System has the capability to check for available funds at four different levels of restriction. The base level of restriction is determined by the terms and conditions of the sponsoring agency.

   1.1 BUDGET LINE. Each expense processed is checked against the budget for that specific line item.

   1.2 BUDGET CATEGORY. Each expense processed is checked against the sum of budgets within a given category. The categories are

       1) Personnel,
       2) Operating,
       3) Equipment, and
       4) Deductions and Transfers (indirect cost).

   1.3 TOTAL DIRECT: Each expense processed is checked against the sum of all budgets, excluding indirect cost budget, within the project to determine if sufficient funds are available.

   1.4 BUDGET TOTAL. Each expense processed is checked against the sum of all budgets within the project to determine if sufficient funds are available.

2. If a department wishes to incur an expense under a different line item, or category if Budget Category, or incur expenses over the amount budgeted for a line or category if Budget Category, an email should be submitted to Grant and Contract Accounting explaining the circumstances requiring the rebudget. Grant & Contract Accounting will review the terms and conditions of the award for the sponsoring agencies requirements. If approval is required by the sponsoring agency, Grant and Contract Accounting will forward the request to Sponsored Programs Administration. Sponsored Programs Administration will request approval from the sponsor.

3. If a project becomes overspent, the department is liable for covering those overages through a local/non grant fund.

SECTION 156
DISCRIMINATION, HARASSMENT, AND RETALIATION COMPLAINT PROCEDURES

SOURCE: NDSU President

1. INTRODUCTION

1.1 North Dakota State University (NDSU) prohibits discrimination in its employment decisions and educational programs and activities on the basis of age, color, gender expression/identity, genetic information, marital status, national origin, physical or mental disability, pregnancy, public assistance status, race, religion, sex, sexual orientation, spousal relationship to current employee per SBHE Section 603.2, status as a U.S. veteran, or participation in lawful activity off NDSU’s premises during nonworking hours which is not in direct conflict with the essential business-related interests of NDSU. (See NDSU Section 100, Equal Opportunity and Non-Discrimination Policy).

1.2 NDSU is committed to providing a safe and non-discriminatory learning, living, and working environment for all members of its university community. Specifically, NDSU is committed to taking action to:

1) Stop discrimination;
2) Remedy the effects of discrimination;
3) Prevent the recurrence of discrimination; and
4) Educate the university community about their rights and responsibilities regarding discrimination.

1.3 NDSU has committed itself to the establishment and adoption of procedures to resolve complaints of discrimination in violation of NDSU’s Equal Opportunity and Non-Discrimination Policy, including complaints of harassment or retaliation. A central purpose of these complaint procedures is to provide a system at NDSU to conduct adequate, reliable, and impartial investigations of complaints of discrimination. NDSU’s primary concern is to enact and implement complaint procedures that encourage reporting of discrimination and that ensure the rights of NDSU students, employees, and all other participants in its educational programs and activities are protected.

2. DEFINITIONS

2.1 Discrimination – Different or unequal treatment of an individual (or group), based on one or more of the protected classes of the individual (or group), except as where
permitted or required by law, that negatively affects their education, employment, or other participation in educational programs or activities.

2.1.1 Protected classes for purposes of these procedures are: age, color, gender expression/identity, genetic information, marital status, national origin, pregnancy, public assistance status, race, religion, sex, sexual orientation, spousal relationship to current employee per SBHE Section 603.2, status as a U.S. veteran, or participation in lawful activity off NDSU’s premises during nonworking hours which is not in direct conflict with the essential business-related interests of NDSU. (See NDSU Section 100, Equal Opportunity and Non-Discrimination Policy).

2.2 Discrimination complaint – A complaint alleging discrimination in violation of NDSU’s Equal Opportunity and Non-Discrimination Policy, including complaints of harassment or retaliation.

2.3 Equity Director – For purposes of these procedures, the Equity Director is NDSU’s Vice Provost and Title IX/ADA Coordinator.

2.4 Equity Office – For purposes of these procedures, the Equity Office is NDSU’s Office of the Vice Provost for Faculty and Equity.

2.5 Harassment - A form of discrimination; unwelcome oral, written, graphic, or physical conduct, based on one or more of the protected classes (see 2.1.1) of an individual (or group), that is sufficiently severe, persistent, or pervasive so as to unreasonably interfere with their education, employment, or other participation in educational programs or activities or that creates a working, learning, or educational program or activity environment that a reasonable person would find hostile, intimidating, or abusive. Harassment may include, but is not limited to, threats, physical contact or violence, offensive jokes, insults or put-downs, slurs or name calling, vandalism/graffiti, or offensive objects or pictures. Petty slights, annoyances, and isolated incidents (unless very serious) typically do not rise to the level of harassment.

3. FILING A DISCRIMINATION COMPLAINT

3.1 Current or former NDSU students or employees, applicants for admission or employment, or any other participants in NDSU’s educational programs or activities, or any group thereof, are encouraged to file a complaint if they believe they have been discriminated against in violation of NDSU’s Equal Opportunity and Non-Discrimination Policy, which may include a complaint of harassment or retaliation. A complaint may be filed concerning alleged discriminatory conduct that occurred on NDSU’s premises or off campus.
3.1.1 How to file a discrimination complaint - A discrimination complaint is initiated by completing a NDSU Discrimination/Harassment/Retaliation Complaint Form (Complaint Form) and filing it with the Equity Director. The Complaint Form is available online at https://www.ndsu.edu/forms/ or by contacting the Equity Office in Suite 201, Old Main, NDSU Main Campus, 701-231-7708, ndsu.eoaa@ndsu.edu. The Complaint Form can be submitted via email at ndsu.eoaa@ndsu.edu or by bringing it to the Equity Office. The Equity Office is available to assist with completing the Complaint Form as needed.

Anyone who would like to file a discrimination complaint against a student or student organization also has the option of filing the complaint with the Dean of Student Life, Memorial Union 250, NDSU Main Campus, 701-231-8240, janna.stoskopf@ndsu.edu. Discrimination complaints filed against a student or student organization will be resolved in coordination with the Dean of Student Life Office. If a discrimination complaint against a student or student organization will be resolved through formal resolution, a hearing, and any appeal, will be administered by the Dean of Student Life Office, in coordination with the Equity Office, under the procedures found in Rights and Responsibilities of Community: A Code of Student Conduct.

3.1.2 Deadline for filing a discrimination complaint - NDSU encourages those who believe they have been discriminated against to file a discrimination complaint as soon as possible. Unless the Equity Director agrees otherwise in writing, the Complaint Form must be submitted within 180 calendar days of the most recent incident of discrimination.

3.1.3 Confidentiality cannot be guaranteed - Depending on the nature of the discrimination complaint, NDSU will keep the complaint and its investigation confidential to the extent that it is possible. However, confidentiality cannot be guaranteed under these procedures as NDSU may have an obligation to take specific actions once aware of alleged discriminatory conduct.

3.1.4 Confidential support resources - If seeking a confidential resource, NDSU students may contact the NDSU Counseling Center at 212 Ceres Hall, NDSU Main Campus, 701-231-7671. The Faculty/Staff Assistance Program, as described in NDSU Section 134, is a confidential resource for NDSU employees.

3.1.5 Anonymous reporting - NDSU students, faculty, and staff may submit an anonymous form to report acts of bias, bigotry, or hate at NDSU.
NDSU may be limited in its ability to respond to a report if it is submitted anonymously. Additionally, in very limited circumstances, NDSU may need to take action to learn the identity of an individual who submitted an anonymous report. For more information, see ndsu.edu/biasreport/

4. RETALIATION PROHIBITED

4.1 NDSU encourages reporting of discrimination and will not discipline any individual (or group) who makes a good faith report of discrimination. Any individual (or group) reporting discrimination or otherwise participating in these procedures is entitled to protection from retaliation as a result of their activity under these procedures. Retaliation may include, but is not limited to, intimidation, harassment, reprisal, or other negative changes in education or employment. Anyone who believes they have been retaliated against for their participation under these procedures is encouraged to file a Complaint Form, which will be processed under these procedures as a separate matter from the originally filed discrimination complaint, if any. Anyone found responsible for retaliation will be subject to disciplinary action, up to and including termination or expulsion.

5. REMEDIAL MEASURES

5.1 Upon receipt of a discrimination complaint or as otherwise informed of alleged discrimination under these procedures, NDSU will, where appropriate, take reasonable steps to remedy the harm to those affected by discriminatory conduct. Remedial measures may include, but are not limited to, a no contact directive, academic modifications and support, work schedule and/or location modifications, parking modifications, referral to counseling or other health services, administrative leave, temporary suspension, or any other measure deemed appropriate by NDSU.

6. PRELIMINARY EVALUATION OF DISCRIMINATION COMPLAINT

6.1 Preliminary evaluation determination - The Equity Director will evaluate the discrimination complaint and decide to either: (1) pursue further action; or (2) dismiss the discrimination complaint. A discrimination complaint may be dismissed if: (1) it fails to allege any facts that suggest discrimination, harassment, or retaliation; or (2) an appropriate resolution or remedy has already been achieved. NDSU will not dismiss a complaint because it alleges discriminatory conduct that took place off campus. Rather, in the course of its investigation of the complaint, NDSU will determine whether the alleged off-campus conduct: (1) occurred within the context of an educational program or activity; and/or (2) has created or reasonably may create a hostile educational or work environment.

Unless there are extenuating circumstances, the preliminary evaluation will be completed within 3 business days of receipt of the discrimination complaint and
the decision will be provided in writing to the individual (or group) who filed the complaint. If the Equity Director requires further information from the individual (or group) who filed the discrimination complaint before making a decision, the decision will be made within 3 business days of receipt of the additional information requested. In the case of a dismissal, the Equity Director may provide information or guidance regarding other avenues for support or resolution of the complaint, if appropriate and available.

6.2 Notice of action – If the Equity Director determines that further action on a discrimination complaint is warranted, the Equity Office will provide written notice to the individual (or group) who filed the discrimination complaint and the individual (or group) against whom the complaint was filed (collectively, the Parties) within 3 business days of the determination made pursuant to 6.1 unless there are extenuating circumstances that delay the proposed timeline. The written notice will include, at a minimum: (1) the names of the Parties; (2) the basis for the discrimination complaint; (3) a statement that retaliation is prohibited; (4) a statement that requested responses or documentation must be provided in a timely manner; and (5) a description of the resolution process, including a copy of the relevant procedures. A modified notice of action may also be provided to an administrator or supervisor who has control over the environment in which the alleged discriminatory conduct took place. The intent of the modified notice of action is to preserve confidentiality to the extent possible while also putting the administrator or supervisor on notice of their responsibility to monitor for retaliation or further discrimination.

7. INFORMAL RESOLUTION

7.1 Informal resolution defined - Informal resolution is a process in which the Parties attempt to agree upon the resolution of a discrimination complaint without a comprehensive investigatory and determination process. Unless there are extenuating circumstances, the entire informal resolution process will be completed within 30 calendar days of its initiation.

7.2 Informal resolution is optional - When providing the notice of action to the Parties, the Equity Office may inquire if the Parties are interested in attempting to resolve the discrimination complaint through informal resolution. The Parties will have 3 business days to individually decide if they would like to use informal resolution and should inform the Equity Office of their decisions in writing. The informal resolution process will only be used upon mutual agreement of the Parties. Either party may inform the Equity Office at any time that they want to discontinue their participation in the informal resolution process and the formal resolution process will commence. The Equity Director reserves the right to deny the Parties the option of using the informal resolution process if it is deemed to be inappropriate or inadequate as applied to a particular discrimination complaint.
7.3 **Informal resolution process** - Informal resolution may involve the Equity Office, the Dean of Student Life Office, administrators, supervisors, and/or external moderators working with the Parties to arrive at an appropriate and mutually agreeable resolution of the discrimination complaint. The informal resolution process will not require that the Parties meet face-to-face to resolve the discrimination complaint but may allow it, depending on the nature of the complaint and the power differential between the Parties.

7.4 **Informal resolution agreement** - If the Parties resolve the discrimination complaint through the informal resolution process, the Equity Office will draft an informal resolution agreement, which the Parties will sign. A signed copy of the informal resolution agreement will be provided to the Parties, as well as to any administrator or supervisor provided with a modified notice of action as described in 6.2. There is no available appeal of a signed informal resolution agreement.

8. **FORMAL RESOLUTION**

8.1 **Formal resolution applicability** - The formal resolution process will commence if: (1) either party elects to use the formal resolution process instead of the informal resolution process; (2) the Parties are unable to mutually agree upon a resolution under the informal resolution process; or (3) the Equity Director determines the informal resolution process is inappropriate or inadequate as applied to a particular discrimination complaint.

8.2 **Comprehensive investigation** - A properly trained investigator(s) will conduct a comprehensive investigation under the formal resolution process in an adequate, reliable, and impartial manner. Unless there are extenuating circumstances, including when the Parties are unable to mutually agree upon a resolution under the informal resolution process, a comprehensive investigation will commence within 5 business days of providing the notice of action to the Parties as described in 6.2. A comprehensive investigation will include the following steps, as relevant and available:

1. An interview with each of the parties;
2. Interviews with witnesses identified by the Parties or determined otherwise; and
3. A review of evidence provided by the Parties or collected otherwise.

Equal opportunity will be given to the Parties to access and present evidence during the investigation. The Parties will be provided with periodic status updates throughout the course of the investigation.

8.3 **Investigator(s)** - A staff member(s) in the Equity Office may conduct the comprehensive investigation of the discrimination complaint or the Equity Director may delegate investigative duties to another properly trained investigator(s). Within 3 business days of notice of the identity of an investigator(s),
either party may provide the Equity Director with a written request asking that another investigator(s) be assigned if the party believes there is a conflict of interest with the investigator(s). Where appropriate, a new investigator(s) will be assigned and the Equity Director will provide the Parties with written notice of the newly assigned investigator(s).

8.4 Responsibilities of the Parties – Deadlines for completing actions under these procedures will be communicated in writing to the Parties, who must make every effort to comply with the deadlines communicated to them. Timeliness is particularly important under the formal resolution process as determinations may be made based on available information if a party fails to respond in a timely manner to action requested by an investigator(s). In extenuating circumstances, an extension to a deadline may be granted by the Equity Director and will be communicated in writing to the Parties.

8.5 Standard of proof – The applicable standard of proof under the formal resolution process is “preponderance of the evidence” – meaning, in order for an individual (or group) against whom a discrimination complaint was filed to be held responsible for discrimination, it must be determined that it is more likely than not that the individual (or group) violated NDSU’s Equal Opportunity and Non-Discrimination Policy, which may include harassment or retaliation.

8.6 Preliminary determination report – After an investigator(s) has finished the comprehensive investigation of a discrimination complaint, the investigator(s) will draft a preliminary determination report that states whether the individual (or group) against whom the discrimination complaint was filed is responsible for discrimination, including harassment or retaliation, by a preponderance of the evidence. The report will also include, at a minimum, a summary of the relevant information gathered during interviews and otherwise that informed the preliminary determination. Unless there are extenuating circumstances, the report will be drafted within 30 calendar days of initiation of the comprehensive investigation. The report will be provided to the Parties and the review committee (see 8.7). The Parties will have 5 business days from receipt of the report to dispute the preliminary determination and/or any information found in the report in writing. As needed, the Equity Office is available to facilitate finding a resource to assist a party with putting its response in writing.

8.7 Review committee – Unless there are extenuating circumstances, a review committee will meet within 10 calendar days of issuance of the preliminary determination report in order to make a final determination on the report and to recommend disciplinary action, if any. The review committee will be comprised of no fewer than 3 properly trained NDSU faculty, staff members, and/or students that do not have a conflict of interest with the Parties. If a party believes there is a conflict of interest with a member(s) of the review committee, the party should follow the procedures and deadline established in 8.3 to dispute the member(s).
8.8 **Final determination** – Prior to meeting, review committee members will review the preliminary determination report and any written response to the report made by the Parties. The review committee may ask the investigator(s) who issued the preliminary determination report to be available during their meeting in order to answer questions related to the investigation and to provide access to documentation in the investigative file as needed. In limited circumstances, the review committee may request that the investigator(s) gather additional information if the committee decides it cannot make a determination without the additional information gathered and will have the opportunity to respond to it in writing. The final determination will include recommended disciplinary action, if any, in addition to a finding as to whether, by a preponderance of the evidence, discriminatory conduct, including harassment or retaliation, occurred. The final determination, as well as notice of the right to appeal as afforded in 8.12, will be provided in writing to the Parties.

8.9 **Disciplinary action for discriminatory conduct** – NDSU does not tolerate discrimination, including harassment or retaliation, and will take appropriate disciplinary action against anyone found responsible for discrimination. Students found responsible for discrimination under the procedures in Rights and Responsibilities of Community: A Code of Student Conduct will be subject to disciplinary action, up to and including expulsion. Employees found responsible for discrimination under these procedures will be subject to disciplinary action, up to and including termination. The disciplinary action recommended by the review committee will depend on the severity of the discriminatory conduct and whether the individual (or group) was previously found responsible for discrimination.

8.10 **Imposition of disciplinary action** – Disciplinary action will be imposed by the appropriate administrator or supervisor on behalf of NDSU. If neither party exercises the right to appeal as afforded in 8.12, the Equity Director will either: (1) notify any administrator or supervisor provided with a modified notice of action as described in 6.2 that the matter has been resolved without recommended disciplinary action; or (2) provide the final determination to the appropriate administrator or supervisor, whether previously provided a modified notice of action as described in 6.2 or otherwise, and consult with the administrator or supervisor regarding imposition of the recommended disciplinary action. If the administrator or supervisor disagrees with the recommended disciplinary action, the administrator or supervisor must provide its basis for disagreement in writing to the Equity Director within 3 business days of receipt of the final determination. If either party exercises the right to appeal, (1) or (2) will be conducted by the Equity Director once the appeal process has concluded.

8.11 **Conclusion of formal resolution** – Excluding any appeal, the formal resolution process will be completed within 60 calendar days of the date the discrimination complaint was filed unless there are extenuating circumstances. Any reason for an
extension to the 60 calendar day deadline will be communicated in writing to the Parties.

8.12 Appeal of final determination – Within 5 business days of receipt of the final determination, either party may appeal the determination by completing a NDSU Discrimination Appeal Form (Appeal Form) and filing it with the Equity Director. The Appeal Form is available online at https://www.ndsu.edu/forms/ or by contacting the Equity Office in Suite 201, Old Main, NDSU Main Campus, 701-231-7708, ndsu.eoaa@ndsu.edu. The Appeal Form can be submitted via email at ndsu.eoaa@ndsu.edu or by bringing it to the Equity Office. As needed, the Equity Office is available to facilitate finding a resource to assist a party with completing the Appeal Form.

The grounds upon which a party can request an appeal are: (1) the recommended disciplinary action is substantially disproportionate to the findings; (2) procedural error led to an improper final determination; and/or (3) new evidence that was previously unavailable should be considered as it could have had a significant impact on the final determination. If an appeal is granted under (3), the Equity Director will require that the review committee meet again to determine if the final determination should be altered in light of the new evidence. The party who did not provide the new evidence will have the opportunity to respond to the evidence in writing. If the final determination is altered under (3), the Parties will be afforded the opportunity to appeal again under (1) and/or (2) within 5 business days of receipt of the altered final determination. If an appeal is granted under (1) or (2), the Equity Director will evaluate the final determination in an impartial manner in light of the information found in the Appeal Form and will alter or reaffirm the final determination accordingly. Unless there are extenuating circumstances, the appeal process will be completed within 10 business days of submission of the Appeal Form and the results will be provided in writing to the Parties. In cases in which there is a conflict of interest, such as when the grounds for appeal involve action taken by the Equity Director, the Provost will conduct the appeal process.

9. INTERSECTION WITH OTHER RELEVANT NDSU POLICIES

9.1 The procedures described above do not eliminate the rights of a party to subsequently participate in pre-disciplinary action review and/or an appeal as afforded elsewhere under NDSU policy. Furthermore, for purposes of these procedures, an appeal process available to the individual (or group) against whom a discrimination complaint was filed must be available to the individual (or group) who filed the discrimination complaint.

9.2 Nonbanded, nonacademic staff – The applicable policy for nonbanded, nonacademic staff regarding subsequent pre-disciplinary action review and/or an appeal is NDSU Section 183, Nonrenewal and Dismissal of Nonbanded, Nonacademic Staff.
9.3 **Regular staff employees** – The applicable policies for regular staff employees regarding subsequent pre-disciplinary action review and/or an appeal are NDSU Section 220, Staff Job Discipline/Dismissal and NDSU Section 231, Appeal Procedure for Disciplinary and Reduction in Force Actions.

9.4 **Faculty** – The applicable policies for faculty regarding subsequent pre-disciplinary action review and/or an appeal are NDSU Section 350.3, Board Regulations on Nonrenewal, Termination or Dismissal of Faculty and NDSU Section 350.4, Board Regulations on Hearings and Appeals.

10. **NOTICE OF MANDATORY REPORTING RESPONSIBILITIES AND TRAINING**

10.1 It is the responsibility of the entire university community to foster a safe and non-discriminatory learning, living, and working environment. NDSU employees have specific responsibilities when they observe discrimination or receive a report of discrimination. NDSU employees must not dissuade an individual (or group) from providing them with a report of discrimination but should inform the individual (or group) of their mandatory reporting responsibilities as described below.

10.1.1 **Observance of discrimination** – All NDSU employees who observe discrimination, including harassment or retaliation, must document the discrimination and contact the Equity Office in accordance with 10.2.

10.1.2 **Report of discrimination** – All NDSU employees who receive a report of discrimination involving a student, including harassment or retaliation, must document the report and contact the Equity Office in accordance with 10.2. NDSU supervisors, managers, department heads, deans, directors, or administrators who receive a report of discrimination involving employees, including harassment or retaliation, must document the report and contact the Equity Office in accordance with 10.2. The provisions of 10.1.2 do not apply to confidential support resources providing services as described in 3.1.4.

10.2 To comply with 10.1.1 or 10.1.2, NDSU employees must promptly complete and submit an NDSU Discrimination Report Form (Report Form) to the Equity Director. The Report Form is available online at https://www.ndsu.edu/forms/ or by contacting the Equity Office in Suite 201, Old Main, NDSU Main Campus, 701-231-7708, ndsu.eoaa@ndsu.edu. The Report Form can be submitted via email at ndsu.eoaa@ndsu.edu or by bringing it to the Equity Office. The Equity Office can assist with completing the Report Form as needed. The Equity Office is the official university record holder for documentation under these procedures.

10.3 Upon receipt of a Report Form, NDSU will initiate its discrimination complaint procedures.
10.4 **Mandatory training** - All NDSU employees must complete equal opportunity and non-discrimination training on an annual basis. In addition to mandatory training, employees are encouraged to contact the Equity Office with any questions they may have related to equal opportunity and non-discrimination at NDSU, including inquiries regarding their responsibilities as mandatory reporters.

11. **DISCRETIONARY INVESTIGATION**

11.1 The Equity Office reserves the right to initiate an investigation under these procedures at its discretion in the absence of a discrimination complaint or report of discrimination in order to fulfill NDSU's commitment to taking action to stop discrimination, remedy its effects, and prevent its recurrence.

12. **FILING WITH AN EXTERNAL AGENCY**

12.1 An individual (or group) also has the right to file a discrimination complaint with one or more of the following external agencies. Please note that these agencies have their own deadlines for filing a discrimination complaint. Please contact the agencies directly for more information about applicable deadlines.

**SECTION 156**

**EQUAL OPPORTUNITY GRIEVANCE PROCEDURES**

**SOURCE:** NDSU President

a. **INTRODUCTION**

1.1 The purpose of these grievance procedures is to provide a fair and orderly system for review at North Dakota State University of alleged
violations, of equal opportunity laws, regulations, and policies that prohibit discrimination against all protected classes as defined in NDSU Policy 100.

1.2 Any individual or group filing a grievance under this procedure is entitled to protection from harassment, reprisals or retaliation as a result of having filed the grievance. Retaliation may, in itself, constitute grounds for a grievance.

1.3 Parties (the grievant and party whose action is the subject of the grievance) to a grievance filed under this procedure will make every effort to comply with the established timelines for giving notices and completing actions related to the grievance. In extenuating circumstances, these timelines may be extended by the NDSU Vice President for Equity, Diversity and Global Outreach ("Diversity Officer") in consultation with the parties.

b. ADMINISTRATIVE REVIEW OF GRIEVANCE

2.1 Any student, employee of the University, or any group of such persons who is affected by an apparent violation of equal opportunity laws, regulations, or policies shall be entitled to an administrative review of the grievance.

2.1.1 The review is initiated by completing the NDSU Formal Equal Opportunity Grievance Form (available from the NDSU Office for the Vice President for Equity, Diversity and Global Outreach) and filing it with the Diversity Officer. Unless the Diversity Officer stipulates otherwise, the grievance form must be submitted within six months of the alleged violation.

2.1.2 This review shall include: (1) an administrative inquiry into the facts of the case; (2) a discussion of the case by the Diversity Officer with the grievant and, the party whose action is the subject of grievance; (3) a conclusion by the Diversity Officer regarding whether or not the case involves a violation of equal opportunity rights; (4) an attempt to achieve a mutually acceptable resolution of the grievance; and (5) a written communication of that conclusion to the grievant and the party whose action is the subject of the grievance. Unless there are extenuating circumstances, the administrative review will be completed within 30 calendar days after the date of the filing.

2.1.3 As an alternative to this review, a grievant may pursue any channel of review applicable under another University policy (such as the Grade Appeals Board policy for students [Section 337], the
Grievance Procedure for Conditions of Employment or Appeal
Procedure for Disciplinary and Reduction in Force Actions (Sections 230 and 231, respectively), or the Board Regulations on Nonrenewal, Termination or Dismissal of Academic Staff, the Board Regulations on Hearings and Appeals, or Grievances—Faculty (Sections 350.3, 350.4 and 353 respectively).

ey. VOLUNTARY MEDIATION

3.1 If the grievant and party whose action is subject of the grievance both agree to mediate, the provisions of Policy 350.5—Mediation shall apply for all employees.

3.2 If voluntary mediation is unsuccessful, the grievant may request a hearing of the grievance pursuant to section 4.1.

d. GRIEVANCE HEARING

4.1 Either party of the grievance will have ten (10) working days to appeal the written conclusion in section 2.1.2 or from the termination of an unsuccessful mediation under section 3. A grievance shall be heard by a five member Equal Opportunity Hearing Committee. The Student Body President, Faculty Senate President and the Staff Senate President shall designate the chair and other members for this committee from among the University Equal Opportunity Hearing Panel, which shall consist of the following 18 members:

* 6 NDSU students appointed by the Student Body President,
* 6 NDSU faculty members appointed by the President of the Faculty Senate, and
* 6 NDSU broadbanded employees appointed by the Staff Senate President.

4.1.1 For each group of panel appointees, those responsible for designating the panel shall strive to have a diverse panel. Part-time students and regular employees are eligible for appointment.

4.1.2 Committee members shall disclose any conflict of interest they may have to the committee. The parties can also challenge a committee member for a conflict of interest. The Student Body President, President of Faculty Senate, and the Staff Senate President shall decide, by majority vote, whether challenges have merit. Replacements shall be appointed in the same manner as original appointments.

4.2 An Equal Opportunity hearing committee shall conduct its hearing in accordance with the following requirements: The committee may appoint a hearing officer with authority to conduct pre-hearing meetings, supervise discovery, advise the committee or preside over the hearing. The
responsibilities for conducting the hearing are then assumed by the hearing officer, subject to decisions by the committee.

4.2.1 Any grievant requesting a hearing must file a written statement with the hearing committee indicating the grounds upon which a violation of equal opportunity is alleged to exist. Upon receipt of this statement, the committee chairperson shall schedule a date for an initial hearing.

4.2.2 The committee shall attempt to schedule hearing sessions only when all of its members are able to be present. If the committee decides, however, that the parties interests are best served by scheduling a session even when one or more of the committee members are not able to be present, then the absent members shall be responsible for reviewing the tape recordings of that session to familiarize themselves with the evidence presented at that time.

4.2.3 Attendance at any hearing shall be limited to the committee members, the parties, and their attorneys or other representatives and witnesses, unless both the parties shall agree to offer an express invitation for a particular hearing or session to the public or representatives of the press. Witness may be sequestered whether the hearing is open or closed.

4.2.4 The committee chairperson shall preside at all sessions. Any party or representative wishing to present evidence, examine witnesses, summarize evidence, or present arguments shall do so only with the consent of the chairperson. The committee shall tape-record sessions (and/or hire a court reporter) at which testimony is heard and shall allow controlled access to the tape for review or transcription by any party as defined in subsection 1.3 directly involved in the proceedings. The committee shall also keep summary minutes of its proceedings.

4.2.5 At the beginning of a hearing, the committee shall provide an opportunity for opening statements to be made, first by the grievant, then by the party defending whose action is subject of the grievance. The committee shall then rely upon the opposing parties to call the necessary witnesses and present relevant evidence. The committee shall reserve the right, however, to call its own witnesses and to act in an investigative capacity itself, should the need arise.
4.2.6—The committee shall consider both oral testimony and written evidence. Upon receipt of any written statement or evidence provided by any party to the committee, the committee shall promptly provide the other party with a copy of such material. The committee can set its own rules for notice deadlines for disclosure of exhibits and witnesses. Any person offering testimony before the committee shall be subject to questioning by the committee members or either party with specific consent of the committee chairperson. The committee shall reserve the right to exclude redundant evidence as determined by a majority committee vote. The committee has authority to secure the testimony of essential witnesses or other relevant evidence. At the conclusion of a hearing, the committee shall provide an opportunity for either party to submit a written summary of its position.

4.2.7—The committee shall vote by secret ballot, and the committee chairperson shall vote on all questions. In order for the committee to find a violation of equal opportunity, the grievant must show by the greater weight of the evidence that such a violation did, in fact, occur. If an alleged harasser in a sexual harassment case claims consent as a defense and the person was in a position of power or control over the grievant, the burden of proof on the issue of consent is on the alleged harasser. The vote required for committee action will be a simple majority of total number of votes eligible to be cast. All voting results and any recommendations of the committee shall be promptly made available in writing to all of the parties involved in the case and the University President. The President shall be responsible for determining an appropriate administrative response to the findings, conclusions and recommendations. The decision of the President is final.

NONRENEWAL AND DISMISSAL OF NONBANDED, NONACADEMIC STAFF

SOURCE: SBHE Policy Manual, Section 608.2

1. Employees excluded from the broadbanding system who are not members of the academic staff at an institution may be terminated, without cause, pursuant to written notice of termination in accordance with the following schedule:

   a) At least three months, if written notice is given during the first year of service;
   b) At least six months, if written notice is given during the second year of service or thereafter.

   As used in this section 1, “service” means employment at the same institution or agency.

2. An employee may be dismissed for just cause. Employees excluded from the broadbanding system who are not members of the academic staff at an institution may be dismissed for just cause or based upon financial exigency as determined by the Board, loss of appropriations, loss of institutional or program enrollment, consolidation of organizational units or program areas or elimination of courses, in which cases the notice requirements of the preceding section shall not apply. If a dismissal other than for just cause is implemented pursuant to this subsection, no less than 90 days notice shall be given the employee.

3. Just cause means just cause for dismissal of staff employees as defined in the North Dakota University System Human Resource Policy Manual. (See NDSU 220.2) Notice of intent to dismiss for cause, stating the reasons for the proposed action, shall be given by a department head or other designated official unless the employee is a vice president or other officer who reports directly to the institution's chief executive, in which case notice shall be given by the chief executive. The notice shall be given at least five calendar days prior to the date of dismissal and the employee has the right, within that time, to respond in writing and request a pre-termination review. Following notice of intent to dismiss and, if requested by the employee, the pre-termination review, the department head or other designated individual, if the notice of intent to dismiss was not given by the chief executive, shall forward a recommendation to the institution's chief executive. The chief executive shall make a final decision and give written notice of that decision.
4. An employee who is dismissed for just cause pursuant to this policy may, within 20 days of dismissal, appeal the decision by filing a notice of appeal, accompanied by a specification of the reasons or grounds upon which the appeal is based, with the institution's chief executive. The chief executive shall appoint a hearing officer to conduct an evidentiary hearing and submit recommended findings, conclusions and a recommended decision order to the chief executive. The hearing officer shall conduct the hearing according to appeal procedures governing hearings conducted by a staff personnel board that are set forth in Section 27 of the North Dakota University System Human Resource Policy Manual (Policy 231 of the NDSU Policy Manual). The chief executive shall make a final decision and provide written notice of that decision to the hearing officer and the employee within 20 calendar days of receiving the hearing officer's recommendation.

5. Except for positions explicitly exempt as stated in this section 5 or 6, this policy applies to all employees excluded from the broadbanding system who are not members of the academic staff and, with respect to their positions as administrators or other non-academic positions, to employees with appointments to the academic staff. This policy applies to coaches unless the employing institution has adopted a different policy governing coaches and that policy is stated or adopted by reference in a coach's employment contract, in which case the institution's policy applies. This policy does not apply to faculty; employees with academic appointments are governed by SBHE Policy Sections 605.1, 605.2, 605.3 and 605.4. Staff employees at the institutions are governed by the North Dakota University System Human Resource Policy Manual.

6. Dismissal actions of regular staff employees are governed by the NDSU Policies 220 and 223.

7. Dismissal actions of temporary staff employees may occur at any time with or without cause (NDUS Human Resource Policy Manual, Section 2).

8. Dismissal or non-renewal actions for faculty are governed by NDSU Policy 350.1-350.4 and 352.

9. This policy does not apply to the Chancellor and institution presidents. Subsections 1 and 2 do not apply to student residence hall assistants, work-study students and other students employed on a part-time basis for a limited term. The terms and conditions of employment for student residence hall assistants shall be stated in a written contract.

10. Notwithstanding section 1, employees excluded from the broadbanding system who are not members of the academic staff at an institution and whose first day of service preceded September 26, 2012, may be terminated, without cause, pursuant to written notice of termination in accordance with the following schedule:

   a. At least three months, if written notice is given during the first year of service;
b. At least six months, if written notice is given during the second year of service;
c. At least twelve months, if written notice is given thereafter.

______________________________

1 Designates an overlapping function.

2 Designates a new authority.
Purpose of change

1. To create a committee that focuses on NDSU’s curriculum as a whole.
   A. Enables the committee to have a more comprehensive understanding of the curriculum to create a consistent, coherent, practical curriculum for students, faculty, and staff.
2. To redirect the focus to the committee’s Faculty’s expertise rather than doing administrative work. They would become an executive committee.
3. Create a more efficient workflow.

Phases

Phase 1: August-September 2016 - Colleges elect their representatives to the UCC, the other members are appointed.

Phase 2: Fall 2016 - UCC members attend AA and GE meetings to orient themselves to the relevant work. During this time, they should be thinking about what portions of the work can be:

A. Administrative work not performed by faculty members – The Provost’s office is providing a great deal of administrative support through Vice Provost for Academic Affairs, her administrative assistant, and other ex-officios.
   1. Before the committee sees a petition or application, the ex-officios can determine if the documents are adequately prepared. If not, they can be returned to the originator.
   2. Courseleaf or Sharepoint to make workflow for efficient and transparent,

   OR

B. Reduced through process change –
   1. Petitions take up an enormous amount of GE’s time. RaNelle Ingalls has stated that petitions out of UNIV 189 are often unnecessary. They could be eliminated by either educating advisors that a student with 24 hours credits coming into NDSU does not need UNIV 189 to graduate, or a note could be put on the petition form page stating that fact so that students do not submit the form in the first place.
      1. Based on existing course evaluations we do for transfer credits from other universities, other petitions could be sent to the relevant programs for them to evaluate. Since those programs are experts in their own area, then they can do this most efficiently.
      2. The recommendation would be returned to UCC for their executive decision to accept or decline.
3. A timely deadline for a departmental or other decision should be included with the request to evaluate the petition.
2. Creating or updating templates for fill in blanks course proposals.
   1. Templates for undergraduate only, graduate only, and undergraduate/graduate classes exist. Those areas, such as instructor, office number and hours, academic honesty, accommodation, etc. will already be filled out. (https://www.ndsu.edu/facultysenate/acadaffairs/syllabi/, and has been available for many years)
   2. Only the areas relevant for evaluation of the proposal shall be live for the proposer to fill in.
   3. This work is already partially completed?
3. Training for the colleges’ curriculum committees
   1. If the curriculum committees know what UCC wants, then it is easier to do that.
4. Moving evaluations or work to the areas best able to process it.
   1. A poorly filled out proposal should be returned to the originator with instructions how to change it.
5. Using Courseleaf or SharePoint to monitor workflow and move materials directly to where they need to go.

Identify and use objective measures to evaluate workload and other information the Faculty Senate will use in Phase 3.

Phase 3: Report to Faculty Senate about changes to focus of the committee, processes, and all other relevant information the Faculty Senate will use in making a determination to proceed or “roll back” the committee.

Phase 4: Spring 2017 – UCC goes online

A. The Vice Provost for Academic Affairs will provide continuity and direction for the committee.
B. UCC will request an ad hoc General Education Recertification Committee or devise another efficient process to focus on recertifying all General Education courses to the New Model’s outcomes. This process shall be considered by the Faculty Senate
   a. Consider requiring that all faculty members teaching general education courses explain in their course what general education is, why it is required of students, why the particular course is a component of general education, and what outcome it fulfills and how. Periodically during the semester, each general education instructor should tie in what she or he is doing to the what, why, why, what above.
   b. Probably good enough to send an email note out to general education instructors reminding them to do this? No need for additional monitoring? How would this be done?
   c. Use statistical sampling to evaluate proposals-revisions to alleviate workload, unless there is a system with far better outcomes to use. (Find out how businesses do this to review their projects.)
C. Evaluate UCC’s process. If changes can be made to fulfill the reduced duties more efficiently without sacrificing quality, and the committee can do it for itself, then it would make these changes.
D. AA and GE representatives act as consultants to UCC.

Phase 5: May 2017 – Report to Faculty Senate

A. If there are issues the Faculty Senate needs to address, such as adding additional members to the committee, then that shall be brought to the Faculty Senate for discussion.
B. Only objective measures will be considered in the evaluation process.
C. Faculty Senate would take whatever action it deems appropriate.

Phase 5: May 2018 – Report to Faculty Senate

A. If there are issues the Faculty Senate needs to address, such as adding additional members to the committee, then that shall be brought to the Faculty Senate for discussion.
B. Only objective measures will be considered in the evaluation process.
C. Faculty Senate would take whatever action it deems appropriate.

Responses to concerns raised

- Both GE and AA have significant workloads, both committees meeting more than once per month presently and moving business along at a relatively quick pace. To merge them may overburden the members of the super committee.
  - Response: The committee workload is being reduced, as can be seen by the reduced duties in the Bylaws, as well as the process changes, etc.
  - Response: Instead of overloading faculty with administrative work, they will be able to more freely use their expertise in their executive roles.
  - Response: Use statistical sampling instead of examining each case, if that proves a far more efficient system with adequate outcomes. The idea is to retain processes that cannot be changed, but to change processes that are not resulting in sufficient efficiency to achieve desirable outcomes of freeing committee members to focus on the vision of a unified curriculum for the university.

- Reading documents for Academic Affairs issues and GE issues requires considering different criteria. Therefore, we think either the review will not be effective in some area, or the time for reading will increase for those individuals having to develop expertise in both areas.
  - Response: It is better for the university to have an overall curriculum that is coherent, cohesive, and practical through one committee having one vision.
  - Response: The committee researched this issue in great depth. It found that our peer institutions do not separate these two functions into different committees, with the exception of one university. So the standard is a UCC rather than separate AA and GE committees. (One committee member raised concerns about the strength of this conclusion based on is records of the committee’s research.)

- The GE committee has, in the last year or two, worked to really streamline some processes so that it can take more of a leadership role regarding general education on campus and can do some things that they have not been able to get to in the past, such as revamping the GE web presence
and having some oversight over assessment of GE (even if that assessment still happens in the colleges and departments, having some campus wide coordination will be important).

  
  o Response: This activity can be facilitated far more with a reduction in administrative workload and refocus on faculty expertise.

• Without either a GE committee or a GE Director, and with the intense workload represented by the merger of the committees, we fear GE will suffer from inattention.

  o Response: General Education will be better integrated into a student’s overall curriculum with one group focusing on the issue. The idea would be to increase the effectiveness and values of both major(s), minor(s), and general education.

• The merger may be trying to solve problems that are no longer. AA has made its systems for syllabus review better; GE has created some policies and guidelines to make its processes more efficient. Nonetheless, there is still plenty of work for both committees, and the idea that the two committees are primarily redundant seems flawed.

  o Response: There are still significant problems with the processes that cause frustrations for both committee members and those faculty working with them. The length of time it takes to get a course approved for AA has been greatly reduced by Courseleaf. If a General Education step is added, then one set of faculty members can evaluate both AA and GE concerns simultaneously to determine if the course coherently, cohesively, and practically fits NDSU’ curriculum.

| Remaining potential agenda items       | • Discussion regarding mapping new outcomes onto the SERU  
• Course re-evaluation cycle: timing? Documents needed?  
• Build faculty learning communities (FLCs) around the outcomes,  |
| | | communicate with the FLCs re the outcomes and teaching for them |
| | | • Program review overall (with external evaluators, as UND has done?) |
| | | • Changing the language from GE to something more like core or essential or foundations, to overcome the “general” bias |
| | | • How do we: 1- think of GE as a program or connected curriculum 2- communicate more regularly with faculty about GE, not just to the Senate |
| | | • Over the long run, develop some regular cycle of program assessment (direct + indirect assessment), including the question of whether we should build some requirements for Capstones that might be considered at Senate |
Proposed change to Faculty Senate Budget Committee

Whilst gathering information about the committees, I realized that every member of the Faculty Senate Budget Committee's term will end in May 2017. Hence, there will be no continuity at all, which is a disaster for a committee that is integral to the FS and faculty governance.

My proposal is to change the bylaws for the committee to introduce staggered terms:

Budget

1. Voting members shall consist of one faculty from each representation unit, and a representative of the Dean of Graduate and Interdisciplinary Studies.
   
   1. Each term is three years, and a member may serve no more than two consecutive terms.
   2. Terms shall be staggered so that new members have at least one year to become familiar with the committee and its work. Unless by necessity, no more than one third of the committee may be in their first year of service to the committee.
   3. To maintain continuity within ongoing budgetary discussions, the outgoing Chair of the Committee will continue to serve for at least the year following their term. If the outgoing Chair is no longer the representative of an academic unit, they will serve in a non-voting, advisory capacity. If the outgoing chair is reappointed/re-elected to represent their academic unit, then they will return to normal Committee membership.

2. Non-voting members shall consist of the Provost (or designee) and Vice President for Finance (or designee).

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? □ Yes  □ No
   - Describe change: Amendment to Section 190, item 6.2, to:
     o ensure Master's papers are included with dissertations and theses
     o include clear language relating to NDSU publication rights for graduate student dissertations, theses, and Master's papers, and
     o include statement establishing graduate student responsibility for obeying copyright law.
   - Rationale: The previous version of the policy included NDSU publication rights in a clear way. This was removed in the revision, but is essential for including theses, papers, and dissertations in the Institutional Repository. The proposed revision also clarifies that it is students’ responsibility to obtain appropriate permission from the copyright owner if the document contains material for which the student does not hold copyright. This is necessary for NDSU’s legal protection.

SECTION 190
EMPLOYEE RESPONSIBILITY AND ACTIVITIES: INTELLECTUAL PROPERTY

SOURCE: SBHE Policy Manual, Section 611.2

1. General Principles.

1.1. The North Dakota State Board of Higher Education ("Board") encourages and promotes research and scholarship based upon the traditional principles of the academic profession. Some creative endeavors, discoveries, advancements, and innovative approaches have the potential to be utilized outside of the North Dakota University System ("System"). Through this Intellectual Property Policy, the Board seeks to execute a synergistic model of education, research, outreach, service, and economic development to accomplish a greater good.

1.2. This Policy establishes guidelines to support faculty, staff, and students in identifying, protecting, and administering intellectual property ("IP"), and defines the rights and responsibilities of all involved. Each Institution shall adopt procedures implementing this Policy, a process for resolving disputes, and a process for informing faculty, staff, and students of their respective rights and responsibilities related to IP. Each Institution may adopt a separate statement of IP policies, provided that such statement does not conflict with this Policy.

1.3. The primary purposes of this Policy are to:

- Provide clear guidance for all involved in the creation, development, management, protection, and dissemination of discoveries and IP within the System and its Institutions.
- Provide for an effective and efficient process to achieve positive outcomes for creators, the System and its Institutions.
- Effectively manage all interests that may emerge in relation to discoveries that have commercial value or other desirable outcomes and provide guidance as to which of these interests or outcomes has priority.
- Place creative output into practical use for public benefit as quickly and as effectively as possible, and in a manner consistent with applicable laws and public policy.
- Facilitate the creation of appropriate public-private partnerships to support economic development.
- Encourage a broad array of mutually beneficial relationships with organizations outside of the System and its Institutions to enhance creative output, including collaborative research, licensing of IP, and the formation of companies specifically for the purpose of commercializing newly created IP.
- It is the expectation of the Board that all persons involved in the creation, development, management, protection, and dissemination of IP shall conduct themselves in accordance with the Core Values espoused in SBHE Policy 100.5 (II).

2. Definitions.
2.1. "Breeder(s)" or "Plant Breeder(s)" as defined by the PVPA, 7 U.S.C. § 2401(a)(2). In regards to plant variety protection, a "Breeder" is the person(s) who directs the final breeding creating a variety and/or the person(s) who discovers and develops the variety. 7 U.S.C. § 2401(a)(2).

- In regards to plant variety protection, "discover" means finding a natural plant which results in breeding a variety, or finding a new variety by performing experiments on results of cross-breeding and realizing that the resulting plant is different and closer in characteristics to a desired variety.

- In regards to plant variety protection, "develop" means to make additional selections for (a) cross-breeding and/or (b) developing pure lines. This may lead to the variety for which protection is sought or may eliminate variance and convert a non-uniform variety to a uniform variety using the desired characteristics.

2.2. "Creator": A person who contributes in a significant manner to the development of IP on behalf of the System or one of its Institutions including “Breeder(s)” or “Plant Breeder(s)”.

2.3. "Institution": One of the individual colleges or universities of the North Dakota University System.

2.4. "Intellectual Property" or “IP”: Collectively, any form of property created by the mind including, but not limited to, Inventions, trade secrets, copyrights, trademarks, mask works, and any other tangible research result such as biological materials, engineering drawings, integrated circuit chips, computer databases, prototype devices, circuit diagrams, and equipment.

2.5. "Invention": A process, method, discovery, device, plant, composition of matter, know-how, or other discovery that reasonably appears to qualify for protection under United States patent law, whether or not actually patentable (including, but not limited to, utility patents, plant patents, design patents, certificates of Plant Variety Protection). This includes patent-eligible software that may also be copyrightable.

2.6. "Net Royalties": Gross revenues, including all royalties, licensing, and other fees generated as a direct result of IP, less the actual, out-of-pocket expenses incurred in procuring and maintaining protection, marketing (at the discretion of the System or one of its Institutions), licensing and enforcing rights in such IP.

2.7. "Significant Use of Resources": A Creator’s use of System or institutional facilities, equipment and/or employees’ time that appreciably increases the costs of the System or Institution beyond those normally incurred. Significant Use does not include the Creator’s own time (including developmental leave) or the normal use of facilities or equipment commonly available to faculty, staff, students, or the public, such as libraries, Internet access, office space, office equipment, computers, and/or office supplies.

3.1. The Board strongly encourages the pursuit of formal protection and/or efforts to commercialize all IP as a method of bringing recognition and remuneration to Creators, the System, and Institutions.

3.2. Except as otherwise provided herein, and subject to restrictions arising from overriding obligations and/or institutional policies, Institutions shall have and hold title to all IP that is the result of any work, research, or investigation conducted by institutional employees in the course and scope of their employment. Upon employment and as otherwise necessary, all employees of an Institution shall be required to execute an appropriate written assignment of IP to the Institution. Temporary
employees may be required to sign as well based on supervisor discretion. A failure to have the Agreement signed in no way changes or lessens the applicability of this Policy. For purposes of this Policy, Creators employed by the System shall be deemed employees of (i) the Institution most closely connected to the development of specific IP in terms of facilities or resources utilized or, if none, (ii) the Institution to which the specific IP is first disclosed by at least one Creator or, if none, (iii) the Institution selected by the Chancellor or designee upon disclosure of specific IP to the System.

3.3. Each Institution’s procedures shall act as a guide for determining, clarifying, and/or preserving ownership of IP, shall provide for the disclosure, review, and evaluation of IP, and shall at a minimum require:

- The Creator’s timely, written disclosure of IP.
- The Creator’s provision of all necessary declarations, assignments, or other documents as may be necessary.
- The Institution’s review of the technical and/or commercial viability and, in the case of Inventions, patentability, of IP within a reasonable period of time.

3.4. If at any time an Institution decides not to pursue, or otherwise to discontinue its protection and commercialization of any IP, the Institution shall notify the Creator(s). In the absence of overriding obligations the Institution shall upon request of at least one Creator release its rights in such IP to the original assignor(s), subject to an obligation to reimburse the Institution for its actual out of pocket costs in the event of a commercial windfall. However, under no circumstance may the Creator(s) to whom rights are released use the name of the System or an Institution in connection with subsequent development, use, or marketing of the IP. Creators may request that IP rights be released, even in the absence of a prior decision by the Institution to discontinue protection. Institutions shall have the discretion to grant such a request provided that the Institution may require, as a condition of the release of IP rights, that the Creator(s) reimburse the Institution for its actual, out-of-pocket costs incurred in pursuing formal protection of the IP.

3.5. Subject to any overriding obligations, Creators, or the Creators’ heirs, successors, or assigns, shall be entitled to a minimum of forty (40) percent of the Net Royalties received by the Institution in connection with the Creators’ IP. Each Institution’s procedures should allocate remaining Net Royalties to be utilized principally in support of research.

3.6. When there are two or more Creators, each Creator shall share equally in the Creator’s share of Net Royalties unless all have agreed in writing to a different distribution of such share. The Institution will honor any agreement purporting to share rights and/or royalties between participating parties to the fullest extent permitted under any applicable law. In cases of joint development where Creators are employed at two or more institutions, the Institutions shall enter into an inter-institutional agreement.

4. General Copyright Policy

4.1. Each Institution's IP procedures shall provide for the disclosure, review, and evaluation of original works of authorship, and for the protection and commercialization of works in which copyright is owned by the Institution under this Policy. Copyrightable works that are also patent-eligible Inventions, such as software, shall be governed by the General IP Policy set forth in section 3.
4.2. An Institution shall own copyright in works prepared by its employees at the specific direction of the Institution.

4.3. An employee shall report such work in accordance with the General IP Policy set forth in section 3.

4.4. Net Royalties received by an Institution as a result of copyright ownership will be disbursed in accordance with the General IP Policy set forth in section 3.

4.5. Institution employees shall be entitled to own copyright in works that are prepared within the scope of employment but not at the specific direction of the Institution.

4.6. An Institution shall relinquish copyright ownership in any work that arises by operation of law and, if necessary, shall execute assignments conveying such copyright ownership to employees. As a condition of any such relinquishment or assignment, the Institution shall retain a perpetual, non-exclusive, worldwide and royalty-free license to use the work for teaching, educational, archival, and research purposes. This subsection shall not apply to companion works that enable, or are incidental to or necessary for the practice of, an Invention owned by the Institution under this Policy.

4.7. In the event an employee has made a Significant Use of Resources in the creation of a work governed by this subsection, an Institution may require the employee to reimburse the Institution for the value of such use.

4.8. Institution employees shall not use any work governed by this subsection, including textbooks and other course materials, either printed or electronic, in any manner that competes in a substantial way with the for-credit offerings of the Institution employer unless such use has received the approval of the chief academic officer of the Institution.

5. Trademark. Each Institution’s IP procedures shall provide for the identification and protection of the trademarks and service marks of the Institution, provided that commercialization and licensing activities may be delegated by contract to one or more third parties.

6. Student IP.

6.1. An Institution may not require an assignment of IP rights from a student unless at least one of the following applies:

- The student received financial support from the Institution in the form of wages, salary, stipend, or grant funds for the research and/or activities that led to the development of the IP.

- The Institution is contractually obligated to require such assignment.

- The IP was developed with the Significant Use of Resources and the retention of such rights by the student would substantially impair a mission of the Institution.

- The IP was a companion work that enabled, or was incidental to or necessary for the practice of an Invention owned by the Institution under this Policy.

- The student expressly agreed to make such assignment.

- The IP comprises marks and/or logos used or intended to be used solely or primarily by the Institution in conjunction with the Institution’s offering of goods or services, including but not limited to the Institution’s department of athletics.
6.2. An Institution may not require a license in IP from a student unless at least one of the following applies.

- The IP comprises copyright in a thesis, or dissertation, or Master’s paper. Upon enrollment at North Dakota State University, a graduate student hereby grants a royalty-free perpetual license to the Institution for the reproduction and public distribution, including by electronic means, of copies of the student’s thesis, paper, or dissertation. A student may request that such publication be delayed/embargoed for a period of time upon approval by the Graduate Dean. If the thesis, paper, or dissertation contains material for which the student does not hold copyright, it is the students’ responsibility, prior to the submission of the document to the College of Graduate and Interdisciplinary Studies as a condition to a degree award, to have obtained the unrestricted permission of the copyright owner to grant the Institution the rights required by this license, and to clearly identify and acknowledge such third-party owned material within the text or content of the document.

- The IP arose from a multi-semester classroom project administered by an Institution employee, such as a senior design project, and the license is necessary for the Institution to continue administering the project.

- In the absence of such license, a mission of the Institution would be substantially impaired.

- The student has expressly agreed to grant such license.

6.3. In the event an assignment required by this section is made, the student making such assignment shall be treated as a Creator and shall be entitled to all of the rights and benefits of Creators under this Policy.

6.4. Licenses required by this section shall be non-exclusive, non-commercial, perpetual, and royalty-free, unless otherwise agreed to by the Institution so licensed.

6.5. Nothing in this section shall be construed to prevent a student from voluntarily entering into a relationship with an Institution concerning IP.

7. Other Provisions.

7.1. Foundations. An Institution may assign or transfer ownership rights in IP to a foundation defined in Board policy. Such assignment or transfer shall be in writing and signed by the president of the Institution or his or her designee. Institutions may require, as a condition of such assignment, periodic reporting as to the administration, marketing and commercialization of IP assigned pursuant to this subsection.

7.2. Employee Consulting/Developmental Leave. It is the responsibility of Institution employees to ensure that the terms of their consulting agreements with third-parties or the conditions of developmental leave do not conflict with this or any other Board or Institutional policy.

1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within each college should be consistent with the missions of the University and college and their policies on promotion and tenure, and also should designate evidence of how faculty in the academic unit meet the expectations of the college and University.
2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.

2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defines above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:
2.2.2.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or

2.2.2.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

- presentation of scholarly or professional papers, and publication of books or articles;
- juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;
- the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;
- peer evaluation of research by colleagues from an individual's discipline or area of expertise;
- the receipt of awards or special recognition for research;
- the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

- contributions to the welfare of the department, college, university, or profession, and/or
- contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

- the receipt of awards or special recognition for service;
- evaluation of an individual's service contributions by peers, administrators, and constituents;
- active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;
2.2.3.2.4. active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5. effective management or improvement of administrative procedures or programs.

2.2.3.2.6 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.7 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes, shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit which were provided to the candidate at the time of the candidate's appointment to the position. The dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan.
Tenured candidates for promotion to professor shall be evaluated by the criteria in effect at the time of application.

3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum (from one to three) years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.

3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.
3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extension of Probationary Period
At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption
A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability
A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances
A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.
3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

Related Policies and Procedures:

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty
member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.6 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.7 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for election to a college or department PTE Committee. Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost. Faculty members and administrators being considered for promotion may not serve be involved in any candidate review and recommendation process, including the selection of external reviewers, while under consideration.

5.3 The department and college PTE committees' reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. ("Academic administrative appointment" includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty.) Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.4 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE
committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.5 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate's PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department's recommendations, and an explanation of the basis for them, to the College Dean and the College's PTE Committee no later than November 1.

6.2 After November 1, the information that may be added to the portfolio is limited to:
   a) Recommendations by the evaluating units considering the portfolio at that time;
   b) the candidate's response to those recommendations;
   c) any materials requested by the evaluators.

   6.2.1 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

   6.2.2 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing to the additional materials. Any response from the candidate to such materials must be in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after November 1 that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until
the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.

6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost by January 5. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate, to the Provost by January 5. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the appointment as appropriate to the allocation of effort. This input from other units which shall be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.

7. APPEALS

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.
7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. DOCUMENT RETENTION

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

SECTION: Policy 813 Facilities and Administrative Costs

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? □ Yes  X□ No
   - Describe change: Numerous changes requested to accommodate the removal of CNSE from the policy, as that unit no longer exists in its previous format, and also to account for the change in F&A Rate Agreement. Rather than including the rate table, a link is provided to the Rate Agreement on SPA’s website, so that the Policy doesn’t require updating when the rates are renegotiated. Also, changes are providing clarification on definitions of categories and guidance on use of various rates. Finally, changes provide clarity on approvals required for use of off-campus rate.

SECTION 813
INDIRECT COSTS (aka FASILITIES AND ADMINISTRATIVE COSTS)

SOURCE: NDSU President

1. The University has established indirect cost rates with the cognizant federal audit agency. The rate charged to a sponsored agreement depends upon the function of the work performed. Before deciding which rate applies to each program, carefully review the definitions of research, instruction, and other sponsored activity as defined below.

1.1 ORGANIZED RESEARCH. Organized Research means the critical and exhaustive investigation or experimentation having for its aim the discovery of new facts and their correct interpretation; the revision of accepted conclusions, theories, or laws, in light of newly discovered facts; or the practical applications of such new or revised conclusions. This category includes all activities specifically organized to produce research outcomes, whether commissioned by an external agency or separately budgeted by the institution. It also includes activities involving the training of individuals in research techniques.

1.2 ORGANIZED RESEARCH-CNSE. This category is for organized research to be carried out at the NDSU Center for Nanoscale Science and Engineering.

1.23 INSTRUCTION. Instruction means the teaching and training activities of an institution. Except for research training, this term includes all teaching and training activities, whether they are offered for credits toward a degree or certificate or on a non-credit basis, and whether they are offered through a regular academic session, summer school division, an extension division, or a continuing education division.

1.34 OTHER SPONSORED ACTIVITY. Other sponsored activities mean programs and projects financed by federal and non-federal agencies and organizations which involve the performance of work other than instruction and organized research. Examples of such programs and projects are health service projects, and community service programs.

2. The current approved indirect cost rates can be found in the Colleges and Universities Rate Agreement found on Sponsored Programs Administration’s (SPA) website under the “Forms” section at: https://www.ndsu.edu/research/sponsored_programs_admin/forms/. are as follows:

Indirect Cost is calculated as follows:

Indirect Cost = Modified Total Direct Cost x Rate from the [Rate Agreement referenced above table.](#)

Modified **Total Direct Cost** (MTDC) consists of all **direct** salaries and wages, **applicable** fringe benefits, materials, **and** supplies, services, travel and **subgrants and subcontracts** up to the first $25,000 of each subgrant or subcontract subaward (regardless of the period of performance covered by the subgrant or subcontract of the subawards under the award).

Modified **Total Direct Costs** shall exclude equipment, capital expenditures, charges for patient care, **rental costs, student tuition remission (student), rental costs of off-site facilities, scholarships, and fellowships, participant support costs, and as well as the portion of each subgrant and subcontract subaward in excess of $25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs and with the approval of the cognizant agency for indirect costs.

**Definition of Equipment**: Equipment is defined as tangible nonexpendable personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit.

**Definition of Off-Campus**: A project is considered off-campus if the activity is conducted at locations other than in University owned or operated facilities and indirect costs associated with physical plant and library are not considered applicable to the project. Use of the off-campus rate must be approved prior to inclusion in a proposal. A request must be submitted to SPA justifying the reason for the off-campus rate. This request must be submitted at least two weeks prior to the due date of the proposal. SPA will make a determination whether the off-campus rate is approved for use.

**Treatment of Fringe Benefits**: This organization charges the actual cost of each fringe benefit direct to Federal projects. However, it uses a fringe benefit rate which is applied to the salaries and wages in budgeting fringe benefit costs under project proposals. The following fringe benefits are treated as direct costs: FICA, SUI, WORKERS COMPENSATION, RETIREMENT PLAN, AND HEALTH/LIFE/DISABILITY INSURANCE.
Treatment of Paid Absences: Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims are not made for the cost of these paid absences.

3. In most cases the activities of the University will be considered to be on-campus activities. Off-campus rates for indirect cost will be used only if the project will be conducted in a remote location for an extended period of time. A project that would qualify for off-campus rates would be one that would not be using University facilities for any of the work performed. Some examples of departments that would be off-campus are Agronomy Seed Farm (Casselton), Forest Service (Bottineau), Research Centers (Carrington, Central Grasslands, Dickinson, Hettinger, Langdon, North Central and Williston) (this list is not all inclusive). If the project is split among departments – the on-campus/off-campus rate should be determined by where 50% or more of the work is being performed. However, use of the off-campus rate must have SPA’s approval.

4. If the indirect cost rate assigned to a particular project is scheduled to change during the life of the project, the indirect cost rate should remain at the rate of the initially funded budget period.

5. Unless specifically prohibited or limited by the sponsoring agency, the inclusion of indirect costs at the appropriate current federally negotiated rate is required in every grant and contract budget. If a sponsoring agency restricts recovery of indirect costs to a percentage that is less than the appropriate current federally negotiated rate, the Principal Investigator must provide to SPA a copy of the sponsoring agency’s guidelines or published policy reflecting the indirect cost limitation. No exceptions for reduced indirect costs will be made for research sponsored by for-profit entities (i.e., companies) unless there is a clear, established policy that is publically posted on the entity’s website (and that applies universally to all proposals). If an award proposal is received submitted without the inclusion of indirect cost, SPA reserves the right to renegotiate the award agreement for the inclusion of indirect cost, either by an increase in the award amount or by reallocating the award amount to cover both direct and indirect costs.

6. INDIRECT COST ALLOCATIONS. In order to provide an additional incentive for faculty and staff participation in sponsored activities at NDSU, it is the University’s policy to directly support such activity with a portion of the indirect cost payments received by the University under all sponsored agreements.

Of the indirect costs drawn, 42.0% will be allocated back to the generating colleges or units; 16% will be allocated back to the Office of the President (for Research); and 42.0% to the Office of the President. Allocation exceptions must be approved by the President.
