SECTION 133
EDUCATIONAL POLICY

The North Dakota State Board of Higher Education encourages its employees within the North Dakota University System to pursue a program of continuing education.

1. For courses taken at the request of the employee, institutions shall waive or provide tuition assistance for benefited employees, limited to three approved for-credit undergraduate or graduate courses during each calendar year, in any combination of subsections 1 and 2 as follows:

1.1 For courses taken at the campus of employee employment regardless of delivery type: 100% tuition and fee waiver is provided, with the exception of the CND, NDSA, program and course fees which shall be paid by the employee.

1.2 For courses taken at another NDUS campus, other than the campus of employment, regardless of delivery type: a system-wide fixed 50% employer paid tuition assistance, with the employee paying the remaining 50% of tuition and 100% of all fees.

2. This educational benefit is available to benefited employees as defined in SBHE Policy 703.2. Employees who are eligible for this educational benefit are not eligible for the graduate assistant tuition waiver absent exceptional circumstances.

3. Employees may be released from work for one face-to-face regular class sessions for one academic class per semester with approval of the employee's immediate supervisor and/or department head. Approval may be granted if it does not interfere with completion of the employee's essential job duties and the essential work of the institution.

4. This policy is applicable to any degree eligible and remedial courses, regardless of delivery or instruction mode system, for NDSU employees only. This includes, but is not limited to, self-support and online courses, that would be normally accepted toward a degree program. For these types of courses, the policy does not apply to employees of other institutions or of the university system.

4.1 Waivers cannot be used for third party provided curriculum where NDSU directly pays full or partial tuition collected to the third party sponsored, grant funded, consortium programs such as the Great Plains IDEA consortium, study abroad, study tour, or remedial professional development courses which do not result in the award of college credit.

5. Release time may be granted only for the amount of time required to attend the regular class session. Field trips and outside class activities are not included.

6. The waiver tuition assistance benefit is applicable to all North Dakota University System institutions of higher education, and
6. The waiver benefit is available to NDSU employees taking classes through the Tri-College University Course Exchange. Classes taken through the Tri-College University Course Exchange by employees of other ND University System institutions are available for the 50% tuition assistance benefit paid by the employee's institution to NDSU, subject to approval by the employee's institution.

7. Regular employees, who are not North Dakota residents, may receive a waiver from the non-resident portion of tuition requirements for courses beyond the three classes per calendar year. All benefited employees are eligible for the North Dakota Resident tuition rate, regardless of receiving the waiver or tuition assistance benefit. It is the employee's responsibility to ensure ND resident tuition rates are assessed.

8. Procedure:

9.1 The employee must obtain initial approval for this educational benefit from his/her immediate supervisor and/or department head and final approval from the Human Resources and Payroll Office. After the initial approval is obtained, the Human Resources and Payroll Office will review to ensure the employee is eligible as a benefitted employee. The Customer Account Services office will review the educational benefit for course and waiver exclusions, and will process the tuition waiver or tuition assistance benefit.

9.1.1 To obtain a tuition waiver or tuition assistance benefit, employees must complete the standard "NDUS Employee Tuition Waiver or Assistance" form which is available in the Human Resources and Payroll Office.

9.1.2 The request for a tuition waiver or tuition assistance must be submitted and approved prior to the beginning of the class for which the waiver is requested.

9.1.3 No employee who has an overdue accounts receivable balance with the University may receive a tuition waiver or tuition assistance.

9.1.4 The benefit will be considered used if the employee is enrolled in the course past the 100% drop date. If the employee does not remain enrolled in the course past the 100% drop date and wishes to use the benefit towards a new class, it is the employee's responsibility to notify the Human Resources and Payroll Office.

As part of our family-friendly policies and benefits, NDSU supports breastfeeding mothers employees by accommodating the mother employee who wishes to breastfeed or express breast milk during her the workday, when separated from her child. NDSU recognizes that supportive breastfeeding policies and practices in the workplace not only benefit the employee but also benefit the child and the employer.

Employer benefits include greater workplace productivity, increased organizational loyalty, and increased job satisfaction. Breastfeeding employees experience higher productivity, fewer distractions, lower absenteeism to care for an ill child, and a lower risk of developing breast and ovarian cancer or diabetes. Babies experience immediate and long-term benefits from breastfeeding including better immune system development and tend to have fewer and less severe short-term illnesses and chronic illnesses.

Any employee who wishes to breastfeed or express breast milk in the workplace shall notify the supervisor and discuss any relevant workload or scheduling issues.

1. Supervisors are encouraged to work with their employees and within policy requirements to accommodate an employee who wishes to breastfeed or express breast milk.

2.1 NDSU shall provide:
2.1.1 Flexible work scheduling, including scheduling breaks and permitting work patterns that provide time for breastfeeding or expressing of breast milk for at least one year after child’s birth;
2.1.1.1 After one year of child’s birth, continued breaks and work patterns to accommodate breastfeeding or expressing of breast milk may shall be reviewed and agreed upon with employee’s supervisor;

Supervisors may permit extensions for reasonable break time with options that may include alternate start/stop times to the workday, rearranging break periods, and flexible scheduling. For non-exempt employees, supervisors will need to allow flexibility for employees to be able to earn all paid hours.

SECTION 103
EQUAL OPPORTUNITY/AFFIRMATIVE ACTION POLICY ON THE ANNOUNCEMENT OF POSITION OPENINGS

SOURCE: NDSU President

This policy addresses requirements and procedures for position openings. Regardless of the position announcement procedures that are followed, all employment decisions within the University are subject to equal opportunity laws and regulations and NDSU's Equal Opportunity and Non-Discrimination Policy 100. For equal opportunity purposes, all appointments to payroll budget positions and equivalent positions supported by non-appropriated funds are subject to the search, recruiting, and hiring processes in Sections 202 and 304 of this manual.

Section 1 pertains to staff positions. Section 2 pertains to faculty and executive/administrative positions. Section 3 pertains to all positions.

STAFF

1. Staff (as defined in NDSU Policy 101.1.1 generally referred to as “broadbanded employees” include those positions in the following job band: 1000, 3000, 4000, 5000, 6000, and 7000).

   1.1 If the appointment is to be .50 FTE or more and the expectation is that the appointee will serve for equal to or more than twenty weeks, the position shall be announced throughout the appropriate recruiting area as defined in Section 200 of this Manual.

   1.2 Generally speaking, the recruiting areas are as follows for staff positions:

      1.2.1 Administrative/managerial positions in the 1000 band: national.

      1.2.2 Professional positions in the 3000 band: regional.

      1.2.3 Technical/Paraprofessional (4000); Office Support (5000) Crafts/Trades (6000); and Services (7000): local (Fargo-Moorhead community and/or surrounding counties as applicable).

   1.3 When a benefitted staff position vacancy occurs and there is a pool of regular employees appropriately qualified for transfer or promotion (including former employees covered by Reduction in Force policy Section 223), a unit supervisor may choose to advertise a vacant position internally for a minimum of five working days prior to initiating an external search. The procedures, which involve utilizing the online application system for these internal searches, will be the same as those external searches as mentioned in subsection 1 (see Section 202). The Human Resources/Payroll Office, in consultation with the unit supervisor, will be responsible to determine whether a pool of appropriately qualified employees exists.

   1.4 If the appointment is either less than .50 FTE or clearly stipulated to be for a total duration of less than twenty weeks (non-benefitted), no formal position announcement posting to the online employment application system is required. Unit supervisors are, however, encouraged to announce benefitted positions. The announcement may be distributed within
the University to the eligible staff of the particular administrative unit involved. Affirmative action efforts must still be undertaken to ensure that qualified minority individuals, females, and individuals with disabilities are included in the applicant pool. Proof of affirmative action efforts will be required, such as documentation reflecting an open announcement to all eligible staff of an appropriate unit or adequate written documentation on why the candidate is being selected for the opportunity without an announcement to the appropriate unit. Distributing the position announcement to the other Tri-College University institutions or within the Fargo-Moorhead community is also encouraged.

1.5 Recruitment for all benefitted staff positions in the 1000 and 3000 bands shall include the use of a search committee of at least three people to be appointed by the unit administrator at the time the unit requests authorization to fill a position opening. Unit administrators are urged to consider the importance of diversity when making appointments to search committees.

1.5.1 The search committee shall be involved in recruiting, screening, and interviewing applicants, with particular responsibility for affirmative action efforts to solicit and include applicants from underrepresented and protected groups. Selection from the group of finalists of the individual to fill the position is the responsibility of the unit administrator. A member of the Human Resources shall be considered an ex officio member of each search committee and will be available to assist the committee in fulfilling its responsibilities.

1.6 Although unit leaders are encouraged to post throughout the University any staff position that offers an important promotional opportunity to employees in other departments, the formal procedures for filling positions that involve utilizing the online application system for job announcements (see Sections 202 for broadbanded positions and 304 for non-banded) shall be optional in the following cases. (Whenever an appointment is based on one of the following options, the request to recruit must be completed online for benefitted positions and the specific option should be noted in the appropriate section of the online request to offer or on the NDSU Change Form (101) with relevant documentation attached.)

1.6.1 Timeslip employment that is not identified as a payroll budget appointment.

1.6.2 The transfer or promotion of an employee within a department or office, provided that the employee is fully qualified for the new position and was originally hired through a competitive search. This exception excludes faculty positions. This option is governed by NDSU Policy 240 which provides procedures and the requirement of the hiring department to obtain permission from the Director of Human Resources/Payroll who will review for appropriateness of the promotion including equitable issues.

1.6.3 When there is concurrence by the hiring department, reassignment due to:

1.6.3.1 An injury resulting in worker's compensation award and subsequent retraining; or

1.6.3.2 A reduction-in-force.

1.6.4 When an employee, at time of hire or within two years of employment, has a spouse or partner who is fully qualified and interested in a university position. (Please note the responsibilities lies with the employed spouse/partner’s unit supervisor to encourage the spouse/partner to locate positions that they feel they are fully qualified for and make an appointment with a staff member in Human Resources/Payroll Office and/or with the head/chair of the appropriate unit to review
the spouse's/partner's education and experience. The hiring department will make the final hiring decision.

1.6.5 At the request of the appropriate supervisor, the reinstatement of a former NDSU employee who has left his/her employment within the previous nine (9) months, provided that:

1.6.5.1 The employee had a satisfactory performance record; and

1.6.5.2 The employee is returning to a position requiring similar qualifications and having similar responsibilities; and

1.6.5.3 The position is within the department where he/she worked at the time of resignation.

1.6.6 The appointment of an employee to fill a vacant administrative position on an acting basis, normally for a period not to exceed one year, while a search is being conducted for a regular appointee.

1.6.7 With prior approval, the temporary appointment of a person to a grant-funded position when the individual has been instrumental in the development of the project or is identified by name in the proposal as having unique expertise necessary to the project. This temporary appointment may not be continued beyond the period of the grant project, and the individual may not be transferred to any other University appointment without an appropriate search.

Note: To use this option, proposal writers should indicate their intention on the transmittal form and provide a letter of explanation when the proposal is submitted to the Office of Sponsored Programs Administration. Those submitting proposals for internal funding that are not reviewed in Sponsored Programs Administration should contact the Office of the Provost prior to submitting the proposal.

1.6.8 An externally funded appointment as a broadbanded research professional in a department where the individual has just completed an NDSU graduate degree and the assignment involves continuation of the research used for the individual's thesis/dissertation. This appointment is limited to the period for which funding has been given and normally may not exceed two years.

Faculty and Executive/Administrative Staff

2. Executive/Administrative (primarily in 0000 job bands) and benefitted Academic Staff (in 2000 band – bands are defined in NDSU Policy 101.1.2), generally referred to as “non-banded employees,” include such positions as tenured and tenure-track faculty and deans. Recruitment falls under two primary categories: half time or less or interim (2.1) and more than half time (2.2).

2.1 Titled and/or Compensated Positions (Less Than .50 FTE or Interim)
If the appointment is less than .50 FTE or stipulated to be for less than twenty weeks, the titled or compensated position shall be announced internally within the unit (and to other relevant internal units as appropriate to the position). The unit supervisor must ensure transparency and equal opportunities for individuals to learn about and apply for the positions. This means the unit supervisor must announce the position to appropriate unit(s)
internally and accept applications for at least ten working days. Documentation of the announcement and review of applications must be provided to the Office of the Provost before the position is offered so the Office of the Provost can ensure compliance with this policy. Even when using internal searching, for any positions that come with fringe benefits, the formal search process detailed in Policy 304 must be followed.

2.2 Equal to or Greater Than .50 FTE, Non-Interim Positions

If the appointment is to be .50 FTE or more and the expectation is that the appointee will serve for equal to or more than twenty weeks, the position shall be announced throughout the appropriate recruiting areas as defined in Section 103.1 of this Manual (with the exception of graduate level degree seeking students).

2.2.1 Generally speaking, the recruiting areas are:

2.2.1.1 Executive/Administrative positions in the 0000 band: national.

2.2.1.2 Benefitted Academic staff such as tenure/tenure track faculty in the 2000 band: national.

2.2.1.3 The 2000 level: lecturer, assistant coach, assistant experiment station specialist, Extension district directors, Extension area specialists, and Extension field staff: regional.

2.2.2 Recruitment for all benefitted executive/administrative and academic staff positions (all those in the 0000 and 2000 job bands) shall include the use of a search committee of at least three people to be appointed by the unit administrator at the time the unit requests authorization to fill a position opening. Unit administrators are urged to consider the importance of diversity when making appointments to search committees. NDSU Policy 339 requires for every faculty recruiting committee to include faculty from the unit and at least one student. A unit may wish to include both an undergraduate and a graduate student on the committee.

2.2.3 The search committee shall be involved in recruiting, screening, and interviewing applicants, with particular responsibility for affirmative action efforts to solicit and include applicants from underrepresented and protected groups. Selection from the group of finalists is the responsibility of the unit administrator and is based on the recommendation of the search committee. The Vice Provost for Faculty and Equity, or designee shall be considered an ex officio member of each search committee and will be available to assist the committee in fulfilling its responsibilities.

2.2.4 Exceptions to searches for benefitted executive/administrative, and academic and professional broadbanded staff positions listed (greater than .50 FTE and longer than 4 months) are limited to the following:

2.2.4.1 The transfer of an academic staff member from a lecturer line to a probationary appointment as outlined in the employee's original contract provided that he or she had secured the appointment on a nationally competitive basis.

2.2.4.2 An externally funded appointment as a postdoctoral fellow, research scientist, or broadbanded research professional in a department where the individual has just completed an NDSU graduate degree and the
2.2.4.3 With prior approval, the temporary appointment of a person to a grant-funded position when the individual has been instrumental in the development of the project or is identified by name in the proposal as having unique expertise necessary to the project. This temporary appointment may not be continued beyond the period of the grant project, and the individual may not be transferred to any other University appointment without an appropriate search.

Note: To use this option, proposal writers should indicate their intention on the transmittal form and provide a letter of explanation when the proposal is submitted to the Office of Sponsored Programs Administration. Those submitting proposals for internal funding that are not reviewed in Sponsored Programs Administration should contact the Office of the Provost prior to submitting the proposal.

2.2.4.4 When a faculty member has a spouse or partner who is fully qualified and interested in a university position, a dual career exception to the search process may be made. The department or unit administrator is responsible to contact the Vice Provost for Advancement of Faculty and Equity as soon as possible. Hiring a spouse or partner depends upon the qualifications of the spouse or partner, the availability of a suitable and acceptable position in each case, and is subject to the approval of the department or unit into which the spouse or the partner will be hired, following an interview process within that unit. For positions in the 0000 job band and positions in the 2000 job band not defined as faculty, 1.6.4 applies.

2.2.4.5 At the request of the appropriate supervisor and with unit support, the reinstatement of a former NDSU employee who has left his/her employment within the previous nine (9) months, provided that:

2.2.4.5.1 The employee had a satisfactory performance record; and

2.2.4.5.2 The employee is returning to a position requiring similar qualifications and having similar responsibilities; and

2.2.4.5.3 The position is within the department where he/she worked at the time of leaving.

2.2.4.6 When there is concurrence by the hiring department, reassignment due to:

2.2.4.6.1 An injury resulting in worker's compensation award and subsequent retraining; or

2.2.4.6.2 A reduction-in-force.
All Positions

3. Exceptions to this policy may be authorized by the President in unique circumstances. A written request for the Presidential exception is initiated by the hiring department and forwarded through the appropriate supervisory line to the unit's dean or director. If there is support from the dean or director, the request is forwarded to the Provost or the appropriate vice president. If the request is supported by the vice president after consultation with the Vice President Provost for Faculty and Equity, Diversity, and Global Outreach and the unit's dean and director, it is forwarded by the Provost or Vice President Provost to the President for consideration.

SECTION 103.1
RECRUITMENT FOR EXECUTIVE/ADMINISTRATIVE/MANAGERIAL, ACADEMIC STAFF AND OTHER NON-BANDED POSITIONS (0000, 1000 and 2000 positions)

SOURCE: NDSU President

1. Recruitment Areas

1.1 Generally, all full-time executive/administrative/managerial, academic staff and other non-banded positions require a national search. Based on the source of funding, salary ranges, and local availability, however, some of these positions require only a regional search (a wider search is always an option, if the hiring official wishes). EXCEPTIONS to the national search requirement for these types of positions include:

1.1.1 2000 level: lecturer, assistant coach, assistant experiment station specialist, Extension district directors, Extension area specialists, and Extension field staff.

1.2 Regular, part-time payroll positions (without regard to the funding source) require only a local search.

2. Recruitment Methods

2.1 Recruitment is a critical function for an effective equal opportunity/affirmative action employment program because increased diversity in the applicant pool is essential in order to increase the diversity of people actually employed. With this objective in mind, some potentially fruitful recruitment channels include:

2.1.1 Advertisements in appropriate professional journals and job registries and/or in The Chronicle of Higher Education. Publications which solicit advertisements on the basis of direct minority circulation are generally not a required method for recruiting; however, if applicant pools consistently lack diversity, a publication such as Affirmative Action Register should be considered.

2.1.2 Regional or national meetings of professional organizations and associations; women’s and minority caucuses associated with professional groups are especially helpful and important.

2.1.3 College/University academic departments and placement offices especially at institutions where the student body is composed primarily of women or racial/ethnic minorities.

2.1.4 Industries, government, independent research institutions, etc., where racial/ethnic minorities or women are professionally engaged.

Recruitment (placement of advertisements, position announcement mailings, etc.) for administrative and academic positions is the responsibility of the hiring department. Once the Request to Recruit is approved, and posted online, it also is posted by Job Service North Dakota. A notice for staff positions requiring a minimum qualification of a bachelor’s degree may be sent to the NDSU Career Center for their listing.
All recruitment information should include one of the following statements:

- North Dakota State University is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, age, disability or veteran status.
- NDSU is an EEO/AA - M/F/Vet/Disability Employer.
- NDSU does not discriminate in its programs and activities on the basis of age, color, gender expression/identity, genetic information, marital status, national origin, participation in lawful off-campus activity, physical or mental disability, pregnancy, public assistance status, race, religion, sex, sexual orientation, spousal relationship to current employee, or veteran status, as applicable. Direct inquiries to: Vice Provost, Title IX/ADA Coordinator, Old Main 201, 701-231-7708, ndsu.eoaa@ndsu.edu.
- NDSU is an equal opportunity educator and employer. Visit ndsu.edu/equity/ or call 701-231-7708 for more information.

The following additional language may be added to either option above:

- Women & traditionally underrepresented groups are encouraged to apply.

SECTION 130
ANNUAL LEAVE

SOURCE: NDUS Human Resources Policy Manual, Section 6
NDSU President

1. Annual leave with pay is earned by eligible employees for the purpose of freeing them from their
regular duties to spend time in rest and recreation or to attend to personal matters. Upon approval,
annual leave may only be used in place of regularly scheduled work hours and shall not cause
overtime. Such leave should be programmed to insure that leave is taken rather than carried
forward from year to year.

2. University operations govern annual leave periods. Consideration is given first to the convenience of
the administration, departmental needs, then the employee's departmental seniority and finally to
the employee's preference. Annual leave is computed on the basis of the employee's hours/week,
and months/year.

   2.1 The employee must obtain authorization from his/her department head before taking annual
leaves. The form of this authorization is to be determined by the respective department head.

   2.2 The employee is responsible for furnishing their supervisor or department head with a
completed "Notification of Employee Leave" card upon returning to work.

3. Annual leave with pay for full-time benefited, broadbanded staff employees is earned on the basis
of continuous service from date of employment as follows:

   First through third year - the equivalent of 12 days per year
   Fourth through seventh year - the equivalent of 15 days per year
   Eighth through twelfth year - the equivalent of 18 days per year
   Thirteenth through eighteenth year - the equivalent of 21 days per year
   Over eighteen years - the equivalent of 24 days per year

Annual leave for full-time, non-banded employees in the following job categories is earned on the
same basis as for staff employees: graduate research fellows (2230), graduate teaching fellows
(2235), post doc research fellows (2240), research scientists (2420), extension program assistants
(2530), and international exchange scientists (2810).

Graduate teaching, research or service assistants and experiment station project assistants do not
earn annual leave.

   3.1 Years of service shall be computed from the employment anniversary dates.

   3.2 Annual leave for part-time staff employees and the non-banded employees identified above in
3 is earned on a prorated basis.

4. Presidents, executive deans, provosts, vice presidents, positions excluded from the broadbanding
system, and other positions approved by the President or chancellor at the time of hire are entitled

Attachment 1
to accrue a minimum of twelve working days and a maximum of 24 working days of annual leave each year to be taken at the convenience of the administration. Accrual rates for these employees are determined by the institution president. For any of these employees who are less than full-time, the annual leave will be prorated.

Each department may negotiate annual leave accrual on a case-by-case basis during the recruitment, with prior Presidential approval. Current benefitted employees are not eligible.

5. Annual leave for 12 month faculty and other non-banded job categories not identified in #3 above is earned at the rate of 16 hours per month, 24 days per year. Annual leave will be prorated for those who are less than full-time. For non-banded employees on 9, 10, or 11, month appointments, see Section 320.

6. All eligible employees may accumulate annual leave hours. Full-time employees may accumulate up to 30 working days or 240 hours which shall be carried forward on January 1st of each year. Part-time employees may accumulate up to the equivalent number of days or hours on a prorated basis. Any accumulation in excess of 30 days or 240 hours (or the equivalent on a prorated basis for part-time employees) on December 31st of each year shall be cancelled.

7. All employees eligible to accumulate annual leave must take at least forty hours (or the equivalent on a prorated basis for part-time employees) of annual leave each year, except for the year during which they are hired.

8. When a holiday occurs during annual leave, the holiday is not considered a day of annual leave time.

9. At the discretion of the department head and the concurrence of the Director of Human Resources/Payroll or designee, an employee may be granted annual leave in advance of the accumulation thereof up to a maximum of 40 hours. In rare cases, such as leave due to a workers compensation claim or shared leave, the HR/Payroll office may process leave which exceeds the 40 hour advance. Annual leave taken in advance of accumulation may be deducted from the employee's last paycheck provided the employee has signed an agreement authorizing the deduction. This agreement must be submitted to and approved by the Office of Human Resources and Payroll prior to the employee obtaining a negative accrual balance.

10. Benefited employees terminating employment must be paid for earned unused annual leave subject to all approved payroll matched reductions/deductions. "Unused annual leave" shall include any leave carried over from the previous year and all accrued leave up to the date of termination. Proper termination notice must be given and any unearned annual leave taken shall be deducted from the employee's last paycheck.

10.1 Annual leave earned by an employee on a 12 month appointment may not be carried forward by the employee to be used or paid for during the term of a subsequent appointment for less than 12 months and must be paid out.

11. In case of death, payment of all earned, unused annual leave shall be paid according to Section 34-01-12 of the North Dakota Century Code. (See Section 183.)

12. Accrued annual leave for employees previously employed with other North Dakota institutions or agencies may be transferred to institutions under the State Board of Higher Education according to agreements between the employee and the institution. If re-employment occurs within one calendar year, the re-employing institution shall credit the employee with prior years of service from any state agency in computing annual leave accrual rate.
13. When employment begins or ends during a pay period, the accrual of annual leave shall be prorated for the pay period when the employee is hired or terminated and does not work a full pay period.

14. "Notification of Employee Leave" cards Leave requests are processed on an on-going basis. Each department is responsible for verifying the Departmental Leave Record. Late Leave Cards and errors must be submitted to the Office of Human Resources/Payroll for entry and/or correction. The approving supervisor is responsible for verifying leave balances before approving. Corrections to leave will be handled by the Office of Human Resources and Payroll.

SECTION 143
SICK/DEPENDENT LEAVE

SOURCE: NDSU PRESIDENT

1. Sick leave, including maternity, is a benefit granted by the University to eligible employees and is not a benefit considered to be earned by the employee such as annual leave. It is an insurance benefit allowing employees to build a reserve of days they can use for their extended illnesses. Abuse of this benefit may be grounds for disciplinary action or termination. Employees are responsible for informing their supervisors prior to the start of their work schedule of their sickness.

   1.1 The employing department may require satisfactory medical verification as deemed necessary by the department head prior to the payment of sick leave.

   1.2 The employee is responsible for furnishing their supervisor or department head with a completed "Notification of Employee Leave" card upon returning to work.

   1.3 Sick leave may only be used in place of regularly scheduled work hours and shall not cause overtime.

2. Sick leave is granted on the basis of continuous service from date of employment for benefited staff employees, and benefited 12-month academic staff and other non-banded staff.

3. Sick leave for full-time eligible employees accrues based on rate per hour at a rate equivalent to 12 days per year. Sick leave for eligible part-time employees working 20 hours or more per week is granted on a prorated basis. Sick leave accumulation is unlimited.

4. Sick leave may be granted to employees who become ill while on vacation provided satisfactory medical proof of such illness is submitted.

5. When a holiday occurs during a paid sick leave, the holiday is not considered a day of sick leave.

6. Upon termination, employees with ten years of continuous state service will receive a payment equivalent to 10% of the dollar value of their accrued sick leave. The amount is computed on the basis of the employee's salary at the time of termination and shall be in the form of a lump-sum payment.

7. At the discretion of the department head and the concurrence of the Director of Human Resources/Payroll or designee, an employee may be granted sick leave in advance of the accumulation thereof up to a maximum of 40 hours. In rare cases, such as leave due to a workers compensation claim or shared leave, the HR/Payroll office may process leave which exceeds the 40 hour limit. Any sick leave taken in advance of accumulation may be deducted from the employee's last paycheck provided the employee has signed an agreement authorizing the deduction. This agreement must be submitted to and approved by the Office of...
Human Resources and Payroll prior to the employee obtaining a negative accrual balance.

8. Unless an approved leave of absence has been granted, an employee who is off the payroll for one year shall lose unused sick leave.

9. Accrued sick leave is transferable from any state agency to the employing institution if employment with the institution occurs within one calendar year of separation of service with the state agency. In the event of a Reduction in Force, sick leave is transferable if reemployment occurs within two calendar years.

10. Sick leave may be used by the employee when:

10.1 The employee is unable to work due to a mental or physical condition (including maternity).

10.2 The employee has an appointment for the diagnosis or treatment of a medically related condition.

10.3 The employee wishes to attend to the needs of an eligible family member who is ill or to assist them in obtaining other services related to their health. Eligible family members include the employee's spouse, parent (natural, adoptive, foster, and step-parent); child (natural, adoptive, foster, and step-child); or any other family member who is financially or legally dependent upon the employee or who resides with the employee for the purpose of the employee providing care to the family member.

10.4 Sick leave used for the purposes described in 10.3 shall not exceed eighty (80) hours per calendar year.

10.5 In the case of a serious health condition of an eligible family member, an employee may take up to a total of four-hundred-eighty (480) hours of sick leave in any twelve-month (12) period, including the eighty (80) hours in section 10.4 above.

10.6 The employee is caring for a newborn child or for a child placed with the employee, by a licensed child-placing agency, for adoption or as a precondition to adoption, but not both. Sick leave in such cases is limited to six (6) weeks during the first six (6) months from birth or placement.

10.7 The employee seeks for oneself or to assist a parent, child, spouse, sibling, or any other individual who regularly resides in the household or who within the prior six months regularly resided in the household, with the consequences of domestic violence, a sex offense, stalking, or terrorizing. Sick leave may be used to seek legal or law enforcement remedies; treatment by a health care provider for physical or mental injuries; obtain services from a domestic violence shelter, rape crisis center, or social services program; obtain mental health counseling; and participate in safety planning, relocation or other actions to increase the employee's or immediate family member's safety from future domestic violence, a sex offense, stalking or terrorizing. The immediate supervisor may limit the use of sick leave for this section to forty (40) hours per calendar year.

11. The accrual of sick leave shall be prorated for the pay period in which employment begins or ends.
12. Sick leave is not accrued during developmental leaves or leaves of absence without pay.

13. Accumulated sick leave may be used for any period(s) of actual disability caused or contributed to by pregnancy. Beyond the period of disability, an employee may request use of annual leave, family leave, and/or leave without pay to provide for an extended post-delivery period away from work.

14. “Notification of Employee Leave” cards are processed on an ongoing basis. Leave requests are processed on an ongoing basis. The approving supervisor is responsible for verifying leave balances before approving. Each department is responsible for verifying the Departmental Leave Report. Late leave cards and errors must be submitted to the Office of Human Resources/Payroll for entry and/or corrections. SECTION 157
GRIEVANCE PROCEDURES

SOURCE: NDSU President

1. A grievance exists when an employee is dissatisfied with an aspect of his/her employment over which the employee has no control and on which remedial action is desired, excluding job family assignment and performance evaluations for broadbanded staff and other employees not covered under Section 353. (Section 241).

2. If an employee feels unfairly treated or has a complaint, the employee shall first discuss it with the immediate supervisor. It may be a case of misunderstanding which can be straightened out by frank discussion.

3. All employees have the right to present grievances to their supervisors or department heads and are assured freedom from discrimination, coercion, restraint or reprisal in presenting grievances.

4. At each step of the grievance procedure, the employee may be represented by another University employee or by a representative of the employee's choosing.

5. The intent of the University's grievance procedures is to provide a reasonable opportunity for the resolution of an employee's dispute with the University. Depending upon the nature of the grievance, the University has several formal grievance procedures which are available for use by an employee who feels aggrieved or discriminated against and for which informal discussions have not been satisfactory to the employee. If more than one of the University grievance procedures is available for a particular issue, the employee should consult with the Director of Human Resources/Payroll, the Vice Provost for Faculty and Equity (in the case where the issue involves alleged discrimination) or a unit administrator when considering grievance options. Once an employee files a formal grievance in writing with the Office of the Provost, the Office of Human Resources/Payroll or the Presiding Officer of the University Senate (to initiate a faculty Special Review Committee), the employee will not be entitled to grieve the same issue using another internal grievance procedure. If an employee seeks the resolution of a grievance in any external forum, whether administrative or judicial, prior to seeking resolution of the issue by filing a grievance in one of the formal internal grievance procedures listed below or while one of those grievance procedures is in progress, the University may, following notification to the employee, suspend the internal grievance procedure pending a final decision in the external forum.

The Director of Human Resources/Payroll (and the Vice Provost for Faculty and Equity in a case of alleged discrimination, harassment, or retaliation) will act in an advisory capacity, as requested, to all parties involved in the grievance procedure.

All employees

5.1 If the grievance is based on alleged discrimination, that is, an issue related to age, color, gender expression/identity, genetic information, marital status, national origin, physical or mental disability, pregnancy, public assistance status, race, religion, sex, sexual orientation, status as a U.S. veteran, or participation in lawful activity, race, color, religion, national
origin, sex (including sexual harassment), disability, age, veteran's status, or sexual orientation any employee may use the Equal Opportunity Grievance-Discrimination, Harassment, and Retaliation Complaint Procedure (Section 156). This procedure includes information about the process for filing a complaint, retaliation prohibitions, remedial measures, informal and formal resolution processes, notice of mandatory reporting responsibilities, and filing a complaint with an external agency, phases for administrative review, negotiation, and if necessary, a hearing before a special hearing committee.

Faculty

5.2 If the grievance involves a faculty member (instructor, assistant professor, associate professor, or professor), lecturer, adjunct faculty member or graduate teaching assistant and is based on a dismissal, termination, nonrenewal or nonpromotion, grievance procedures are described in Sections 350.3. Grievances based on matters other than dismissal, termination, nonrenewal, or nonpromotion may also be grieved using the procedure described in Section 353.

Broadbanded and all other employees

5.3 If the grievance is based upon an aspect of employment over which an employee has no control and desires remedial action, e.g., salary, working conditions, disciplinary action, etc., the employee uses the Condition of Employment Grievance Procedure (Section 230). This grievance option is limited to regular employees who have completed their probation period.

5.4 If the grievance is based on a suspension without pay, dismissal or demotion which the employee feels is unjust, the employee uses the Grievance Procedure for Termination of Employment (See Section 231). This grievance option is limited to regular employees who have successfully completed their probationary period.

6. The University's Director of Human Resources/Payroll and the Vice Provost for Faculty and Equity are available to provide assistance to employees in determining, under the given circumstances, which grievance procedure may be most appropriate.

### Undergraduate Learning Outcomes

Table mapping proposed recommended changes to NDSU’s Existing GE Categories to the New Undergraduate Learning Outcomes (created by the UCC April 12, 2017).

**Proposed Change #1** - UCC recommends that Diversity and Global Perspectives be separated into 2 unique categories to replace “Human Societies” to more effectively reflect the differences between the learning outcomes of these unique categories. **Proposed Change #2** - Elimination of Possible Secondary New Undergraduate Learning Outcomes. The committee views these as valuable attributes for faculty to consider but from an assessment/evaluative standpoint at the University level having additional outcomes to review will become too cumbersome to manage.

*Green Strike Thru* and *Red* - Proposed changes UCC Committee (April 12, 2017); Remaining Document approved by Faculty Senate May 6, 2016
Background

The Office of Registration and Records needs to bring CourseLeaf offline each summer to perform administrative updates within the system. To ensure compliance in the governance approval process and proposal forms are up-to-date with NDSU and NDUS policies and procedures, a best practice of CourseLeaf institutions is to destroy stalled proposals at the end of an academic year and institute deadlines during the academic year to promote early submission of proposals for the upcoming academic year.

Procedural Proposal for Faculty Senate Approval

Stalled proposals

The University Curriculum Committee directs the Office of Registration and Records to “shred” stalled CourseLeaf course and program proposals at the end of each academic year after the May Faculty Senate meeting.

- Prior notification would go out on the Chairs and Deans listservs to recommend backing up stalled proposals at their levels.
- New program proposals in Stage I/II processes will not be destroyed.
- All new or existing course proposals not approved by the May Faculty Senate meeting would be subject to purge.
  - Existing courses would revert to original state.
- Existing program proposal edits not approved by the May Faculty Senate meeting would also revert to the unedited curriculum.

General Education Course Requests

General Education course submissions (new course seeking general education category approval or existing course seeking new or additional general education category approval) will only be reviewed during fall semester.

Deadlines

All new and existing course and program proposals must be initiated in CourseLeaf by the Friday of Spring Break week. Functionality to submit proposals will be removed and inactive until early August. This deadline will be in place to allow sufficient time for department, college, Graduate Council, University Curriculum Committee, and Faculty Senate review/approval. Course and program proposals submitted prior to the deadline are not guaranteed to be reviewed before the end of the academic year.
Policy Change Cover Sheet

This form must be attached to each policy presented. All areas in red, including the header, must be completed; if not, it will be sent back to you for completion.

If the changes you are requesting include housekeeping, please submit those changes to ndsu.policy.manual@ndsu.edu first so that a clean policy can be presented to the committees.

Introduction:

The primary purpose of the University Curriculum Committee’s (UCC) is to fulfill the role of shared governance in changes made to the university's curricular requirements. These include changes to curricula, courses, programs and general university requirements. UCC also serves as a major facilitator to coordinate curricular matters among the university's academic divisions/colleges.

Committee responsibilities are:

a. Developing criteria and procedures for submitting, evaluating, and approving courses, experiences, and program proposals for curriculum and course changes.

b. Coordinating and recommending actions on proposals for curriculum and course changes that have been received from the colleges.

c. Overseeing the general education program, including:
   a. Validating/revalidating courses and experiences to ensure that they are designed in a way that they will meet the general education outcomes they have proposed.
   b. Coordinating periodic assessment of students’ attainment of intended student outcomes in general education.

d. Requesting the formation of ad hoc Faculty Senate committees to recommend policies for the evaluation of transfer credit, policies for graduation, and make other recommendations as needed, and

e. Performing other appropriate duties as assigned by the Faculty Senate. (As approved by Faculty Senate: Article IV: Faculty Senate Standing Committees – Section 14: University Curriculum Committee, May 2016)

Hours dedicated per committee member per week:

1) UCC holds weekly one hour meetings.

2) On average each committee member puts in 4 to 5 hours per week reviewing the materials necessary to make recommendations on the materials under review.

Accomplishments for Spring 2017

1) Informed/trained committee members in the proposal review process (new course proposal, general education course proposals, and student petitions). This process took approximately the first 4 to 5 weeks of the spring 2017 semester.

2) Established ad hoc committee to create a timeline for reviewing curricular proposals and policies.
   a) Established timeline for new course proposals submissions (under review at May 8, 2017 Faculty Senate Meeting)
   b) Established campus wide timeline for revalidating/renewing General Education Courses (still in process; committee is finalizing rubric for submitting new courses and renewing/revalidating existing GE Courses; timeline for submitting GE courses is under review at May 8, 2017 Faculty Senate meeting)

3) Collaborated with the Office of Teaching and Learning to develop rubric for GE course proposals.

4) Implemented streamline curriculum proposal submission and approval process
   a) Identified ad hoc committees in reviewing student general education proposals.
   b) Identified ad hoc committees and/or committee members in reviewing new general education course proposals.

A Resolution Against the Use of External Online Assessment Programs

WHEREAS, the rising cost of tuition and textbooks puts a heavy financial burden on students and the additional cost of access codes for external assessment programs adds to this burden, and

WHEREAS, in a survey conducted by Student Government, 62% of students were required to purchase an access code for at least one class this semester, and

WHEREAS, coursework done in many classes using external online assessment programs contributes little to the final grade in a class, and

WHEREAS, in the aforementioned survey, 86% of students felt Blackboard was just as good or better than external online assessment programs, and

WHEREAS, students are paying extra costs for online programs that do not enhance their educational experience, so be it

RESOLVED, NDSU Student Senate opposes the requirement of access codes in courses that could use Blackboard as a means of assessment.

Resolution to Support Gender Diversity and Inclusion

Whereas, North Dakota State University is an equal opportunity institution that supports the protection of diverse populations as stated in the NDSU Equal Opportunity and Non-discrimination Policy and is committed to improving the climate for diverse groups, and

Whereas, NDSU added “gender identity and expression” to our nondiscrimination policy, Section 100 of the NDSU Policy manual, in an effort to be a more fully inclusive campus, and

Whereas, the availability of available restrooms is necessary for a productive learning environment for all people, and

Whereas, NDSU has the opportunity to demonstrate our commitment to improving the climate for gender diverse groups

Therefore, be it resolved that the NDSU Faculty Senate supports the full inclusion of transgender and gender diverse students in all aspects of the NDSU community,

Be it further resolved, that the NDSU Faculty Senate supports transgender and gender diverse students’ right to use the restroom and related facilities that reflect their gender identities,

Be it further resolved, that the NDSU Faculty Senate opposes the Justice and Education departments recent decision to reverse guidance that required Title IX to protect the right of transgender and gender diverse students to use restrooms and locker rooms that match their gender identities.
Katie,

The Faculty Senate Committee to Review Policy 352 has formulated draft revisions to the PTE evaluation criteria (Sec. 3.1) for promotion from associate to full professor (please see appended). The general intent is to provide more flexibility and to encourage applications for promotion to full. As you know, the current policy states that "candidates for promotion to the rank of full professor shall be evaluated by the criteria in effect at the time of application." One proposed revision would address the "moving target" issue by allowing candidates to choose to be evaluated by the criteria in effect at the time of the previous promotion, if the application is made within eight years. A second proposed revision would allow candidates who apply more than eight years after the previous promotion to choose to be evaluated based on work completed in the most recent eight years, rather than on their entire post-promotion record. This change might motivate faculty who have been at the associate rank for more than eight years, and whose research productivity may have temporarily declined (e.g., due to change of research focus, heavy teaching/service load, child birth/adoption, illness/disability), to apply for promotion, especially in units/colleges that quantify the expected average publication rate.

Our committee would like to request feedback from the Faculty Senate on these proposed revisions.

Thanks for your consideration.

Alan Denton

=================================

Proposed Revision to Policy 352 (changes highlighted):

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.3 For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan. Tenured and non-tenure-line candidates for promotion to the rank of full professor may choose to be evaluated by the criteria in effect at the time of the previous promotion, if the application is made within eight years of the previous promotion. Thereafter, candidates shall be evaluated by the criteria in effect at the time of application. Candidates applying for promotion to the rank of full professor more than eight years after the previous promotion may choose to be evaluated based on work completed in the eight years immediately prior to applying rather than on their entire post-promotion record.

SECTION: 129 SALARY ADMINISTRATION POLICY

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy).
   Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? ☐ Yes ☒ No
   - Describe change:
     Currently, “faculty promotions” are included under Annual Adjustments and require legislative action before being awarded (see 129.2.1.1). Following legal counsel advice Policy 129 is revised to include promotional increases for both faculty and non-faculty in the category of Other Adjustments. The revision will allow NDSU to “award promotional increases to faculty members that have earned promotion. In my opinion, this will also more accurately reflect the intent of promotional increases which is to award faculty members upon attaining a new rank – the current policy language incorrectly aligns faculty promotional increases with general salary increases, which does not sufficiently acknowledge the process of promotion within the faculty ranks.” NDSU normally provides salary increases to faculty members who have been promoted from Assistant Professor to Associate Professor and from Associate Professor to Full Professor. The process for achieving this promotion is arduous and involves a departmental committee, a collegiate committee, the department chair, the Dean, and the Provost. The President approves all promotions upon Provost’s recommendation. In essence, each faculty member is moving into a new classification and is being promoted to a new rank.

1. Philosophy and Objectives

The primary purpose of salary administration at North Dakota State University is to attract and retain well-qualified individuals who can best contribute to the University's stated mission. Decision-makers in the salary administration process will strive to make salary decisions fairly and communicate them effectively. To provide the University with the ability to use its limited resources most effectively, salary administration aims, in priority order, to:

first, be responsive to market influences with consideration for internal equity (see Definitions portion of this policy);

second, recognize different performance levels among employees;

third, acknowledge the basic financial needs of all employees; and

fourth, take into consideration the costs of turnover (for training, research start-up and indirect as well as direct recruitment) and the adverse effects of inadequate salaries on the need for supervision, employee morale and institutional image.

2. Methods and Guidelines

NOTE: The ability to make salary adjustment decisions at the campus level depends on legislative action and State Board of Higher Education (SBHE) guidelines. In years when no campus discretion is authorized, most of the following process will not be applicable.

2.1 Salary adjustments are divided into two main categories:

a) annual budgeted salary adjustments and

b) other salary adjustments.

2.1.1 Annual budgeted salary adjustments are based on one or more of the types described in Definitions portion of this policy. When campus-wide salary adjustments are provided by legislative and SBHE action, the campus decision process is as follows:

a) President's Office provides any relevant legislative or Board directives regarding salary adjustments after consultation with the NDUS office staff and the Chancellor's Cabinet.

b) The President and Vice Presidents determine priority needs of the institution that require use of salary dollars (faculty promotions, new positions and/or
reallocations) based on information from sources such as deans, directors, department chairs, the Office of Human Resources/Payroll, the Office of the Provost, the President of the Faculty Senate, the President of the Staff Senate, the Program Review Committee, and Planning, Priorities and Resources Committee.

c) The President and the Vice Presidents establish guidelines, using institutionally recognized market and internal equity data and input from the campus community. They communicate the guidelines to be used in making adjustment decisions, indicating the proportion of salary dollars allocated to each type (see Definitions). These types and proportions are determined according to institutional needs and initiatives whenever campus-wide adjustments are possible.

d) Once the types and proportions have been determined, the President and Vice Presidents allocate remaining salary adjustment pools to their respective administrative units.

e) Unit administrators, using the guidelines established by the President and Vice Presidents, allocate the salary pools within their units.

f) Within the units, each administrator/supervisor develops individual salary adjustment recommendations using performance documentation and other data appropriate to that year's guidelines (institutionally recognized internal equity or market studies, for example).

g) Unit administrators review and discuss recommendations and documentation for the recommendations (performance documentation, institutionally recognized market or internal equity data) with the administrator/supervisor, adjust the recommendations and/or forward the recommendations to the appropriate vice president.

h) Prior to recommending the final salary adjustments to the President, each Vice President will consult with the Director of Human Resources/Payroll and/or the Vice Provost for Faculty and Equity to review implications of the recommended adjustments for the campus as a whole and to advise the Vice Presidents on whether there is appropriate documentation for the adjustment, the potential impact on equity generally or whether the proposed adjustment is in compliance with policy.

i) President presents the budget including salary adjustments to the Chancellor.

j) Following SBHE approval of the budget, administrators/supervisors, when possible, will inform each employee of his/her salary for the coming fiscal year and the basis for the salary decision prior to the distribution of the University's annual salary notifications.

2.1.2 Other salary adjustments job family or band reassignment adjustments (if applicable), promotions (nonfaculty), market, internal equity and responsibility adjustments including interim appointments and significant administrative assignments (see Guidelines for Other Salary Adjustments portion of this policy.).

Current grievance policies are available as a means to provide an impartial review of a salary adjustment decision. An employee who thinks that the decision concerning his/her salary is inappropriate may request a review by choosing one of the following options.

3.1 The first is based on the type of appointment the individual holds:

a) **Staff employees**: NDSU Policy Manual, Section 230, Grievance Procedure for Conditions of Employment.

b) **Faculty**: NDSU Policy Manual, Section 353, Grievances - Faculty. This grievance procedure is available to instructors, assistant, associate and full professors, lecturers and graduate teaching assistants.

c) **Nonfaculty, nonbanded employees**: NDSU Policy Manual, Section 230, Grievance Procedure for Conditions of Employment. The Staff Personnel Board described in Step 4 will consist of other nonfaculty, nonbanded employees.

3.2 The second is available to **any employee** when his/her salary decision is alleged to have been made on the basis of an employee's age, color, disability, gender expression/identity, genetic information, marital status, national origin, public assistance status, race, religion, sex, sexual orientation, status as a U.S. veteran, or participation in lawful activity off the employer's premises during nonworking hours which is not in direct conflict with the essential business-related interests of the employer: NDSU Policy Manual, Section 156, Equal Opportunity Grievance Procedures.

4. **Distribution and Communication of the Policy**

To facilitate the understanding of salary administration at NDSU, this policy will be included in the NDSU Policy Manual, the Faculty Handbook and any employee handbooks prepared by units within the University. In addition, an annual notice about this policy will be published in an appropriate spring issue of the University's staff and faculty newsletter (currently It's Happening at State).

5. **Definitions**

At NDSU, annual salary adjustments are based on one or more of the following:

5.1 **Cost of living adjustment** is an across-the-board amount related to—but not necessarily the same as—the changes in the cost of living (determined by the Consumer Price Index which reflects the changes in the cost of various consumer items during the previous 12 month period). Cost of living adjustments become part of an individual's salary base.

5.2 **Internal equity** is a comparison of salaries for similar positions at NDSU (or in the University System and/or State government when there is a limited basis for comparison at NDSU) based on appropriate and relevant data including these factors: previous related experience outside the university, a sustained change in responsibility that is more or less than what is considered normal for that type of position, education, or responsibility level within a group of similar positions at NDSU. Internal equity adjustments become part of an individual's base salary.

**NOTE:** length of service is relevant for internal equity ONLY in the context of performance; that is, consideration of performance should override length of service in salary decisions.

5.3 **Market or external equity** is the comparison of NDSU salaries with those of other employers in
the applicable recruitment area based on bona fide and relevant data. While NDSU may recruit nationally to fill a position, the salary may be established by using institutionally recognized, regional data. Market or external equity adjustments become part of an individual's base salary.

5.4 Performance adjustment is one based on level of performance identified through documentation, including an established review process. Performance adjustments may be made in one of two ways:

a) As a one-time payment when performance has been exceptionally meritorious in the preceding year. This type of adjustment does not become part of the salary base and is made as a single payment. The source of salary funding may dictate the availability of this option.

b) As a range of adjustments based on sustained meritorious performance. This type of adjustment becomes a part of the salary base.

6. Guidelines for Other Salary Adjustments

All staff positions are assigned to a salary band. The bands include job families with market levels for each position. (NDUS Human Resource Policy Manual 5.1)

Individual salary adjustments may be made throughout the year for the following reasons:

6.1 Non-broadbanded staff. When an employee moves from one position to another involving an increased level of responsibility, the employee may receive a salary adjustment appropriate for the new level of responsibility. The adjustment must be consistent with internal equity and market and is subject to approval of the appropriate dean/director, vice president and the President.

6.2 The equity adjustments for staff are normally limited to ten percent but may exceed that amount with supportive documentation (NDUS Human Resource Policy Manual 5.1.6).

6.2.1 Equity adjustments. On a case-by-case basis, significant internal inequities may arise outside the annual salary review process described in 2.1. In these unusual situations, a request for an adjustment may be initiated. Factors generally considered are directly related experience, job performance and level of responsibility. The decision to request an equity adjustment should include consultation with the Office of Human Resources/Payroll and/or the Office of the Provost, whichever is appropriate, and appropriate documentation should accompany the NDSU Change Form 101.

6.2.2 Market adjustments. A market adjustment is intended to mitigate a documented external inequity using North Dakota University System recognized market data. Market adjustments are normally limited to ten percent but may exceed that amount with supportive documentation and appropriate administrative approval. Market adjustment proposals must consider institutional internal equity.

6.3 Responsibility adjustments including interim and administrative appointments

6.3.1 Adjustments for substantial, documented reassignments or changes in the duties/responsibilities within the same position may be initiated after consultation with the appropriate vice president or president. Documentation should accompany the NDSU Change Form 101.
6.3.2 For staff employees, rationale will include changes in the level of responsibility as documented by a Position Description; and changes in band and/or job family.

6.3.3 Adjustments for interim appointments and administrative assignments are limited to the period for which these assignments are made and do not become part of the salary base. For staff interim appointments, increases should not be given for interim periods of less than thirty days and staff employees may not retain the higher compensation level for more than thirty days after the interim period ceases to exist. (NDUS Human Resource Policy Manual 5.1.3.1).

6.4 The attainment of a degree or license does not automatically result in a salary adjustment. In some cases an adjustment for market and/or internal equity may be appropriate. Such adjustments should be recommended on the basis of the same type of documentation required for other market or internal equity adjustments.

ND Century Code 54-52.1-03.2

1. North Dakota law requires regular employees who are 18 years of age or older and work 20 hours or more per week for 5 months or more a year to participate in a retirement plan.

1.1 Faculty are generally considered half-time to be a regular employee and covered under TIAA/CREF if she/he teaches 7.5 or more credits for two or more consecutive semesters when they teach 6 semester credit hours or more or are otherwise considered half time by their respective college for at least two consecutive semesters.

2-2. All non-professional, staff employees (technical/para-professional, office, crafts/trades, and service bands) will participate in the North Dakota Public Employees Retirement System (NDPERS).

2.1 The cost of this retirement plan, which amounts to 15.26% percent of gross salary, is funded as indicated below:
NDSU = 12.26%  
Employee = 3%

4-3. All faculty, other academic staff, administrators, and professional staff employees will participate in a Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA/CREF) retirement plan which has been approved by the State Board of Higher Education. (A copy of the most recent plan document may be obtained from the Office of Human Resources/Payroll.)

3.1 In lieu of participation in the TIAA/CREF plan, eligible employees having accrued retirement benefits under the North Dakota Public Employees' Retirement System (PERS) may elect to continue participation in PERS. A PERS participant who later qualifies for participation in TIAA/CREF may elect to become a participant by making such election within sixty days of being transferred or placed in a different band. In absence of such election, the right of participation is irrevocably waived. Eligible employees who have accrued retirement benefits under the TIAA/CREF plan, and who later qualify for participation in PERS, may within sixty days of the transfer or placement in a different band elect to continue participation in TIAA/CREF in lieu of participation in the PERS retirement plan. In absence of such election, the right of participation is irrevocably waived.

3.2 Teaching and research faculty with rank of assistant professor or instructor, research personnel and lecturers with equivalent rank, and professional staff (3000 band) participate in the TIAA/CREF plan as of the date of first employment at an employee-employer contribution rate of 11 percent (3.5 percent employee contribution, 7.5 percent employer contribution); after two years of service the rate shall be 17 percent (4.5 percent employee contribution, 12.5 percent employer contribution); after ten years of service the rate shall be
18 percent (5 percent employee contribution, 13 percent employer contribution).

3.3 Teaching and research faculty with rank of professor or associate professor, research personnel with equivalent rank, and executive and administrative staff (1000 band) participate in the TIAA/CREF plan as of the date of first employment at an employee-employer contribution rate of 17 percent of contract salary (4.5 percent employee contribution, 12.5 percent employer contribution). After 10 years of service, the total contribution rate shall be 18 percent (5 percent employee contribution, 13 percent employer contribution).

3.4 Employees shall be given credit for years of service during which they accrued retirement benefits under NDPERS, TFFR, and/or TIAA/CREF. Credit for TIAA/CREF years of service shall also include credit earned at other institutions, including out-of-state institutions, provided employee has a current TIAA/CREF contract (i.e. was not repurchased).

3.5 Each employee must designate the percentage basis for allocating their premiums between TIAA, which provides a fixed amount of future retirement income, and the CREF accounts, which provide variable annuities. This percentage election may be changed at any time by calling 1-800-842-2776 or by making election changes in the individual’s online TIAA/CREF account.

3.6 All contributions (both employer and employee) will be made on a tax-sheltered basis. When tax-sheltering, the employee does not pay income tax on the contributions until the funds are withdrawn from the retirement program.

3.7 Each employee may also tax-shelter additional salary without matching funds from the University to a Tax Sheltered Annuity by payroll reduction.

3.8 The employee-employer total contribution is forwarded to TIAA/CREF. The employee's contribution is from semi-monthly compensation based on a regularly executed contract.

3.9 Early retirement under the TIAA/CREF retirement plan is permitted when employment ceases prior to age 59 1/2 with an approved Early Retirement Agreement.

SECTION 183
NONRENEWAL AND DISMISSAL OF NONBANDED, NONACADEMIC STAFF

SOURCE: SBHE Policy Manual, Section 608.2

1. Employees excluded from the broadbanding system who are not members of the academic staff, and, with respect to their positions as administrators or other non-academic positions, to employees with appointments to the academic staff, This policy does not apply to:
   a. Chancellor and institution presidents,
   b. Coaches.
   c. Faculty – Employees with academic appointments are governed by SBHE Policy Sections 605.1, 605.2, 605.3, and 605.4.
   d. Student residence hall assistants, work-study students and other students employed on a part-time basis for a limited term. The terms and conditions of employment for student residence hall assistants shall be stated in a written contract.

2. An employee may be dismissed, without cause, pursuant to written notice of termination in accordance with the following schedule:
   a) At least three months, if written notice is given during the first year of service;
   b) At least six months, if written notice is given during the second year of service or thereafter.

As used in this section 2, “service” means employment at the same institution or agency.

3. Employees excluded from the broadbanding system who are not members of the academic staff at an institution. An employee may be dismissed based upon financial exigency as determined by the Board, loss of appropriations, loss of institutional or program enrollment, consolidation of organizational units or program areas or elimination of courses, in which cases the notice requirements of the preceding section shall not apply. If a dismissal is implemented pursuant to this subsection 3, no less than 90 days notice shall be given the employee.

4. An employee may be dismissed for just cause. Just cause means just cause for dismissal of staff employees as defined in the North Dakota University System Human Resource Policy Manual. (See NDSU 220.2) Notice of intent to dismiss for cause, stating the reasons for the proposed action, shall be given by a department head or other designated official unless the employee is an institution officer who reports directly to the institution’s chief executive, in which case the chief executive shall give notice, or a university system employee who reports to the Chancellor, in which case the Chancellor shall give notice, vice president or other officer who reports directly to the institution’s chief executive, in which case notice shall be given by the chief executive. The notice shall be given at least five calendar days prior to the date of dismissal and the employee has the
right, within that time, to respond in writing and request a pre-termination review. Following notice of intent to dismiss and, if requested by the employee, the pre-termination review, the department head or other designated individual, if the notice of intent to dismiss was not given by the chief executive, shall forward a recommendation to the institution’s chief executive or the Chancellor. The chief executive or Chancellor shall make a final decision and give written notice of that decision.

4. An employee who is dismissed for just cause pursuant to this policy may, within 20 days of dismissal, appeal the decision by filing a notice of appeal, accompanied by a specification of the reasons or grounds upon which the appeal is based, with the institution's chief executive or the Chancellor. The chief executive or Chancellor shall appoint a hearing officer to conduct an evidentiary hearing and submit recommended findings, conclusions and a recommended decision. The hearing officer shall conduct the hearing according to appeal procedures governing hearings conducted by a staff personnel board that are set forth in Section 27 of the North Dakota University System Human Resource Policy Manual (Policy 231 of the NDSU Policy Manual). The chief executive shall make a final decision and provide written notice of that decision to the hearing officer and the employee within 20 calendar days of receiving the hearing officer's recommendation.

5. An employee who voluntarily or involuntarily leaves his or her non-academic position under this policy but holds a tenured faculty appointment may return to that appointment with all the rights and responsibilities of tenured faculty in the home department, unless a proceeding results in the discharge or demotion of the employee from the faculty position. Should the employee decide to return to the faculty appointment, his or her salary will be adjusted from a 12-month salary for the non-academic duties to a 9-month or 12-month faculty salary that is commensurate with the salaries of comparable tenured faculty members, unless a faculty salary was previously set in his or her contract at the time they assumed the non-academic position. Setting the return-to-faculty salary at the time a person with a tenured faculty appointment assumes a non-academic position is the preferred option. Except for positions explicitly exempt as stated in this section 5 or 6, this policy applies to all employees excluded from the broadbanding system who are not members of the academic staff and, with respect to their positions as administrators or other non-academic positions, to employees with appointments to the academic staff. This policy applies to coaches unless the employing institution has adopted a different policy governing coaches and that policy is stated or adopted by reference in a coach's employment contract, in which case the institution's policy applies. This policy does not apply to faculty; employees with academic appointments are governed by SBHE Policy Sections 605.1, 605.2, 605.3 and 605.4. Staff employees at the institutions are governed by the North Dakota University System Human Resource Policy Manual.

6. Dismissal actions of regular staff employees are governed by the NDSU Policies 220 and 231.

7. Dismissal actions of temporary staff employees may occur at any time with or without cause (NDUS Human Resource Policy Manual, Section 2).

8. Dismissal or non-renewal actions for faculty are governed by NDSU Policy 350.1-350.4 and 352.

9. This policy does not apply to the Chancellor and institution presidents. Subsections 1 and 2 do not apply to student residence hall assistants, work-study students and other students employed on a
part-time basis for a limited term. The terms and conditions of employment for student residence hall assistants shall be stated in a written contract.

1. Introduction

1.1 General NDSU Values
North Dakota State University (NDSU) students have an opportunity to gain the most from their education when every member of the NDSU community takes responsibility to observe and help maintain a code of personal conduct that contributes to the educational effectiveness of the university. The Code of Student Conduct is derived from three core values that support an educationally purposeful environment:

- Respect for the NDSU Community;
- 

5
The intent of this Code is to foster educational development of personal accountability and commitment to the community.

**Respect for the NDSU Community**
All NDSU stakeholders have a responsibility to respect the NDSU community. It is vital for all individuals to conduct themselves in a manner that does not negatively affect the educational mission of the University or the welfare of themselves or others. This includes promoting an environment conducive to learning and nurturing a sense of shared and mutual community responsibility. Community responsibility also involves awareness of how personal decisions affect others.

**Respect for the Protection and Rights of Others**
A community respecting the protection and rights of others is necessary to provide a positive and enriching educational environment. Conduct that inhibits the educational process is of concern, whether it occurs on or off University premises.

**Respect for Individuals in the Conduct Resolution Process**
All NDSU students have identified rights within the Code of Student Conduct and as afforded by due process as outlined in this Code. The University will work with students in an educational and fair manner to assist them in reflecting upon and growing from their personal experiences.

1.2 **General Complaint Procedures**
Students may report concerns, issues and complaints through utilizing the Problems and Complaints procedure/guidelines and form, available at https://www.ndsu.edu/enrollmentmanagement/forms/. The procedure is designed to provide for orderly collection of information, to address students’ complaints in a timely manner by appropriate University personnel, and to help students learn effective conflict resolution skills.

Students also may arrange a meeting with a staff member in the Student Affairs Office, Memorial Union 250, for advice and direction in resolving the problem. Complaints regarding student conduct covered in this Code will be resolved according to procedures described in this document.

1.3 **Code Authority**
The President of NDSU is charged with the responsibility for development and administration...
of institutional policies and rules governing the role of students and their conduct. The President also has the responsibility of establishing guidelines for students that set forth conduct standards and provide for appropriate procedures and sanctions for violation of those standards, consistent with procedural fairness (North Dakota State Board of Higher Education Policy Manual, 305.1). The Vice Provost for Student Affairs and Enrollment Management (the “Vice Provost”), as delegated by the President, has responsibility for supervision of the process of handling the University’s response to student violations of University rules and regulations, including the imposition of sanctions. The Vice Provost may delegate this responsibility as approved by the President.

The Vice Provost for Student Affairs and Enrollment Management (the “Vice Provost”), as delegated by the President, has responsibility for supervision of the process of handling the University’s response to student violations of University rules and regulations, including the imposition of sanctions. All student non-academic conduct that violates University rules and regulations and conduct occurring off-campus that affects the University is considered the responsibility of the Vice Provost.

This authority includes the overall supervision of the various administrative committees and boards charged with hearing complaints against students or student organizations for violation of those rules and regulations. Student organizations and University employees are required to inform the Vice Provost whenever action is deemed necessary against a student or student organization.

A Code of Student Conduct contains statements of University policies relevant to student life. Development and enforcement of these standards of conduct are an educational endeavor designed to foster students’ personal, social and ethical development. This document forms the basis for student conduct expectations as a member of the NDSU community. The enforcement of these standards serves to promote the protection of the rights, responsibilities, and health and safety of members of the NDSU community.

The content of this code was developed with input from a committee of individuals that included student, faculty, and staff representatives, in consultation with the Vice Provost and NDSU’s designated legal advisor.

Contents of the code may be subject to change prior to the reprinting of this document. If changes are made, documents relating to the changes will be available from the Office of the Vice Provost or the Student Affairs Office, printed in the Spectrum or other appropriate university publications, and/or communicated to students through official university electronic media. These changes will be included in future code revisions. An attempt also has been made to reference local, state or federal laws that complement university policies.
Conduct described in this Code is illustrative rather than exhaustive. The term “including” should be interpreted to mean “including, but not limited to.” In the event there arises some ambiguity, inconsistency, or need for clarification, the definition, interpretation or clarification will be determined at the discretion of the Vice Provost, from whom any student, staff or faculty member may request written clarification. Faculty, staff, and students are encouraged to request clarification if a clause or rule is unclear. Final authority for interpretation of this Code lies with the Vice Provost.

Administrators identified in this document may designate one or more individuals to act on their behalf.

Questions should be referred to the Student Affairs Office, 250 Memorial Union.

2. Community Expectations

2.1 General Student Responsibilities
All students are expected to observe the University standards published in this code and those outlined in any other university policies, procedures, contracts or license contracts published elsewhere. This section outlines responsibilities that pertain specifically to students. However, students must follow all other University policies, procedures, contracts, or license contracts published elsewhere. In addition, students are expected to observe the laws of the community, the state, the nation and relevant jurisdictions when touring or studying abroad.

2.2 Persons Covered Under This Code
For the purpose of this document, “student” is defined as any individual who has been admitted to the University or enrolled for credit or non-credit courses, was previously enrolled in the university, and/or uses university resources for purposes related to the university’s educational mission, including, but not limited to, performing research and taking classes. Visitors attending an on-campus event also may be covered under this code. Students no longer previously enrolled in the University may be held accountable under this Code for those violations committed after they were admitted and before they left the University. Student organizations are held to the same conduct standards that apply to individual students.

2.3 Official University Communication
NDSU will use the student’s email address as provided by the University. This address is considered the official form of communication for all purposes (NDSU Policy 609, E-mail as an Official Communication Method to Students). It is the student’s responsibility to maintain
the accuracy of all personal data. It is required that students continue to monitor the university provided email account at all times for important announcements, notifications, and other messages.

2.4 Prohibited Conduct Not on University Property

The university may discipline a student for acts of prohibited conduct committed outside of university property which, in the university’s discretion, may adversely affect the university community and/or the pursuit of its objectives. When NDSU becomes aware of alleged code violations through law enforcement or other third party reports, the university may pursue charges under this code against all NDSU students identified on such reports.

2.5 Tri-College Policies

NDSU students who are charged with a violation of institutional policy at Concordia College, Minnesota State University Moorhead, Minnesota State Community and Technical College, or North Dakota State College of Science will be referred to NDSU and may be subject to action under this code.

2.6 Multiple Accountabilities

Because of the varying roles/relationships/responsibilities students may have within and outside of the university, a student may be held accountable for prohibited conduct under other university, local, state or federal policies/laws/jurisdictions, including relevant jurisdictions when touring and/or studying abroad. Examples of other areas of accountability may include:

- Student athletes under the Student Athletic-Athlete Code of Conduct
- Student leaders within student organizations
- Personnel actions with student employees
- Academic actions under academic programs’ professional standards
- Criminal charges or civil suits

Actions under this code are educational (administrative) as are other actions taken under NDSU policies. Because the university’s procedures are educational and not criminal in nature, such separate proceedings do not constitute double/triple jeopardy. The university may proceed under this code before, during or after the other NDSU administrative processes, or legal proceedings, and NDSU does not typically wait for a court finding prior to proceeding with University process. Findings under this code may differ from judgments in criminal courts.

2.7 Financial Responsibility
All students must pay in full any debts to NDSU. For the complete text of the NDSU Collection Policy, please consult the Customer Account Services staff or NDSU Policy 513, NDSU Collection Policy.

NDSU bears no responsibility for financial obligations of individual students or student organizations. Any debts incurred, either on or off campus, by students or student groups will be the responsibility of the individual, organization and its leadership. In the event an organization dissolves and is no longer in existence, individuals holding leadership positions at the time the debt was incurred will maintain responsibility for settling outstanding debts.

NDSU will normally take no action on behalf of creditors in the case of debts incurred by students, student organizations or other student groups. NDSU officials will not use the power of the state to act as a collection agency for private debts of students.

2.8 Attempts
Individuals who attempt to commit acts prohibited by the Code of Student Conduct may be charged, found responsible and sanctioned to the same extent as if they had committed the prohibited acts.

2.9-8 Bias-Motivated Violations
Any Code violation that is determined to have been motivated by hate based on age, color, disability, gender expression/identity, genetic information, marital status, national origin, public assistance status, race, religion, sex, sexual orientation, or status as a U.S. veteran protected classes may result in enhanced sanctions above those typically assigned for the same violations when not motivated by hate. North Dakota State University does not discriminate on the basis of age, color, disability, gender expression/identity, genetic information, marital status, national origin, public assistance status, race, religion, sex, sexual orientation, or status as a U.S. veteran. See NDSU Policy 100, Equal Opportunity and Non-Discrimination Policy for further information.

2.49-9 Repeated Code Violations
Repeated violations of this Code are relevant in determining a student’s continued membership in the University community. Progressively more severe sanctions, including suspension or expulsion from the University, may be assigned, depending on the nature of the violation(s).

2.11 Designees
Administrators identified in this document may designate one or more individuals to act on their behalf.
6.3 Prohibited Conduct

3.1 Violations of Law
The University reserves the right to address any conduct occurring on or off campus that may be construed as potential or alleged violations of local, state or federal laws.

3.2 Complicity in or Attempts to Commit Prohibited Acts
Complicity is association with and/or participation in an act prohibited by this code. To avoid being complicit to code violations, students are expected to do one or more of the following:

a) Personally confront those involved and stop the violation, except in cases of violence;
b) Bring the violation to the awareness of a staff member; or
c) Leave the scene of the violation, if not responsible for the space in which the violation is occurring.

Complicit students may be sanctioned to the same extent as if they had committed the prohibited act. Students are accountable for their guests’ conduct and may be sanctioned under this provision as if they had committed the violations themselves.

3.3 Alcohol on NDSU Property
Regardless of a person’s age, the manufacture, sale, transfer, purchase, transportation, possession, use or consumption of alcohol, and/or possession or display of empty alcohol beverage containers anywhere on NDSU owned or controlled property and/or sponsored or supervised events is prohibited, except as authorized by NDSU Policy 155 Alcohol and Other Drugs: Unlawful and Unauthorized Use By Students and Employees.

3.4 Off Campus Alcohol
Students may face campus charges for alcohol related incidents occurring off campus. Such incidents include, but are not limited to: minor in possession/consumption/under the influence of alcohol, driving under the influence of alcohol, and public consumption of alcohol.

3.5 Drugs Other Than Alcohol
Possession, consumption, being under the influence, or transport of illegal drugs or any other controlled substances is prohibited except pursuant to a physician’s, dentist’s or other authorized medical personnel’s prescriptions. The manufacture, exchange, distribution, purchase or sale of illegal drugs or controlled substances is prohibited. The possession of drug paraphernalia for illegal drug use is prohibited as well.
3.6 **Conduct While Under the Influence of Alcohol or Other Drugs**

Being under the influence of alcohol or other drugs is a violation of this code when the person:

a) Endangers, or may endanger, the safety of others, property or themselves; or
b) Causes a disturbance.

3.7 **Alcohol at Student Organization Events**

Recognized NDSU student organizations planning off campus events at a venue where alcohol may be present must complete and submit an [Event Risk Management Planning Notification Form](#) and a guest list to the Student Activities Office, Memorial Union 120. Events involving alcohol must be closed events, intended only for organization membership and invited guests, and alcohol must be sold and served by a licensed third party vendor.

Student organization or public funds may not be used for the purchase of alcoholic beverages or gift cards to alcohol establishments.

Sale of alcoholic beverages by students and student organizations is prohibited. Students and student organizations are free to examine and express opinions publicly and privately. Non-Suspension/Expulsion Eligible Cases
- The hearing typically involves only the accused student and hearing officer. Students have the right to an advisor, but the advisor is not permitted to represent the student in the hearing.

Administrative Hearing
- All student conduct cases are facilitated through an administrative hearing, but some procedures differ based on the eligibility for suspension/expulsion as an outcome.
- The purpose of the administrative hearing is to determine whether or not there has been a violation of university policy.
- Students have the right to make a statement describing the event(s) that led to the charges, bring witnesses/witness statements, and provide additional evidence.

Suspension/Expulsion Eligible Cases
- The date/time for the administrative hearing and deadlines for material submission will be identified.

Notice of Decision
- A notice of findings is emailed within ten business days of the administrative hearing. The notice indicates if students have been found responsible and outlines any assigned sanctions and conditions, if applicable.

Suspension/Expulsion Eligible Cases
- The hearing typically involves the accused student, hearing officer, institutional representative, witnesses, and any other parties necessary to hear the case.
- Students have the right to be fully represented by an attorney or non-attorney advocate. The hearing is recorded and retained as part of the student’s file.

Non-Suspension/Expulsion Eligible Cases
- The hearing typically involves only the accused student and hearing officer. Students have the right to an advisor, but the advisor is not permitted to represent the student in the hearing.

Right of Appeal
Students are afforded a one-step appeal process. An appeal must be submitted within five business days of the Notice of Decision. The decision may be upheld, overturned, or modified.

Discrimination, Harassment, Retaliation, and Sexual Misconduct
In all cases involving an allegation of violation to Policy 156.100 or Policy 162, both the reporting and responding students have equal procedural rights.
5.1 **Reporting and Investigating Complaints**

When provided information by law enforcement agencies, the University reserves the right to initiate action under this Code when alleged violations of the Code are believed to have occurred. Reports and investigations are used to determine whether a student is responsible for alleged violations of the Code of Student Conduct, and include the following purposes:

a) To provide for the education of students;
b) To promote the health, safety and well-being of University community members;
c) To provide for fair inquiries concerning alleged violations of University policies;
d) To determine whether or not any individual student has violated a University policy;
e) To allow for consideration of extenuating or mitigating factors when a violation has been found to exist;
f) To determine a resolution that will be appropriate; and
g) To help the student make a constructive response toward self-discipline.

5.2 **Reporting Alleged Violations**

Alleged violations should be reported as soon as possible following the discovery of alleged prohibited conduct and may be initiated by law enforcement, any member of the NDSU community, or other interested parties. An alleged violation should be reported to the:

a) Student Affairs Office, 250 Memorial Union, and/or
b) Department of Residence Life, West Bison Court, and/or
c) Equity Office, 201 Old Main.

5.3 **Investigations**

Investigation means to gather the facts, details and circumstances associated with a complaint. The investigation may include interviewing witnesses, review of documents or other steps that will assist the Vice Provost and/or designee to determine whether charges are warranted. Written findings of the investigation along with a recommendation for Dismissal of the complaint or a recommendation of pursuing, an alternative resolution, or charges will be produced by the investigator(s) may result following an investigation and provided to the Student Affairs Office. If the report indicates reasonable cause to believe that a violation occurred, then the Vice Provost’s designee shall proceed with a Notice of Charges. This determination is made at the discretion of the Vice Provost and/or designee based on recommendations from investigators.

Commented [MA9]: Provides clarification of who determines whether reasonable cause is present.
The University may independently investigate an allegation of student conduct, and may also initiate an investigation at the request of any member of the NDSU community or affected party. Student Affairs hearing officers and other designated University personnel are authorized to investigate alleged violations of the Code of Student Conduct.

All cases of discrimination, harassment, retaliation, and sexual misconduct involving a potential violation by a student shall be investigated by the Equity Office utilizing the procedures set forth in Sections 1 through 8.8 of NDSU Policy 156. The Final Investigative Report as set forth in NDSU Policy 156 shall constitute the Investigation Determination for purposes of Section 5.6 below.

Any person believed to have information relevant to an investigation may also be contacted and requested to make an appointment to discuss the matter. Failure to comply with a request to make and keep an appointment relevant to an investigation may result in a conduct hold being placed on a student's registration and records.

5.4 Interim Measures
In the interest of safety and security, interim actions may be implemented by the Student Affairs Office prior to a completed investigation or conduct hearing. Specific actions will be based on the circumstances of the allegations and may include, but not limited to no contact orders, housing/workplace changes, loss of privileges, restricted access to campus, or temporary emergency suspension.

5.5 Searches and Seizures
University policy on the privacy of student rooms stipulates that entry and search of University residences by University officials will be permitted only in one or more of the following instances:

a) The student consents to the search;
b) The officials responsible fear an imminent danger to health, safety, life or property;
c) The Vice Provost or designee provides a written administrative authorization specifying reasons for the search, objects of information sought and area to be searched; or;
d) University officials fear imminent destruction of evidence relevant to a suspected violation of University policies.

When students are suspected of violating NDUS or NDSU Acceptable Use Policies, student computers, associated peripheral devices, and media storage devices may be taken into temporary custody on authority of the Information Technology Security Staff Officer (ITSO) to collect and preserve evidence of possible violations of local, state or federal laws (NDSU Policy 158, Acceptable Use of Electronic Communications Devices). If additional questions
remain, contact the Information Technology Security Officer (ITSO).

The University requires that University officials notify the Vice Provost and/or designee of searches when they become aware of the action. The University will not intervene between students and searches authorized under law by any law enforcement agencies.

The right to inspect residence hall rooms and university apartments without notice is reserved by the University for purposes of maintenance, cleaning, fire, personal safety and administering provisions of the license contracts. The University will provide reasonable notice, when possible. Such entry by the University shall not be regarded as a search, but is separately agreed to and authorized by the student through provisions in the residence hall agreements or university apartment license agreements.

Items that pose an imminent danger to health, safety, life, or property may be taken into temporary custody of residence life staff, university police, or other emergency personnel.

5.6 Notice of Charges

Within a reasonable number of business days (generally 15) of receipt of the complaint if the investigation determines that charges are appropriate, a written notice will be sent, usually via authorized University email, to the accused/responding student to arrange a prehearing conference.

The notice of charges will include when known:

- Nature of the alleged Code violation;
- Date, time and place of the alleged Code violation;
- Source of the information;
- Summary of the evidence to be presented;
- Maximum sanction applicable if found in violation of the Code of Student Conduct;
- The student’s right to be represented by an attorney or nonattorney advocate, at the student’s expense if suspension or expulsion are identified as potential sanctions; and
- Notice that a decision may be made in the student’s absence based on the information currently available.

The student must be given notice in writing of a summary of the charges and evidence to be presented in sufficient time to ensure an adequate opportunity to prepare for the hearing. The University will provide the student oral or written notification of the hearing at least three-five business days prior to the hearing date. Students may consent to a shorter notice period, if they so choose.
5.7 Prehearing Conference

During the prehearing conference, the hearing officer will discuss the:

a) Student's rights and responsibilities, and
b) Nature of the complaint and how the Code of Student Conduct may have been violated, and,
c) Process for resolution of alleged Code violations.

The student may request to proceed with an immediate hearing, except in cases which may result in suspension or expulsion. The hearing officer may refuse to hear the case and refer it to another hearing officer.

5.8 Conduct Hearings

The Code of Student Conduct resolution process is facilitated through an administrative hearing to determine whether or not there has been a violation of University policy. Although all cases are heard administratively, some procedures differ between cases that are not eligible for suspension/expulsion and those that are eligible for suspension/expulsion. The University reserves the right to determine procedures and appropriate individuals to include in the process. In an administrative hearing, the responding student has a right to make a written and/or oral statement describing the event(s) that lead to the charges, bring witnesses or witness statements, and provide any additional evidence. An administrative hearing involves the accused student, hearing officer and any other individuals necessary to determine whether or not there has been a violation of university policies. The hearing officer is the NDSU representative assigned to process an alleged violation of university policies. At this hearing, the student has a right to make a written and/or oral statement describing the event(s) that led to the charges.

In all cases involving an allegation of discrimination, harassment, retaliation, or sexual misconduct, the accused student and the alleged victim both reporting and responding students shall have equal procedural rights as detailed in NDSU Policy 156, Discrimination, Harassment, and Retaliation Complaint Procedures.

When a case has potential to result in suspension or expulsion, the hearing will be recorded and retained as part of the student's file. In some situations, the hearing officer may recommend to the Vice Provost that a video recording may be more appropriate than an audio recording. Notice will be provided to the student no less than two business days before the hearing. Access to the recording will be made available for the purpose of preparing an appeal. Requests for access should be directed to the Student Affairs Office.

The hearing officer will provide written notice of the findings to the student stating whether or
not the Code of Student Conduct was violated. The written notice will include sanctions and terms and/or conditions for continued enrollment or re-enrollment, if any. The notice will generally be provided within 10 business days following the hearing. The Vice Provost may grant time extensions, if necessary.

University administrators who have direct responsibility for student organizations will process conduct cases related to fraternities, sororities and student organizations. Individual organizational boards will address only violations of those organizational standards, not violations of this code.

**Non-Suspension/Expulsion Eligible Conduct Hearings**

A non-suspension/expulsion eligible conduct hearing is an administrative hearing that generally involves only the responding student and the hearing officer. The hearing officer is the NDSU staff member assigned individual appointed by the University to process an alleged violation of University policy. The hearing officer shall typically be a University employee, however, the University may, in its discretion, retain a non-employee to serve as a hearing officer at the University's expense.

Following the hearing, the student will receive written notification of the hearing outcome.

**Suspension/Expulsion Eligible Conduct Hearings**

A suspension/expulsion eligible conduct hearing is an administrative hearing that involves the responding student, hearing officer, institutional representative, and any other individual(s) appropriate to the process. The hearing officer is the individual appointed by the University to process an alleged violation of University policy. The hearing officer shall typically be a University employee, however, the University may, in its discretion, retain a non-employee to serve as a hearing officer at the University’s expense. The institutional representative is the staff member assigned individual appointed by the University to present the findings at the hearing.

Prior to the hearing, any materials being utilized during or witnesses being called to the hearing must be submitted to the Student Affairs Office by a deadline set during the prehearing conference.

The hearing will be recorded and retained as part of the student’s conduct file. Access to the recording will be made available for the purpose of preparing an appeal. Requests for access should be directed to the Student Affairs Office.

Following the hearing, the student(s) will receive written notification of the hearing outcome.
5.9 Student Advisory Options
The student has the right to have a person present who may act in an advisory capacity. Hearing advisors may not serve as witnesses. Hearing advisors who do not comply with hearing procedures or the directives of the hearing officer may be cautioned by the hearing officer and if they persist, may be asked to leave.

If a student chooses to have an attorney present as his or her hearing advisor, NDSU may request legal representation be present as well. In cases that do not involve potential for suspension or expulsion, the role of an attorney shall be to advise his or her client, not to participate in the hearing. Attorneys who do not respect this provision may be cautioned by the hearing officer and if they persist, may be asked to leave.

In cases that could result in suspension or expulsion, attorneys or nonattorney advocates may fully participate, which means they may make opening and closing statements, examine and cross-examine (through the hearing officer) witnesses present during the hearing, and provide the student with support, guidance and advice throughout the process.

5.10 Default Proceedings and Unresolved Charges
When a student/organization fails to appear for a hearing appointment without advance notice, or leaves the University with unresolved charges, the hearing officer may make a decision in the student/organization’s absence, providing the student/organization was issued adequate written notice of the date, time and place of the scheduled hearing via the NDSU email system.

In certain cases, the hearing officer reserves the option to place a registration hold on the student’s records and archive the case until such time the student requests re-registration or a resolution of the pending matter. The hearing officer also may place a transcript notation, “may not register for non-academic reasons,” after recommendation to and approval from the Vice Provost or designee.

5.11 Student Organizations in Default
In the event a student organization becomes inactive rather than appear for a hearing, the default decision will typically be withdrawal of recognition granted by the Congress of Student Organizations Commission. In addition, officers of the organization at the time of the incident may face conduct proceedings individually (see Section 3.20, Failure to Comply) and also may be charged with one or more of the original alleged violations of the Code arising from the alleged misconduct by the organization.

If the organization requests registration at a later date, the Vice Provost or designee will assign a hearing officer to meet with the student organization leadership to determine
responsibility for the original charges, determine or recommend the appropriate sanction, and if that sanction is less than suspension or expulsion, will assess the need for any current remedial actions.

5.12 Conflicts of Interest
Any hearing officer who has a conflicting interest in the particular case may not participate. Each party has the right to challenge the appointment of a hearing officer. Challenges must be submitted in writing to the Vice Provost or designee at least two-five business days prior to the hearing. If a party fails to raise a perceived conflict by objecting to that person two-five business days in advance, any objection is deemed to be waived. An individual may not be disqualified solely on the basis of his or her position in the University community.

5.13 Burden of Proof
The burden of proof will rest upon the hearing officer.

5.14 Standard of Proof
The standard of proof will be a "more likely than not preponderance of the evidence." A student is found to have violated this Code when:

a) The student admits to the violation or
b) Information available at the time of evidence admitted at the hearing supports a finding of responsibility indicates by a preponderance of the evidence that the student is responsible for a violation.

5.15 Witnesses/Witness Statements
The accused student and the hearing officer will be given reasonable opportunity to present witnesses and/or witness statements and will be allowed to address questions to any witnesses participating in the hearing. An absolute right of cross-examination is not granted under this code. All questions will be addressed through the hearing officer, who will determine if the questions are relevant and reasonable, and if necessary, will exclude questions that are redundant or irrelevant in determining responsibility. However, the hearing officer may allow for direct questioning of non-party witnesses. Witnesses will be given reasonable latitude to respond fully to questions and will only remain for the duration of their own testimonies. All written statements that are to be considered are to be provided at least two business days prior to the hearing. Written statements must also be signed and dated, with the name of the witness printed below to ensure legibility or sent electronically directly by the witness. Deviations to the time restriction may be granted as long as all parties have sufficient time to prepare.

Character witnesses are not permitted. The hearing officer will exclude any information from
the hearing documentation that appears to be a character statement rather than facts or evidence related to the case. If the accused student is found responsible for violating this Code, character statements may be considered during sanctioning. The accused student All parties may submit up to three letters to the hearing officer, at least two business days prior to the hearing. Each letter must be dated and signed, with the name of the individual signing printed below to ensure legibility or sent electronically from the author of the written statement.

5.16 Evidence
The accused student and the hearing officer All parties will be given reasonable opportunity to present any written or oral information or other documentation that is relevant in determining responsibility. All pertinent information that is to be considered is to be provided at least two business days prior to the hearing. Deviations to the time restriction may be granted as long as all parties have sufficient time to prepare.

Because the hearing is an educational process, formal rules of evidence do not apply. For this reason, hearsay evidence may be permitted. It refers to testimony given by a witness who speaks about information received from others, rather than information given directly by that witness. The value of such evidence rests with the discretion of each hearing officer.

5.17 Self Incrimination
Accused students and witnesses Parties shall not be compelled to incriminate themselves by being obligated to testify that they engaged in conduct constituting a violation of this Code and/or local, state or federal law.

5.18 Closed Hearings
All hearings are generally closed except to those persons who are part of the proceedings—unless otherwise arranged by prior mutual written agreement between the charged student and the Vice Provost or designee. The Vice Provost or designee may permit a limited number of NDSU personnel to be present as observers for the purpose of training. Other exceptions may also be made as deemed necessary-appropriate by the Vice Provost or designee.

5.19 Appeals
Students sanctioned for violations of any part of this Code of Student Conduct or relevant University policies may appeal. Students are limited to one appeal and that decision is final (see Section VIII-E Appeal Procedures).

9.6 Hearing Procedures for Potential Suspension or Expulsion Cases

6.1 Introduction
With all parties present, the hearing officer will call the meeting to order and will ask all parties participating in the hearing to introduce themselves and identify their role in the proceedings.

The hearing officer will describe the general outline of the hearing and will read the honesty statement. If a student is represented by an attorney or nonattorney advocate, that individual has the ability to fully participate in the hearing as indicated in section 5.9, Student Advisory Options. Hearing advisors (attorney or nonattorney advocates) will be required to sign a confidentiality statement pertaining to information about all parties involved in the hearing.

The hearing officer will dismiss witnesses until they are called to speak.

**Honesty Statement**

The University expects that all information presented in this hearing will be true and correct to the best of each person’s knowledge. If students willfully provide false information, they will be in violation of NDSU’s Code of Student Conduct. As a result, they also may be subject to additional disciplinary action. Dishonest behavior by any faculty or staff members will be reported to supervisors for any necessary disciplinary action.

6.2 **Complaint and Response**

The hearing officer will introduce institutional representative will present the case.

The accused responding student (and/or attorney or nonattorney advocate) will be permitted to respond to the charges and present information that is relevant in determining whether the student violated one or more sections of the Code.

6.3 **Presentation of Witnesses**

The hearing officer and the accused student All parties will shall be allowed to present witnesses who may be asked questions by the hearing officer, accused responding student (and/or attorney or nonattorney advocate), reporting party, and Vice Provost or designee. All questions will be directed to the hearing officer who will determine relevancy and reasonableness to the proceeding. Request clarification if necessary, ask if the respondent understands the question and request a response.

6.4 **Final Questions**

The hearing officer institutional representative, reporting student (and/or attorney or nonattorney advocate), and accused responding student (and/or attorney or nonattorney advocate) will be permitted to ask questions of each other.
Questions will also be permitted by the hearing officer and the Vice Provost’s or designee, who may question either party.

The hearing officer and accused student (and/or attorney or nonattorney advocate) may be permitted to ask additional questions of each other.

6.5 **Closing Statements**

The accused student (and/or attorney or nonattorney advocate) **All parties** will have an opportunity for a closing statement.

6.6 **Deliberation and Notice of Decision**

If the hearing officer believes that suspension or expulsion is warranted, the hearing officer will make this written recommendation to the Vice Provost or designee. When the recommendation has been approved by the Vice Provost/designee, it will be returned to the hearing officer with the Vice Provost’s/designee’s endorsement, and the hearing officer will issue the written decision.

The hearing officer will provide written notice of findings decision to the responding student stating whether or not the Code of Student Conduct was violated. The written notice will include sanctions, and terms, and conditions for continued enrollment or re-enrollment, if any. The notice will generally be provided within 10 business days following the hearing. The Vice Provost may grant time extensions, if necessary.

40.7 **Sanctions and Conditions**

A sanction is a consequence placed upon any student for violations of specified University policies. Sanctions help define the student’s relationship with the University in the context of current and potential future conduct, including a notice that further violations may lead to more severe conduct sanctions.

If a student is found not responsible for the alleged Code violation(s), no action will be taken against the agreeing/responding student; however, having been through the Code process, the student is considered knowledgeable regarding the Code’s provisions and expectations, and that knowledge may be taken into consideration in the event of future Code actions.

In cases in which the student is found responsible for violating one or more policies, a sanction may be imposed. Sanctions may not include suspension or expulsion unless the student receives prior written notice that the case was serious enough to warrant suspension or expulsion. The sanctions listed below are assigned based on the severity of the incident and/or past conduct history:
1. **Written Warning**,  
2. Conduct probation,  
3. Supervised conduct probation,  
4. Conduct suspension, or  
5. **Conduct Expulsion**, or  
6. **Recommendation to the provost to withhold or rescind a degree**.

*Written decisions are generally rendered within 10 business days from the date of the hearing. In cases of code violations serious enough to warrant suspension or expulsion, the hearing officer will make a recommendation to the Vice Provost. When approval of the recommended sanction is received, the hearing officer will issue the written decision. Sanctions of suspension and expulsion are noted on students’ academic transcripts. The hearing officer will issue the written decision within 10 business days from the date of hearing. Sanctions of suspension are noted in the student’s transcript throughout the duration of the suspension period, while sanctions of expulsion remain permanently.*

When certain mitigating circumstances exist, such as an extended period of time between the incident and reenrollment, a finding of responsibility may result in no sanctions imposed.

With each sanction, terms and conditions and/or restorative actions may be assigned. In addition, notification may be given to other university officials as necessary. Terms and conditions include, but are not limited to:

1. Alcohol or other drug programming, evaluation and /or testing,  
2. Written assignments,  
3. Participation in a specific activity or project,  
4. Restricted access,  
5. Loss of privileges,  
6. No contact orders,  
7. Restitution, and/or  
8. Confiscation.

In assigning a sanction and/or terms and conditions for inappropriate student conduct, the hearing officer, in consultation with the Vice Provost designee, will consider:

a) **Facts of the case as presented from all relevant sources, including the accused/responding student,**  
b) **Existence of any physical evidence or written or oral information provided by the accused responding student and/or witnesses,**  
c) **Type and severity of the offense,**
d) Impact on the victim(s), the educational community and its members,
e) Previous incidents of prohibited conduct committed by the accused student, and
f) The ability and/or willingness of the student to accept responsibility.

Parents or guardians of students under 21 may be contacted by an NDSU administrator following alcohol and/or other drug related incidents.

7.1 Sanctions

Written Warning
A warning is a written notification that subsequent Code violations will normally result in more severe sanctions.

Conduct Probation
Conduct probation is a written notification of a specified period of review and observation during which the student must demonstrate the ability to comply with University policies; local, state and federal laws; and any other terms or conditions that have been imposed in writing. The specific terms of the probation will be determined on a case-by-case basis. Further prohibited conduct may result in additional sanctions to be assigned, including, but not limited to, suspension or expulsion.

Supervised Conduct Probation
Supervised conduct probation generally requires meetings with a member of the Division of Student Affairs or Residence Life at regularly established intervals to monitor progress in behavioral, academic, social, vocational and other areas of the student’s life necessary to strive for overall success at NDSU. The supervisor may assign educational tasks and/or projects as deemed necessary and appropriate to assist the student in personal growth. Further prohibited conduct may result in additional sanctions to be assigned, including, but not limited to, suspension or expulsion.

Conduct Suspension
Conduct suspension is a written notification of the termination of status as an enrolled student or registered student organization for a specified period of time not to exceed two academic years. In cases of crimes of violence, hate crimes, and/or Title IX related violations, the Vice Provost may specify a longer period of suspension.

a) A student may not re-enroll during the period of conduct suspension.
b) The student’s eligibility for any refund of tuition/fees will be subject to the University’s normal withdrawal policy.
c) The notice of conduct suspension will include the conditions for readmission that must be met prior to application for readmission. Students may obtain a reactivation of student
status (after absence) form information regarding reactivation from Registration and Records, Ceres Hall, or online through One Stop. An interview with a member of the Student Affairs Office staff also will be required prior to acceptance of the student’s application for readmission.

d) While a student is under conduct suspension from NDSU, no academic credit earned during the suspension period will be accepted for transfer from any other higher education institution at any time. The student’s transcript will carry a notation “may not register for nonacademic reasons effective date range” without further explanation. Upon completion of the suspension the notation will be removed by the University if the student is subsequently readmitted, the original notation will remain on the transcript and a new notation will be added, “eligible for registration effective...”

e) A student who has been suspended must vacate residence life facilities within the time frame established in the written notice of the conduct suspension.

f) In addition to being ineligible for enrollment, a student is also ineligible for employment with NDSU.

g) There may be other restrictions placed on the suspended student including, but not limited to, restricted access to the entire campus, specified campus facilities, or portions of specified campus facilities. The student also may be required to obtain prior written permission from a member of the Student Affairs Office staff before being on any portion of the NDSU campus during the period of suspension. Approval is generally granted only to permit a student to conduct business related to the University.

h) Conduct suspension is a matter of permanent conduct record. A permanent record indicates that student conduct files may be retained indefinitely at the discretion of the Vice Provost, but not less than seven (7) years.

i) Student organizations placed on suspension may have all rights and privileges provided by CSO revoked for the duration of their suspension. In order to regain all rights and privileges, the student organization is required to comply with and complete any and all sanctions and terms and conditions.

Conduct Expulsion

Expulsion is a written notification that the student is permanently ineligible to return to the University. The expulsion will be recorded on the student’s transcript as “may not register for nonacademic reasons” and is a matter of permanent record.

Conduct expulsion is a permanent conduct record. A permanent record indicates that student conduct files may be retained indefinitely at the discretion of the Vice Provost, but not less than seven (7) years.

The student must leave University residences and cease all use of University owned or controlled buildings, properties and services as designated in the expulsion notice. The
expulsion notice will also include any other specific restrictions and a time frame during which these restrictions apply. These may include restricted access to the entire campus, specified campus facilities, or portions of specified campus facilities.

Written requests for exceptions to restrictions may be directed to the Vice Provost or designee; however, approval is generally only granted for the purpose of conducting official University business. Requests for readmission will not be approved.

**Degree Rescission**

If a person has been awarded an NDSU degree and it is subsequently discovered that the person committed a serious breach of this code while attending the university, the university may, upon separate proceedings, elect to rescind the degree. See Section 9.1, Registration/Graduation Hold, regarding graduation holds for similar reasons.

7.2 **Conditions**

**Alcohol and Other Drug Programming, Evaluation, and/or Testing**

A student may be required to participate in alcohol and other drug programming as a result of participating in any incident involving the use or abuse of alcohol and other drugs. The University reserves the right to require alcohol/drug testing and/or evaluation as a condition of enrollment or continued enrollment when:

a) A student’s conduct endangers or may endanger the safety of themselves, others, or property, and/or

b) A pattern of conduct has been demonstrated by a student.

**Written Assignments**

Students may be required to complete written assignments as a means of reflecting and/or learning more about a particular topic.

**Participation in a Specific Activity or Project**

A student may be required to participate in a specific activity or project, such as public service; an educational class; and/or meeting with a designated University official or other assignment.

**Restricted Access**

Students may have access to University facilities and grounds restricted for a specified period of time. Restricted access may include but is not limited to entry into University facilities or athletic fields, access to specific University offices, and visiting and/or living in any University housing facility. Students found in violation of restricted access directives may be issued a trespass citation by University Police and may be subject to further conduct
Loss of Privileges
A student may be denied various privileges associated with being a student at NDSU. Such privileges may include, but are not limited to, one or more of the following:

a) Participating in or attending events sponsored by the University or by students;
b) Holding office in any Congress of Student Organizations (CSO) recognized student organizations;
c) Receiving or being a guest in residence life facilities;
d) Access to parts of or all University property, including eligibility to reside in University facilities;
e) Receiving financial aid;

g) Representing the University, including travel on behalf of the University;
h) Sponsoring or hosting organization or campus wide functions;
i) Using IT services; and
j) Maintaining recognized student organization status with the CSO.

No Contact Order
Students may be prohibited from direct or indirect physical and/or verbal contact with another individual or group. Reasonable restrictions to protect the safety and welfare of others may also be imposed. These include, but are not limited to, any and all forms of communication, access to University owned or controlled locations, and specified minimum distances.

Restitution
A student may be required to repair, pay the cost for repair or pay for cost of replacement of any university or state property damaged by the student. In each case, the goal will be to return the damaged property to its existing condition at the time of damage. The determination of the method used to calculate restitution shall be the responsibility of the hearing officer, taking into consideration the fair market value or cost to repair the damaged item(s). In the case of personal injury, the responsible party may be required to cover the cost of medical care for others harmed as a result of the student’s actions.

When available and appropriate, secondary markets may be utilized. The decision maker shall consider information and/or evidence provided by both parties to achieve a fair and just result. Failure to make timely arrangements for restitution may result in the cancellation of the student’s registration, prevention of the student’s re-registration, or more severe sanctions including, but not limited to, conduct suspension or expulsion. When the
responsible party is a student organization, additional sanctions or terms and conditions also may be assigned for failure to make timely arrangements for restitution.

Confiscation
In addition to items seized as evidence, goods used or possessed in violation of University policies and/or local, state or federal laws, may be confiscated and not be returned to the student. This includes, but not limited to, falsified information or identification.

11.8 Appeal Procedures

Students sanctioned for violations of this Code may make one appeal. Cases resulting in suspension or expulsion are appealed to the Vice Provost or designee. All other appeals are addressed to the Vice Provost or designee, or an administrator of Residence Life, depending upon who served as the hearing officer.

8.1 Deadline for Appeals
An appeal of any conduct process decision must be made in writing within five business days following the date the sanction notice is sent to the student, via the NDSU email account. When necessary to utilize U.S. mail, students will be afforded 10 business days from the date of letter to submit an appeal. If hand delivered, a notation of that date will be made in the student's conduct file. In extraordinary circumstances, the Vice Provost may grant time extensions. The University reserves the right, however, to reduce the time allowed for a student appeal in cases that may have the potential to result in harm to persons and/or property. The reduced time for appeal will be specified in the decision letter along with the rationale for allowing reduced time for an appeal. The appeal must be written by the student and shall contain the student's name, date of the decision or action, and reason(s) for the appeal.

8.2 Appeal Letters-Documentation
Appeals must be submitted to the appeal officer specified in the decision letter using the designated appeal form and The documentation must specify in detail one or more of the following bases of appeal:

a) The severity of the sanction was not consistent with the severity of the offense,

b) The decision was made in an arbitrary or capricious manner,

cb) The finding of the Code having been violated or not was not substantiated by the evidence, and/or

dc) The student's due process rights as outlined in this Code were violated. Those rights believed to be violated must be specified.

Commented [MA10]: Will need to add a link when available
In all cases involving an allegation of discrimination, harassment, retaliation, or sexual misconduct, the reporting party is also allowed to file an appeal within the same parameters identified above. In these cases an appeal could result in a different decision regarding the finding of responsible or not responsible and/or stronger, the same, or lesser sanctions than originally imposed.

A copy of an appeal will be given to the other party who will have the opportunity to respond. Students will have no more than 5 business days to submit their response to the other party’s appeal, however, the response cannot include an appeal if the time period for appeal has already expired.

8.3 Emergency Provisions
Normally a properly filed notice of appeal suspends the imposition of sanctions until the appeal is decided; however, some emergency provisions may be sustained throughout the appeal to protect persons and/or property. Such provisions will be explained in the original letter to the student outlining the decision, along with the rationale for maintaining those emergency provisions throughout the appeal.

8.4 Appeal Advisory Board
The appeal officer reserves the right to appoint an appeal advisory board to review appeals. In such instances, the appointed advisory board will make a recommendation that the appeal officer may accept or reject. The decision of the appeal officer will generally be issued within 10 business days of receiving the recommendation from the advisory board and that decision will be final.

8.5 Review
The appeal officer/advisory board will review the written letter of appeal/appeal documentation/response to appeal from the student(s) and materials from the original hearing, including the recording. In reviewing the appropriateness of sanctions, the student’s entire conduct file may be considered. After reviewing these materials, the appeal officer/advisory board may decide to do one of the following:

a) Issue a decision based solely on the written materials/evidence,
b) Issue a decision based on a review of written materials/evidence and discussion with the involved principals,
c) Recall one or more witnesses,
d) Return the case to the body/hearing officer conducting the original hearing for presentation of new evidence and reconsideration of the decision and/or sanctions.

8.6 Decision/Sanction
When the accused reporting student makes the appeal, the appeal officer/advisory board may uphold or lessen change the original decision/sanction. When the responding student appeals, the appeal officer may but not increase the sanctions/actions imposed by the hearing officer. The decision on the appeal will generally be made within 10 business days of receipt of the appeal, but may take longer during University recesses or in the event of complex cases, or when an advisory board has been appointed to make an appeal recommendation.

8.7 Appeals by Accuser
An appeal by the accuser may only be allowed when it is alleged that the accuser was the subject of a Title IX violation, including sexual assaults, as defined in this code. In some cases, an accuser’s appeal could result in a different decision and/or stronger sanctions than originally imposed.

8.78 Rehearing Requests for Cases Resulting in Suspension or Expulsion
Any student who is suspended or expelled has the right to request a reconsideration of the case based on new or contradictory evidence that was not available at the time of the original decision hearing, and/or evidence that the student was not afforded due process as outlined in this Code. A request for reconsideration of the case should be submitted to the Vice Provost. Information that may be considered may include police reports, transcripts of legal proceedings and the outcome of any civil or criminal proceeding directly related to the appeal.

9.2 Returning and/or New Students
If a student commits an act that violates this Code during a period of nonenrollment, a registration hold may be placed to prevent the student’s registration until a hearing may be
held on that matter. The student may be notified about these holds at the time the University is first notified about the incident, or notice may be provided when the student subsequently requests enrollment. In addition, a hearing officer, in consultation with the Vice Provost or designee, may place a registration hold to deny a student the eligibility to register. Reasons may include, but are not limited to, the student’s arrest or when criminal charges are pending against the student, serious concerns arise about the health or safety of the student or others in the University community, and/or as otherwise provided by NDSU Policy 607, Admission & Re-Enrollment Safety Risks; Background Checks.

9.3 Temporary Emergency Suspension
A student may be temporarily suspended by the Vice Provost, pending a hearing when the student’s actions or threats of action indicate a serious threat to the welfare and/or safety of persons or property. No hearing will be required before a temporary suspension is imposed; however, one will be convened within five business days following the suspension. In unique circumstances, any alteration to this timeline will be at the discretion of the Vice Provost. If the suspension is upheld, the suspension remains subject to the rules outlined in Conduct Suspension (see Section 7.1, Sanctions) and remains a matter of permanent conduct record. Conditions under which emergency suspension may be imposed:

a) To ensure the health, safety or well-being of members of the University community,
b) To preserve University property,
c) To ensure the suspended student’s own physical and emotional safety and well-being, or
d) To ensure against the disruption of, or interference with, the normal operations of the University.

9.4 Conditions Under Which Temporary Emergency Suspension May Be Imposed:

a) To ensure the health, safety or well-being of members of the University community,
b) To preserve University property,
c) To ensure the suspended student’s own physical and emotional safety and well-being, or
d) To ensure against the disruption of, or interference with, the normal operations of the University.

No hearing will be required before emergency suspension is imposed; however, one will normally be convened within five business days following the suspension. In unique circumstances, any alteration to this timeline will be at the discretion of the Vice Provost. If the suspension is upheld following the hearing, the suspension remains subject to the rules outlined in Conduct Suspension (Section 7.1, Sanctions) and remains a matter of permanent record.

9.4 Negotiated Withdrawal
In rare circumstances, a student may be allowed to negotiate a mutually agreed upon
withdrawal for a specified period of time. Other conditions may also need to be met prior to application for reenrollment. Such conditions will be provided to the student in writing at the time of the negotiated withdrawal.

This action generally results in no notation on the student’s academic transcript; however, in instances involving interpersonal violence or felony level criminal conduct, charged or uncharged, a transcript notation may be applied at the discretion of the Vice Provost or designee. “May not register for nonacademic reasons.” The Vice Provost or designee will determine whether this notation will remain on the transcript, should the student later be readmitted.

A student requesting readmission will be required to meet with the Vice Provost or designee prior to approval of the student’s petition for readmission. The student must be academically eligible for readmission to NDSU and may be required to pass a criminal background check at the student’s expense prior to readmission.

9.5 Administrative Withdrawal for Psychiatric Reasons

A student may be subject to administrative withdrawal if it is determined by clear and convincing evidence that the student suffers from a mental disorder as defined by the current American Psychiatric Association Diagnostic Manual and, as a result of such a disorder, engages or threatens to engage in conduct that:

a) Poses a significant danger of causing imminent threat of harm to the student or others, or

b) Directly and substantially impedes the lawful activities of other members or threatens disruption of, or interference with, the normal operations of the campus-University community.

Consideration will be given first to use of normal conduct processes of counseling, voluntary withdrawal, use of state commitment laws, or use of other alternatives whenever appropriate.

Students wishing to return to the University may obtain information regarding reactivation from Registration and Records, Ceres Hall, or online through One Stop. An interview with a member of the Student Affairs Office staff also will be required prior to acceptance of the student’s application for readmission.

Conduct Violations

A student accused of violating this code may not be subject to the conduct process if the
student, as a result of a mental disorder:

a) Lacks the capacity to respond to pending conduct charges, or
b) Lacks the capacity to know the nature or wrongfulness of the conduct at the time of the offense. Students subject to conduct charges who wish to introduce relevant evidence of any mental disorder must so inform the Vice Provost in writing at least two business days prior to any conduct hearing. The Vice Provost may elect to appoint a designee to act in administering this policy. If the Vice Provost determines that the evidence may have merit, the case will then be resolved in accordance with these standards and procedures. If it is determined the student does not meet the criteria mentioned above, the case will be returned to the conduct process.

Evaluation Referral

The Vice Provost may refer a student for an evaluation by an independent, licensed psychiatrist or psychologist chosen by the institution if the Vice Provost reasonably believes the student may meet the criteria in Section 9.4, Conditions Under Which Temporary Emergency Suspension May Be Imposed, or if a student subject to conduct charges wants to introduce relevant evidence of any mental disorder. A student referred for evaluation will be informed in writing by NDSU email and the evaluation must be scheduled no later than five days from the date of the referral letter. The evaluation will be at the student’s expense. If a student fails to complete an independent evaluation, he or she may be subject to the conduct process or an immediate interim withdrawal.

Interim Withdrawal

As stated above, an interim withdrawal may be implemented if a student fails to complete an evaluation with a licensed psychologist or psychiatrist. Also, an interim withdrawal may be undertaken immediately if the Vice Provost determines a student may be suffering from a mental disorder, and the student’s conduct poses an imminent danger.

A student subject to interim withdrawal shall be given written notice and may be assisted throughout this process by an individual of his or her choice. The student, whether or not an evaluation has been completed, shall be given the opportunity to appear personally before the Vice Provost within 72 hours of the effective date of the interim withdrawal to review:

a) Reliability of the information concerning the student’s conduct, and
b) Whether the student’s conduct poses an imminent danger.

During an interim withdrawal, the Vice Provost may place restrictions including, but not limited to, class attendance and use of campus services and facilities.
Involuntary Withdrawal

A student under consideration for involuntary withdrawal will be accorded an informal conference with the Vice Provost or designee. The informal conference will be held within seven business days after an evaluation by a licensed psychologist or psychiatrist has been completed. Prior to the informal conference, the Vice Provost and the student will have an opportunity to review independently the psychological or psychiatric evaluation.

a) The Vice Provost conducts informal conference proceedings. An individual of his or her choice may assist the student in the informal conference. The student will remain withdrawn on an interim basis pending completion of the informal conference.

b) A written decision shall be rendered by the Vice Provost containing a statement of reasons for any determination leading to involuntary withdrawal. The student also should be advised as to when a petition for reinstatement would be considered, along with any conditions for reinstatement. The student may appeal the decision to the Vice Provost.

9.6 Negotiated Withdrawal

In rare circumstances, a student may be allowed to negotiate a mutually agreed upon withdrawal for a specified period of time. Other conditions may also need to be met prior to application for reenrollment. Such conditions will be provided to the student in writing at the time of the negotiated withdrawal.

This action generally results in no notation on the student’s academic transcript; however, in instances involving interpersonal violence or felony level criminal conduct, charged or uncharged, a transcript notation may be applied at the discretion of the Vice Provost or designee, “may not register for nonacademic reasons.” The Vice Provost or designee will determine whether this notation will remain on the transcript, should the student later be readmitted.

A student requesting readmission will be required to meet with the Vice Provost or designee prior to approval of the student’s petition for readmission. The student must be academically eligible for readmission to NDSU and may be required to pass a criminal background check at the student’s expense prior to readmission.

9.76 Interim Actions

In the interest of safety and security, interim actions may be implemented by the Vice Provost prior to a completed investigation or conduct hearing. Specific actions will be based on the circumstances of the allegations and may include, but not limited to no contact orders, housing/workplace changes, loss of privileges, or temporary emergency suspension.

9.87 Crimes of Violence

The term “crime of violence” means:
a) An offense that has an element of use, attempted use, or threatened use of physical violence against the person or property of another, or

b) Any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

Examples include, but are not limited to, arson, auto theft, assault, aggravated assault, burglary, kidnapping/abduction, manslaughter, murder, resisting arrest through the use or threat of physical force, robbery, vandalism, and sexual offenses.

In cases of crimes of violence, the Vice Provost may increase, but not decrease, timelines stated in the Code and may determine by whom the case is heard.

9.98 Notification of Hearing Outcomes for Crimes of Violence

Individuals who are victims of crimes of violence have a right to be notified of the outcome of complaint resolution procedures, upon written request to the Vice Provost. If the victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim.

Notification shall be limited to the responsible student(s), part(s) of the Code violated, and assigned sanction(s). Individuals in receipt of this information may assume personal civil liability for releasing this information to others.

9.10 Incarcerated Students

In cases involving incarceration, a hearing will be held when the student is available for a hearing. Under these circumstances, the Vice Provost or designee may determine that an administrative hearing be held rather than a Conduct Board hearing.

16.10 Conduct Records

10.1 Disclosure

All conduct records are confidential and may not be disclosed in whole or in part except as provided under law, including but not limited to, the Family Education Rights and Privacy Act (FERPA), the USA Patriot Act and lawful court orders.

The conduct record shall be separate from the student’s academic record, but shall be considered a part of the student’s educational record. All conduct records shall be retained in the Student Affairs Office or other offices as authorized by the Vice Provost.

As provided under FERPA, information concerning Code violations for alcohol and/or drugs
may be shared with parents in accordance with the Parental Notification Policy. In addition, Code violations may also be shared with some academic departments upon request and as necessary to fulfill their professional obligations. A memorandum of understanding procedure exists between Student Affairs and Athletics that provides for full exchange of information concerning Code violations by student athletes with the pertinent coaches, athletic personnel and the Athletic Director.

Suspension and expulsion are the only completed conduct actions reflected on the official academic transcript of the student (see section 7.1, Sanctions). At the direction of the Vice Provost, the registrar shall place on the student’s permanent academic record the words “may not register for nonacademic reasons.” When the student is determined eligible to return to NDSU following a suspension, the original transcript notation will remain and a new transcript notation will be added: “eligible for registration effective…”

10.2 Retention and Destruction

Sanctions Less than Suspension or Expulsion
In cases in which students are found in violation and receive a sanction less than Suspension or Expulsion, with or without additional terms and conditions, all records related to that students’ cumulative conduct history will be retained for seven years from the date of the student’s last conduct violation. Student conduct records may be retained indefinitely at the discretion of the Vice Provost.

Suspension or Expulsion
In cases in which students are found in violation and receive a sanction of suspension or expulsion, conduct records will be retained on a permanent basis.

Student Organization Records
Records of conduct violations involving student organizations will be retained for seven years following the date of the incident. Student organization conduct records may be retained indefinitely at the discretion of the Vice Provost.

FINAL NOTE Occasionally there may be a need to update certain details such as changes to staff titles, office locations, etc. that are mentioned in this document. The Vice Provost may make editorial changes relating to this document as long as the substance of the document is not affected.

There are a number of additional University policies that pertain to students and are too numerous to include within the text of this Code. Students are urged to read these documents that may be found at the locations listed below. NDSU students are responsible for knowing the contents of these all NDSU policies and may be held accountable under A Code of Student Conduct for any
violations of these policies. For assistance using any of these policies, please contact the Student Affairs Office.

SECTIONS:

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? ☐ Yes ☒ No
   - During Time, Labor, and Absence Management (TLAB) NDUS System Office provided feedback that there were too many instances where leave without pay was being used when employees had available annual leave balance available to use. Also indicated that majority of leave without pay instances for less than 1 day did not appear consistent with NDSU’s Policy 149 for purposes outlined.
   - Policy 149 Leave Without Pay:
     - “Leave without pay may be authorized for benefited employees, who have maintained a record of good performance, for purposes such as education, research, temporary employment with another university, governmental, or private agency when such employment will contribute to the employee’s expertise in his or her field and make the employee more effective upon return to employment, literary pursuits, or any other purpose that will improve the employee professionally and will directly or indirectly benefit the institution or system. In addition, a leave without pay may be granted for necessary absences due to illness (when family medical leave is not available or has expired) or other important matters.”
   - With the implementation of TLAB, when leave is taken in less than 1 day increments it causes leave accruals to be inaccurate, resulting in a need to manually go in and adjust.

Thank you for your understanding!
1. Annual leave with pay is earned by eligible employees for the purpose of freeing them from their regular duties to spend time in rest and recreation or to attend to personal matters. Upon approval, annual leave may only be used in place of regularly scheduled work hours and shall not cause overtime. Such leave should be programmed to insure that leave is taken rather than carried forward from year to year.

2. University operations govern annual leave periods. Consideration is given first to the convenience of the administration, departmental needs, then the employee's departmental seniority and finally to the employee's preference. Annual leave is computed on the basis of the employee's hours/week, and months/year.

2.1 The employee must obtain authorization from his/her department head before taking annual leave. The form of this authorization is to be determined by the respective department head.

2.2 The employee is responsible for furnishing a leave request to their supervisor or department head with a completed "Notification of Employee Leave" card upon returning to work.

2.3 The employee is required to use applicable accrued annual and compensatory time before authorized leave without pay. Leave without pay must be taken in full day increments.

3. Annual leave with pay for full-time benefited, broadbanded staff employees is earned on the basis of continuous service from date of employment as follows:

First through third year - the equivalent of 12 days per year
Fourth through seventh year - the equivalent of 15 days per year
Eighth through twelfth year - the equivalent of 18 days per year
Thirteenth through eighteenth year - the equivalent of 21 days per year
Over eighteen years - the equivalent of 24 days per year

Annual leave for full-time, non-banded employees in the following job categories is earned on the same basis as for staff employees: graduate research fellows (2230), graduate teaching fellows (2235), post doc research fellows (2240), research scientists (2420), extension program assistants (2530), and international exchange scientists (2810).

Graduate teaching, research or service assistants and experiment station project assistants do not earn annual leave.

3.1 Years of service shall be computed from the employment anniversary dates.
3.2 Annual leave for part-time staff employees and the non-banded employees identified above in
3 is earned on a prorated basis.

4. Presidents, executive deans, provosts, vice presidents, positions excluded from the broadbanding
system, and other positions approved by the President or chancellor at the time of hire are entitled
to accrue a minimum of twelve working days and a maximum of 24 working days of annual leave
each year to be taken at the convenience of the administration. Accrual rates for these employees
are determined by the institution president. For any of these employees who are less than full-time,
the annual leave will be prorated.

Each department may negotiate annual leave accrual on a case-by-case basis during the
recruitment, with prior Presidential approval. Current benefitted employees are not eligible.

5. Annual leave for 12 month faculty and other non-banded job categories not identified in #3 above
is earned at the rate of 16 hours per month, 24 days per year. Annual leave will be prorated for
those who are less than full-time. For non-banded employees on 9, 10, or 11, month appointments,
see Section 320.

6. All eligible employees may accumulate annual leave hours. Full-time employees may accumulate up
to 30 working days or 240 hours which shall be carried forward on January 1st of each year. Part-
time employees may accumulate up to the equivalent number of days or hours on a prorated basis.
Any accumulation in excess of 30 days or 240 hours (or the equivalent on a prorated basis for part-
time employees) on December 31st of each year shall be cancelled.

7. All employees eligible to accumulate annual leave must take at least forty hours (or the equivalent
on a prorated basis for part-time employees) of annual leave each year, except for the year during
which they are hired.

8. When a holiday occurs during annual leave, the holiday is not considered a day of annual leave
time.

9. At the discretion of the department head and the concurrence of the Director of Human
Resources/Payroll or designee, an employee may be granted annual leave in advance of the
accumulation thereof up to a maximum of 40 hours. In rare cases, such as leave due to a workers
compensation claim or shared leave, the HR/Payroll office may process leave which exceeds the 40
hour advance. Annual leave taken in advance of accumulation may be deducted from the
employee’s last paycheck provided the employee has signed an agreement authorizing the
deduction. This agreement must be submitted to and approved by the Office of Human Resources
and Payroll prior to the employee obtaining a negative accrual balance.

10. Benefited employees terminating employment must be paid for earned unused annual leave
subject to all approved payroll matched reductions/deductions. “Unused annual leave” shall include
any leave carried over from the previous year and all accrued leave up to the date of termination.
Proper termination notice must be given and any unearned annual leave taken shall be deducted
from the employee’s last paycheck.

10.1 Annual leave earned by an employee on a 12 month appointment may not be carried forward
by the employee to be used or paid for during the term of a subsequent appointment for less
than 12 months and must be paid out.

11. In case of death, payment of all earned, unused annual leave shall be paid according to Section 34-
01-12 of the North Dakota Century Code. (See Section 183.)
12. Accrued annual leave for employees previously employed with other North Dakota institutions or agencies may be transferred to institutions under the State Board of Higher Education according to agreements between the employee and the institution. If re-employment occurs within one calendar year, the re-employing institution shall credit the employee with prior years of service from any state agency in computing annual leave accrual rate.

13. When employment begins or ends during a pay period, the accrual of annual leave shall be prorated for the pay period when the employee is hired or terminated and does not work a full pay period.

14. Leave requests are processed on an on-going basis. The approving supervisor is responsible for verifying leave balances before approving. Corrections to leave will be handled by the Office of Human Resources and Payroll.

SECTION: 143 Sick Leave

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? ☐ Yes ☑ No
   - During Time, Labor, and Absence Management (TLAB) NDUS System Office provided feedback that there were too many instances where leave without pay was being used when employees had available sick leave balance available to use. Also indicated that majority of leave without pay instances for less than 1 day did not appear consistent with NDSU’s Policy 149 for purposes outlined.
   - Policy 149 Leave Without Pay:
     - “Leave without pay may be authorized for benefited employees, who have maintained a record of good performance, for purposes such as education, research, temporary employment with another university, governmental, or private agency when such employment will contribute to the employee’s expertise in his or her field and make the employee more effective upon return to employment. Literary pursuits, or any other purpose that will improve the employee professionally and will directly or indirectly benefit the institution or system. In addition, a leave without pay may be granted for necessary absences due to illness (when family medical leave is not available or has expired) or other important matters.”
     - For serious health conditions, leave is typically designated as Family and Medical Leave act Eligible. NDSU Policy 135 FMLA states “an employee is required to use applicable, accrued paid and donated leave and compensatory time before authorized unpaid FMLA leave.”
   - With the implementation of TLAB, when leave is taken in less than 1 day increments it causes leave accruals to be inaccurate, resulting in a need to manually go in and adjust.

SECTION 143
SICK/DEPENDENT LEAVE

SOURCE: NDSU PRESIDENT

1. Sick leave, including maternity, is a benefit granted by the University to eligible employees and is not a benefit considered to be earned by the employee such as annual leave. It is an insurance benefit allowing employees to build a reserve of days they can use for their extended illnesses. Abuse of this benefit may be grounds for disciplinary action or termination. Employees are responsible for informing their supervisors prior to the start of their work schedule of their sickness.

   1.1 The employing department may require satisfactory medical verification as deemed necessary by the department head prior to the payment of sick leave.

   1.2 The employee is responsible for furnishing a leave request to their supervisor or department head with a completed "Notification of Employee Leave" card upon returning to work.

   1.3 Sick leave may only be used in place of regularly scheduled work hours and shall not cause overtime.

   1.3.1 The employee is required to use applicable accrued sick and compensatory time before authorized leave without pay. Leave without pay must be taken in full day increments.

2. Sick leave is granted on the basis of continuous service from date of employment for benefited staff employees, and benefited 12-month academic staff and other non-banded staff.

3. Sick leave for full-time eligible employees accrues based on rate per hour at a rate equivalent to 12 days per year. Sick leave for eligible part-time employees working 20 hours or more per week is granted on a prorated basis. Sick leave accumulation is unlimited.

4. Sick leave may be granted to employees who become ill while on vacation provided satisfactory medical proof of such illness is submitted.

5. When a holiday occurs during a paid sick leave, the holiday is not considered a day of sick leave.

6. Upon termination, employees with ten years of continuous state service will receive a payment equivalent to 10% of the dollar value of their accrued sick leave. The amount is computed on the basis of the employee's salary at the time of termination and shall be in the form of a lump-sum payment.

7. At the discretion of the department head and the concurrence of the Director of Human Resources/Payroll or designee, an employee may be granted sick leave in advance of the
accumulation thereof up to a maximum of 40 hours. In rare cases, such as leave due to a workers compensation claim or shared leave, the HR/Payroll office may process leave which exceeds the 40 hour advance. Sick leave taken in advance of accumulation may be deducted from the employee's last paycheck provided the employee has signed an agreement authorizing the deduction. This agreement must be submitted to and approved by the Office of Human Resources and Payroll prior to the employee obtaining a negative accrual balance.

8. Unless an approved leave of absence has been granted, an employee who is off the payroll for one year shall lose unused sick leave.

9. Accrued sick leave is transferable from any state agency to the employing institution if employment with the institution occurs within one calendar year of separation of service with the state agency. In the event of a Reduction in Force, sick leave is transferable if reemployment occurs within two calendar years.

10. Sick leave may be used by the employee when:

10.1 The employee is unable to work due to a mental or physical condition (including maternity).

10.2 The employee has an appointment for the diagnosis or treatment of a medically related condition.

10.3 The employee wishes to attend to the needs of an eligible family member who is ill or to assist them in obtaining other services related to their health. Eligible family members include the employee’s spouse, parent (natural, adoptive, foster, and step-parent); child (natural, adoptive, foster, and step-child); or any other family member who is financially or legally dependent upon the employee or who resides with the employee for the purpose of the employee providing care to the family member.

10.4 Sick leave used for the purposes described in 10.3 shall not exceed eighty (80) hours per calendar year.

10.5 In the case of a serious health condition of an eligible family member, an employee may take up to a total of four-hundred-eighty (480) hours of sick leave in any twelve-month (12) period, including the eighty (80) hours in section 10.4 above.

10.6 The employee is caring for a newborn child or for a child placed with the employee, by a licensed child-placing agency, for adoption or as a precondition to adoption, but not both. Sick leave in such cases is limited to six (6) weeks during the first six (6) months from birth or placement.

10.7 The employee seeks for oneself or to assist a parent, child, spouse, sibling, or any other individual who regularly resides in the household or who within the prior six months regularly resided in the household, with the consequences of domestic violence, a sex offense, stalking, or terrorizing. Sick leave may be used to seek legal or law enforcement remedies; treatment by a health care provider for physical or mental injuries; obtain services from a domestic violence shelter, rape crisis center, or social services program; obtain mental health counseling; and participate in safety planning, relocation or other actions to increase the employee’s or immediate family member’s safety from future domestic violence, a sex offense, stalking or terrorizing. The immediate supervisor may limit the use of sick leave for this section to forty (40) hours per calendar year.
11. The accrual of sick leave shall be prorated for the pay period in which employment begins or ends.

12. Sick leave is not accrued during developmental leaves or leaves of absence without pay.

13. Accumulated sick leave may be used for any period(s) of actual disability caused or contributed to by pregnancy. Beyond the period of disability, an employee may request use of annual leave, family leave, and/or leave without pay to provide for an extended post-delivery period away from work.

14. Leave requests are processed on an on-going basis. The approving supervisor is responsible for verifying leave balances before approving. Corrections to leave will be handled by the Office of Human Resources and Payroll.

**SECTION:** 149 Leave Without Pay

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? ☐ Yes ☒ No
   
   - During Time, Labor, and Absence Management (TLAB) NDUS System Office provided feedback that there were too many instances where leave without pay was being used when employees had available sick leave balance available to use. Also indicated that majority of leave without pay instances for less than 1 day did not appear consistent with NDSU’s Policy 149 for purposes outlined.
   
   - Policy 149 Leave Without Pay:
     - “Leave without pay may be authorized for benefited employees, who have maintained a record of good performance, for purposes such as education, research, temporary employment with another university, governmental, or private agency when such employment will contribute to the employee's expertise in his or her field and make the employee more effective upon return to employment, literary pursuits, or any other purpose that will improve the employee professionally and will directly or indirectly benefit the institution or system. In addition, a leave without pay may be granted for necessary absences due to illness (when family medical leave is not available or has expired) or other important matters.”
     
   - With the implementation of TLAB, when leave is taken in less than 1 day increments it causes leave accruals to be inaccurate, resulting in a need to manually go in and adjust.
   
   - The revisions clarify that leave without pay be requested in full day increments, and that if an employee has applicable paid leave to use, it be used prior to requesting leave without pay.

SECTION 149
LEAVE WITHOUT PAY

SOURCE: SBHE Policy Manual, Section 701.1

1. Leave without pay may be authorized for benefited employees, who have maintained a record of good performance, for purposes such as education, research, temporary employment with another university, governmental, or private agency when such employment will contribute to the employee's expertise in his or her field and make the employee more effective upon return to employment, literary pursuits, or any other purpose that will improve the employee professionally and will directly or indirectly benefit the institution or system. In addition, a leave without pay may be granted for necessary absences due to illness (when family medical leave is not available or has expired) or other important matters. Leave without pay must be requested in full day increments.

2. Requests for leave without pay for the President shall be approved by the Board. Requests for leave without pay for institution employees shall be approved by the institution president or designee.

All Employees

In cases where a leave without pay is requested due to sickness, the employee may be requested to provide medical certification to verify the existence of a health condition including date of commencement and probable duration of the illness. An employee is required to use applicable, accrued paid and donated leave and compensatory time before requesting leave without pay.

Broadbanded Employees

Leave without pay for a period of less than 21 working days may be authorized by the department head. Leave without pay for 21 or more working days requires advance approval of the appropriate vice president and should be requested through the Office of Human Resources/Payroll.

Leave may not be granted for a period in excess of one calendar year, except for military service. Failure of an employee to report for duty or reinstatement on expiration of leave granted is cause for automatic termination.

Externally Funded Research Faculty

Research faculty (so designated by their titles) who are funded totally on externally generated funds may, when their project and funding are completed, request a leave without pay while they submit proposals for additional funding. Such a leave must be approved as other leaves without pay but allows the research faculty member to retain their research faculty title and use it when submitting funding proposals. Research faculty applying for a leave without pay under these circumstances should follow the NDSU Guidelines below but use the Leave Without Pay form, located on the Provost’s web page.

3. An employee who is on an approved leave of absence without pay may continue to be covered by employer benefits (health, basic life and employee assistant program) and/or voluntary benefits (optional life, dental, etc.) provided:
a) the employee remits the appropriate premium(s) to the Human Resources/Payroll Office, 
b) such coverage is not inconsistent or contrary to insurance contracts, and 
c) such coverage would not be contrary to State law.

4. Leave of absence shall be granted with assurance of reinstatement to the same position or to other 
employment in the department recommending the leave unless circumstances make it clearly 
impractical.

5. Employees on leave without pay shall retain their year's service rights and accumulated benefits 
but shall earn no additional benefits.

6. **NDSU Guidelines** Proposals for leave of absence without pay shall be in writing and submitted on 
the University’s [Leave Without Pay form](#) (located on the Provost’s web page) for approval through 
appropriate channels. An individual requesting a leave without pay for a reason other than illness 
should inform the department chair or unit administrator at least six months prior to the 
anticipated leave and submit the request for administrative approval at least three months prior to 
the leave.

No proposal for leave without pay shall be approved unless the employee agrees, in writing, to 
provide notification to the University by a specific date of the employee's resignation or of the 
employee's intent to return to NDSU. The date is to be negotiated prior to approval of the proposal.

Failure by the employee after a specific request by the responsible supervisor to either provide the 
notification of the intent to return or to submit a resignation by the required date shall be deemed 
to be a resignation.

SECTION 156
DISCRIMINATION, HARASSMENT, AND RETALIATION COMPLAINT PROCEDURES

SOURCE: NDSU President

1. INTRODUCTION

1.1 North Dakota State University (NDSU) prohibits discrimination in its employment decisions and educational programs and activities on the basis of age, color, gender expression/identity, genetic information, marital status, national origin, physical or mental disability, pregnancy, public assistance status, race, religion, sex, sexual orientation, spousal relationship to current employee, status as a U.S. veteran, or participation in lawful activity off NDSU’s premises during nonworking hours which is not in direct conflict with the essential business-related interests of NDSU, or other protected classes as defined by federal, state, or local law. (See NDSU Section 100, Equal Opportunity and Non-Discrimination Policy).

1.2 NDSU is committed to providing a safe and non-discriminatory learning, living, and working environment for all members of its university community. Specifically, NDSU is committed to taking action to:

1) Stop discrimination;
2) Remedy the effects of discrimination;
3) Prevent the recurrence of discrimination; and
4) Educate the university community about their rights and responsibilities regarding discrimination.

1.3 NDSU has committed itself to the establishment and adoption of procedures to resolve complaints of discrimination in violation of NDSU’s Equal Opportunity and Non-Discrimination Policy, including complaints of harassment or retaliation. A central purpose of these complaint procedures is to provide a system at NDSU to conduct adequate, reliable, and impartial investigations of complaints of discrimination. NDSU’s primary concern is to enact and implement complaint procedures that encourage reporting of discrimination and that ensure the rights of NDSU students, employees, and all other participants in its educational programs and activities are protected.

2. DEFINITIONS

2.1 Discrimination – Different or unequal treatment of an individual (or group), based on one or more of the protected classes of the individual (or group), except as where permitted or required by law, that negatively affects their education, employment, or other participation in educational programs or activities.

2.1.1 Protected classes for purposes of these procedures are: age, color, gender expression/identity, genetic information, marital status, national origin, physical or mental disability, pregnancy, public assistance status, race, religion, sex, sexual orientation, spousal relationship to current employee, status as a U.S.
veteran, or participation in lawful activity off NDSU’s premises during nonworking hours, which is not in direct conflict with the essential business-related interests of NDSU. (See NDSU Section 100, Equal Opportunity and Non-Discrimination Policy).

2.2 **Discrimination complaint** – A complaint alleging discrimination in violation of NDSU’s Equal Opportunity and Non-Discrimination Policy, including complaints of harassment or retaliation.

2.3 **Equity Director** – For purposes of these procedures, the Equity Director is NDSU’s Vice Provost and Title IX/ADA Coordinator.

2.4 **Equity Office** – For purposes of these procedures, the Equity Office is NDSU’s Office of the Vice Provost for Faculty and Equity.

2.5 **Harassment** - A form of discrimination: unwelcome oral, written, graphic, or physical conduct, based on one or more of the protected classes (see 2.1.1) of an individual (or group), that is sufficiently severe, persistent, or pervasive so as to unreasonably interfere with their education, employment, or other participation in educational programs or activities or that creates a working, learning, or educational program or activity environment that a reasonable person would find hostile, intimidating, or abusive. Harassment may include, but is not limited to, threats, physical contact or violence, offensive jokes, insults or put-downs, slurs or name calling, vandalism/graffiti, or offensive objects or pictures. Petty slights, annoyances, and isolated incidents (unless very serious) typically do not rise to the level of harassment.

3. **FILING A DISCRIMINATION COMPLAINT**

3.1 Current or former NDSU students or employees, applicants for admission or employment, or any other participants in NDSU’s educational programs or activities, or any group thereof, are encouraged to file a complaint if they believe they have been discriminated against in violation of NDSU’s Equal Opportunity and Non-Discrimination Policy, which may include a complaint of harassment or retaliation. A complaint may be filed concerning alleged discriminatory conduct that occurred on NDSU’s premises or off campus.

3.1.1 **How to file a discrimination complaint** - A discrimination complaint is initiated by completing a NDSU Discrimination/Harassment/Retaliation Complaint Form (Complaint Form) and filing it with the Equity Director. The Complaint Form can be submitted via email at ndsu.eoaa@ndsu.edu or by bringing it to the Equity Office. The Equity Office is available to assist with completing the Complaint Form as needed.

Anyone who would like to file a complaint is encouraged to consult with the Equity Director or the Office of Equal Opportunity and Non-Discrimination before filing a complaint. The Office of Equal Opportunity and Non-Discrimination will provide information and guidance to individuals considering filing a complaint and assist them in filing a complaint if they wish to do so. The Office of Equal Opportunity and Non-Discrimination will maintain confidentiality to the extent possible consistent with the requirements of law. Unless the Equity Director agrees otherwise in writing, the Complaint Form must be submitted within 180 calendar days of the most recent incident of discrimination.

3.1.3 **Confidentiality cannot be guaranteed** - Depending on the nature of the discrimination complaint, NDSU will keep the complaint and its investigation confidential to the extent that it is possible. However, confidentiality cannot be guaranteed under these procedures as NDSU may have an obligation to take specific actions once aware of alleged discriminatory conduct.

3.1.4 **Confidential support resources** - If seeking a confidential resource, NDSU students may contact the NDSU Counseling Center at 212 Ceres Hall, NDSU Main Campus, 701-231-7671 and the Student Health Service (Wallman Wellness Center, NDSU Main Campus, 701-231-7331). ### 4. RETALIATION PROHIBITED

#### 4.1 NDSU encourages reporting of discrimination and will not discipline any individual (or group) who makes a good faith report of discrimination. Any individual (or group) reporting discrimination or otherwise participating in these procedures is entitled to protection from retaliation as a result of their activity under these procedures. Retaliation may include, but is not limited to, intimidation, harassment, reprisal, or other negative changes in education or employment. Anyone who believes they have been retaliated against for their participation under these procedures is encouraged to file a Complaint Form, which will be
processed under these procedures as a separate matter from the originally filed discrimination complaint, if any. Anyone found responsible for retaliation will be subject to disciplinary action, up to and including termination or expulsion.

5. REMEDIAL MEASURES

5.1 Upon receipt of a discrimination complaint or as otherwise informed of alleged discrimination under these procedures, NDSU will, where appropriate, take reasonable steps to remedy the harm to those affected by discriminatory conduct. Remedial measures may include, but are not limited to, a no contact directive, a safety plan, residence modifications, academic modifications and support, work schedule and/or location modifications, parking modifications, referral to counseling or other health services, administrative leave, temporary suspension, or any other measure deemed appropriate by NDSU.

6. PRELIMINARY EVALUATION OF DISCRIMINATION COMPLAINT

6.1 Preliminary evaluation determination - The Equity Director will evaluate the discrimination complaint and decide to either: (1) pursue further action; or (2) dismiss the discrimination complaint. A discrimination complaint may be dismissed if: (1) it fails to allege any facts that suggest discrimination, harassment, or retaliation; or (2) an appropriate resolution or remedy has already been achieved. NDSU will not dismiss a complaint because it alleges discriminatory conduct that took place off campus. Rather, in the course of its investigation of the complaint, NDSU will determine whether the alleged off-campus conduct: (1) occurred within the context of an educational program or activity; and/or (2) has created or reasonably may create a hostile educational or work environment.

Unless there are extenuating circumstances, the preliminary evaluation will be completed within 3 business days of receipt of the discrimination complaint and the decision will be provided in writing to the individual (or group) who filed the complaint. If the Equity Director requires further information from the individual (or group) who filed the discrimination complaint before making a decision, the decision will be made within 3 business days of receipt of the additional information requested. In the case of a dismissal, the Equity Director may provide information or guidance regarding other avenues for support or resolution of the complaint, if appropriate and available.

If the complaint is dismissed, the Reporting Party may submit a request for reconsideration of the complaint within 3 business days of receipt of the preliminary evaluation determination. The Reporting Party may submit additional documentation or information that supplements the original complaint. This may include, but is not limited to, additional evidence or names of witnesses. Complaints resubmitted with no additional information will not be reviewed for reconsideration. Submit all reconsiderations to the Equity Director or by contacting the Equity Office in Suite 201, Old Main, NDSU Main Campus, 701-231-7708, ndsu.eoa@ndsu.edu. As needed, the Equity Office is available to facilitate finding a resource to assist the party with completing a request for reconsideration.

6.2 Notice of action – If the Equity Director determines that further action on a discrimination complaint is warranted, the Equity Office will provide written notice to the individual (or group) who filed the discrimination complaint and the individual (or group) against whom the complaint was filed (collectively, the Parties) within 3 business days of the determination made pursuant to 6.1 unless there are extenuating circumstances that delay the proposed timeline. The written notice will include, at a minimum: (1) the names of the Parties; (2) the
basis for the discrimination complaint; (3) a statement that retaliation is prohibited; (4) a statement that requested responses or documentation must be provided in a timely manner; and (5) a description of the resolution process, including a copy of the relevant procedures. A modified notice of action may also be provided to an administrator, supervisor, or the Student Affairs Office who has control over the environment in which the alleged discriminatory conduct took place. The intent of the modified notice of action is to preserve confidentiality to the extent possible while also putting the administrator, supervisor, or Student Affairs Office on notice of their responsibility to monitor for retaliation or further discrimination.

7. INFORMAL RESOLUTION

7.1 Informal resolution defined - Informal resolution is a process in which the Parties attempt to agree upon the resolution of a discrimination complaint without a comprehensive investigatory and determination process. Unless there are extenuating circumstances, the entire informal resolution process will be completed within 30 calendar days of its initiation.

7.2 Informal resolution is optional - When providing the notice of action to the Parties, the Equity Office may inquire if the Parties are interested in attempting to resolve the discrimination complaint through informal resolution. The Parties will have 3 business days to individually decide if they would like to use informal resolution and should inform the Equity Office of their decisions in writing. The informal resolution process will only be used upon mutual agreement of the Parties. Either party may inform the Equity Office at any time that they want to discontinue their participation in the informal resolution process and the formal resolution process will commence. The Equity Director reserves the right to deny the Parties the option of using the informal resolution process if it is deemed to be inappropriate or inadequate as applied to a particular discrimination complaint.

7.3 Informal resolution process - Informal resolution may involve the Equity Office, the Student Affairs Office, administrators, supervisors, and/or external moderators working with the Parties to arrive at an appropriate and mutually agreeable resolution of the discrimination complaint. The informal resolution process will not require that the Parties meet face-to-face to resolve the discrimination complaint but may allow it, depending on the nature of the complaint and the power differential between the Parties.

7.4 Informal resolution agreement - If the Parties resolve the discrimination complaint through the informal resolution process, the Equity Office will draft an informal resolution agreement, which the Parties will sign. A signed copy of the informal resolution agreement will be provided to the Parties, as well as to any administrator, supervisor, or Student Affairs Office provided with a modified notice of action as described in 6.2. There is no available appeal of a signed informal resolution agreement.

8. FORMAL RESOLUTION

8.1 Formal resolution applicability - The formal resolution process will commence if: (1) either party elects to use the formal resolution process instead of the informal resolution process; (2) the Parties are unable to mutually agree upon a resolution under the informal resolution process; or (3) the Equity Director determines the informal resolution process is inappropriate or inadequate as applied to a particular discrimination complaint.

8.2 Comprehensive investigation - A properly trained investigator(s) from the Equity Office will conduct a comprehensive investigation under the formal resolution process in an adequate,
reliable, and impartial manner. Unless there are extenuating circumstances, including when the Parties are unable to mutually agree upon a resolution under the informal resolution process, a comprehensive investigation will commence within 5 business days of providing the notice of action to the Parties as described in 6.2. A comprehensive investigation will include the following steps, as relevant and available:

(1) An interview with each of the Parties;
(2) Interviews with witnesses identified by the Parties or determined otherwise; and
(3) A review of evidence provided by the Parties or collected otherwise; and
(4) An opportunity for the parties to submit questions of each other and/or the investigator(s). Upon receipt of any such questions, the investigators will determine which questions, if any are relevant, and present them to the intended recipient for a response. A review of submitted questions provided by the Parties for the investigator(s) to ask the Parties or witnesses.

Equal opportunity will be given to the Parties to access and present evidence during the investigation. The Parties will be provided with periodic status updates throughout the course of the investigation.

8.3 Investigator(s) - A staff member(s) in the Equity Office may conduct the comprehensive investigation of the discrimination complaint or the Equity Director may delegate investigative duties to another properly trained investigator(s). Within 3 business days of notice of the identity of an investigator(s), either party may provide the Equity Director with a written request asking that another investigator(s) be assigned if the party believes there is a conflict of interest with the investigator(s). Where appropriate, a new investigator(s) will be assigned and the Equity Director will provide the Parties with written notice of the newly assigned investigator(s).

8.4 Responsibilities of the Parties – Deadlines for completing actions under these procedures will be communicated in writing to the Parties, who must make every effort to comply with the deadlines communicated to them. Timeliness is particularly important under the formal resolution process as determinations may be made based on available information if a party fails to respond in a timely manner to action requested by an investigator(s). In extenuating circumstances, an extension to a deadline may be granted by the Equity Director and will be communicated in writing to the Parties.

8.5 Standard of proof – In all cases, the applicable standard of proof for determining responsibility for an alleged violation is consistent with NDSU Policy 601. If the investigation involves an alleged violation by a student, the investigation will use the a reasonable cause standard consistent with Policy 601. For all other investigations, the standard will be the applicable standard of proof under the formal resolution process is “preponderance of the evidence” – meaning, in order for an individual (or group) against whom a discrimination complaint was filed to be held responsible for discrimination, it must be determined that it is more likely than not that the individual (or group) violated NDSU’s Equal Opportunity and Non-Discrimination Policy, which may include harassment or retaliation. For student cases, the Equity Office will use the applicable standard of proof as specified in Policy 601, Code of Student Conduct.

In cases involving an alleged violation by an employee, the determination of responsibility shall be made by the investigator(s).
In cases involving an alleged violation by a student, the determination of responsibility shall be made by the Hearing Officer, consistent with the procedures detailed in NDSU Policy 601.

8.6 Preliminary determination investigative report - After an investigator(s) has finished the comprehensive investigation of a discrimination complaint, the investigator(s) will draft a preliminary investigative report. For complaints involving an alleged violation by a student, the report shall include the findings of the investigation along with a recommendation for dismissal of the complaint or a recommendation of pursuing charges. If there is reasonable cause to believe that a violation has occurred, the recommendation shall be to pursue charges; if such reasonable cause is not present, the complaint shall be dismissed. Reasonable cause is a lower standard than preponderance of the evidence, and shall mean that there are just or legitimate grounds to believe that a violation has occurred.

Unless there are extenuating circumstances, the report will be drafted within 30 calendar days of initiation of the comprehensive investigation. The report will be provided to the Parties and, if applicable, a Review Committee as determined by the Equity Office (see 8.7). The Parties will have 5 business days from receipt of the report to respond to the preliminary investigative report and/or any information found in the report in writing. As needed, the Equity Office is available to facilitate finding a resource to assist a party with putting its response in writing. For all other complaints, the report shall include the findings and determine whether that states whether the individual (or group) against whom the complaint discrimination complaint was filed is responsible for a violation, discrimination, including harassment or retaliation, by a preponderance of the evidence. The report will also include, at a minimum, a summary of the relevant information gathered during interviews and otherwise that informed the preliminary determination investigation. Unless there are extenuating circumstances, the report will be drafted within 30 calendar days of initiation of the comprehensive investigation. The report will be provided to the Parties and the review committeeReview Committee (see 8.7). The Parties will have 5 business days from receipt of the report to respond in writing to dispute the preliminary determination investigative report and/or any information found in the report in writing. Prior to meeting, Review Committee members will review the preliminary investigatory report and any written response to the report made by the Parties. In limited circumstances, the Review Committee may request that the investigator(s) gather additional information if the committee decides it cannot make a recommendation without the additional information. In that case, each party will be provided with the additional information gathered and will have the opportunity to respond to it in writing.

8.8 Final determination investigatory report - Upon completion of any feedback provided by a Review Committee, the preliminary investigation report will become the final investigatory report. Prior to meeting, review committee Review Committee members will review the preliminary determination investigatory report and any written response to the report made by the Review Committee. The review committee Review Committee members may ask the investigator(s) who issued the preliminary determination investigatory report to be available during their meeting in order to answer questions related to the investigation and to provide access to documentation in the investigative file as needed. In limited circumstances, the review committee Review Committee may request that the investigator(s) gather additional information if the committee decides it cannot make a determination recommendation without the additional information. The Vice Provost for Student Affairs or designee may recommend for dismissal of the complaint or a recommendation of pursuing charges. If there is reasonable cause to believe that a violation has occurred, the recommendation shall be to pursue charges; if such reasonable cause is not present, the complaint shall be dismissed.

The final investigatory report for employees will include recommended disciplinary action, if any, in addition to a finding as to whether, discriminatory conduct, including harassment or retaliation, occurred. The final investigatory report as well as notice of the right to appeal for employees as afforded in 8.12, will be provided in writing to the Parties.
Disciplinary action for discriminatory conduct - NDSU does not tolerate discrimination, including harassment or retaliation, and will take appropriate disciplinary action against anyone found responsible for discrimination. Students found responsible for discrimination under the procedures in Rights and Responsibilities of Community: A Code of Student Conduct (Section 601) will be subject to disciplinary action, up to and including expulsion. Employees found responsible for discrimination under these procedures will be subject to disciplinary action, up to and including termination. The disciplinary action recommended by the Review Committee will depend on the severity of the discriminatory conduct and whether the individual (or group) was previously found responsible for discrimination.

Imposition of disciplinary action - Disciplinary action will be imposed by the appropriate administrator or supervisor on behalf of NDSU. If neither party exercises the right to appeal as afforded in 8.12, the Equity Director will either: (1) notify any administrator or supervisor (for employees) or supervisor Student Affairs Office (for students) provided with a modified notice of action as described in 6.2 that the matter has been resolved without recommended disciplinary action; or (2) provide the final determination investigative report to the appropriate administrator or supervisor, or Student Affairs Office whether previously provided a modified notice of action as described in 6.2 or otherwise, and consult with the administrator, or, supervisor, or Student Affairs Office regarding imposition of the recommended disciplinary action. If either party exercises the right to appeal, (1) or (2) will be conducted by the Equity Director once the appeal process has concluded.

Disciplinary action will be imposed for employees by the appropriate administrator or supervisor on behalf of NDSU. If the administrator or supervisor disagrees with the recommended disciplinary action, the administrator or supervisor must provide its basis for disagreement in writing to the Equity Director within 3 business days of receipt of the final determination. If either party exercises the right to appeal, (1) or (2) will be conducted by the Equity Director once the appeal process has concluded.

Disciplinary action will be imposed for students pursuant to the procedures outlined in Rights and Responsibilities of Community: A Code of Student Conduct (Section 601) after it has been determined whether there was a violation. These procedures include the notification of the findings of the pre-hearing hearing, sanctions, terms and conditions, and the appeal process.

Conclusion of formal resolution - Excluding any appeal, the formal resolution process will be completed within 60 calendar days of the date the discrimination complaint was filed unless there are extenuating circumstances. Any reason for an extension to the 60 calendar day deadline will be communicated in writing to the Parties.

Appeal of final determination investigative report - Within 5 business days of receipt of the final determination investigative report either party may appeal the determination investigative report by completing a NDSU Discrimination Appeal Form (Appeal Form) and filing it with the Equity Director. The Appeal Form is available online at https://www.ndsu.edu/equity/forms/ or by
9. INTERSECTION WITH OTHER RELEVANT NDSU POLICIES

9.1 The procedures described above do not eliminate the rights of a party to subsequently participate in pre-disciplinary action review and/or an appeal as afforded elsewhere under NDSU policy. Furthermore, for purposes of these procedures, an appeal process available to the individual (or group) against whom a discrimination complaint was filed must be available to the individual (or group) who filed the discrimination complaint.

9.2 Nonbanded, nonacademic staff – The applicable policy for nonbanded, nonacademic staff regarding subsequent pre-disciplinary action review and/or an appeal is NDSU Section 183, Nonrenewal and Dismissal of Nonbanded, Nonacademic Staff.

9.3 Regular staff employees – The applicable policies for regular staff employees regarding subsequent pre-disciplinary action review and/or an appeal are NDSU Section 220, Staff Job Discipline/Dismissal and NDSU Section 231, Appeal Procedure for Disciplinary and Reduction in Force Actions.

9.4 Faculty – The applicable policies for faculty regarding subsequent pre-disciplinary action review and/or an appeal are NDSU Section 350.3, Board Regulations on Nonrenewal, Termination or Dismissal of Faculty and NDSU Section 350.4, Board Regulations on Hearings and Appeals.

10. NOTICE OF MANDATORY REPORTING RESPONSIBILITIES AND TRAINING

10.1 It is the responsibility of the entire university community to foster a safe and non-discriminatory learning, living, and working environment. NDSU employees have specific responsibilities when they observe discrimination or receive a report of discrimination.

contacting the Equity Office in Suite 201, Old Main, NDSU Main Campus, 701-231-7708, ndsu.eoaa@ndsu.edu. The Appeal Form can be submitted via email at ndsu.eoaa@ndsu.edu or by bringing it to the Equity Office. As needed, the Equity Office is available to facilitate finding a resource to assist a party with completing the Appeal Form.

The grounds upon which a party can request an appeal are: (1) the recommended disciplinary action is substantially disproportionate to the findings; (2) procedural error led to an improper final determination/investigative report; and/or (3) new evidence that was previously unavailable should be considered as it could have had a significant impact on the final determination/investigative report. If an appeal is granted under (3), the Equity Director will require that the review committee meet again to determine if the final determination/investigative report should be altered in light of the new evidence. The party who did not provide the new evidence will have the opportunity to respond to the evidence in writing. If the final determination/investigative report is altered under (3), the Parties will be afforded the opportunity to appeal again under (1) and/or (2) within 5 business days of receipt of the altered final determination/investigative report. If an appeal is granted under (1) or (2), the Equity Director will evaluate the final determination/investigative report in an impartial manner in light of the information found in the Appeal Form and will alter or reaffirm the final determination/investigative report accordingly. Unless there are extenuating circumstances, the appeal process will be completed within 10 business days of submission of the Appeal Form and the results will be provided in writing to the Parties. In cases in which there is a conflict of interest, such as when the grounds for appeal involve action taken by the Equity Director, the Provost will conduct the appeal process.
NDSU employees must not dissuade an individual (or group) from providing them with a report of discrimination but should inform the individual (or group) of their mandatory reporting responsibilities as described below.

10.1.1 **Observance of discrimination** - All NDSU employees who observe discrimination, including harassment or retaliation, must document the discrimination and contact the Equity Office in accordance with 10.2.

NDSU supervisors, managers, department heads, deans, directors, or administrators who receive a report of discrimination involving employees, including harassment or retaliation, must document the report and contact the Equity Office in accordance with 10.2. The provisions of 10.1.2 do not apply to confidential support resources providing services as described in 3.1.4.

10.2 To comply with 10.1.1 or 10.1.2, NDSU employees must promptly complete and submit an NDSU Discrimination/Harassment/Retaliation Report Form (Report Form) to the Equity Director. The Report Form is available online at https://www.ndsu.edu/equity/forms/ or by contacting the Equity Office in Suite 201, Old Main, NDSU Main Campus, 701-231-7708, ndsu.eoaa@ndsu.edu. The Report Form can be submitted via email at ndsu.eoaa@ndsu.edu or by bringing it to the Equity Office. The Equity Office can assist with completing the Report Form as needed. 12. **FILING WITH AN EXTERNAL AGENCY**

Section 333
Class Attendance Policy and Procedure

Source: NDSU Faculty Senate Policy

1. Attendance

Attendance in classes is expected and important. (The term “class” includes class, online class, laboratory, field trips, group exercises, or other activities.) However, there are instances in which students are unable to attend class and in which those absences must be excused. These instances are described in the following sections. Absences not covered by this policy are excusable at the discretion of the instructor. Class attendance policies may not have discriminatory effect (intentional or unintentional) on members of a protected class (see NDSU Policy 100). Students and instructors should note that the NDSU Student Health Service does not provide students with excuses for class absences or tardiness due to illness or injury.

2. Instructor Responsibility

a. Students must be clearly informed on the first day of class in writing in the syllabus (1) of class policy regarding class absence (including if supporting documentation is required; and (2) of class policy for making up missed assignments. It is recognized that sometimes an assignment is impossible to make-up.

b. Excused students should be given reasonable opportunity to make up work missed due to the absence, if possible. Suggestions for best practices for managing make up work are available through the Provost’s Office.

3. Student Responsibilities and Recourse

Students who anticipate excusable absences shall notify the instructor as soon as possible, preferably by the third week of class, but no later than one week before the absence. In the case of unanticipated excusable events, the student needs to contact the instructor as soon as possible. Students have the responsibility to visit with the instructor if exams or assignments are scheduled during times where absences are required.

Students who feel that they are being treated unfairly through class policies may file a grievance or complaint through the Provost’s Office by following directions at https://www.ndsu.edu/provost/academics/student_grievances/.

4. University Sanctioned Events
North Dakota State University values and supports the required participation of students in university sanctioned activities. A university sanctioned event or activity shall be one in which a student represents the university to external constituencies in academic or extra-curricular activities. These include but are not limited to mandatory participation as a student athlete in NCAA-sanctioned competition, student government congresses, performing arts outreach, exhibitions, competitions, academic meetings, and conferences.

5. PREGNANT STUDENTS

Absences due to pregnancy or related conditions, including recovery from childbirth, shall be excused for as long as the student’s doctor deems the absences medically necessary. When the student returns to class the student must be provided the opportunity to make up any work missed. Alternatives include allowing the student to take an incomplete and complete the course at a later date, or retaking the course or taking an online course. Further, recognizing the need for flexibility when childcare responsibilities impact a student, instructors are encouraged to accommodate students with childcare responsibilities.

6. RELIGIOUS ACCOMMODATIONS

Religious observances may require absence from a class session and other required class activities. A student who is to be excused from class for a religious observance is not required to provide a second party certification of the reason for the absence. A list of common religious holidays and events is available through the Equity Office.

7. OTHER EXCUSED ABSENCES

   a. Legally mandated absences such as jury duty or court subpoena.

   b. Absences due to military duty or veteran status, including service related medical appointments where failure to appear might result in a loss of benefits.

1. GENERAL PHILOSOPHY

   a. Attendance in classes is expected. Only the course instructor can excuse a student from course responsibilities. (The term course includes class, laboratory, field trips, group exercises, or other activities.)

   b. If class attendance is a component of the course grade, the course instructor must clearly communicate this to the class in writing in the syllabus.

2. FACULTY RESPONSIBILITY

   a. The course instructor must clearly inform students on the first day of class and in writing in the syllabus (1) of their policy regarding class absence (including if supporting documentation is required; and (2) policy for making up missed assignments. It is recognized that sometimes an assignment is impossible to make up.
b. The course instructor must exercise a fair and consistent standard for resolving questions of missed assignments, the type, extent, manner, and time frame of the make-up assignments.

3. STUDENT RESPONSIBILITY

a. Students are responsible for informing course instructors of absences. If absences are known (e.g., university sanctioned activity, such as student government, judging, clubs, athletic competition, fine arts performances), course instructors shall be informed with written notification as far in advance as possible (preferably a two-week notice). Where advance notification is not possible (e.g., illness, family emergency), students should contact their course instructor as soon as possible about the absence. Veterans and student servicemembers with special circumstances or who are activated, to include State Active Duty, are encouraged to notify the instructor as soon as possible, provide Activation Orders if possible, and inform the NDSU Office of Military and Veterans Services to facilitate a smooth exit from and successful re-entry to the University.

b. When a student misses class for any reason, the student is responsible for contacting the instructor to make arrangements to follow the course instructor’s policy in making up any missed assignments, if permitted.

SECTION 152.2
MEMBERSHIP IN PROFESSIONAL AND SERVICE ORGANIZATIONS

SOURCE: NDSU President

1. Employees are encouraged to join and participate in professional and service organizations.

2. Normally, dues and membership fees are the employee's own personal responsibility. The University may pay organization or institutional fees in professional and service organizations when the membership is regarded, either by the organization or the University, as an institutional membership or is otherwise considered directly beneficial to the University. In such cases, all benefits of membership, such as resource materials, belong to the University. All such funded memberships must be approved by the employee's supervisor who has budgetary responsibility for the unit or division. For the colleges of the University, this shall mean the Dean.

3. Paid membership fees in professional and service organizations are also allowable when they are an allowable cost pursuant to a sponsored grant or contract pursuant to NDSU Policy 812(12). Approval must still be obtained pursuant to subsection 2.

4. No other funded memberships are authorized unless specifically approved by a Vice President or the President.

SECTION: 130 Annual Leave

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? ☐ Yes ☐ No
   - During Time, Labor, and Absence Management (TLAB) NDUS System Office provided feedback that there were too many instances where leave without pay was being used when employees had available annual leave balance available to use. Also indicated that majority of leave without pay instances for less than 1 day did not appear consistent with NDSU’s Policy 149 for purposes outlined.
   - Policy 149 Leave Without Pay:
     - “Leave without pay may be authorized for benefited employees, who have maintained a record of good performance, for purposes such as education, research, temporary employment with another university, governmental, or private agency when such employment will contribute to the employee’s expertise in his or her field and make the employee more effective upon return to employment, literary pursuits, or any other purpose that will improve the employee professionally and will directly or indirectly benefit the institution or system. In addition, a leave without pay may be granted for necessary absences due to illness (when family medical leave is not available or has expired) or other important matters.”
   - With the implementation of TLAB, when leave is taken in less than 1 day increments it causes leave accruals to be inaccurate, resulting in a need to manually go in and adjust.

1. Annual leave with pay is earned by eligible employees for the purpose of freeing them from their regular duties to spend time in rest and recreation or to attend to personal matters. Upon approval, annual leave may only be used in place of regularly scheduled work hours and shall not cause overtime. Such leave should be programmed to insure that leave is taken rather than carried forward from year to year.

2. University operations govern annual leave periods. Consideration is given first to the convenience of the administration, departmental needs, then the employee’s departmental seniority and finally to the employee's preference. Annual leave is computed on the basis of the employee's hours/week, and months/year.

   2.1 The employee must obtain authorization from his/her department head before taking annual leave. The form of this authorization is to be determined by the respective department head.

   2.2 The employee is responsible for furnishing a leave request to their supervisor or department head with a completed “Notification of Employee Leave” card upon returning to work.

   2.3 The employee is required to use applicable accrued annual and compensatory time before authorized leave without pay. Leave without pay must be taken in full day increments.

3. Annual leave with pay for full-time benefited, broadbanded staff employees is earned on the basis of continuous service from date of employment as follows:

   First through third year - the equivalent of 12 days per year
   Fourth through seventh year - the equivalent of 15 days per year
   Eighth through twelfth year - the equivalent of 18 days per year
   Thirteenth through eighteenth year - the equivalent of 21 days per year
   Over eighteen years - the equivalent of 24 days per year

   Annual leave for full-time, non-banded employees in the following job categories is earned on the same basis as for staff employees: graduate research fellows (2230), graduate teaching fellows (2235), post doc research fellows (2240), research scientists (2420), extension program assistants (2530), and international exchange scientists (2810).

   Graduate teaching, research or service assistants and experiment station project assistants do not earn annual leave.

   3.1 Years of service shall be computed from the employment anniversary dates.
3.2 Annual leave for part-time staff employees and the non-banded employees identified above in 3 is earned on a prorated basis.

4. Presidents, executive deans, provosts, vice presidents, positions excluded from the broadbanding system, and other positions approved by the President or chancellor at the time of hire are entitled to accrue a minimum of twelve working days and a maximum of 24 working days of annual leave each year to be taken at the convenience of the administration. Accrual rates for these employees are determined by the institution president. For any of these employees who are less than full-time, the annual leave will be prorated.

Each department may negotiate annual leave accrual on a case-by-case basis during the recruitment, with prior Presidential approval. Current benefitted employees are not eligible.

5. Annual leave for 12 month faculty and other non-banded job categories not identified in #3 above is earned at the rate of 16 hours per month, 24 days per year. Annual leave will be prorated for those who are less than full-time. For non-banded employees on 9, 10, or 11, month appointments, see Section 320.

6. All eligible employees may accumulate annual leave hours. Full-time employees may accumulate up to 30 working days or 240 hours which shall be carried forward on January 1st of each year. Part-time employees may accumulate up to the equivalent number of days or hours on a prorated basis. Any accumulation in excess of 30 days or 240 hours (or the equivalent on a prorated basis for part-time employees) on December 31st of each year shall be cancelled.

7. All employees eligible to accumulate annual leave must take at least forty hours (or the equivalent on a prorated basis for part-time employees) of annual leave each year, except for the year during which they are hired.

8. When a holiday occurs during annual leave, the holiday is not considered a day of annual leave time.

9. At the discretion of the department head and the concurrence of the Director of Human Resources/Payroll or designee, an employee may be granted annual leave in advance of the accumulation thereof up to a maximum of 40 hours. In rare cases, such as leave due to a workers compensation claim or shared leave, the HR/Payroll office may process leave which exceeds the 40 hour advance. Annual leave taken in advance of accumulation may be deducted from the employee's last paycheck provided the employee has signed an agreement authorizing the deduction. This agreement must be submitted to and approved by the Office of Human Resources and Payroll prior to the employee obtaining a negative accrual balance.

10. Benefited employees terminating employment must be paid for earned unused annual leave subject to all approved payroll matched reductions/deductions. "Unused annual leave" shall include any leave carried over from the previous year and all accrued leave up to the date of termination. Proper termination notice must be given and any unearned annual leave taken shall be deducted from the employee's last paycheck.

10.1 Annual leave earned by an employee on a 12 month appointment may not be carried forward by the employee to be used or paid for during the term of a subsequent appointment for less than 12 months and must be paid out.

If re-employment occurs within one calendar year, the re-employing institution shall credit the employee with prior years of service from any state agency in computing annual leave accrual rate.

13. When employment begins or ends during a pay period, the accrual of annual leave shall be prorated for the pay period when the employee is hired or terminated and does not work a full pay period.

14. Leave requests are processed on an on-going basis. The approving supervisor is responsible for verifying leave balances before approving. Corrections to leave will be handled by the Office of Human Resources and Payroll.

Policy Change Cover Sheet

This form must be attached to each policy presented. All areas in red, including the header, must be completed; if not, it will be sent back to you for completion.

If the changes you are requesting include housekeeping, please submit those changes to ndsu.policy.manual@ndsu.edu first so that a clean policy can be presented to the committees.

SECTION: 143 Sick Leave

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? □ Yes □ No
   - During Time, Labor, and Absence Management (TLAB) NDUS System Office provided feedback that there were too many instances where leave without pay was being used when employees had available sick leave balance available to use. Also indicated that majority of leave without pay instances for less than 1 day did not appear consistent with NDSU’s Policy 149 for purposes outlined.
   - Policy 149 Leave Without Pay:
     - “Leave without pay may be authorized for benefitted employees, who have maintained a record of good performance, for purposes such as education, research, temporary employment with another university, governmental, or private agency when such employment will contribute to the employee’s expertise in his or her field and make the employee more effective upon return to employment. Literary pursuits, or any other purpose that will improve the employee professionally and will directly or indirectly benefit the institution or system. In addition, a leave without pay may be granted for necessary absences due to illness (when family medical leave is not available or has expired) or other important matters.”
     - For serious health conditions, leave is typically designated as Family and Medical Leave act Eligible. NDSU Policy 135 FMLA states “an employee is required to use applicable, accrued paid and donated leave and compensatory time before authorized unpaid FMLA leave.”
     - With the implementation of TLAB, when leave is taken in less than 1 day increments it causes leave accruals to be inaccurate, resulting in a need to manually go in and adjust.

SECTION 143
SICK/DEPENDENT LEAVE

SOURCE: NDSU PRESIDENT

1. Sick leave, including maternity, is a benefit granted by the University to eligible employees and is not a benefit considered to be earned by the employee such as annual leave. It is an insurance benefit allowing employees to build a reserve of days they can use for their extended illnesses. Abuse of this benefit may be grounds for disciplinary action or termination. Employees are responsible for informing their supervisors prior to the start of their work schedule of their sickness.

1.1 The employing department may require satisfactory medical verification as deemed necessary by the department head prior to the payment of sick leave.

1.2 The employee is responsible for furnishing a leave request to their supervisor or department head with a completed "Notification of Employee Leave" card upon returning to work.

1.3 Sick leave may only be used in place of regularly scheduled work hours and shall not cause overtime.

1.4 The employee is required to use applicable accrued sick and compensatory time before authorized leave without pay. Leave without pay must be taken in full day increments.

2. Sick leave is granted on the basis of continuous service from date of employment for benefited staff employees, and benefited 12-month academic staff and other non-banded staff.

3. Sick leave for full-time eligible employees accrues based on rate per hour at a rate equivalent to 12 days per year. Sick leave for eligible part-time employees working 20 hours or more per week is granted on a prorated basis. Sick leave accumulation is unlimited.

4. Sick leave may be granted to employees who become ill while on vacation provided satisfactory medical proof of such illness is submitted.

5. When a holiday occurs during a paid sick leave, the holiday is not considered a day of sick leave.

6. Upon termination, employees with ten years of continuous state service will receive a payment equivalent to 10% of the dollar value of their accrued sick leave. The amount is computed on the basis of the employee's salary at the time of termination and shall be in the form of a lump-sum payment.

7. At the discretion of the department head and the concurrence of the Director of Human Resources/Payroll or designee, an employee may be granted sick leave in advance of the
accumulation thereof up to a maximum of 40 hours. In rare cases, such as leave due to a workers compensation claim or shared leave, the HR/Payroll office may process leave which exceeds the 40 hour advance. Sick leave taken in advance of accumulation may be deducted from the employee's last paycheck provided the employee has signed an agreement authorizing the deduction. This agreement must be submitted to and approved by the Office of Human Resources and Payroll prior to the employee obtaining a negative accrual balance.

8. Unless an approved leave of absence has been granted, an employee who is off the payroll for one year shall lose unused sick leave.

9. Accrued sick leave is transferable from any state agency to the employing institution if employment with the institution occurs within one calendar year of separation of service with the state agency. In the event of a Reduction in Force, sick leave is transferable if reemployment occurs within two calendar years.

10. Sick leave may be used by the employee when:

10.1 The employee is unable to work due to a mental or physical condition (including maternity).

10.2 The employee has an appointment for the diagnosis or treatment of a medically related condition.

10.3 The employee wishes to attend to the needs of an eligible family member who is ill or to assist them in obtaining other services related to their health. Eligible family members include the employee's spouse, parent (natural, adoptive, foster, and step-parent); child (natural, adoptive, foster, and step-child); or any other family member who is financially or legally dependent upon the employee or who resides with the employee for the purpose of the employee providing care to the family member.

10.4 Sick leave used for the purposes described in 10.3 shall not exceed eighty (80) hours per calendar year.

10.5 In the case of a serious health condition of an eligible family member, an employee may take up to a total of four-hundred-eighty (480) hours of sick leave in any twelve-month (12) period, including the eighty (80) hours in section 10.4 above.

10.6 The employee is caring for a newborn child or for a child placed with the employee, by a licensed child-placing agency, for adoption or as a precondition to adoption, but not both. Sick leave in such cases is limited to six (6) weeks during the first six (6) months from birth or placement.

10.7 The employee seeks for oneself or to assist a parent, child, spouse, sibling, or any other individual who regularly resides in the household or who within the prior six months regularly resided in the household, with the consequences of domestic violence, a sex offense, stalking, or terrorizing. Sick leave may be used to seek legal or law enforcement remedies; treatment by a health care provider for physical or mental injuries; obtain services from a domestic violence shelter, rape crisis center, or social services program; obtain mental health counseling; and participate in safety planning, relocation or other actions to increase the employee's or immediate family member's safety from future domestic violence, a sex offense, stalking or terrorizing. The immediate supervisor may limit the use of sick leave for this section to forty (40) hours per calendar year.
11. The accrual of sick leave shall be prorated for the pay period in which employment begins or ends.

12. Sick leave is not accrued during developmental leaves or leaves of absence without pay.

13. Accumulated sick leave may be used for any period(s) of actual disability caused or contributed to by pregnancy. Beyond the period of disability, an employee may request use of annual leave, family leave, and/or leave without pay to provide for an extended post-delivery period away from work.

14. Leave requests are processed on an ongoing basis. The approving supervisor is responsible for verifying leave balances before approving. Corrections to leave will be handled by the Office of Human Resources and Payroll.

SECTION 149
LEAVE WITHOUT PAY

SOURCE: SBHE Policy Manual, Section 701.1

1. Leave without pay may be authorized for benefited employees, who have maintained a record of good performance, for purposes such as education, research, temporary employment with another university, governmental, or private agency when such employment will contribute to the employee's expertise in his or her field and make the employee more effective upon return to employment, literary pursuits, or any other purpose that will improve the employee professionally and will directly or indirectly benefit the institution or system. In addition, a leave without pay may be granted for necessary absences due to illness (when family medical leave is not available or has expired) or other important matters. Leave without pay must be requested in full day increments.

2. Requests for leave without pay for the President shall be approved by the Board. Requests for leave without pay for institution employees shall be approved by the institution president or designee.

All Employees

In cases where a leave without pay is requested due to sickness, the employee may be requested to provide medical certification to verify the existence of a health condition including date of commencement and probability duration of the illness. An employee is required to use applicable, accrued paid and donated leave and compensatory time before requesting leave without pay.

Broadbanded Employees

Leave without pay for a period of less than 21 working days may be authorized by the department head. Leave without pay for 21 or more working days requires advance approval of the appropriate vice president and should be requested through the Office of Human Resources/Payroll.

Leave may not be granted for a period in excess of one calendar year, except for military service. Failure of an employee to report for duty or reinstatement on expiration of leave granted is cause for automatic termination.

Externally Funded Research Faculty

Research faculty (so designated by their titles) who are funded totally on externally generated funds may, when their project and funding are completed, request a leave without pay while they submit proposals for additional funding. Such a leave must be approved as other leaves without pay but allows the research faculty member to retain their research faculty title and use it when submitting funding proposals. Research faculty applying for a leave without pay under these circumstances should follow the NDSU Guidelines below but use the Leave Without Pay form, located on the Provost's web page.

3. An employee who is on an approved leave of absence without pay may continue to be covered by employer benefits (health, basic life and employee assistant program) and/or voluntary benefits (optional life, dental, etc.) provided:
a) the employee remits the appropriate premium(s) to the Human Resources/Payroll Office,
b) such coverage is not inconsistent or contrary to insurance contracts, and
c) such coverage would not be contrary to State law.

4. Leave of absence shall be granted with assurance of reinstatement to the same position or to other employment in the department recommending the leave unless circumstances make it clearly impractical.

5. Employees on leave without pay shall retain their year's service rights and accumulated benefits but shall earn no additional benefits.

6. **NDSU Guidelines** Proposals for leave of absence without pay shall be in writing and submitted on the University's [Leave Without Pay form](#) (located on the Provost’s web page) for approval through appropriate channels. An individual requesting a leave without pay for a reason other than illness should inform the department chair or unit administrator at least six months prior to the anticipated leave and submit the request for administrative approval at least three months prior to the leave.

   No proposal for leave without pay shall be approved unless the employee agrees, in writing, to provide notification to the University by a specific date of the employee's resignation or of the employee's intent to return to NDSU. The date is to be negotiated prior to approval of the proposal. Failure by the employee after a specific request by the responsible supervisor to either provide the notification of the intent to return or to submit a resignation by the required date shall be deemed to be a resignation.

basis for the discrimination complaint; (3) a statement that retaliation is prohibited; (4) a statement that requested responses or documentation must be provided in a timely manner; and (5) a description of the resolution process, including a copy of the relevant procedures. A modified notice of action may also be provided to an administrator, supervisor, or the Student Affairs Office who has control over the environment in which the alleged discriminatory conduct took place. The intent of the modified notice of action is to preserve confidentiality to the extent possible while also putting the administrator, supervisor, or Student Affairs Office on notice of their responsibility to monitor for retaliation or further discrimination.

7. INFORMAL RESOLUTION

7.1 Informal resolution defined - Informal resolution is a process in which the Parties attempt to agree upon the resolution of a discrimination complaint without a comprehensive investigatory and determination process. Unless there are extenuating circumstances, the entire informal resolution process will be completed within 30 calendar days of its initiation.

7.2 Informal resolution is optional - When providing the notice of action to the Parties, the Equity Office may inquire if the Parties are interested in attempting to resolve the discrimination complaint through informal resolution. The Parties will have 3 business days to individually decide if they would like to use informal resolution and should inform the Equity Office of their decisions in writing. The informal resolution process will only be used upon mutual agreement of the Parties. Either party may inform the Equity Office at any time that they want to discontinue their participation in the informal resolution process and the formal resolution process will commence. The Equity Director reserves the right to deny the Parties the option of using the informal resolution process if it is deemed to be inappropriate or inadequate as applied to a particular discrimination complaint.

7.3 Informal resolution process - Informal resolution may involve the Equity Office, the Student Affairs Office, administrators, supervisors, and/or external moderators working with the Parties to arrive at an appropriate and mutually agreeable resolution of the discrimination complaint. The informal resolution process will not require that the Parties meet face-to-face to resolve the discrimination complaint but may allow it, depending on the nature of the complaint and the power differential between the Parties.

7.4 Informal resolution agreement - If the Parties resolve the discrimination complaint through the informal resolution process, the Equity Office will draft an informal resolution agreement, which the Parties will sign. A signed copy of the informal resolution agreement will be provided to the Parties, as well as to any administrator, supervisor, or Student Affairs Office provided with a modified notice of action as described in 6.2. There is no available appeal of a signed informal resolution agreement.

8. FORMAL RESOLUTION

8.1 Formal resolution applicability - The formal resolution process will commence if: (1) either party elects to use the formal resolution process instead of the informal resolution process; (2) the Parties are unable to mutually agree upon a resolution under the informal resolution process; or (3) the Equity Director determines the informal resolution process is inappropriate or inadequate as applied to a particular discrimination complaint.

8.2 Comprehensive investigation - A properly trained investigator(s) from the Equity Office will conduct a comprehensive investigation under the formal resolution process in an adequate,
reliable, and impartial manner. Unless there are extenuating circumstances, including when the Parties are unable to mutually agree upon a resolution under the informal resolution process, a comprehensive investigation will commence within 5 business days of providing the notice of action to the Parties as described in 6.2. A comprehensive investigation will include the following steps, as relevant and available:

1. An interview with each of the parties;
2. Interviews with witnesses identified by the Parties or determined otherwise; and
3. A review of evidence provided by the Parties or collected otherwise; and
4. An opportunity for the parties to submit questions of each other and/or the witnesses. Upon receipt of any such questions, the investigators will determine which questions, if any are relevant, and present them to the intended recipient for a response. A review of submitted questions provided by the Parties for the investigator(s) to ask the Parties or witnesses.

Equal opportunity will be given to the Parties to access and present evidence during the investigation. The Parties will be provided with periodic status updates throughout the course of the investigation.

8.3 Investigator(s) - A staff member(s) in the Equity Office may conduct the comprehensive investigation of the discrimination complaint or the Equity Director may delegate investigative duties to another properly trained investigator(s). Within 3 business days of notice of the identity of an investigator(s), either party may provide the Equity Director with a written request asking that another investigator(s) be assigned if the party believes there is a conflict of interest with the investigator(s). Where appropriate, a new investigator(s) will be assigned and the Equity Director will provide the Parties with written notice of the newly assigned investigator(s).

8.4 Responsibilities of the Parties - Deadlines for completing actions under these procedures will be communicated in writing to the Parties, who must make every effort to comply with the deadlines communicated to them. Timeliness is particularly important under the formal resolution process as determinations may be made based on available information if a party fails to respond in a timely manner to action requested by an investigator(s). In extenuating circumstances, an extension to a deadline may be granted by the Equity Director and will be communicated in writing to the Parties.

8.5 Standard of proof - In all cases, the applicable standard of proof for determining responsibility for an alleged violation is consistent with NDSU Policy 601. If the investigation involves an alleged violation by a student, the investigation will use the “reasonable cause” standard consistent with Policy 601. For all other investigations, the standard will be the applicable standard of proof under the formal resolution process is “preponderance of the evidence” – meaning, in order for an individual (or group) against whom a discrimination complaint was filed to be held responsible for discrimination, it must be determined that it is more likely than not that the individual (or group) violated NDSU’s Equal Opportunity and Non-Discrimination Policy, which may include harassment or retaliation. For student cases, the Equity Office will use the applicable standard of proof as specified in Policy 601, Code of Student Conduct.

In cases involving an alleged violation by an employee, the determination of responsibility shall be made by the investigator(s).
8.6 **Preliminary determination investigative report** - After an investigator(s) has finished the comprehensive investigation of a discrimination complaint, the investigator(s) will draft a preliminary investigative report.

For complaints involving an alleged violation by a student, the report shall include the findings of the investigation along with a recommendation for dismissal of the complaint or a recommendation of pursuing charges. If there is reasonable cause to believe that a violation has occurred, the recommendation shall be to pursue charges; if such reasonable cause is not present, the complaint shall be dismissed. Reasonable cause is a lower standard than preponderance of the evidence, and shall mean that there are just or legitimate grounds to believe that a violation has occurred.

For complaints involving an alleged violation by a student, the report shall include the findings of the investigation along with a determination regarding the complaint. For all other complaints involving employees, the report shall include the findings of the investigation along with a determination whether the individual (or group) against whom the discrimination complaint was filed is responsible for discrimination, including harassment or retaliation.

The report will also include, at a minimum, a summary of the relevant information gathered during interviews and otherwise that informed the preliminary investigation. Unless there are extenuating circumstances, the report will be drafted within 30 calendar days of initiation of the comprehensive investigation. The report will be provided to the Parties and, if applicable, a Review Committee as determined by the Equity Office (see 8.7). The Parties will have 5 business days from receipt of the report to respond to the preliminary investigative report and/or any information found in the report in writing. As needed, the Equity Office is available to facilitate finding a resource to assist a party with putting its response in writing. After an investigator(s) has finished the comprehensive investigation of a discrimination complaint, the investigator(s) will draft a preliminary investigative report. For complaints involving an alleged violation by a student, the report shall include the findings of the investigation along with a recommendation for dismissal of the complaint or charges using the reasonable cause standard. For all other complaints, the report shall include the findings and determine whether the individual (or group) against whom the complaint discrimination complaint was filed is responsible for a violation of discrimination, including harassment or retaliation, by a preponderance of the evidence. The report will also include, at a minimum, a summary of the relevant information gathered during interviews and otherwise that informed the preliminary determination investigation. Unless there are extenuating circumstances, the report will be drafted within 30 calendar days of initiation of the comprehensive investigation. The report will be provided to the Parties and the review committeeReview Committee (see 8.7). The Parties will have 5 business days from receipt of the report to respond in writing to dispute the preliminary determination investigative report and/or any information found in the report in writing. As needed, the Equity Office is available to facilitate finding a resource to assist a party with putting its response in writing.

8.7 **Review committee** - A Review Committee, at the discretion of the Equity Office, will may be utilized to provide feedback on the preliminary investigative report. Upon
completion of the preliminary report, the Equity Office shall have the option of utilizing a Review Committee to provide advice and guidance regarding the preliminary report. Unless there are extenuating circumstances, a review committee will meet within 10 calendar days of issuance of the preliminary determination. The review committee will be comprised of no fewer than 3 properly trained NDSU faculty or staff members, and/or students that do not have a conflict of interest with the Parties. If a party believes there is a conflict of interest with a member(s) of the review committee, the party should follow the procedures and deadline established in 8.3 to dispute the member(s).

Prior to meeting, Review Committee members will review the preliminary investigatory report and any written response to the report made by the Parties. The Review Committee may ask the investigator(s) who issued the preliminary investigatory report to be available during their meeting in order to answer questions related to the investigation and to provide access to documentation in the investigative file as needed. In limited circumstances, the Review Committee may request that the investigator(s) gather additional information if the committee decides it cannot make a recommendation without the additional information. In that case, each party will be provided with the additional information gathered and will have the opportunity to respond to it in writing.

8.8 **Final determination investigatory report** - Upon completion of any feedback provided by a Review Committee, the preliminary investigation report will become the final investigative report. Prior to meeting, review committee members will review the preliminary determination investigatory report and any written response to the report made by the review committee. The review committee may ask the investigator(s) who issued the preliminary determination investigatory report to be available during their meeting in order to answer questions related to the investigation and to provide access to documentation in the investigative file as needed. In limited circumstances, the review committee may request that the investigator(s) gather additional information if the committee decides it cannot make a recommendation without the additional information. In that case, each party will be provided with the additional information gathered and will have the opportunity to respond to it in writing. Upon completion of the preliminary report if no Review Committee is utilized or upon completion of the Review Committee's work if a Review Committee is utilized, the preliminary investigation will become a final investigative report.

For complaints involving an alleged violation by a student, the final report shall be provided to the Student Affairs, and the Vice Provost for Student Affairs or designee shall make the determination as to how to proceed with adjudicating or dismissing complaints based upon the final investigation report. If the determination results in a recommendation for a finding of harassment or retaliation, the recommendation shall be pursued charges; if such reasonable cause is not present, the complaint shall be dismissed.

The final investigative report for employees will include recommended disciplinary action, if any, in addition to a finding as to whether, discriminatory conduct, including harassment or retaliation, occurred. The final investigative report as well as notice of the right to appeal for employees as afforded in 8.12, will be provided in writing to the Parties.

The final determination investigatory report will include recommended disciplinary action, if any, in addition to a finding as to whether, by a preponderance of the evidence, discriminatory conduct, including harassment or retaliation, occurred. The final
discriminatory conduct, as well as notice of the right to appeal as afforded in 8.12, will be provided in writing to the Parties. The final investigative report in cases where a student is the respondent will be provided to Student Affairs for the student adjudication process to commence as outlined in Rights and Responsibilities of Community: A Code of Student Conduct (Section 601).

8.9 Disciplinary action for discriminatory conduct - NDSU does not tolerate discrimination, including harassment or retaliation, and will take appropriate disciplinary action against anyone found responsible for discrimination. Students found responsible for discrimination under the procedures in Rights and Responsibilities of Community: A Code of Student Conduct (Section 601) will be subject to disciplinary action, up to and including expulsion. Employees found responsible for discrimination under these procedures will be subject to disciplinary action, up to and including termination. The disciplinary action recommended by the review committee will depend on the severity of the discriminatory conduct and whether the individual (or group) was previously found responsible for discrimination.

8.10 Imposition of disciplinary action - Disciplinary action will be imposed by the appropriate administrator or supervisor on behalf of NDSU. If neither party exercises the right to appeal as afforded in 8.12, the Equity Director will either: (1) notify any administrator or supervisor (for employees) or supervisor Student Affairs Office (for students) provided with a modified notice of action as described in 6.2 that the matter has been resolved without recommended disciplinary action; or (2) provide the final determination investigative report to the appropriate administrator or supervisor, or Student Affairs Office whether previously provided a modified notice of action as described in 6.2 or otherwise, and consult with the administrator, supervisor, or Student Affairs Office regarding imposition of the recommended disciplinary action. If either party exercises the right to appeal, (1) or (2) will be conducted by the Equity Director once the appeal process has concluded.

Unless there are extenuating circumstances, the appeal process will be completed within 10 business days of submission of the Appeal Form and the results will be provided in writing to the Parties. In cases in which there is a conflict of interest, such as —when the grounds for appeal involve action taken by the Equity Director, the Provost will conduct the appeal process.

SECTION 333  
CLASS ATTENDANCE POLICY AND PROCEDURE

SOURCE: NDSU Faculty Senate Policy

1. ATTENDANCE

Attendance in classes is expected and important. (The term “class” includes class, online class, laboratory, field trips, group exercises, or other activities.) However, there are instances in which students are unable to attend class and in which those absences must be excused. These instances are described in the following sections. Absences not covered by this policy are excusable at the discretion of the instructor. Class attendance policies may not have discriminatory effect (intentional or unintentional) on members of a protected class (see NDSU Policy 100). Students and instructors should note that the NDSU Student Health Service does not provide students with excuses for class absences or tardiness due to illness or injury.

2. INSTRUCTOR RESPONSIBILITY

   a. Students must be clearly informed on the first day of class in writing in the syllabus (1) of class policy regarding class absence (including if supporting documentation is required; and (2) of class policy for making up missed assignments. It is recognized that sometimes an assignment is impossible to make-up.

   b. Excused students should be given reasonable opportunity to make up work missed due to the absence, if possible. Suggestions for best practices for managing make up work are available through the Provost’s Office.

3. STUDENT RESPONSIBILITIES AND RECOURSE

Students who anticipate excusable absences shall notify the instructor as soon as possible, preferably by the third week of class, but no later than one week before the absence. In the case of unanticipated excusable events, the student needs to contact the instructor as soon as possible. Students have the responsibility to visit with the instructor if exams or assignments are scheduled during times where absences are required.

Students who feel that they are being treated unfairly through class policies may file a grievance or complaint through the Provost’s Office by following directions at https://www.ndsu.edu/provost/academics/student_grievances/.

4. UNIVERSITY SANCTIONED EVENTS
North Dakota State University values and supports the required participation of students in university sanctioned activities. A university sanctioned event or activity shall be one in which a student represents the university to external constituencies in academic or extra-curricular activities. These include but are not limited to mandatory participation as a student athlete in NCAA-sanctioned competition, student government congresses, performing arts outreach, exhibitions, competitions, academic meetings, and conferences.

5. PREGNANT STUDENTS

Absences due to pregnancy or related conditions, including recovery from childbirth, shall be excused for as long as the student’s doctor deems the absences medically necessary. When the student returns to class the student must be provided the opportunity to make up any work missed. Alternatives include allowing the student to take an incomplete and complete the course at a later date, or retaking the course or taking an online course. Further, recognizing the need for flexibility when childcare responsibilities impact a student, instructors are encouraged to accommodate students with childcare responsibilities.

6. RELIGIOUS ACCOMMODATIONS

Religious observances may require absence from a class session and other required class activities. A student who is to be excused from class for a religious observance is not required to provide a second party certification of the reason for the absence. A list of common religious holidays and events is available through the Equity Office.

7. OTHER EXCUSSED ABSENCES

a. Legally mandated absences such as jury duty or court subpoena.

b. Absences due to military duty or veteran status, including service related medical appointments where failure to appear might result in a loss of benefits.

1. GENERAL PHILOSOPHY

a. Attendance in classes is expected. Only the course instructor can excuse a student from course responsibilities. (The term course includes class, laboratory, field trips, group exercises, or other activities.)

b. If class attendance is a component of the course grade, the course instructor must clearly communicate this to the class in writing in the syllabus.

2. FACULTY RESPONSIBILITY

a. The course instructor must clearly inform students on the first day of class and in writing in the syllabus (1) of their policy regarding class absence (including if supporting documentation is required; and (2) policy for making up missed assignments. It is recognized that sometimes an assignment is impossible to make up.
b. The course instructor must exercise a fair and consistent standard for resolving questions of missed assignments, the type, extent, manner, and time frame of the make-up assignments.

3. STUDENT RESPONSIBILITY

a. Students are responsible for informing course instructors of absences. If absences are known (e.g., university sanctioned activity, such as student government, judging, clubs, athletic competition, fine arts performances), course instructors shall be informed with written notification as far in advance as possible (preferably a two-week notice). Where advance notification is not possible (e.g., illness, family emergency), students should contact their course instructor as soon as possible about the absence. Veterans and student servicemembers with special circumstances or who are activated, to include State Active Duty, are encouraged to notify the instructor as soon as possible, provide Activation Orders if possible, and inform the NDSU Office of Military and Veterans Services to facilitate a smooth exit from and successful re-entry to the University.

b. When a student misses class for any reason, the student is responsible for contacting the instructor to make arrangements to follow the course instructor’s policy in making up any missed assignments, if permitted.

A. Following training and job specific requirements as stated in the employee’s job
description or appointment letter, or as assigned by respective department or unit,
B. Respecting the value, creativity, and diversity of all persons, which includes diversity
of opinions and professional approaches to doing things, (See Policy 100: Equal
Opportunity and Non-discrimination Policy, Policy 325: Academic Freedom, or other relevant policies for guidance.)

C. Contributing to an environment of respectful and productive working relationships with those with whom the person interacts, and

D. Making good faith efforts to resolve differences constructively.

2.1 For purposes of this policy, bullying is defined as repeated, persistent, and pervasive offensive or intimidating verbal or written acts or conduct directed toward another or others that has the effect of one or more of the following:

2.1.1 Placing an individual in reasonable fear of harm to the individual’s person or property;

2.1.2 Causing a detrimental effect on an individual’s mental or physical health;

2.1.3 Substantially interfering with an individual’s academic and/or work performance;

2.1.4 Substantially interfering with an individual’s ability to participate in or benefit from the services, activities, or privileges provided by the institution; or

2.1.5 Interfering with the targeted individual’s right to dignity at work, including retaliation for reporting bullying behavior.

2.2 Bullying by electronic means is prohibited under NDSU Policy 158 and N.D.C.C. 12.1-17-07.

2.3 It is not bullying when a supervisor notes unsatisfactory performance or misconduct; institutes proceedings for workplace sanctions, nonrenewal, or dismissal for cause; or provides feedback regarding work behavior or performance. A victim of bullying does not have to be a member of a protected class listed in NDSU Policy 100.

2.4 Suspected violations of this policy related to bullying should be reported to the NDSU Equity Office, 701.231.7708 or ndsu.eoaa@ndsu.edu. These reports will be addressed utilizing NDSU Policy 156 Discrimination, Harassment, and Retaliation Complaint Procedures.

3. Conflicts of Interest.

All NDSU employees are expected to perform their duties conscientiously, honestly, and in accordance with the best interests of NDSU. All employees must comply with applicable federal and state laws. Employees may not unlawfully use their position or the knowledge gained as a result of their position for private or personal advantage. All employees are responsible for their own actions. Any individual who has concerns or questions regarding a perceived or potential conflict or regarding application or interpretation of federal or state law or SBHE policy or NDSU policy is encouraged to communicate with a superior or appropriate administrative official at NDSU.

3.1 Conflict of Interest – Contracts.

An employee of NDSU authorized to sell or lease any property or make any contract in the employee’s official capacity is subject to the provisions of N.D.C.C. Section 12.1-13-03 and may not be interested in any such sale, lease or contract.

Pursuant to N.D.C.C. Section 48-02-12, employees may not have any interest in a public construction or repair contract.

An employee may not have an interest in any contract involving the expenditure of public or institutional funds entered into by NDSU unless:

a. N.D.C.C. Sections 12.1-13-03 and 48-02-12 do not apply; and
b. The contract is approved by the NDSU President or designee or, if the employee in question is the chief financial officer or president of an institution or an officer of the Board, by the Board, following full disclosure of the employee’s interest.

All employees involved in projects receiving federal funds shall consult applicable federal laws and regulations and comply with conflict of interest rules which may govern federal grants or other sponsored agreements.

An employee who violates this policy is subject to dismissal or other disciplinary action.

Employees of NDSU authorized (including delegated authority) by Policy 712 to enter into contracts on behalf of the University must sign the North Dakota State University Conflict of Interest Disclosure Statement. All other employees will be provided notice about this Policy but need only sign the statement if they have a conflict. Notices and collection of statements shall be administered by the Purchasing Office.

Employees have an obligation to act in the best interests of NDSU. Any direct or indirect personal or financial interest which could create a conflict of interest or the appearance of a conflict of interest in any agreement, transaction or relationship must be disclosed by the employee by completing and signing the North Dakota State University Conflict of Interest Disclosure Statement and submitting it to the employee’s supervisor. This includes but is not limited to the disclosure of privately owned assets being used or otherwise commingled with state assets and participation in any foundation, business or public entity which may create a conflict with an employee’s obligations to NDSU. See also NDSU Policy 152: External Professional Activities.

4. Outside Activities and Employment.

Employees share responsibility for good public relations, especially at the community level. Their readiness to help with religious, charitable, educational, and civic activities brings credit to NDSU and is encouraged. However, employees must comply with applicable federal and state laws, policies in Section 611 of the SBHE Manual and NDSU related policies. At all times, employees must avoid outside activities that create an excessive demand upon their time and attention, thus depriving NDSU of their best efforts in fulfilling their job duties or that create a conflict of interest, or an obligation, interest, or distraction that interferes with the independent exercise of judgment in NDSU’s best interest.

5. Gifts, Entertainment and Favors; Kickbacks and Secret Commissions.

Excluding de minimus contributions, such as purchase of a meal at reasonable value as part of a conference or other event with no conditions attached to such purchase and as permitted under applicable federal and state laws, employees may not accept favor of any person or organization with whom or with which NDSU has, or is likely to have, business dealings. Similarly, employees may not accept any other preferential treatment under circumstances that because of their position with NDSU, the preferential treatment may influence or be perceived as influencing their official conduct. Employees may not receive payment or compensation of any kind from any source for NDSU duties and responsibilities, except as authorized under applicable law or NDUS and NDSU pay policies. Specifically, the acceptance of “kickbacks” or commissions in any form from vendors, suppliers or others is prohibited.

6. NDSU Funds and Other Assets

Employees who have access to NDSU funds and other assets in any form must follow the prescribed procedures for recording, handling, and protecting money and other assets as detailed in applicable NDSU procedure manuals or other explanatory materials. Any person who has
information concerning possible fraud or dishonesty shall immediately report such information to a superior or appropriate administrative official at NDSU.

Employees responsible for spending or approving expenditure of NDSU funds or incurring any reimbursable expenses must comply with all applicable laws and policies and use good judgment on behalf of NDSU to ensure that good value is received for every expenditure. NDSU funds and all other assets are for NDSU purposes only and not for personal use or benefit. NDSU or other public equipment, supplies and other property or assets may not be used for private or personal use, except as authorized under SBHE Policy 611.5 or other applicable law or NDSU policy.

7. NDSU Records and Communications.
Accurate and reliable records of many kinds are necessary to meet NDUS NDSU legal and financial obligations and to manage the affairs of the NDUSNDSU. NDUS NDSU books and records must reflect in an accurate and timely manner all business transactions. Employees responsible for accounting and recordkeeping must fully disclose and record all assets and liabilities and exercise diligence in enforcing these requirements. Employees must not make or engage in any false record or communication of any kind, whether internal or external, including, but not limited to, false expense, attendance, enrollment, financial, or similar reports and statements, or false advertising, deceptive marketing practices, or other misleading representations.

8. Dealing with Outside People and Organizations.
NDSU employees must take care to separate their personal roles from their NDSU positions when communicating on matters not involving NDSU business. They may not use NDSU identification, stationery, supplies, and equipment for personal or political matters. When communicating publicly on matters that involve NDSU business, employees may not represent that they speak for the NDSU, unless that is one of their duties or they are otherwise authorized to do so. When dealing with anyone outside the NDSU, including public officials, employees must take care not to compromise the integrity or damage the reputation of NDSU

9. Prompt Communications.
In all matters involving communication with NDSU students, customers, suppliers, government authorities, the public and others, employees must endeavor to make complete, accurate, and timely communications and respond promptly and courteously to all proper requests for information and complaints.

10. Privacy, Confidentiality and Open Records.
Employees must at all times comply with applicable laws, regulations and SBHE and NDSU policies concerning privacy, confidential records, access to open records and records retention.

11. Reporting Suspected Violations; Procedures for Investigating Reports.
Employees shall report suspected violations of this Code to their superior, or appropriate administrative official at NDSU. Alleged violations of this Code involving NDSU employees shall be investigated by the appropriate NDSU officer. All employees shall cooperate in investigations of alleged violations. A violation of this Code is cause for dismissal or other appropriate disciplinary action, in addition to any criminal or other civil sanctions that apply.

11.1 In addition, the Suspected violations of this policy related to fraud should be reported utilizing the NDSU maintains a fraud hotline, and suspected violations may be reported by use of that hotline.
Any employee who makes a report in good faith shall be protected against retaliation of any kind; any employee who retaliates or attempts retaliation in response to a good faith report shall be subject to dismissal or other discipline.

Failure to report known or suspected violations is in itself a violation and may lead to dismissal or other disciplinary action.

Alleged violations of this Code involving NDSU employees shall be investigated by the appropriate NDSU officer. All employees shall cooperate in investigations of alleged violations. A violation of this Code is cause for dismissal or other appropriate disciplinary action, in addition to any criminal or other civil sanctions that apply.

Institution Codes.
The NDUS office and each NDUS institution shall adopt and implement a Code of Conduct consistent with this Code and Committee of Sponsoring Organization of the Treadway Commission (COSO) Standards. NDUS office and institution codes shall include:

a. A Statement of the organization's values;
b. The people or groups of people affected;
c. A brief description or list of key behaviors that are accepted and not accepted;
d. How to identify and resolve conflicts of interest;
e. How to report violations and to whom;
f. Consequences of violating the Code;
g. Consequences of failure to report known or suspected violations; and
h. How reports will be investigated.

NDUS requires that each new employee reviews the Code of Conduct and sign a statement certifying the employee has read and agrees to comply with the Code. Further, all benefited employees are required to annually certify in writing that they have read and are in compliance with the Code of Conduct.

SECTION 352
PROMOTION, TENURE AND EVALUATION

SOURCE: NDSU President
NDSU Faculty Senate

1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within each college should be consistent with the missions of the University and college and their policies on promotion and tenure, and also should designate evidence of how faculty in the academic unit meet the expectations of the college and University.
2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.

2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defines above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:
2.2.2.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or

2.2.2.1.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;

2.2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;

2.2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;

2.2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;

2.2.2.2.5 the receipt of awards or special recognition for research;

2.2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or

2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

2.2.3.2.1 the receipt of awards or special recognition for service;

2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;

2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;
2.2.3.2.4 active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5 contributions to fostering a campus climate that supports and respects faculty, staff, and students who have diverse cultures, backgrounds, and points of view;

2.2.3.2.6 effective management or improvement of administrative procedures or programs;

2.2.3.2.7 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.8 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes, shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The
3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum number of years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.
3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extension of Probationary Period

At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption

A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability

A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of
such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee’s official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period
shall be maintained in a confidential file separate from the employee's official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

Policy 156. Discrimination, harassment, and retaliation complaint procedures (http://www.ndsu.edu/fileadmin/policy/156.pdf)

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 While faculty in Professor of Practice and Research Professor positions are not eligible for tenure, promotion through ranks is encouraged and is based on time in rank and
satisfactory evaluations of assigned responsibilities. An application for promotion is initiated via a departmental recommendation and follows the same procedure and submission deadlines as for tenure-line faculty. Faculty in such positions are eligible to apply for promotion from assistant to associate after the completion of five years in rank.

4.6 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.7 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.8 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for election to service on a college or department PTE Committee. Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost.

Faculty members who have applied for promotion and/or tenure may not be involved in the review and recommendation process of any candidate. Administrators who have applied for promotion may not be involved in the review and recommendation process of any candidate where there may be an actual or apparent conflict of interest. A candidate may provide input concerning selection of external reviewers if allowed by the college/department policies. Faculty members and administrators being considered for promotion may not be involved in any candidate review and recommendation process.
including the selection of external reviewers, while under consideration.

5.3 The department and college PTE committees’ reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. ("Academic administrative appointment" includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty.) Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.4 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.5 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate's PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department's recommendations, and an explanation of the basis for them, to the College Dean and the College's PTE Committee no later than November 1 by the Provost’s deadline.

6.2 After November 1 the Provost’s deadline, the information that may be added to the portfolio is limited to

a) Recommendations by the evaluating units considering the portfolio at that time;
b) the candidate's response to those recommendations;
c) any materials requested by the evaluators.

6.2.1 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.
6.2.2 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing to the additional materials. Any response from the candidate to such materials must be in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after the Provost's deadline that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.

6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost by January 5. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate, to the Provost by January 5. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the
appointment as appropriate to the allocation of effort. This input from other units which shall be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.

7. APPEALS

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. DOCUMENT RETENTION

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

1. North Dakota law requires regular employees who are 18 years of age or older and work 20 hours or more per week for 5 months or more a year to participate in a retirement plan.

1.1 Faculty are generally considered to be a regular employee and covered under TIAA if she/he teaches 7.5 or more credits for two or more consecutive semesters.

2. All non-professional, staff employees (technical/para-professional, office, crafts/trades, and service bands) will participate in the North Dakota Public Employees Retirement System (NDPERS).

2.1 The cost of this retirement plan, which amounts to 15.26% percent of gross salary, is funded as indicated below:

- NDSU = 12.26%
- Employee = 3%

3. All faculty, other academic staff, administrators, and professional staff employees will participate in a Teachers Insurance and Annuity Association—College Retirement Equities Fund (TIAA) retirement plan which has been approved by the State Board of Higher Education. (A copy of the most recent plan document may be obtained from the Office of Human Resources/Payroll.)

3.1 In lieu of participation in the TIAA retirement plan, eligible employees having accrued retirement benefits under the North Dakota Public Employees' Retirement System (PERS) may elect to continue participation in PERS. A PERS participant who later qualifies for participation in TIAA may elect to become a participant by making such election within sixty days of being transferred or placed in a different band. In absence of such election, the right of participation is irrevocably waived. Eligible employees who have accrued retirement benefits under the TIAA plan, and who later qualify for participation in PERS, may within sixty days of the transfer or placement in a different band elect to continue participation in TIAA in lieu of participation in the PERS retirement plan. In absence of such election, the right of participation is irrevocably waived.

3.2 Teaching and research faculty with rank of assistant professor or instructor, research personnel and lecturers with equivalent rank, and professional staff (3000 band) participate in the TIAA plan as of the date of first employment at an employee-employer contribution rate of 11 percent (3.5 percent employee contribution, 7.5 percent employer contribution); after two years of service the rate shall be 17 percent (4.5 percent employee contribution, 12.5 percent employer contribution); after ten years of service the rate shall be 18 percent (5 percent employee contribution, 13 percent employer contribution).

3.3 Teaching and research faculty with rank of professor or associate professor, research personnel with equivalent rank, and executive and administrative staff (1000 band)
participate in the TIAA plan as of the date of first employment at an employee-employer contribution rate of 17 percent of contract salary (4.5 percent employee contribution, 12.5 percent employer contribution). After 10 years of service, the total contribution rate shall be 18 percent (5 percent employee contribution, 13 percent employer contribution).

3.4 Employees shall be given credit for years of service during which they accrued retirement benefits under NDPERS, TFFR, and/or TIAA. Credit for TIAA years of service shall also include credit earned at other institutions, including out-of-state institutions, provided employee has a current TIAA contract (i.e. was not repurchased).

3.5 Each employee must designate the percentage basis for allocating their premiums between TIAA, which provides a fixed amount of future retirement income, and the CREF accounts, which provide variable annuities. This percentage election may be changed at any time by calling 1-800-842-2776 or by making election changes in the individual’s online TIAA account.

3.6 All contributions (both employer and employee) will be made on a tax-sheltered basis. When tax-sheltering, the employee does not pay income tax on the contributions until the funds are withdrawn from the retirement program.

3.7 Each employee may also tax-shelter additional salary without matching funds from the University to a Tax Sheltered Annuity by payroll reduction.

3.8 The employee-employer total contribution is forwarded to TIAA. The employee's contribution is from semi-monthly compensation based on a regularly executed contract.

3.9 Early retirement under the TIAA retirement plan is permitted when employment ceases prior to age 59 1/2 with an approved Early Retirement Agreement.

1. North Dakota law requires regular staff employees who are eighteen or more years of age and who work twenty hours or more per week for five or more months per year to participate in the Public Employee’s Retirement Plan.

1.1 Employees in 1000, 2000, and 3000 bands shall participate in the TIAA/CREF retirement plan within the same guidelines noted in Sec. 1.

1.2 In lieu of participation in the TIAA/CREF retirement plan, eligible employees having accrued retirement benefits under the North Dakota Public Employee’s Retirement System (PERS) may elect to continue participating in PERS. A PERS participant changing to a position that qualifies for participation in TIAA/CREF may elect to become a participant by making such election within sixty days from the change. In absence of such election, the right participation is irrevocably waived.

SECTION 515
TRAVEL - EMPLOYEES

SOURCE:  NDSU President
          North Dakota Century Code (NDCC)
          North Dakota Office of Management and Budget Policy

1. GENERAL PROVISIONS

   1.1 DEFINITION OF "TRAVEL" - (NDSU Interpretation)
       For purposes of this policy, except for No. 2 below, the term "travel" means the absence
       from the city or community where a person normally works and/or maintains an office.
       For purposes of travel by staff members employed on the University campus their
       "community" shall include, Fargo, West Fargo, and Moorhead.

   1.2 MEANS OF TRAVEL - (NDSU Interpretation)
       Employees must choose the most prudent and economical means of travel, considering
       factors such as: travel expenses, time away from the office, and the needs of the
       University.

   1.3 ACCOUNTING OFFICE RESPONSIBILITY - (NDSU Interpretation)
       The NDSU Accounting Office is responsible for the initial development of NDSU's employee
       travel expense reimbursement policy, in addition to the final review and approval of
       individual employee travel expenses. Employees may be contacted by the Accounting
       Office for more documentation or a cost/benefit justification. The NDSU Accounting Office
       must apply the travel rules in this policy on a reasonable, fair and consistent basis.

   1.4 TRAVEL VOUCHER REQUIREMENTS - (NDCC 54-06-09 (6))
       Before an allowance for any such mileage or travel expenses may be made, the
       employee shall file with the employee's department an itemized statement showing the
       mileage traveled, the hour of departure and return, the days when and how traveled, the
       purpose thereof, and such other information and documentation as may be prescribed
       by rule of the employee's department, college, or division.

       (NDCC 44-08-05.1)
       Any employee who has the power to approve a voucher for a department shall
       determine, before approving such voucher, the following:

       1.4.1 That the expenditure for travel or other expenditures were for lawful and
            official purposes.

       1.4.2 If for travel expense, that the travel actually occurred and that the sums claimed
            for travel expenses are actually due the individual who is seeking reimbursement,
            allowance, or payment.

       1.4.3 If the voucher is for expenditure other than travel expense, that the expenditure
            is lawful and that the voucher contains no false claims.
2. TRAVEL WITHIN THE CITY OF EMPLOYMENT
Employees may be reimbursed for expenses incurred within their "city or community" of employment for the following:

2.1 (NDSU Interpretation)
Parking fees for personal vehicles when conducting University functions or attending University meetings.

2.2 (OMB Policy 507)
Mileage at in-state rates for personal vehicles used to transport equipment or university guests for university functions.

2.2.1 (OMB Policy 507)
Mileage from a normal work station to a conference or meeting is reimbursable, if an employee actually reports to work prior to attendance at the meeting. However, mileage for travel from an employee's residence directly to the conference/meeting site is not reimbursable, since it is considered normal commuting travel.

2.3 (NDSU Interpretation)
Meals may be reimbursed as provided under NDSU Policy 170.

2.4 (NDSU Interpretation)
Transportation between the employee's residence and airport, which consists of taxi fare or mileage plus airport parking, whichever is less.

3. OUT-OF-STATE TRAVEL AUTHORIZATION - (NDSU Interpretation)
Employees must have each out-of-state trip pre-approved by their immediate supervisor. In addition, employees in a department, college, or division must have each out-of-state trip pre-approved by their Dean or Director. Deans and Directors who report directly to a Vice President or Provost must have their out-of-state trips pre-approved by their Vice President or Provost. Vice Presidents, Provost, and others reporting directly to the President, must have each out-of-state trip pre-approved by the President. Prior approval is to be obtained by using the Travel Authorization - Out-of-State form.

3.1 WORKERS COMPENSATION - (NDSU Interpretation)
In cases where employees are working out-of-state for 30 consecutive days, or for any international trip, the employee must notify the University Police and Safety Office to arrange proper Workers Compensation coverage.

3.2 FOREIGN TRAVEL AUTHORIZATION - (NDSU Interpretation)
Each trip to a foreign country must be approved by the appropriate Vice President or Provost or their designee.

4. PRIVATELY OWNED TRANSPORTATION - (NDCC 54-06-09)
An employee, when required to travel by motor vehicle or truck in the performance of official duty, should use a state-owned vehicle, whenever possible.

(OMB policy 511)
When an employee drives a state fleet vehicle, the State's liability coverage is primary should an accident occur. If an employee drives a personal vehicle on state business, the employee's personal insurance is primary. If an employee must drive a personal vehicle because no state fleet vehicles are available, then the State would have primary responsibility.
(NDCC 44-08-03)
Where more than one state employee travels in the same car while engaged upon official duty, whether belonging to different departments, subdivisions, boards, or commissions or not, no claim may be made for more than one mileage, such claim to be made by the owner or lessee of such car.

If an employee is allowed to use a personal vehicle, reimbursement will be made according to the rates below.

4.1 IN-STATE MILEAGE - (NDCC 54-06-09 (1a))
The sum of 54 cents (for travel prior to 01/01/2017) or 53.5 cents (for travel on or after 01/01/2017) per mile actually and necessarily traveled in the performance of official duty when such travel is by motor vehicle.

4.2 (NDCC 54-06-09 (1a))
The sum of 80 cents per mile when such travel is by private airplane.

4.3 OUT-OF-STATE MILEAGE - (NDCC 54-06-09 (3))
If only one person engages in travel exceeding any geographic point 300 miles beyond the borders of this state, reimbursement shall be limited to eighteen cents per mile for the out-of-state portion of the travel beyond the first 300 miles.

(NDSU Interpretation)
When interpreting the law indicated in 4.3 above, it may be helpful to visualize that the state’s border has expanded in all directions by 300 miles. When only one person travels outside the state of North Dakota and uses their own vehicle, their miles traveled within the 300 mile expanded border, the employee may be reimbursed at the 54 cents (for travel prior to 01/01/2017) or 53.5 cents (for travel on or after 01/01/2017) per mile rate. This includes both the departure and return parts of the trip.

When two or more state employees travel in the same vehicle, the per mile allowance is 54 cents (for travel prior to 01/01/2017) or 53.5 cents (for travel on or after 01/01/2017). State employees accompanying the vehicle owner must be listed on the travel voucher.

4.4 (NDCC 54-06-09 (5))
State employees permanently located outside the state or on assignments outside the state for an indefinite period of time, exceeding thirty consecutive days, will be allowed and paid 54 cents (for travel prior to 01/01/2017) or 53.5 cents (for travel on or after 01/01/2017) per mile for each mile actually and necessarily traveled in the performance of official duty when such travel is by motor vehicle, in this case the 300 mile restriction, in 4.3 above, does not apply.

(NDSU Interpretation)
Mileage allowances are assumed to be total operating costs for vehicles. No additional amounts will be reimbursed to employees for personal items such as: traffic or parking tickets, vehicle repairs, or any other normal automobile expenses.

5. COMMERCIAL AIRLINES - (OMB Policy 510)
For travel on official state business, airline tickets may be either purchased through a travel agency and billed to the department, or purchased by the employee and reimbursed. In either case, the original itinerary should be used to support the travel agency payment or employee reimbursement.
Reimbursement to an employee or tickets directly billed to a department will be allowed for the actual cost of tourist or coach fare, purchased at the lowest reasonable rate available, except when approved by the President, or President's designee, unless not permitted by federal rules or regulations. Approvals must be filed in the President's Office. First Class or Business Class tickets should normally be through a frequent flyer upgrade or the employee should use frequent flyer miles earned via state travel. Invoices from third parties (like travel agencies) must identify if travel is First Class or Business Class.

5.1 (NDSU Interpretation)
If the ticket is paid by the employee in a month prior to the travel dates, with appropriate department approval, the employee may be reimbursed immediately after the ticket is paid using an accounts payable voucher.

5.2 (NDSU Interpretation)
Meal and lodging expenses will be limited to the days needed to complete the business trip. Meal and lodging expenses for additional travel necessary to get a discounted or reduced airline rate are reimbursable, if a cost savings can be documented.

6. MEAL REIMBURSEMENTS - (NDCC 44-08-04)
Reimbursement is allowed only for overnight travel or other travel, away from the normal place of employment, for four hours or more. Verification of expenses by receipt is required only for lodging expenses.

6.1 DEFINITION - QUARTERS - (NDCC44-08-04 (2)) (NDSU Interpretation italicized)
For purposes of employee meal and lodging reimbursements, state law defines the four quarters of a day as follows:

First quarter shall be from six (6) a.m. to twelve (12) noon. No reimbursement may be made if travel begins after seven (7) a.m.

Second quarter shall be from twelve (12) noon to six (6) p.m. (No reimbursement will be made for this quarter if travel begins after one (1) p.m. or ends prior to twelve (12) noon.)

Third quarter shall be from six (6) p.m. to twelve (12) midnight. (No reimbursement will be made for this quarter if travel begins after seven (7) p.m. or ends prior to six (6) p.m.)

Fourth quarter shall be from twelve (12) midnight to six (6) a.m. (This quarter pertains to claiming lodging expense.)

6.2 CONFERENCE, SEMINAR, OR OTHER MEETING - (NDCC 44-08-04 (1))
Claims may also be made for meals that are included as part of a registration fee for a conference, seminar, or other meeting and for meals attended at the request of and on behalf of the University; however, if a meal is included in a registration fee, the applicable quarter's meal allowance cannot be claimed for that meal.

6.3 TAXABLE MEALS - (NDSU Interpretation of IRS regulations)
Meal reimbursements that do not involve "overnight lodging" are reported as taxable gross income on the employee's W-2 and are subject to withholding and employment taxes. A lodging receipt is considered adequate proof of overnight lodging. Also, a notation on the travel voucher that the employee stayed overnight with a friend or relative is sufficient.
6.4 PAYMENT FOR MEALS OF STAFF & GUESTS, WHILE IN TRAVEL STATUS - (NDSU Interpretation)
NDSU Policy 170 allows reimbursement to employees for meals of staff and guests, even though the employee is not in travel status. Employees while in travel status may also occasionally encounter meal expenses when they are required to be at a meeting and there is a need to pay for meals of guests, such as when interviewing candidates, recruiting, or fund raising.

If an employee is at a required meeting and pays for meals of guests (while in travel status), the employee may be reimbursed for the actual receipt amount. If the employee meal is reimbursed at actual receipt amount on the travel voucher, he/she must not claim the applicable quarter's meal allowance.

When employees are reimbursed for the actual receipt amount for meals under this section, the expenses should be reflected under the "miscellaneous expense" column on the travel voucher. The purpose of the meeting and names of guests must be documented on either the travel voucher or an attached banquet and meeting documentation form.

6.5 TEAM TRAVEL - (Excerpt from NDCC 44-08-04, Subsection 1)
If a higher education athletic team or other organized institution organization group meal is attended at the request of and on behalf of the institution, actual expenses for the entire group, including coaches, trainers, and other employees, may be paid or submitted for payment of a team or group travel expense report: subsection 2 does not apply; and officers and employees are not required to document individual expenses or submit individual travel reimbursement vouchers.

(NDSU Interpretation)
Meal expenses of athletic department employees, when traveling with student athletes to games, are covered by travel advances issued from the Accounting Office. These meals are attended at the request of and on behalf of the University and, therefore, the meals are paid from the travel advance at the actual cost of the meals, in accordance with the Athletic department meal reimbursement guidelines for student athletes. Since the meals are paid out of the travel advance, it is not necessary for the employees involved in the team travel to complete a travel voucher to claim reimbursement for the meals.

As an alternative to actual meal costs, some head coaches may prefer to distribute a cash per diem to the employees and student athletes. The cash per diem is distributed from the travel advance for the individual to use for meals. The cash per diem for employees must not exceed the meal allowance allowed policy and must not exceed the Athletic department meal reimbursement guidelines for student athletes. Since the employee cash per diem is paid from a travel advance, it is not necessary for the employee to complete a travel voucher to claim reimbursement for the meals.

6.6 MEAL ALLOWANCE RATES - (NDCC 44-08-04 (2))
Meal reimbursement rates depend upon the time of day the employee is in travel status and whether the travel is in-state or out-of-state. Verification of receipts shall not be required for the first three quarters listed above in Section 6.1.
6.6.1 In-State - (NDCC 44-08-04 (2))
For travel prior to August 1, 2013, in-state rates are as follows:

<table>
<thead>
<tr>
<th>Location</th>
<th>Daily Total</th>
<th>First Quarter</th>
<th>Second Quarter</th>
<th>Third Quarter</th>
</tr>
</thead>
<tbody>
<tr>
<td>In-State</td>
<td>$30.00</td>
<td>$6.00</td>
<td>$9.00</td>
<td>$15.00</td>
</tr>
</tbody>
</table>

For travel on or after August 1, 2013, in-state rates are as follows:

<table>
<thead>
<tr>
<th>Location</th>
<th>Daily Total</th>
<th>First Quarter</th>
<th>Second Quarter</th>
<th>Third Quarter</th>
</tr>

<tbody>
<tr>
<td>In-State</td>
<td>$35.00</td>
<td>$7.00</td>
<td>$10.50</td>
<td>$17.50</td>
</tr>
</tbody>
</table>

6.6.2 Out-of-State, Within Continental U.S. - (NDCC 44-08-04 (3))
The allowance for out-of-state meals, within the continental United States, is equal to per diem meals rate in the city for which a claim is made on that day as established by the United States general services administration and must be allocated twenty percent to the first quarter, thirty percent to the second quarter, and fifty percent to the third quarter.

(NDSU Interpretation)
The standard meal allowance rate (per diem) for cities in the continental United States is currently $51.00 per day effective 10/01/2015. The North Dakota Office of Management and Budget (NDOMB) website shows the official current out-of-state meal allowance rates that NDSU will follow. The NDOMB website includes a listing of cities whose meal allowance rates are higher than the standard rate.

The table below (effective 10/01/2015) shows examples of how the meal allowance per diem is split between the first quarter or breakfast (20%), second quarter or lunch (30%), and third quarter (50%).

6.6.3 Non-Continental United States and Overseas Nonforeign Areas - (NDCC 44-08-04 (4))
The allowance for meals in noncontinental United States and overseas nonforeign areas, including Alaska, Hawaii, and Guam, is equal to the per diem meals rate in the city for which a claim is made on that day as established by the rule for federal employees established by the United States per diem committee and must be
allocated twenty percent to the first quarter, thirty percent to the second quarter, and fifty percent to the third quarter.

(NDSU Interpretation)
The Accounting Office web site will have a link to the appropriate meal allowance for foreign travel.

6.6.4 FOREIGN TRAVEL - NDCC 44-08-04(5))
The allowance for meals outside the United States is equal to the per diem meals rate in the city for which a claim is made on that day as established by rule for federal employees established by the United States department of state and must be allocated twenty percent to the first quarter, thirty percent to the second quarter, and fifty percent to the third quarter.

(NDSU Interpretation)
The Accounting Office web site will have a link to the appropriate meal allowance for foreign travel.

7. LODGING REIMBURSEMENTS - (NDCC 44-08-04 (1)(2d)(6)) (NDSU Interpretation italicized)
Reimbursement for in-state lodging expenses incurred while in travel status during the fourth quarter shall not exceed 90% of the rate established by the United States General Services Administration (GSA) for North Dakota, plus applicable state or local taxes on lodging. For travel on or after October 1, 2016, the GSA rate for lodging in North Dakota was $91; therefore, the maximum amount that can be claimed is $81.90, plus applicable taxes. For travel on or after October 1, 2017, the GSA rate for lodging in North Dakota is $93, therefore the maximum amount that can be claimed is $83.70 plus applicable taxes ($93 x 90% = $83.70).

The GSA will update their rates periodically during the biennium and the allowable lodging reimbursement will also change at that time. See the city/county rate exceptions, found on the Accounting website. The amounts shown are 90% of the GSA rates and are the maximum state reimbursable rates that can be claimed, plus applicable state and local taxes.

Out-of-state lodging expenses shall be reimbursed at actual expense.

An original lodging receipt is required for reimbursement to the employee. (When an original receipt is lost, a photocopy or faxed invoice should be obtained with a notation by the employee that the original receipt was lost.)

7.1 IN-STATE LODGING RATES OVER MAXIMUM - (SBHE 806.1.10)
In the unlikely situation an employee cannot find lodging at 90% of the GSA rate, the following process needs to be followed:

7.1.1 Prior-approval by campus designated approver must be obtained.

7.1.2 The request must document the name of the employee, name of city traveling to, dates of lodging, name and local phone number of the lodging facility, the rates quoted for the dates of travel or if there were no available rooms. A minimum of 3 facilities should be contacted. If traveling to a North Dakota community that does not have 3 lodging facilities, indicate on documentation.
7.1.3 This documentation must be attached to the travel reimbursement form.

7.1.4 Occasionally, additional documentation will be requested to ensure the most cost-effective rates possible were obtained.

7.1.5 If a room is more than the 90% maximum GSA rate for North Dakota, allowed in section 7, above, the additional taxes eligible for reimbursement must be pro-rated. For example (using the $83.70 maximum rate): if the room is $90.00 and taxes are $13.50, the individual will be reimbursed $83.70 plus $12.56 pro-rated taxes ($83.70/90.00 x $13.50 = $12.56).

7.2 DIRECT BILLING OF LODGING TO DEPARTMENT - (NDSU interpretation)
Employee lodging must be first paid by the employee and then reimbursed using the travel voucher. An employee’s lodging expense should not be paid directly by the department to the lodging facility.

EXCEPTIONS - (NDSU Interpretation)
7.2.1 State law (NDCC 44-08-04.5) allows a state agency or institution to pay an out-of-state lodging provider directly when the North Dakota Office of Management and Budget has obtained a sales tax exemption from the destination state.

(NDSU Interpretation)
(At this time, OMB does not have an agreement with any other state. State agencies will be notified when such agreements have been obtained.) The state law exception does not apply to in-state lodging.

7.2.2 (NDSU Interpretation)
A lodging facility may be paid directly by the department if the travel involves a student field trip or athletic team travel.

7.3 REQUIRED DEPOSITS - (NDSU Interpretation of OMB Policy 513)
If a lodging facility requires a paid deposit to hold a room in advance, it should be paid by the employee. If the deposit is paid by the employee in a month prior to the travel dates, the employee may be reimbursed immediately after the deposit is paid using a Request for Payment form. The employee will need to verify that the deposit was properly credited to the lodging bill when the travel takes place.

7.4 ROOM SHARING - (NDSU Interpretation)
When two or more state employees share lodging accommodations, each employee should normally claim his/her own reimbursement. In instances where one employee pays the total lodging costs, he/she may claim reimbursement for the same by listing the other employee(s) sharing the lodging accommodation.

(OMB Policy 513)
When a state employee is accompanied by an individual not eligible for reimbursement (a spouse or traveling companion), the state employee must have the lodging establishment clearly certify the room rate for a single person and only that amount may be claimed.
8. MISCELLANEOUS TRAVEL EXPENSES - (NDSU Interpretation)
Reimbursement may also be requested for such necessary miscellaneous travel expenses as registration fees, car rental, taxi fares, toll fees, business telephone calls, parking fees and up to $5.00 per day for personal telephone calls while in travel status. All miscellaneous travel expenses claimed on the travel voucher must be individually identified and explained. Receipts are required for all individual miscellaneous travel expenses exceeding $10.00.

8.1 ENTERTAINMENT & PERSONAL EXPENSES - (NDSU Interpretation)
Employee entertainment or other personal expenses are not reimbursable. Expenses claimed by an employee that appear to fall in this category, will need additional justification to support claiming them as necessary business expenses.

8.2 CAR RENTAL - (OMB Policy 518)

8.2.1 The university will reimburse an employee for car rental if the employee used an aircraft to get to their destination, and if the use of the vehicle is sufficient to justify that mode of travel instead of a taxi. It is generally the policy to discourage car rentals unless their cost effectiveness is self-evident.

8.2.2 When renting a car for university business, purchase of additional insurance is not necessary because it is covered by the State's Risk Management Fund. However, the North Dakota Risk Management Division does recommend purchasing the liability insurance if renting outside the United States. Also, when out of the country, it is advisable to purchase the loss damage waiver as well. Employees should consider what coverages the employee's personal auto insurance provides.

8.3 TIPS AND OTHER CHARGES - (NDSU Interpretation)
Reasonable tips, not to exceed $5.00 per tip, and service charges that are a necessary part of the business trip are reimbursable. Examples include: tips to bellhops and taxicab drivers. No reimbursement is allowed for tips on meals that are covered by the meal allowance.

8.4 LOST RECEIPTS - (NDSU Interpretation)
When an original receipt is lost, a photocopy or faxed invoice should be obtained with a notation by the employee that the original receipt was lost. Credit card receipts are not sufficient.

9. TRAVEL ADVANCES - (NDCC 44-08-04.2)
The Accounting office may approve a travel advance to employees for payment of meal and lodging expenses incurred while the employee is traveling on official business of this state, provided that such travel is planned to be in excess of five days per month, and provided that the funds advanced do not exceed eighty percent of the estimated expenses for the period.

NDSU LIMITATIONS - (NDSU interpretation)
Funds advanced for meals and lodging must be accounted for as required by this Policy. Travel advances may not be made from state appropriated funds. A travel advance form is available to request an advance. The Accounting Office will generally limit travel advances to the following two situations:

9.1 When an employee is chaperoning a group of students or other guests and is expected to pay some of the student's or guest's expenses.
9.2 When an employee is going on a trip for an extended period of time, such as more than one month. Usually these are international trips funded by a special grant.

Faculty Senate Bylaws

1. The Senate Coordinating Council coordinates the routing and adoption of policies and policy changes for their placement into the NDSU Policy Manual. “All policies of a permanent nature affecting the University as a whole should be published in the electronic NDSU Policy Manual. Before approval by the President and placement into the policy manual, such policies, except for interim policies adopted pursuant to subsection 6, must be presented to the Senate Coordinating Council who will direct each policy for review by the appropriate Senates consistent with the Faculty Senate, Staff Senate and Student Body Constitutions and purview of each Senate. Failure to present a policy to the Senate Coordinating Council will not invalidate a policy, but may result in unnecessary delay in its implementation or having a policy resubmitted to the proposing body or department for potential revisions. The Senate Coordinating Council does not approve or disapprove policies but facilitates the policy review process by the various Senates. Finally, the Senate Coordinating Council advises the President on their placement in the manual.”

2. The membership of the Senate Coordinating Council is made up of the following individuals or their designees:

Voting Members:
1. Faculty Senate President
2. Staff Senate President
3. Student Body President
4. Two representatives of the Faculty Senate as appointed by the Faculty Senate President.
5. Two representatives of the Staff Senate as appointed by the Staff Senate President.
6. Two representatives of Student Government appointed in accordance with the Student Government Code.

Non-Voting Members:
1. Provost (or designee)
2. Vice President for Student Affairs (or designee)
3. Vice President for Finance & Administration (or designee)
4. Two representatives from Office of the one of these Vice President’s or Provost’s offices to facilitate meetings and maintain records. Every three to five years, these offices will rotate responsibility for selecting representatives to facilitate meetings and maintain records.
Policy initiators and stakeholders are welcome and encouraged to attend the meetings as non-voting members.

3. Committee Responsibilities

   1. The Senate Coordinating Council reviews policy to determine first whether it is ready to bring to any of the senates or whether it should be returned to the policy makers for clarification and revisions.
   2. The Senate Coordinating Council coordinates the distribution of policies to the appropriate senate body consistent with the Faculty Senate, Staff Senate, and Student Body Constitutions and purview of each Senate.
   3. After approval or review by the appropriate senate bodies, the Senate Coordinating Council sends policies to appropriate channels at NDSU for final approval.
   4. The Senate Coordinating Council serves in a liaison capacity regarding the Faculty Senate, Staff Senate, Student Government, and administration.

4. The Senate Coordinating Council follows the NDSU Policy Manual Process for coordinating policy review and revisions prior to publication in the NDSU Policy Manual. (For detailed information on the process, please see the Senate Coordinating Council Process link on the NDSU Policy Manual website.)

5. After a policy is reviewed by the Senate Coordinating Council and placed in policy manual format, and routed to the various senates, Provost, Vice Presidents, councils, committees or other parties for approval or input as needed, it will be submitted to the President for approval. Following such approval the policy will be returned to Office of the Provost the office currently responsible for maintaining records for distribution and publication in the manual (available on the NDSU web site at www.ndsu.edu/policy).

6. The President has the authority to adopt interim policies and procedures concerning matters for which legislative authority is delegated by the State Board of Higher Education to campus legislative bodies. Any adoption of an interim policy or procedure must include notice to all Senates prior to or at the time the policy or procedure takes effect. Not later than six months of its effective date, the President shall present the interim policy or procedure to the various Senates for review and their decision, subject to the President's approval or veto, concerning whether the policy or procedure should be continued, revised or discontinued.

Subject: Faculty Senate discussion of Policy 352 committee proposal

Stuart and Mary:

The Faculty Senate Ad Hoc Committee for Review of Policy 352 met yesterday and made further progress on Sec. 5 Composition of PTE Committees. Given this progress, and the postponement of the Senate discussion of Policy 352, we request limiting discussion at the next Senate meeting to only our proposed revision of Sec. 3.3 (criteria for promotion to full professor) and Sec. 6 PTE Procedures. In the new year, our committee would then make a more consolidated proposal to revise Sec. 5. I am attaching a revised SCC cover sheet and policy with the previous changes to Sec. 5 removed. Please let me know if you need anything else.

Thanks,

Alan

1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within each college should be consistent with the missions of the University and college and their policies on promotion and tenure, and also should designate evidence of how faculty in the academic unit meet the expectations of the college and University.
2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.

2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defines above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:
2.2.2.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or
2.2.2.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e., published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;
2.2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;
2.2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;
2.2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;
2.2.2.2.5 the receipt of awards or special recognition for research;
2.2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or
2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

2.2.3.2.1 the receipt of awards or special recognition for service;
2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;
2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;
2.2.3.2.4 active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5 contributions to fostering a campus climate that supports and respects faculty, staff, and students who have diverse cultures, backgrounds, and points of view;

2.2.3.2.6 effective management or improvement of administrative procedures or programs;

2.2.3.2.7 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.8 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes, shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The
3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum number of years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.
3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extension of Probationary Period

At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption

A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability

A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of
such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee’s official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period
shall be maintained in a confidential file separate from the employee’s official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 While faculty in Professor of Practice and Research Professor positions are not eligible for tenure, promotion through ranks is encouraged and is based on time in rank and
satisfactory evaluations of assigned responsibilities. An application for promotion is initiated via a departmental recommendation and follows the same procedure and submission deadlines as for tenure-line faculty. Faculty in such positions are eligible to apply for promotion from assistant to associate after the completion of five years in rank.

4.6 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.7 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.8 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for appointment to a college or department PTE Committee. Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost. Faculty members who have applied for promotion and/or tenure may not be involved in the review and recommendation process of any candidate. Administrators who have applied for promotion may not be involved in the review and recommendation process of any candidate where there may be an actual or apparent conflict of interest. A candidate may provide input concerning selection of external reviewers if allowed by the college/department policies. Faculty members and administrators being considered for promotion may not be involved in any candidate review and recommendation process, including the selection of external reviewers.
external reviewers, while under consideration.

5.3 The department and college PTE committees’ reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. ("Academic administrative appointment" includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty.) Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.4 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.5 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate’s PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department’s recommendations, and an explanation of the basis for them, to the College Dean and the College’s PTE Committee no later than November 1 by the Provost's deadline.

6.2 After November 1, the information that may be added to the portfolio is limited to

a) Recommendations by the evaluating units considering the portfolio at that time;

b) the candidate’s response to those recommendations;

c) any materials requested by the evaluators.

6.2.1 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

Commented [AD4]: Replace references to specific calendar deadline dates (e.g., November 1) with “Provost’s deadline”.
6.2.2 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing to the additional materials. Any response from the candidate to such materials must be in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after November 1, the Provost's deadline, that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.

6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost by January 5. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate, to the Provost by January 5. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the
appointment as appropriate to the allocation of effort. This input from other units which shall
be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department
may solicit input from the director of the interdisciplinary program as appropriate to the
allocation of effort.

7. APPEALS

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating
party. If not satisfied, the faculty member may initiate the grievance process pursuant to
Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. DOCUMENT RETENTION

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time
specified by the university records management policy. Disposal of these documents, as well as
filing of archival copies, will also conform to the university records management policy.

1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within each college should be consistent with the missions of the University and college and their policies on promotion and tenure, and also should designate evidence of how faculty in the academic unit meet the expectations of the college and University.
2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.

2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defines above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:
2.2.2.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or
2.2.2.1.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;
2.2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;
2.2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;
2.2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;
2.2.2.2.5 the receipt of awards or special recognition for research;
2.2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or
2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

2.2.3.2.1 the receipt of awards or special recognition for service;
2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;
2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;
2.2.3.2.4 active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5 contributions to fostering a campus climate that supports and respects faculty, staff, and students who have diverse cultures, backgrounds, and points of view;

2.2.3.2.6 effective management or improvement of administrative procedures or programs;

2.2.3.2.7 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.8 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes, shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The
dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan. Tenured and non-tenure-line candidates for promotion to the rank of full professor may choose to be evaluated by the criteria in effect at the time of the previous promotion, if the application is made within eight years of the previous promotion. Thereafter, candidates shall be evaluated by the criteria in effect at the time of application. Candidates applying for promotion to the rank of full professor more than eight years after the previous promotion may choose to be evaluated based on work completed in the eight years immediately prior to applying rather than on their entire post-promotion record.

3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum number of years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.
3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extension of Probationary Period

At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption

A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability

A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of
such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period...
shall be maintained in a confidential file separate from the employee’s official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

Related Policies and Procedures:
- Policy 156. Discrimination, harassment, and retaliation complaint procedures (http://www.ndsu.edu/fileadmin/policy/156.pdf)

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 While faculty in Professor of Practice and Research Professor positions are not eligible for tenure, promotion through ranks is encouraged and is based on time in rank and
satisfactory evaluations of assigned responsibilities. An application for promotion is initiated via a departmental recommendation and follows the same procedure and submission deadlines as for tenure-line faculty. Faculty in such positions are eligible to apply for promotion from assistant to associate after the completion of five years in rank.

4.6 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.7 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.8 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for election to a college or department PTE Committee. Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost. Faculty members and administrators being considered for promotion may not be involved in any candidate review and recommendation process, including the selection of external reviewers, while under consideration.

5.3 The department and college PTE committees' reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. (*Academic administrative
appointment” includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty. Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.4 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.5 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate’s PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department's recommendations, and an explanation of the basis for them, to the College Dean and the College's PTE Committee no later than November 1 by the Provost’s deadline.

6.2 After November 1, the information that may be added to the portfolio is limited to:

a) Recommendations by the evaluating units considering the portfolio at that time;

b) the candidate’s response to those recommendations;

c) any materials requested by the evaluators.

6.2.1 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

6.2.2 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate’s portfolio.
before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing to the additional materials. Any response from the candidate to such materials must be in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after **November 1st** the Provost's deadline that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.

6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost by January 5. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate, to the Provost by January 5. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the appointment as appropriate to the allocation of effort. This input from other units which shall be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.
7. **APPEALS**

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. **DOCUMENT RETENTION**

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

Policy Manual

SECTION 183
NONRENEWAL AND DISMISSAL OF NONBANDED, NONACADEMIC STAFF

SOURCE: SBHE Policy Manual, Section 608.2

1. This policy applies to all employees excluded from the broadbanding system who are not members of the academic staff, and, with respect to their positions as administrators or other non-academic positions, to employees with appointments to the academic staff.

2. An employee may be dismissed, without cause, pursuant to written notice of termination in accordance with the following schedule:
   a) At least three months, if written notice is given during the first year of service;
   b) At least six months, if written notice is given during the second year of service or thereafter.

   As used in this section, “service” means employment at the same institution or agency.

3. Employees excluded from the broadbanding system who are not members of the academic staff at an institution. An employee may be dismissed based upon financial exigency as determined by the Board, loss of appropriations, loss of institutional or program enrollment, consolidation of organizational units or program areas or elimination of courses, in which cases the notice requirements of the preceding section shall not apply. If a dismissal is implemented pursuant to this subsection, no less than 90 days notice shall be given the employee.

4. An employee may be dismissed for just cause. Just cause means just cause for dismissal of staff employees as defined in the North Dakota University System Human Resource Policy Manual. (See NDSU 220.2) Notice of intent to dismiss for cause, stating the reasons for the proposed action, shall be given by a department head or other designated official unless the employee is an institution officer who reports directly to the institution’s chief executive, in which case the chief executive shall give notice, or a university system employee who reports to the Chancellor, in which case the Chancellor shall give notice, or a vice president or other officer who reports directly to the institution’s chief executive, in which case notice shall be given by the chief executive. The notice shall be given at least five calendar days prior to the date of dismissal and the employee has the

...
right, within that time, to respond in writing and request a pre-termination review. Following notice of intent to dismiss and, if requested by the employee, the pre-termination review, the department head or other designated individual, if the notice of intent to dismiss was not given by the chief executive, shall forward a recommendation to the institution's chief executive or the Chancellor. The chief executive or Chancellor shall make a final decision and give written notice of that decision.

4. An employee who is dismissed for just cause pursuant to this policy may, within 20 days of dismissal, appeal the decision by filing a notice of appeal, accompanied by a specification of the reasons or grounds upon which the appeal is based, with the institution's chief executive or the Chancellor. The chief executive or Chancellor shall appoint a hearing officer to conduct an evidentiary hearing and submit recommended findings, conclusions and a recommended decision. The hearing officer shall conduct the hearing according to appeal procedures governing hearings conducted by a staff personnel board that are set forth in Section 27 of the North Dakota University System Human Resource Policy Manual (Policy 231 of the NDSU Policy Manual). The chief executive shall make a final decision and provide written notice of that decision to the hearing officer and the employee within 20 calendar days of receiving the hearing officer's recommendation.

5. An employee who voluntarily or involuntarily leaves his or her non-academic position under this policy but holds a tenured faculty appointment may return to that appointment with all the rights and responsibilities of tenured faculty in the home department, unless a proceeding results in the discharge or demotion of the employee from the faculty position. Should the employee decide to return to the faculty appointment, his or her salary will be adjusted from a 12-month salary for the non-academic duties to a 9-month to 12-month faculty salary that is commensurate with the salaries of comparable tenured faculty members, unless a faculty salary was previously set in his or her contract at the time they assumed the non-academic position. Setting the return-to-faculty salary at the time a person with a tenured faculty appointment assumes a non-academic position is the preferred option. Except for positions explicitly exempt as stated in this section 5 or 6, this policy applies to all employees excluded from the broadbanding system who are not members of the academic staff and, with respect to their positions as administrators or other non-academic positions, to employees with appointments to the academic staff. This policy applies to coaches unless the employing institution has adopted a different policy governing coaches and that policy is stated or adopted by reference in a coach's employment contract, in which case the institution's policy applies. This policy does not apply to faculty, employees with academic appointments are governed by SBHE Policy Sections 605.1, 605.2, 605.3 and 605.4. Staff employees at the institutions are governed by the North Dakota University System Human Resource Policy Manual.

6. Dismissal actions of regular staff employees are governed by the NDSU Policies 220 and 231.

7. Dismissal actions of temporary staff employees may occur at any time with or without cause (NDUS Human Resource Policy Manual, Section 2).

8. Dismissal or non-renewal actions for faculty are governed by NDSU Policy 350.1-350.4 and 352.

9. This policy does not apply to the Chancellor and institution presidents. Subsections 1 and 2 do not apply to student residence hall assistants, work-study students and other students employed on a
part-time basis for a limited term. The terms and conditions of employment for student residence hall assistants shall be stated in a written contract.

SECTION 345
RESEARCH INVOLVING HUMAN PARTICIPANTS

SOURCE: NDSU President

North Dakota State University has provided a formal guarantee to the Office of Human Research Protections, in the Department of Health and Human Services (DHHS), that it will follow procedures which will assure the protection of all human participants involved in NDSU Federally-funded research projects. To ensure equivalent protections to all human research participants, the guarantee NDSU IRB procedures also apply to all research conducted by faculty, students, staff, or other representatives of the University, whether or not the research is sponsored by agencies of the U.S. Government.

In order to comply with this assurance, the University has established an organization competent to review research projects that involve human participants. In compliance with federal provisions (Protection of Human Subjects (45 CFR 46, 21 CFR 50)), the Institutional Review Board (IRB) has been designated to review these projects by the Office of the Vice President for Research and Creative Activity.

The function of the IRB is to assist investigators in the protection of the rights and welfare of human participants. Investigators will not bear the sole responsibility for determining the standards for ethical conduct of research involving human participants. It is necessary for others, who are independent of this research, to share this responsibility. The University’s guidelines for human subject research were approved by the Faculty Senate on October 13, 1986. They have been incorporated into the IRB’s document called, NORTH DAKOTA STATE UNIVERSITY GUIDELINES FOR THE PROTECTION OF HUMAN PARTICIPANTS IN RESEARCH/Standard Operating Procedures. Copies of this document are available from the IRB Office, or on the NDSU IRB web page.

SECTION 515
TRAVEL - EMPLOYEES

SOURCE:  NDSU President
          North Dakota Century Code (NDCC)
          North Dakota Office of Management and Budget Policy

1. GENERAL PROVISIONS

   1.1 DEFINITION OF "TRAVEL" - (NDSU Interpretation)
   For purposes of this policy, except for No. 2 below, the term "travel" means the absence
   from the city or community where a person normally works and/or maintains an office. For
   purposes of travel by staff members employed on the University campus their "community"
   shall include, Fargo, West Fargo, and Moorhead.

   1.2 MEANS OF TRAVEL - (NDSU Interpretation)
   Employees must choose the most prudent and economical means of travel, considering
   factors such as: travel expenses, time away from the office, and the needs of the University.

   1.3 ACCOUNTING OFFICE RESPONSIBILITY - (NDSU Interpretation)
   The NDSU Accounting Office is responsible for the initial development of NDSU's employee
   travel expense reimbursement policy, in addition to the final review and approval of
   individual employee travel expenses. Employees may be contacted by the Accounting Office
   for more documentation or a cost/benefit justification. The NDSU Accounting Office must
   apply the travel rules in this policy on a reasonable, fair and consistent basis.

   1.4 TRAVEL VOUCHER REQUIREMENTS - (NDCC 54-06-09 (6))
   Before an allowance for any such mileage or travel expenses may be made, the employee
   shall file with the employee's department an itemized statement showing the mileage
   traveled, the hour of departure and return, the days when and how traveled, the purpose
   thereof, and such other information and documentation as may be prescribed by rule of
   the employee's department, college, or division.

   (NDCC 44-08-05.1)
   Any employee who has the power to approve a voucher for a department shall determine,
   before approving such voucher, the following:

   1.4.1 That the expenditure for travel or other expenditures were for lawful and official
   purposes.

   1.4.2 If for travel expense, that the travel actually occurred and that the sums claimed for
   travel expenses are actually due the individual who is seeking reimbursement,
   allowance, or payment.

   1.4.3 If the voucher is for expenditure other than travel expense, that the expenditure is
   lawful and that the voucher contains no false claims.
2. TRAVEL WITHIN THE CITY OF EMPLOYMENT
Employees may be reimbursed for expenses incurred within their “city or community” of employment for the following:

2.1 (NDSU Interpretation)
Parking fees for personal vehicles when conducting University functions or attending University meetings.

2.2 (OMB Policy 507)
Mileage at in-state rates for personal vehicles used to transport equipment or university guests for university functions.

2.2.1 (OMB Policy 507)
Mileage from a normal work station to a conference or meeting is reimbursable, if an employee actually reports to work prior to attendance at the meeting. However, mileage for travel from an employee's residence directly to the conference/meeting site is not reimbursable, since it is considered normal commuting travel.

2.3 (NDSU Interpretation)
Meals may be reimbursed as provided under NDSU Policy 170.

2.4 (NDSU Interpretation)
Transportation between the employee's residence and airport, which consists of taxi fare or mileage plus airport parking, whichever is less.

3. OUT-OF-STATE TRAVEL AUTHORIZATION - (NDSU Interpretation)
Employees must have each out-of-state trip pre-approved by their immediate supervisor. In addition, employees in a department, college, or division must have each out-of-state trip pre-approved by their Dean or Director. Deans and Directors who report directly to a Vice President or Provost must have their out-of-state trips pre-approved by their Vice President or Provost. Vice Presidents, Provost, and others reporting directly to the President, must have each out-of-state trip pre-approved by the President. Prior approval is to be obtained by using the Travel Authorization – Out-of-State form.

3.1 WORKERS COMPENSATION - (NDSU Interpretation)
In cases where employees are working out-of-state for 30 consecutive days, or for any international trip, the employee must notify the University Police and Safety Office to arrange proper Workers Compensation coverage.

3.2 FOREIGN TRAVEL AUTHORIZATION - (NDSU Interpretation)
Each trip to a foreign country must be approved by the appropriate Vice President or Provost or their designee.

4. PRIVATELY OWNED TRANSPORTATION - (NDCC 54-06-09)
An employee, when required to travel by motor vehicle or truck in the performance of official duty, should use a state-owned vehicle, whenever possible.

(OMB policy 511)
When an employee drives a state fleet vehicle, the State's liability coverage is primary should an accident occur. If an employee drives a personal vehicle on state business, the employee's personal insurance is primary. If an employee must drive a personal vehicle because no state fleet
vehicles are available, then the State would have primary responsibility.

(NDCC 44-08-03)
Where more than one state employee travels in the same car while engaged upon official duty, whether belonging to different departments, subdivisions, boards, or commissions or not, no claim may be made for more than one mileage, such claim to be made by the owner or lessee of such car.

If an employee is allowed to use a personal vehicle, reimbursement will be made according to the rates below.

4.1 IN-STATE MILEAGE - (NDCC 54-06-09 (1a))
The sum of 54.53.5 cents per mile actually and necessarily traveled in the performance of official duty when such travel is by motor vehicle.

4.2 (NDCC 54-06-09 (1a))
The sum of 80 cents per mile when such travel is by private airplane.

4.3 OUT-OF-STATE MILEAGE - (NDCC 54-06-09 (3))
If only one person engages in travel exceeding any geographic point 300 miles beyond the borders of this state, reimbursement shall be limited to eighteen cents per mile for the out-of-state portion of the travel beyond the first 300 miles.

(NDSU Interpretation)
When interpreting the law indicated in 4.3 above, it may be helpful to visualize that the state’s border has expanded in all directions by 300 miles. When only one person travels outside the state of North Dakota and uses their own vehicle, their miles traveled within the 300 mile expanded border, the employee may be reimbursed at the 54.2.5 cents per mile rate. This includes both the departure and return parts of the trip.

When two or more state employees travel in the same vehicle, the per mile allowance is 54.2.5 cents. State employees accompanying the vehicle owner must be listed on the travel voucher.

4.4 (NDCC 54-06-09 (5))
State employees permanently located outside the state or on assignments outside the state for an indefinite period of time, exceeding thirty consecutive days, will be allowed and paid 45 cents per mile for each mile actually and necessarily traveled in the performance of official duty when such travel is by motor vehicle. In this case the 300 mile restriction, in 4.3 above, does not apply.

(NDSU Interpretation)
Mileage allowances are assumed to be total operating costs for vehicles. No additional amounts will be reimbursed to employees for personal items such as: traffic or parking tickets, vehicle repairs, or any other normal automobile expenses.

5. COMMERCIAL AIRLINES - (OMB Policy 510)
For travel on official state business, airline tickets may be either purchased through a travel agency and billed to the department, or purchased by the employee and reimbursed. In either case, the original itinerary should be used to support the travel agency payment or employee reimbursement.
Reimbursement to an employee or tickets directly billed to a department will be allowed for the actual cost of tourist or coach fare, purchased at the lowest reasonable rate available, except when approved by the President, or President's designee, unless not permitted by federal rules or regulations. Approvals must be filed in the President's Office. First Class or Business Class tickets should normally be through a frequent flyer upgrade or the employee should use frequent flyer miles earned via state travel. Invoices from third parties (like travel agencies) must identify if travel is First Class or Business Class.

5.1 (NDSU Interpretation)
If the ticket is paid by the employee in a month prior to the travel dates, with appropriate department approval, the employee may be reimbursed immediately after the ticket is paid using an accounts payable voucher.

5.2 (NDSU Interpretation)
Meal and lodging expenses will be limited to the days needed to complete the business trip. Meal and lodging expenses for additional travel necessary to get a discounted or reduced airline rate are reimbursable, if a cost savings can be documented.

6. MEAL REIMBURSEMENTS - (NDCC 44-08-04)
Reimbursement is allowed only for overnight travel or other travel, away from the normal place of employment, for four hours or more. Verification of expenses by receipt is required only for lodging expenses.

6.1 DEFINITION - QUARTERS - (NDCC44-08-04 (2)) (NDSU Interpretation italicized)
For purposes of employee meal and lodging reimbursements, state law defines the four quarters of a day as follows:

First quarter shall be from six (6) a.m. to twelve (12) noon. No reimbursement may be made if travel begins after seven (7) a.m.

Second quarter shall be from twelve (12) noon to six (6) p.m. (No reimbursement will be made for this quarter if travel begins after one (1) p.m. or ends prior to twelve (12) noon.)

Third quarter shall be from six (6) p.m. to twelve (12) midnight. (No reimbursement will be made for this quarter if travel begins after seven (7) p.m. or ends prior to six (6) p.m.)

Fourth quarter shall be from twelve (12) midnight to six (6) a.m. (This quarter pertains to claiming lodging expense.)

6.2 CONFERENCE, SEMINAR, OR OTHER MEETING - (NDCC 44-08-04 (1))
Claims may also be made for meals that are included as part of a registration fee for a conference, seminar, or other meeting and for meals attended at the request of and on behalf of the University; however, if a meal is included in a registration fee, the applicable quarter's meal allowance cannot be claimed for that meal.

6.3 TAXABLE MEALS - (NDSU Interpretation of IRS regulations)
Meal reimbursements that do not involve "overnight lodging" are reported as taxable gross income on the employee's W-2 and are subject to withholding and employment taxes. A lodging receipt is considered adequate proof of overnight lodging. Also, a notation on the travel voucher that the employee stayed overnight with a friend or relative is sufficient.
6.4 PAYMENT FOR MEALS OF STAFF & GUESTS, WHILE IN TRAVEL STATUS - (NDSU Interpretation)
NDSU Policy 170 allows reimbursement to employees for meals of staff and guests, even though the employee is not in travel status. Employees while in travel status may also occasionally encounter meal expenses when they are required to be at a meeting and there is a need to pay for meals of guests, such as when interviewing candidates, recruiting, or fund raising.

If an employee is at a required meeting and pays for meals of guests (while in travel status), the employee may be reimbursed for the actual receipt amount. If the employee meal is reimbursed at actual receipt amount on the travel voucher, he/she must not claim the applicable quarter's meal allowance.

When employees are reimbursed for the actual receipt amount for meals under this section, the expenses should be reflected under the "miscellaneous expense" column on the travel voucher. The purpose of the meeting and names of guests must be documented on either the travel voucher or an attached banquet and meeting documentation form.

6.5 TEAM TRAVEL - (Excerpt from NDCC 44-08-04, Subsection 1)
If a higher education athletic team or other organized institution organization group meal is attended at the request of and on behalf of the institution, actual expenses for the entire group, including coaches, trainers, and other employees, may be paid or submitted for payment of a team or group travel expense report; subsection 2 does not apply; and officers and employees are not required to document individual expenses or submit individual travel reimbursement vouchers.

(NDSU Interpretation)
Meal expenses of athletic department employees, when traveling with student athletes to games, are covered by travel advances issued from the Accounting Office. These meals are attended at the request of and on behalf of the University and, therefore, the meals are paid from the travel advance at the actual cost of the meals, in accordance with the Athletic department meal reimbursement guidelines for student athletes. Since the meals are paid out of the travel advance, it is not necessary for the employees involved in the team travel to complete a travel voucher to claim reimbursement for the meals.

As an alternative to actual meal costs, some head coaches may prefer to distribute a cash per diem to the employees and student athletes. The cash per diem is distributed from the travel advance for the individual to use for meals. The cash per diem for employees must not exceed the meal allowance allowed policy and must not exceed the Athletic department meal reimbursement guidelines for student athletes. Since the employee cash per diem is paid from a travel advance, it is not necessary for the employee to complete a travel voucher to claim reimbursement for the meals.

6.6 MEAL ALLOWANCE RATES - (NDCC 44-08-04 (2))
Meal reimbursement rates depend upon the time of day the employee is in travel status and whether the travel is in-state or out-of-state. Verification of receipts shall not be required for the first three quarters listed above in Section 6.1.
### 6.6.1 IN-STATE - (NDCC 44-08-04 (2))
For travel prior to August 1, 2013, in-state rates are as follows:

<tr>
<th>Location</th>
<th>Daily Total</th>
<th>First Quarter</th>
<th>Second Quarter</th>

### 6.6.2 OUT-OF-STATE, WITHIN CONTINENTAL U.S. - (NDCC 44-08-04 (3))
The allowance for out-of-state meals, within the continental United States, is equal to per diem meals rate in the city for which a claim is made on that day as established by the United States general services administration and must be allocated twenty percent to the first quarter, thirty percent to the second quarter, and fifty percent to the third quarter.

(NDSU Interpretation)
The standard meal allowance rate (per diem) for cities in the continental United States is currently $51.00 per day effective 10/01/2015. The North Dakota Office of Management and Budget (NDOMB) web site shows the official current out-of-state meal allowance rates that NDSU will follow. The NDOMB web site includes a listing of cities whose meal allowance rates are higher than the standard rate.

The table below (effective 10/01/2015) shows examples of how the meal allowance per diem is split between the first quarter or breakfast (20%), second quarter or lunch (30%), and third quarter (50%).

### 6.6.3 NON-CONTINENTAL UNITED STATES AND OVERSEAS NONFOREIGN AREAS - (NDCC 44-08-04 (4))
The allowance for meals in noncontinental United States and overseas nonforeign areas, including Alaska, Hawaii, and Guam, is equal to the per diem meals rate in the city for which a claim is made on that day as established by the rule for federal employees established by the United States per diem committee and must be
allocated twenty percent to the first quarter, thirty percent to the second quarter, and fifty percent to the third quarter.

(NDSU interpretation)
The Accounting Office web site will have a link to the appropriate meal allowance for foreign travel.

6.6.4 FOREIGN TRAVEL - NDCC 44-08-04(5))
The allowance for meals outside the United States is equal to the per diem meals rate in the city for which a claim is made on that day as established by rule for federal employees established by the United States department of state and must be allocated twenty percent to the first quarter, thirty percent to the second quarter, and fifty percent to the third quarter.

(NDSU Interpretation)
The Accounting Office web site will have a link to the appropriate meal allowance for foreign travel.

7. LODGING REIMBURSEMENTS - (NDCC 44-08-04 (1)(2d)(6)) (NDSU Interpretation italicized)
Reimbursement for in-state lodging expenses incurred while in travel status during the fourth quarter shall not exceed 90% of the rate established by the United States General Services Administration (GSA) for North Dakota, plus applicable state or local taxes on lodging. For travel on or after October 1, 2016, the GSA rate for lodging in North Dakota was $91; therefore, the maximum amount that can be claimed is $81.90, plus applicable taxes. For travel on or after October 1, 2017, the GSA rate for lodging in North Dakota is $93, therefore the maximum amount that can be claimed is $83.70 plus applicable taxes ($93 x 90% = $83.70).

The GSA will update their rates periodically during the biennium and the allowable lodging reimbursement will also change at that time. See the city/county rate exceptions, found on the Accounting website. The amounts shown are 90% of the GSA rates and are the maximum state reimbursable rates that can be claimed, plus applicable state and local taxes.

Out-of-state lodging expenses shall be reimbursed at actual expense.

An original lodging receipt is required for reimbursement to the employee. (When an original receipt is lost, a photocopy or faxed invoice should be obtained with a notation by the employee that the original receipt was lost.)

7.1 IN-STATE LODGING RATES OVER MAXIMUM - (SBHE 806.1.10)
In the unlikely situation an employee cannot find lodging at 90% of the GSA rate, the following process needs to be followed:

7.1.1 Prior-approval by campus designated approver must be obtained.

7.1.2 The request must document the name of the employee, name of city traveling to, dates of lodging, name and local phone number of the lodging facility, the rates quoted for the dates of travel or if there were no available rooms. A minimum of 3 facilities should be contacted. If traveling to a North Dakota community that does not have 3 lodging facilities, indicate on documentation.
7.1.3 This documentation must be attached to the travel reimbursement form.

7.1.4 Occasionally, additional documentation will be requested to ensure the most cost-effective rates possible were obtained.

7.1.5 If a room is more than the 90% maximum GSA rate for North Dakota, allowed in section 7, above, the additional taxes eligible for reimbursement must be pro-rated. For example (using the $83.70 maximum rate); if the room is $90.00 and taxes are $13.50, the individual will be reimbursed $83.70 plus $12.56 pro-rated taxes ($83.70/90.00 x $13.50 = $12.56).

7.2 DIRECT BILLING OF LODGING TO DEPARTMENT - (NDSU Interpretation)
Employee lodging must be first paid by the employee and then reimbursed using the travel voucher. An employee's lodging expense should not be paid directly by the department to the lodging facility.

EXCEPTIONS - (NDSU Interpretation)

7.2.1 State law (NDCC 44-08-04.5) allows a state agency or institution to pay an out-of-state lodging provider directly when the North Dakota Office of Management and Budget has obtained a sales tax exemption from the destination state.

(NDSU Interpretation)
(At this time, OMB does not have an agreement with any other state. State agencies will be notified when such agreements have been obtained.) The state law exception does not apply to in-state lodging.

7.2.2 (NDSU Interpretation)
A lodging facility may be paid directly by the department if the travel involves a student field trip or athletic team travel.

7.3 REQUIRED DEPOSITS - (NDSU Interpretation of OMB Policy 513)
If a lodging facility requires a paid deposit to hold a room in advance, it should be paid by the employee. If the deposit is paid by the employee in a month prior to the travel dates, the employee may be reimbursed immediately after the deposit is paid using a Request for Payment form. The employee will need to verify that the deposit was properly credited to the lodging bill when the travel takes place.

7.4 ROOM SHARING - (NDSU Interpretation)
When two or more state employees share lodging accommodations, each employee should normally claim his/her own reimbursement. In instances where one employee pays the total lodging costs, he/she may claim reimbursement for the same by listing the other employee(s) sharing the lodging accommodation.

(OMB Policy 513)
When a state employee is accompanied by an individual not eligible for reimbursement (a spouse or traveling companion), the state employee must have the lodging establishment clearly certify the room rate for a single person and only that amount may be claimed.
8. MISCELLANEOUS TRAVEL EXPENSES - (NDSU Interpretation)
Reimbursement may also be requested for such necessary miscellaneous travel expenses as registration fees, car rental, taxi fares, toll fees, business telephone calls, parking fees and up to $5.00 per day for personal telephone calls while in travel status. All miscellaneous travel expenses claimed on the travel voucher must be individually identified and explained. Receipts are required for all individual miscellaneous travel expenses exceeding $10.00.

8.1 ENTERTAINMENT & PERSONAL EXPENSES - (NDSU Interpretation)
Employee entertainment or other personal expenses are not reimbursable. Expenses claimed by an employee that appear to fall in this category, will need additional justification to support claiming them as necessary business expenses.

8.2 CAR RENTAL - (OMB Policy 518)

8.2.1 The university will reimburse an employee for car rental if the employee used an aircraft to get to their destination, and if the use of the vehicle is sufficient to justify that mode of travel instead of a taxi. It is generally the policy to discourage car rentals unless their cost effectiveness is self-evident.

8.2.2 When renting a car for university business, purchase of additional insurance is not necessary because it is covered by the State's Risk Management Fund. However, the North Dakota Risk Management Division does recommend purchasing the liability insurance if renting outside the United States. Also, when out of the country, it is advisable to purchase the loss damage waiver as well. Employees should consider what covers the employee's personal auto insurance provides.

8.3 TIPS AND OTHER CHARGES - (NDSU Interpretation)
Reasonable tips, not to exceed $5.00 per tip, and service charges that are a necessary part of the business trip are reimbursable. Examples include: tips to bellhops and taxicab drivers. No reimbursement is allowed for tips on meals that are covered by the meal allowance.

8.4 LOST RECEIPTS - (NDSU Interpretation)
When an original receipt is lost, a photocopy or faxed invoice should be obtained with a notation by the employee that the original receipt was lost. Credit card receipts are not sufficient.

9. TRAVEL ADVANCES - (NDCC 44-08-04.2)
The Accounting office may approve a travel advance to employees for payment of meal and lodging expenses incurred while the employee is traveling on official business of this state, provided that such travel is planned to be in excess of five days per month, and provided that the funds advanced do not exceed eighty percent of the estimated expenses for the period.

NDSU LIMITATIONS - (NDSU interpretation)
Funds advanced for meals and lodging must be accounted for as required by this Policy. Travel advances may not be made from state appropriated funds. A travel advance form is available to request an advance. The Accounting Office will generally limit travel advances to the following two situations:

9.1 When an employee is chaperoning a group of students or other guests and is expected to pay some of the student's or guest's expenses.
9.2 When an employee is going on a trip for an extended period of time, such as more than one month. Usually these are international trips funded by a special grant.

SECTION 700
SERVICES AND FACILITIES USAGE

SOURCE: NDSU President

1. As a general rule, campus services may be used only by: 1) University employees for purposes related to their official responsibilities, or 2) off-campus organizations for non-profit, nonpolitical purposes, provided that the specific use of a campus service is sponsored by a University department or University-related organization as a part of its official function.

1.1 The administrator directly in charge of any such service shall have the authority to allow an exception to this general rule in any case involving unusual circumstances and appropriate justification.

1.2 This policy is specifically applicable to the University Copy Centers, the campus mail system, and mailing labels, or employee lists maintained by any other University office.

2. Computer generated name and address lists or labels of higher education employees may only be prepared for individuals and organizations directly affiliated with the University to assist in performing a bona fide University activity. Such individuals and organizations must request lists or labels from the Office of Human Resources/Payroll.

2.1 Other individuals and commercial or non-profit organizations may obtain employee names, addresses, and telephone numbers from the University directory, available for purchase at the NDSU Bookstore.

3. Unauthorized sales or solicitations are not allowed on campus. Unauthorized sales or solicitations at any time in the residence halls, University apartments, or in any other campus buildings, including academic and administrative buildings, are prohibited. For questions regarding sales in the Memorial Union, see the Memorial Union Director. For questions regarding sales in Residence Life facilities, see the Senior Associate Director of Residence Life. For questions concerning sales in any other areas, contact the Dean of Student Life Office, Memorial Union Facilities Management Director.

See also NDSU Policy 601, subsection 4.194.10 and section 8, and Policy 150.

4. Candidates for political or public office who wish to use campus facilities must comply with University rules and regulations. NDSU has adopted specific campaign procedures for local, state, and national elections. Copies of the policies can be obtained from the Dean of Student Life office. These policies govern canvassing, placement of brochures and materials, and use of the Student Union and University housing. Door to door campaigning or canvassing is not permitted in academic buildings. These buildings are restricted to educational purposes. For use of facilities by University employees, see Policy 160, number 13.

5. All filming, videotaping, and still photography on University property or at University sponsored events for commercial purposes (including political advertising) must be approved and coordinated by University Relations, Old Main 204. "Commercial purpose" does not include news media
reporting or outside use of University property for personal use (like wedding pictures).

The request must be in writing and include: name of organization, contact person, location, requested dates and detailed description of project. A contract must be signed prior to any activity beginning on University property or at a University sponsored event. The project can't disrupt normal operations of the University. For restrictions on the use of state property for political activities see also, NDSU Policy 160.

SECTION 352
PROMOTION, TENURE AND EVALUATION

SOURCE:  NDSU President
          NDSU Faculty Senate

1.  INTRODUCTION

1.1  The promoting of faculty and awarding of tenure, and the prerequisite processes of
evaluation and review, are of fundamental importance to the long-term ability of the
University to carry out its mission. Promotion recognizes the quality of a faculty member's
scholarship and contributions in the areas of teaching, research, and service. Promotion
acknowledges that the faculty member's contribution to the university is of increasing value.
Tenure assures academic freedom and enhances economic security for faculty members
who show promise of sustained contributions in those three areas. Tenure aims to both
recognize a candidate's potential long-term value to the institution as evidenced by
professional performance and growth and to provide the expectation of continued
employment. The decision to award tenure rests on criteria that reflect the potential long-
term contribution of the faculty member to the purposes, priorities, and resources of the
institution, unit, and program. With the individual autonomy derived from academic freedom
and tenure comes the responsibility to create and/or maintain an ethical, respectful, and
professional work climate for oneself, one's colleagues, one's students, and others with
whom one relates professionally. Due to the emphasis on institutional purposes and
priorities, tenure recommendations should be reviewed at department, college, and
university levels.

1.2  From the University's mission flows the expectation that each faculty member will make
contributions of high quality to the areas of teaching, research, and service. "Teaching"
includes all forms of instruction both on- and off-campus. "Research" includes basic and
applied research and other creative activities. "Service" includes public service, service to
the University, college, and department, and service to the profession. Because of the
University's mission, the quality and quantity of contributions in all three areas will be
considered at the times of promotion and tenure. But, because of variations among faculty
in strengths and/or responsibilities, faculty members are not expected to exhibit equal
levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the
kinds of evidence produced in support of quality of contributions.

1.3  The policies and standards of each college should be congruent with the University's mission
and its policies on promotion and tenure, and also should reflect the college's unique
expectations of its faculty members. The policies and standards of academic units within
each college should be consistent with the missions of the University and college and their
policies on promotion and tenure, and also should designate evidence of how faculty in the
academic unit meet the expectations of the college and University.
2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.

2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:
2.2.2.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or

2.2.2.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;

2.2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;

2.2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;

2.2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;

2.2.2.2.5 the receipt of awards or special recognition for research;

2.2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or

2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

2.2.3.2.1 the receipt of awards or special recognition for service;

2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;

2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;
2.2.3.2.4 active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5 contributions to fostering a campus climate that supports and respects faculty, staff, and students who have diverse cultures, backgrounds, and points of view;

2.2.3.2.6 effective management or improvement of administrative procedures or programs;

2.2.3.2.7 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.8 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes, shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The
dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan. Tenured and non-tenure-line candidates for promotion to the rank of full professor may choose to be evaluated by the criteria in effect at the time of the previous promotion, if the application is made within eight years of the previous promotion. Thereafter, candidates shall be evaluated by the criteria in effect at the time of application. Candidates applying for promotion to the rank of full professor more than eight years after the previous promotion may choose to be evaluated based on work completed in the eight years immediately prior to applying rather than on their entire post-promotion record.

3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum number of years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.
3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extension of Probationary Period
At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption
A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability
A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of
such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period
shall be maintained in a confidential file separate from the employee's official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

Related Policies and Procedures:
Policy 320. Faculty obligations and time requirements [http://www.ndsu.edu/fileadmin/policy/320.pdf]

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 While faculty in Professor of Practice and Research Professor positions are not eligible for tenure, promotion through ranks is encouraged and is based on time in rank and
satisfactory evaluations of assigned responsibilities. An application for promotion is initiated via a departmental recommendation and follows the same procedure and submission deadlines as for tenure-line faculty. Faculty in such positions are eligible to apply for promotion from assistant to associate after the completion of five years in rank.

4.6 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.7 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.8 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for election to a college or department PTE Committee. Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost. Faculty members and administrators being considered for promotion may not be involved in any candidate review and recommendation process, including the selection of external reviewers, while under consideration.

5.3 The department and college PTE committees' reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. (*Academic administrative
appointment” includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty. Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.4 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.5 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate’s PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department’s recommendations, and an explanation of the basis for them, to the College Dean and the College’s PTE Committee no later than November 1 by the Provost’s deadline, according to the PTE Timeline published by the Office of the Provost on the PTE Timeline:

6.2 After November 1, the Provost’s deadline for submission of the portfolio to the Dean’s office, as stated on the PTE Timeline, the information that may be added to the portfolio is limited to:

a) Recommendations by the evaluating units considering the portfolio at that time;

b) the candidate’s response to those recommendations;

c) any materials requested by the evaluators.

6.2.1 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

6.2.2 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.
6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing to the additional materials. Any response from the candidate to such materials must be in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after the Provost's deadline for submission of the portfolio to the Dean's Office that could be detrimental to a candidate's case (e.g., academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.

6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost by January 5 according to the PTE Timeline. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate, to the Provost according to the PTE Timeline by January 5. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the appointment as appropriate to the allocation of effort. This input from other units which shall
be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.

7. APPEALS

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. DOCUMENT RETENTION

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

General Education Administrative Policies

1. General education courses may be used to satisfy requirements for both general education requirements and the major, minor, and program emphases, where applicable.

2. Departments or colleges may preclude their students from double counting general education courses with major courses.

3. Department or college requirements for graduation may include general education courses that exceed the university minimum required for general education.

4. Except for courses that meet the cultural diversity or global perspectives requirements, no course can fulfill the requirements for more than one general education category.

5. General education requirements can be met through the College Level Examination Program (CLEP), DSST, International Baccalaureate (IB) credit by exam, departmental examinations, the Advanced Placement program (AP) of the College Entrance Examination Board, or equivalents.

6. General education requirements can be met by successful completion of a course for which an approved general education course in the same department is a prerequisite or by successful completion of an advanced course in the same department with comparable course content.

7. No general education course may be taken for graduate credit.

8. Except for courses offered only on a pass/fail basis, no courses taken to meet the general education requirements may be taken for pass/fail grades.

9. The general education minimum requirements apply to all baccalaureate degree programs.

10. Transfer students who have only partially fulfilled general education category requirements by transfer-approved courses must complete the requirements in approved courses within the NDSU deficient categories. No category credit requirement may be deficient by more than a partial semester credit. However, in the communication category, if the transfer course(s) have been evaluated as equivalent to ENGL 110 College Composition I, ENGL 120 College Composition II, and COMM 110 Fundamentals of Public Speaking and total no less than eight semester credits, the lower-division category requirement has been met. Transfer students meet NDSU's general education "College Composition I and/or College Composition II" requirement in the lower division Communication category if they have credit in any English course (in composition, composition and literature, or the equivalent) totaling at least 2.67 semester credits per course. The total for all general education categories must be at least 39/40 semester credits for new students.

9. Students may receive placement credit for ENGL 110 College Composition I based on a minimum English ACT score (or SAT equivalent) and satisfactory performance (grade of 'C' or better) in ENGL 120 College Composition II or equivalent.

10. A student who has completed an associate of arts or an associate of science degree general education program in the United States or Canada consisting of a minimum of 36 semester credits at a regionally accredited institution and who transfers to NDSU or who pursues a second baccalaureate degree at NDSU is considered to have completed his or her lower-division general education requirements at NDSU. Transfer student
coursework from outside the United States and Canada will be evaluated on a course-by-course basis. [NOTE: Undergraduate curriculum guides identify courses in the general education section of the guide that typically satisfy both general education and major requirements. These courses must still be satisfied as part of the major requirement and cannot be waived by general education policy #12.]

11. General education courses at other accredited institutions, which do not have equivalent courses or general education status at NDSU, may be accepted in transfer as part of the general education requirements at NDSU.

12. All general education course syllabi and course web sites must identify the course as having been approved for meeting general education requirements and include the general education outcomes for which each course is approved. (See Syllabus Requirements)

12.8. 13. Effective spring semester 2015, Sstudents who have completed basic military training (which is the commitment for enlistment) will receive a waiver for the Wellness category. Military record documentation is required for the waiver; documentation is to be submitted to the Office of Registration and Records with a completed Appeal for Exception to General Education Requirements form. The waiver for the training will not lead to course credit, and all other minimum graduation requirements apply.
Transfer and Test Credit

Transfer credit evaluations are conducted in the Office of Registration and Records. The evaluation process begins after a student is admitted to the university by the Office of Admission, or has completed the reactivation process with the Office of Registration and Records, if a returning NDSU student. The evaluation process takes 6-8 weeks on average.

Evaluation of Transfer Credit from U.S. Institutions

The Office of Registration and Records administers the NDSU policies governing the acceptance of college credit from outside institutions. These requirements apply to returning students who have attended other institutions, as well as new NDSU students. Before credits may be evaluated for specific NDSU course equivalency or application to programs of study, transfer courses must be accepted for university credit according to the following criteria:

1. Credit by examination, or College-level coursework from regionally accredited colleges or universities (or equivalent for international institutions), and Joint Service transcripts are eligible for acceptance in transfer.
2. Course repeats
   a. Courses repeated elsewhere prior to attending NDSU will be accepted in transfer as indicated on the transferring institution’s official transcript. Transfer courses taken from multiple institutions that have the same NDSU equivalent will be considered as a repeated course, and only the most recent attempted course will be accepted for transfer. Equivalent will be accepted individually as a special circumstance.
   b. Courses will not be accepted in transfer to replace any grades or credits earned and on record at NDSU. If a course is completed at NDSU and an attempt is made to repeat that course elsewhere, the course is considered duplication and is not eligible for transfer. (See also Repeated Courses policy)

2.3 Repeated courses will be accepted in transfer as indicated on the institution’s official transcript. Transfer courses taken from multiple institutions that have the same NDSU equivalent will be accepted individually as a special circumstance.

3.4 Credit for a remedial course is not accepted for transfer if the course is remedial by definition of the transferring institution or if it is equivalent to a remedial course at NDSU. Remedial courses may, however, fulfill prerequisite requirements, if applicable.

4.5 Credit will be evaluated not only as it appears on the transcript, but also on the basis by which the credit was initially awarded by the sending institution. Any Credit by examination, such as AP or CLEP, credit awarded via placement, or life experience credit awarded by another institution is not accepted in transfer.
5.6. The Office of Registration and Records determines the applicability of transfer credit toward NDSU general education requirements according to institutional and North Dakota University System guidelines.

6.7. College-level credits that do not have course equivalents at NDSU will be accepted as free electives and may count only toward total credits. An academic department may determine whether these transfer electives may satisfy specific curricular requirements through a course substitution process. (See also General Education Administrative Policies.)

7.8. NDSU requires that a minimum of 37 credits toward a baccalaureate degree be earned at the junior or senior (300- and 400-level) level. Therefore, while a freshman- or sophomore-level (100- or 200-level) course transferred from another institution may satisfy a specific upper-level program requirement at NDSU, that course will not be counted toward the 37-credit upper-division degree requirement.

8.9. Transferable All letter grades courses with 'D' grades or above will be accepted by the university; however, many colleges and departments have higher strict standards to determine course applicability toward their respective majors and degree programs.

9.10. The name of transfer institutions and total credits accepted by NDSU will be indicated on the official NDSU transcript. Individual transfer courses are not detailed on the academic transcript, but are provided in an official transfer evaluation and academic advisement report after admission to the university.

10.11. Total transfer credits are converted to semester credits, if applicable.

11.12. Transfer grades are recorded but not computed in the institutional cumulative GPA. Transfer grades are used only for purposes of admission to the University, admission to certain programs, and for some scholarships and financial aid.

Evaluation of Transfer Credit from International Institutions

According to North Dakota University System policy effective January 2013, international transcripts must be submitted to an approved external evaluation service. Obtaining an evaluation is the sole responsibility of the student. Evaluations must be submitted according to the guidelines listed below. The guidelines for the evaluation of transfer credit listed for Domestic/US Institutions also apply to international transfer credit. NDSU students participating in an approved study-abroad program are not required to submit transcripts from study abroad experiences to an evaluation service. International students transferring from a North Dakota State University partnership institution are exempt from submitting an external international evaluation.

- Students must submit official transcripts to one of the following approved evaluators: the American Association of Collegiate Registrars and Admission Officers (AACRAO) International Education Services, a member of the National Association of Credential
Evaluation Services (NACES), or a member of the Association of International Credential Evaluators (AICE).

- Official transcript(s) issued in English must be submitted to NDSU in addition to the evaluation unless the evaluation service provides certification of student documents and sends copies of transcript(s) to NDSU. Currently World Education Services (WES) is the only organization that provides NDSU with the required, certified documentation.
- New transfer students who have completed coursework at an institution outside the United States must submit transcripts to an approved evaluation service for a course by course evaluation.
- New international students should send evaluations directly to the NDSU International Student and Study Abroad Services Office.
- New domestic students or United States permanent resident students should send evaluations directly to the NDSU Office of Admission.
- Students must submit course descriptions for all completed coursework directly from the international institution to the NDSU Office of Registration and Records.
- Effective January 2015, all international transfer English coursework from non-native English speaking countries will not be accepted. English Coursework will transfer as remedial credit, and will be listed as equivalent to ENGL DEV at NDSU.

Common Course Numbers

Institutions in the North Dakota University System have established common course numbers (CCN) to facilitate transfer within the University System. Under the CCN agreement, transfer students who have successfully completed CCN courses will not be required to retake them at NDSU unless their degree program requires a higher grade. However, CCN courses will not fulfill residence requirements nor will 100- and 200-level courses fulfill upper-division requirements for graduation.

Evaluation of Transfer Credit from Military Courses

North Dakota State University accepts military courses recognized by the American Council on Education. Students who have completed military courses may receive transfer credit from NDSU. When evaluating military courses, the Office of Registration and Records will follow the criteria illustrated below:

1. Only Joint Service Transcripts that are sent electronically from the American Council on Education will be considered official and will be accepted.
2. Courses listed under “Military Courses” will be accepted for credit. Courses listed under “Military Occupations”, “College Level Test Scores”, and “Other Learning Experiences” on the Joint Service Transcript will not be accepted for credit.

3. Basic Military Training courses will transfer as a transfer elective with the credit going towards the General Education Category: Wellness.

4. Each course listed under Military Courses will be awarded the number of credits recommended by the American Council on Education.

5. Courses that do not have an NDSU equivalency will be set as transfer electives. These courses will be evaluated per the American Council of Education’s recommendations.

6. Courses that are recommended as vocational or graduate level, will not be accepted for transfer.

Proposed Faculty Senate Resolution – Draft

Whereas collaboration, cooperation and trust between the Faculty and the Vice President for Research and Creative Activities (VPRCA) is critical to the success of NDSU’s research mission;

Whereas the recent 360 Review of the VPRCA has clearly revealed that collaboration, cooperation and trust to be lacking; and

Whereas the shortest possible time line for re-establishment of a functional relationship between faculty researchers and the Office of the VPRCA is crucial to NDSU’s research mission; now, therefore, be it

Resolved, that the NDSU Faculty Senate

1. urges the President and Provost to immediately undertake the identification of one or more internal candidates to serve as NDSU’s interim VPRCA;

2. urges the President and Provost to take faculty input, through campus-wide open forums, on suitability of each candidate for the job; and

3. urges the President and Provost to appoint an internal interim VPRCA by the end of February, 2018 to serve until such time that a permanent appointment can be made through a proper national search.

SECTION: 134.2 NDSU Lactation Policy

1. Effect of policy addition or change (explain the important changes in the policy or effect of this policy). Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? Yes
   - Describe change: This is a new policy, related to all employees at NDSU, establishing family-friendly workplace guidelines in support of new mothers who wish to express breast milk during work hours. The policy is based on federal requirements; the Patient Protection and Affordable Care Act (PPACA) Section 4207 amended the Fair Labor Standards Act, Section 7.
   - Version 2 changes include:
     - Opening paragraphs stating NDSU commitment to, and benefits of, family-friendly policies like 134.2
     - Opening paragraphs outlining expectation that employee will request flexibility in time from supervisor
     - Opening paragraphs outlining expectation that supervisor will work with employee
     - Added language about "breastfeeding and expressing breast milk" throughout policy
     - 1.1 – added "at least" to the previous one year guideline
     - 1.1.1 – added "shall be reviewed" by supervisor
     - 1.3 – added "or near" regarding lactation space locations
     - 2.1 – added language regarding need for supervisor flexibility with non-exempt employees in terms of break times for breastfeeding/expressing breast milk, especially due to travel time frequently required for employee to reach designated lactation rooms.
   - Version 3 changes include:
     - Last sentence of opening paragraphs language changed, per Matt Hammer (12/20/2017) to read "Supervisors shall"
     - 1.2 – added sentence to address concerns, per Matt Hammer (12/20/2017), regarding lack of a specific lactation space in general work area for employees
     - New paragraph added, above last sentence, per Matt Hammer (12/20/2017), indicating that employees experiencing discrimination/harassment can file a complaint with the Equity Office

2. This policy change was originated by (individual, office or committee/organization):
   - Human Resources/Payroll and Equity Office 2/21/2017
   - Kara.Gravley-Stack@ndsu.edu
   - This portion will be completed by Mary Asheim.

3. This policy has been reviewed/passed by the following (include dates of official action):
   - Senate Coordinating Committee: 4/10/17
   - Faculty Senate: 4/11/17

SECTION 134.2
LACTATION POLICY

SOURCE: NDSU President

As part of our family-friendly policies and benefits, NDSU supports breastfeeding employees by accommodating the breastfeeding employee who wishes to breastfeed or express breast milk during her workday when separated from her child. NDSU recognizes that supportive breastfeeding policies and practices in the workplace not only benefit the employee but also benefit the child and the employer. Employer benefits include greater workplace productivity, increased organizational loyalty, and increased job satisfaction. Breastfeeding employees experience higher productivity, fewer distractions, lower absenteeism to care for an ill child, and a lower risk of developing breast and ovarian cancer or diabetes.

Babies experience immediate and long-term benefits from breastfeeding including better immune system development and tend to have fewer and less severe short-term illnesses and chronic illnesses.

Any employee who wishes to breastfeed or express breast milk in the workplace shall notify the supervisor and discuss any relevant workload or scheduling issues.

1. Supervisors shall work with their employees and within policy requirements to accommodate an employee who wishes to breastfeed or express breast milk:

   1. Flexible work scheduling, including scheduling breaks and permitting work patterns that provide time for breastfeeding or expressing breast milk for at least one year after child’s birth;

   2. After one year of child’s birth, continued breaks and work patterns to accommodate breastfeeding or expressing breast milk may be reviewed and agreed upon with employee’s supervisor;

   3. A convenient, sanitary, safe, and private location, other than a restroom, allowing privacy for breastfeeding or expressing breast milk. If a designated lactation room is not available within reasonable proximity to the employee’s workspace, the supervisor will work with the employee to identify and, if needed, modify, an existing non-restroom space to temporarily serve that purpose;

   4. A convenient, clean, and safe water source with facilities for washing hands and rinsing breast-pumping equipment located in or near the private location.

2. NDSU shall not be required to compensate an employee receiving reasonable break time for any work spent breastfeeding or expressing breast milk, for such purpose.

   1. Travel time to a lactation room must be considered and may extend the reasonable break time. Supervisors may permit extensions for reasonable break time with options that may include alternate start/stop times to the workday, rearranging break periods, and flexible work scheduling.
scheduling. For non-exempt employees, supervisors will need to allow flexibility for employees to be able to earn all paid hours.

Employees experiencing workplace issues related to breastfeeding and lactation space and breaks may file a complaint with the Equity Office, per Policy 156: Discrimination, Harassment, and Retaliation Complaint Procedures.

NDSU has the following lactation rooms and support resources available for nursing mothers: https://www.ndsu.edu/equity/pregnancy/

The University Curriculum Committee (UCC) supports on-going review of active courses. Departments are welcome to inactivate courses throughout the academic year. An expedited review process supports departments and the course clean-up process.

**Process**

- In mid-September the Provost’s Office sends department chairs a prompt to review courses not taught in the previous five years.
  - Department chairs review list in Tableau.
  - A comprehensive list of courses to be inactivated will be shared with all UCC members.
- Department chairs communicate with their college’s UCC committee representative justification for any course to remain active.
  - Chairs have four weeks to respond.
  - If no communication is provided from a department chair, courses will move forward for inactivation processing.
- UCC College committee representatives assembles list of courses to remain active and accompanying justification.
  - Elements to track: prefix, catalog number, course title and justification to retain course.
- UCC reviews courses in mid-October and approves/denies requests as appropriate.
- In late October Registration and Records will process the inactivations in CourseLeaf.
- UCC supports an approved abbreviated workflow review process for these courses.
  - The requests will start with approval at the Dean level and then as consent agenda items at UCC and Faculty Senate.

**Why is this important?**

If courses remain active in the bulletin, but are not taught, this can cause confusion and frustration for students and advisors. The exercise of reviewing courses for this process may help departments realize some opportunities. Also, some of these courses are Gen Ed courses, and inactivation would help with the revalidation and overall assessment plan for the program.

Active but not taught courses do accumulate over time for many reasons including, but not limited to:

- Faculty turnover
- Changes in curriculum
- Hesitancy to inactivate

UCC wants to reassure those who fall into that last category that inactivation does not permanently remove the course from the bulletin or Campus Connection, but rather simply makes them unavailable in the active version of the bulletin. The inactivated courses can be reactivated easily through the CourseLeaf process and are consent agenda items for UCC. You can see inactive courses in CourseLeaf by searching for them.
Repeated Courses

Students who wish to take advantage of the repeated course opportunity to improve a grade must repeat the course at NDSU, with one exception only. NDSU students may register for a Tri-College course to repeat a course previously taken at NDSU (see Tri-College rules and restrictions). At NDSU, repeating a course is defined as retaking the same course on a student's completed NDSU academic record in an attempt to improve a grade. Repeat course elsewhere, the credit is considered duplicate and is not eligible for transfer. When a course is repeated at NDSU, all attempts remain on the academic record but only the credits, grades, and related honor points for the most recent attempt will be used in calculating the cumulative grade point average and credits for graduation. Students forfeit the previous grade no matter what grade is earned when the course is repeated. All repeated courses are noted on the transcript to indicate the course was repeated in a following term and previous attempts are excluded from cumulative totals. Courses taken for regular 'A'- 'F' grades may not be repeated under the pass-fail grading option. The course repeat option to improve one's academic record is available to students who have not graduated. Repeats are processed at the end of a semester after grades have been posted to academic records. The following applies to repeated courses:

1. Credit earned in any given course (or equivalent course) is applicable to a degree requirement only once. Credit for a course can only be earned and applied to degree requirements once.
2. If a course is completed at NDSU and an attempt is made to repeat that course at another institution, the credit is considered duplicate and is not eligible for transfer back to NDSU.
3. An NDSU student may register for a Tri-College course to repeat a course previously taken at NDSU (see Tri-College rules and restrictions).
4. All grade entries when a course is repeated at NDSU, all attempts remain on the student's academic record, but only the credits, grades and related honor points for the most recent attempt will be calculated in calculating the cumulative grade point average and credits for graduation. Previous attempts are excluded from cumulative totals and marked as 'Repeat Included'.
5. Students forfeit the previous letter grade no matter what letter grade is earned when the course is repeated and the most recent course is marked 'Repeat Excluded'.
6. There is no limit to the number of different courses that may be repeated unless otherwise restricted by an academic department.
7. A student is limited to a maximum of three attempts in any course at NDSU. An attempt includes any instance in which the student earns a letter grade for the course (A - F). The three-attempt limit does not apply to courses identified as "May be repeated" in the course description. A student can petition for exception to this limitation through established university procedures.
8. Courses taken for A-F grading 'A'- 'F' grades may not be repeated under the pass-fail grading option.
9. Repeat attempts made in semesters following a degree posting will remain on the academic record along with the new grade, but will be excluded from GPA and credit calculations. The repeated course will be marked "Repeated: Post Degree-Not Included in Cum Totals."

NOTE: Repeating courses has impacts to financial aid eligibility and can affect a student's completion rate. For more information contact NDSU One Stop.
Baccalaureate Degrees

To receive a baccalaureate degree from NDSU, students must complete all of the requirements listed in this section as well as those specified for the particular degree program by a college within the university. Students should consult the curriculum guide or contact the academic department for further information on degree requirements. Degree candidates must satisfactorily complete one of the degree curricula offered at NDSU in accordance with the requirements listed below. Because curricula are subject to change annually, students are responsible for determining curricular expectations according to the following guidelines:

Intended majors and degrees, as well as second majors and minors, must be declared to become official by providing notice to the Office of Registration and Records, 110 Ceres Hall. Students follow the published curricula for the major program of study declared with the university from the semester/year of entrance at NDSU, from the point a new major is declared, or from the year of admission to a limited- or selective enrollment program, whichever applies, to graduation provided enrollment at NDSU has not been discontinued for more than one year.

Students who advance in limited- or selective enrollment programs will have their academic program/plan status changed accordingly by the appropriate academic department.

Any student who discontinues enrollment at NDSU for more than one calendar year is subject to meeting the curricular requirements in effect at the time of re-entry.

Degree and Graduation Requirements

Students must satisfactorily complete two sets of requirements: a) university-wide requirements and b) college- or department-level requirements, which include curricular requirements for completing majors and minors. College- and department-level requirements for majors and minors are listed in the college sections of this bulletin under the appropriate college listing, and in curriculum guides available online and in academic departments. Minimum degree/graduation requirements are as follows:

1. **Academic major requirements**: Satisfactory completion of all requirements of the curriculum in which one is enrolled. Earn a minimum total of 120 credits in approved coursework. Requirements for some academic majors exceed this minimum.
   
   1. Because curricula are subject to change, intended degrees and majors, as well as second majors and minors, must be declared to be official. This may be done at the point of admission or readmission to the University or by submission of a Major Change form to the Office of Registration and Records.
   2. Students follow the published curricula in place when a major/minor is declared or from the year of admission to a limited- or selective-enrollment program, whichever applies, to graduation provided enrollment at NDSU has not been discontinued for more than one calendar year.
3. Students who advance into limited- or selective-enrollment programs will have their academic degree/plan status changed accordingly based on information provided to Registration and Records by the respective academic department.

4. Students who discontinue enrollment at NDSU for more than one calendar year are subject to meet the curricular requirements in effect during the term of readmission.

5. Each program of study presented by a candidate for the baccalaureate degree is audited for meeting the degree requirements by the Office of Registration and Records. Degree candidates are certified according to total credits and grades earned and other university and degree program requirements.

2. **Total degree credits:** Earn a minimum total of 120 credits in approved coursework. Requirements for some academic programs may exceed this minimum.

3. **General education requirements:** Satisfactory completion of the general education requirements as specified by the University and in a student's degree and major.

4. **Scholastic standing requirement:** A minimum institutional grade-point average of 2.00 based on work taken at NDSU for which grades have been assigned is required for graduation. When a course is taken and repeated at NDSU, only the most recent grade and credits earned will be used in computing the cumulative grade-point average. Some academic programs require higher minimum grade-point requirements.

5. **Upper-level credit requirements:** At least 37 of the credits presented for graduation must be in courses taken at the 300 and 400 level.

6. **Transfer Students:** Students with transfer credit from another institution must earn a minimum of 60 semester credits from a baccalaureate-degree granting or professional institution. Of these, at least 36 must be NDSU residence credits as defined below. Within these 36 resident credits, minimum requirements include 15 semester credits in courses numbered 300 or above (37 upper-level credits must still be earned in total) and 15 semester credits in the major field of study.

7. **Residence requirements:** Residence credits include credits registered and paid for at NDSU. These may include courses offered on the NDSU campus, via or Tri-College, or via NDSU distance education. At least 36 credits must be NDSU resident credits ordinarily. The last 30 credits must be earned in residence.

**Exceptions to the Last 30 Credits Requirements:**

8. Courses taken as part of a NDSU-sponsored study abroad or exchange program count as residence credit. Students must still fulfill all other graduation requirements.

9. Students admitted to an accredited non-baccalaureate professional degree program (e.g., Veterinary Medicine, Chiropractic, etc.) at another institution prior to earning their baccalaureate degree from NDSU may be eligible to subsequently earn an NDSU bachelor’s degree through the transfer of earned professional course credits. Professional coursework transferred back to fulfill major requirements must be either department-approved as equivalent to NDSU coursework or be authorized via department-approved substitution form. To be considered for this waiver, students must complete and submit an Appeal for Exception to Academic Regulations Form to the Office of Registration and Records during their last semester of enrollment at NDSU. Students must still fulfill all other graduation requirements.

10. Courses taken as a part of a required curriculum in an NDSU approved dual degree or joint program with another institution (i.e., HDFS/Elementary Education with VCSU).
11.7. Excluding the above exceptions, students who need to complete a limited number of credits (typically not to exceed nine) to fulfill their graduation requirements, and who are unable to take them at or through NDSU may seek an exception by completing and submitting the Appeal for Exception to Academic Regulations Form to the Office of Registration prior to enrolling at another institution.

To fulfill major requirements, transfer coursework must either be evaluated as equivalent to NDSU courses or be authorized via a department-approved substitution form. Students must still fulfill all other graduation requirements.

12.8. Financial obligations: Satisfy all financial obligations owed to the university.

13.9. Application for degree: All candidates for a baccalaureate or Pharmacy Doctorate degree must indicate their intent to graduate when registering for their last semester. The application form is available online. Failure to apply by the published graduation application deadline of the planned semester of graduation may delay the awarding of the degree until the following semester. If a student fails to complete the required courses by the intended graduation term, the student must reapply for graduation in a following term.

Majors and Minors

Majors and minors are integral parts of baccalaureate degree curricula. Specific curriculum requirements for majors may be acquired from the appropriate departmental office or from Registration and Records. Minimum credit requirements for degrees are outlined in NDUS SBHE Policy 409. Students are responsible for following the requirements in place at the time a major or minor is officially declared with the university.

Major: A major is a planned grouping of related courses that totals a minimum of 32 credits.

Minor: A minor is a similar grouping of courses that totals a minimum of 16 credits. A minimum of eight credits must be earned in residence at NDSU.

Second or Multiple Majors: A second (or multiple) major may be earned by completing the requirements of both (or all) majors offered under the same baccalaureate degree. At least 15 unique credits must exist between the majors. When requirements for multiple majors are met concurrently, all majors are displayed on the diploma.

Multiple majors or minors may be completed and recorded on the student's academic record after the degree for the first major has been awarded. When majors under different degrees are involved, the requirements for a second degree apply (See next section).

Second Degree

A second baccalaureate degree may be earned at NDSU with all of the following provisions:

1. All curriculum requirements are satisfactorily completed.
2. A 30-credit minimum is earned in residence beyond all of the credits and degree requirements for the first baccalaureate degree. All requirements for both degrees must be met, including the separate residency requirements at NDSU for each (36 for the first, 30 for the second). Any repeated courses do not count toward the 30 credits.
Each baccalaureate degree must be different. However, students may complete requirements for more than one major within a given degree, if available (see second/multiple majors).

Certificates

A certificate program is a specialized course of study requiring at least 16 credit hours at the undergraduate level or eight credit hours at the graduate level, per NDUS SBHE policy 409. Certificates may be earned while in pursuit of a degree or as standalone programs of study. Prospective students interested in certificate programs, but not seeking a degree, must be accepted to the university. Contact the Office of Admission or the Graduate College for further information. Curricular requirements and verification forms are available in academic departments offering certificates. Completed forms must be signed by the appropriate department chair (and Graduate College, if applicable) and submitted to Registration and Records in order for the certificate to be posted to a student's academic record and official documentation issued.

Exceptions to Academic Program Requirements

Academic policies and curricular requirements are designed to ensure that programs at NDSU are consistently of high quality. Students are expected to complete all curricular requirements, which includes the overall University requirements (includes general education), any college or department requirements if applicable, and major program of study requirements. Students may request substitutions or waivers for college or departmental requirements when extenuating circumstances prevail. Depending on the nature of the requested exception, departmental or college level approval is required.

Degree Audits

Each program of study presented by a candidate for the baccalaureate degree is audited for meeting the degree requirements by the Office of Registration and Records. Degree candidates are certified by the Office of Registration and Records according to total credits earned, institutional grade-point average, and other university requirements (See Degree and Graduation Requirements).

A degree audit is an official review of graduation requirements to determine a student's graduation eligibility. Undergraduate students who have completed a minimum of 75 credits are notified and asked to complete the degree audit request. Degree audits are not automatically completed as student educational and degree goals vary (multiple degree, majors, minors, etc.). An official degree audit typically is completed by the Office of Registration and Records typically two semesters prior to the student’s reported graduation on the audit request.

At any time, however, undergraduate students and their advisers may track degree progress at any time during a student’s undergraduate career using the Academic Requirements Report (automated degree audit) feature on Campus Connection. This functionality is interactive and also allows the student to plan for and register for upcoming semesters within the advisement report. Instructions and information on how to access and read an Academic Requirements Report are available to students and advisers.
UCC Resolution regarding Faculty Senate business practices

Whereas the Faculty Senate leadership has refused to allow UCC curricular items to be presented from the floor at Faculty Senate meetings causing severe backlogs.

Whereas the Faculty Senate leadership has removed the UCC report from the consent agenda without any explanation to the UCC causing wasted discussion time at the Faculty Senate meetings and undermining the work charged to the UCC.

Whereas the UCC meets weekly and reports do not align with Faculty Senate Executive meetings resulting in a business process model that cannot meet the unexpected new expectations of the Faculty Senate leadership resulting in delays in curricular updates for departments and colleges (programs and courses) causing serious errors in the bulletin for 2018-2019.

Whereas these issues combined will harm students.

Resolved, that the Faculty Senate leadership needs to change back to previous business processes that allow UCC to meet its charge.
Candidates for the Council of College Faculties (in no particular order)

Name: Birgit Pruess  
Rank: Professor  
College: Agriculture, Food Systems, and Natural Resources  
Department: Microbiology

Name: Kenneth Hellevang  
Rank: Professor  
College: Agriculture, Food Systems, and Natural Resources  
Department: Agricultural and Biosystems Engineering

I have the rank of tenured professor at NDSU in the Department of Agricultural and Biosystems Engineering and an Agricultural Engineer with the NDSU Extension Service.

Brief statement of why you would like to be a CCF representative from NDSU:

I was state president of a faculty organization called the Society of Higher Education Professionals during the early 1990’s. We represented the faculty to the State Board of Higher Education and legislature. We worked cooperatively with the CCF. Our major accomplishment was legislation that placed a faculty member on the SBHE as a non-voting member. This was the first that faculty had a voice directly to the SBHE. I also represented the faculty providing testimony at legislative hearings. Although I was not a CCF member, I participated in their meetings. In addition, I attended SBHE meetings and interacted with NDUS staff.

I was a member of the NDSU University Senate and of the Senate Executive Committee. I have continued to follow NDSU governance and University System issues. I think it is critical that NDSU faculty and faculty of the other higher education institutions have a strong voice in shaping the future of higher education in North Dakota.

Name: Verlin B. Hinsz  
Rank: Professor  
College: Science and Mathematics  
Department: Psychology

Brief statement of why you would like to be a CCF representative from NDSU:

I have twice previously served as a NDSU faculty representative on the Council of College Faculties. Although I have been frustrated by the limited impact that CCF has had on State Board and Chancellor’s Office activities, it does not diminish the need for CCF to be as active as its representatives will force it to be. In these days of challenges to higher education in North Dakota from various directions, it is important that NDSU have representatives from the faculty that will advocate for and promote more faculty governance and input.
Name: Thomas Ambrosio
Rank: Professor
College: Arts, Humanities, and Social Sciences
Department: Criminal Justice and Political Science

Brief statement of why you would like to be a CCF representative from NDSU:

I have previously served on the CCF and found the issues that we covered quite interesting. Now, in this period of fiscal uncertainty, we need someone who understands budgetary matters. I served as chair of the Faculty Senate Budget Committee and the Provost's Budget Task Force and feel that can make a solid contribution to the CCF's discussions moving forward.

Name: Gursimran Singh Walia
Rank: Associate Professor and Graduate Coordinator of Software Engineering
College: Science and Mathematics
Department: Computer Science

Brief statement of why you would like to be a CCF representative from NDSU:

“*To assist in improving policies concerning the general academic welfare of NDSU and NDUS higher education. To have an active role in the development of academic policies and standards, to be able to adjust to the needs of students in terms of degrees offered, admissions to recruit and retain students, regulation of student academic policies, and determination of candidates for awarding degrees*.”
Resolution in Support of Chosen Name Use by Members of the NDSU Community

Whereas North Dakota State University is committed to providing a safe, healthy, and non-discriminatory environment for all members of the NDSU community and;

Whereas many members of the NDSU community come from cultures with naming traditions and conventions that are different from those commonly practiced in the United States and;

Whereas visa and other legal requirements may force those individuals to adopt names that do not reflect their actual name, for example, FNU (“first name unknown”) and;

Whereas this conflict between legal name and de facto name creates administrative barriers for members of our community who come from different cultural groups and;

Whereas other members of the NDSU community, including those who are transgender, gender non-binary, or gender-fluid, may choose to use names that are not their legal names and;

Whereas requesting to be addressed by their chosen names instead of their legal names may require those individuals to reveal their transgender, non-binary, or gender-fluid status publicly, potentially compromising their safety and;

Whereas still other members of the NDSU community may choose to be addressed by names other than their first name (e.g., by a middle name or by initials) and need to inform everyone they encounter in an official capacity of this choice and;

Whereas current policies regarding such identifiers as e-mail addresses and identification cards primarily support only the use of a legal name and;

Whereas bureaucratic restrictions may require that legal names occur on certain documents, including diplomas and transcripts and;

Whereas mismatches between legal and chosen name on various documents and in different settings create confusion, inefficiency, and unnecessary hurdles for members of the NDSU community and;

Whereas addressing a person by their chosen name is basic courtesy and reflects respect for that person’s identity and;

Whereas the ability to use a chosen name in any context where one’s legal name is not explicitly required by law promotes a welcoming and inclusive culture;

Be it resolved that the NDSU Faculty Senate supports the ability of members of the NDSU community to use their chosen names in all situations where a legal name is not required by law and to have their chosen names appear in all contexts where legal name is not required, based on the discretion of the individual and with the approval of the Office of Registration and Records and/or Human Resources.

North Dakota State University Faculty Senate
Resolution in Support of Chosen Name Use
by Members of the NDSU Community

Whereas, North Dakota State University is committed to providing a safe, healthy, and non-discriminatory environment for all members of the NDSU community and;

Whereas, many members of the NDSU community come from cultures with naming traditions and conventions that are different from those commonly practiced in the United States and;

Whereas, visa and other legal requirements may force those individuals to adopt names that do not reflect their actual name, for example, FNU (“first name unknown”) and;

Whereas, this conflict between legal name and de facto name creates administrative barriers for members of our community who come from different cultural groups and;

Whereas, other members of the NDSU community, including those who are transgender, gender non-binary, or gender-fluid, may choose to use names that are not their legal names and;

Whereas, requesting to be addressed by their chosen names instead of their legal names may require those individuals to reveal their transgender, non-binary, or gender-fluid status publicly, potentially compromising their safety and;

Whereas, still other members of the NDSU community may choose to be addressed by names other than their first name (e.g., by a middle name or by initials) and need to inform everyone they encounter in an official capacity of this choice and;

Whereas, current policies regarding such identifiers as e-mail addresses and identification cards primarily support only the use of a legal name and;

Whereas, bureaucratic restrictions may require that legal names occur on certain documents, including diplomas and transcripts and;

Whereas, mismatches between legal and chosen name on various documents and in different settings create confusion, inefficiency, and unnecessary hurdles for members of the NDSU community and;

Whereas, addressing a person by their chosen name is basic courtesy and reflects respect for that person’s identity and;

Whereas, the ability to use a chosen name in any context where one’s legal name is not explicitly required by law promotes a welcoming and inclusive culture;

Be it resolved that, the NDSU Faculty Senate supports the ability of members of the NDSU community to use their chosen names in all situations where a legal name is not required by law and to have their chosen names appear in all contexts where legal name is not required, based on the discretion of the individual and with the approval of the Office of Registration and Records and/or Human Resources.

This resolution was passed unanimously by the NDSU Faculty Senate on March 19, 2018 to be directed to the North Dakota University System and Core Technology Services.

SECTION 333
CLASS ATTENDANCE POLICY AND PROCEDURE

SOURCE: NDSU Faculty Senate Policy

1. ATTENDANCE

Attendance in classes is expected and important. (The term "class" includes class, online class, laboratory, field trips, group exercises, or other activities.) However, there are instances in which students are unable to attend class and in which those absences must be excused. These instances are described in the following sections. Absences not covered by this policy are excusable at the discretion of the instructor. Class attendance policies may not have discriminatory effect (intentional or unintentional) on members of a protected class (see NDSU Policy 100). Students and instructors should note that the NDSU Student Health Service does not provide students with excuses for class absences or tardiness due to illness or injury.

2. INSTRUCTOR RESPONSIBILITY

   a. Students must be clearly informed on the first day of class in writing in the syllabus (1) of class policy regarding class absence (including if supporting documentation is required); and (2) of class policy for making up missed coursework. It is recognized that sometimes an assignment is impossible to make-up.

   b. Excused students must be given an opportunity to address any missed coursework in a reasonable amount of time. Guidelines for best practices for managing make up work are available through the Provost’s Office.

3. STUDENT RESPONSIBILITIES AND RECOUSE

Students who anticipate excusable absences shall notify the instructor as soon as possible, preferably by the third week of class, but no later than one week before the absence. In the case of unanticipated excusable events, the student needs to contact the instructor as soon as possible. Students have the responsibility to visit with the instructor if exams or assignments are scheduled during times where absences are required.

Unless covered by another policy, students who feel that they are being treated unfairly through class policies may file a grievance or complaint through the Provost’s Office by following directions at https://www.ndsu.edu/provost/academicaffairs/student_grievances/.
4. UNIVERSITY SANCTIONED EVENTS

North Dakota State University values and supports the required participation of students in university-sanctioned activities. A university sanctioned event or activity shall be as defined by the Congress of Student Organizations as Tier 1 or Tier 2. Sanctioned activities also include mandatory participation as a student athlete in NCAA-sanctioned competition, performing arts outreach, exhibitions, competitions, academic meetings, and conferences.

5. PREGNANT STUDENTS

Absences due to pregnancy or related conditions, including recovery from childbirth, shall be excused for as long as the student's health care provider deems the absences medically necessary. When the student returns to class the student must be provided the opportunity to make up any work missed. Alternatives include allowing the student to take an incomplete and complete the course at a later date, or retaking the course or taking an online course. Further, recognizing the need for flexibility when childcare responsibilities impact a student, instructors are encouraged to accommodate students with childcare responsibilities.

6. RELIGIOUS ACCOMMODATIONS

Religious observances may require absence from a class session and other required class activities. A student who is to be excused from class for a religious observance is not required to provide a second party certification of the reason for the absence. A list of common religious holidays and events is available through the Office of Multicultural Programs.

7. OTHER EXCUSED ABSENCES

a. Legally mandated absences such as jury duty or court subpoena.

b. Absences due to military duty or veteran status, including service related medical appointments, where failure to appear might result in a loss of benefits.

1. GENERAL PHILOSOPHY

a. Attendance in classes is expected. Only the course instructor can excuse a student from course responsibilities. (The term course includes class, laboratory, field trips, group exercises, or other activities.)

b. If class attendance is a component of the course grade, the course instructor must clearly communicate this to the class in writing in the syllabus.

2. FACULTY RESPONSIBILITY
a.—The course instructor must clearly inform students on the first day of class and in writing in the syllabus (1) of their policy regarding class absence (including if supporting documentation is required; and (2) policy for making-up missed assignments. It is recognized that sometimes an assignment is impossible to make-up.

b.—The course instructor must exercise a fair and consistent standard for resolving questions of missed assignments, the type, extent, manner, and time frame of the make-up assignments.

3. STUDENT RESPONSIBILITY

a.—Students are responsible for informing course instructors of absences. If absences are known (e.g., university-sanctioned activity, such as student government, judging, clubs, athletic competition, fine arts performances), course instructors shall be informed with written notification as far in advance as possible (preferably a two-week notice). Where advance notification is not possible (e.g., illness, family emergency), students should contact their course instructor as soon as possible about the absence. Veterans and student servicemembers with special circumstances or who are activated, to include State Active Duty, are encouraged to notify the instructor as soon as possible, provide Activation Orders if possible, and inform the NDSU Office of Military and Veterans Services to facilitate a smooth exit from and successful re-entry to the University.

b.—When a student misses class for any reason, the student is responsible for contacting the instructor to make arrangements to follow the course instructor’s policy in making up any missed assignments, if permitted.

Guidance for Instructors and Managers of University Sanctioned Events
Last Updated January 24, 2018

These guidelines are provided as a resource for instructors to help manage required student absences (see NDSU Policy 333 Class Attendance Policy) and for managers of university sanctioned events to proactively ensure that instructors are alerted in a timely way with clear information about the absence. If you have any questions about these guidelines or how to manage required absences in a course, please contact the Vice Provost for Academic Affairs, Charlene Wolf-Hall (Old Main 103B, 701-231-6163, charlene.hall@ndsu.edu).

1. **University Sanctioned Events** include those defined by the Congress of Student Organizations guidelines as Tier 1 and Tier 2. Students in Tier 1 and Tier 2 student organizations will be eligible for excused absences. It is recommended that all Tier 1 and 2 organizations follow clear procedures for excusing their members from class.

Other university sanctioned events include “mandatory participation as a student athlete in NCAA-sanctioned competition, performing arts outreach, exhibitions, competitions, academic meetings, and conferences” (NDSU Policy 333).

Athletics has established clear procedures as examples for other managers of university sanctioned events. Athletics has outlined procedures for student absences and protocol for taking exams while traveling. See Appendices A and B for full protocol and sample excuse letters.

Below is the Tier 1 and 2 descriptions as they appear in the Congress of Student Organizations guidelines.

“**Title 5 Recognition Policy**

5.1. **The Tier System**

5.1.1. In an effort to maintain consistency from year to year, organizations are categorized into three tiers.

5.1.1.1. Tier I: A Tier I entity is defined as an organization which meets these qualifications:

- The organization provides important services to the entire student body;

- The organization has established a continued and prominent...
existence in the NDSU community and will continue to remain in existence for an extended period of time;

The organization requires consistent funding to allow for continued existence and appropriate standing.

These organizations will receive a percentage of the Student Activity Fee as recommended by the Finance Advisory Board and the Finance Commission, and approved by the Student Senate. They include: Bison Athletics, Fine Arts, Memorial Union, Campus Recreation, Media Advisory Board, Student Government, and Campus Attractions.

The Media Advisory Board encompasses the Spectrum, Thunder Radio and Bison Information Network. These are to be referred to as student-run sub-Tier I student organizations. Any other student media organization that qualifies for the Media Advisory Board must seek CSO recognition as a Tier II organization.

5.1.2. Tier II: A Tier II student organization must allow any student to be involved in their student organization. Any type of membership restriction, objective or subjective, will move a student organization from Tier II to Tier III. Tier II student organizations charging dues must allow their non-dues paying members to fully participate in the student organizations’ activities, i.e. general meetings, opportunity to participate in events, etc.”

2. Assignments that can’t be made up

When a student must be excused during a class period that has a one-time activity that is not possible to provide in the same manner as a makeup assignment, instructors are encouraged to substitute any equivalent activity or assignment for the missed work. If there is no practical substitution for the assignment, instructors can comply with Policy 333 by not factoring the missed assignment into the final course grade.

An example, if a student misses a microbiology lab class that has points assigned for hands-on activity in the lab, the instructor might assign an essay about the learning objective for that lab session for the same amount of points but intrinsically no more difficult than the original assignment.

Another example could be a class discussion with points associated with it is missed. The instructor might have an alternative online discussion board for makeups.
3. Religious Accommodations

Instructors are encouraged to consider major religious event dates in the scheduling of assignments during the course of the semester. Avoiding some of these dates may help alleviate the need for makeup assignments.

The University of Arizona provides some useful information for religious accommodation, including:

“What are some ways to accommodate a student’s need to miss class for religious reasons?

Reasonable accommodations are necessarily determined on an individual basis and depend on the circumstances. They might include rescheduling an exam or giving the student a make-up exam, allowing an individual or group presentation to be made on a different date, letting a student attend a different discussion section for the same class that week, adjusting a due date, or assigning the student appropriate make-up work that is intrinsically no more difficult than the original assignment.

As a student, how should I ask my instructor for a religious accommodation?

A student should make his or her religious accommodation request to the instructor or faculty member in charge of the course. Students are asked to examine the course syllabus for potential conflicts at the start of the semester and promptly notify the instructor of any anticipated accommodation needs, providing as much notice as possible. If an instructor has asked that requests be made in a certain way (such as by e-mail), it is best to make the request in that manner; in any case, clearly specify the reason for the requested absence or other accommodation. Students are responsible for arranging in advance to make up missed work or material in a timely manner.”

4. Equivalencies of work

Make-up assignments must intrinsically be no more difficult than the original assignment, otherwise the practice is potentially discriminatory.

The environment where a student is making up an assignment should also be considered. When students are traveling for sanctioned events, they may not be housed in spaces suitable for the work needed to complete makeup assignments or may have access problems for online assignments that may cause undue stress for the both the student and the instructor expecting the work submission.
5. Dealing with the unusual cases

Students can experience catastrophes of all sorts that you may not anticipate and may struggle with how to manage absences for.

What Student Affairs does with emergencies – “When notified by the student of specific emergencies we send notification to the student’s instructors, academic advisor, and residence life staff via an email. We don’t provide a lot of detail in the email to protect student privacy, but just state that we have been notified of an emergency that will prevent the student from attending classes. We attach this document -
https://www.ndsu.edu/fileadmin/enrollmentmanagement/Forms/absence.notification.for.faculty.pdf”

Sometimes incomplete grades or retroactive withdrawals may be necessary.

- https://bulletin.ndsu.edu/academic-policies/incomplete-grades/ and
- https://www.ndsu.edu/fileadmin/registrar/forms/retroactivewithdraw.pdf

When you can’t determine the best course of action, please call the Provost’s Office to help trouble-shoot. We are here to help.
Appendix A

Athletic Academic Protocol for missed assignments, quizzes and exams

Introduction
1. Student-athlete is required within the first 5 days of class to introduce themselves to the instructor and let them know that they are a student-athlete.

2. In the initial conversation the student-athlete needs to let the instructor know they will be missing some classes when they are traveling with the team. **At that time the student-athlete needs to ask if they will be willing to work with them to get assignments, quizzes and tests done before they leave or made up within 2 days of their return.** If the instructor wants the student-athlete to meet with them during their office hours to discuss the method in which they want them to make up the missed assignments, quiz or test the student needs to make sure they follow through with the request before leaving or when the professor wants to meet with them. **It is not the responsibility of the instructor to chase the student-athlete down to complete missed assignments, quizzes and exams.**

3. If the student-athlete knows how many days at the time of the conversation they need to let the instructor know the total days they will be absent. **The student-athlete is required to be in class if they are in town.**

4. As soon as the student-athlete receives the travel letter from the coach the student needs to provide it to the instructor. If the instructor does not want the letter, it is the responsibility of the student-athlete to remind the instructor when they will be traveling.

Missing assignments, quizzes and tests
1. The week of team travel the student-athlete should remind the instructor they will be indeed traveling and what assignments, quizzes and or exams they will be missing.

2. If they are missing an assignment, quiz or test during that time, ask if they can turn in the assignment early or take the quiz or test the day before departing.

3. If the instructor wants the quiz or exam proctor on the trip then the student-athlete will follow the following protocol. (Please note the Athletic Trainer who travels with the team will proctor the quiz or exam).
   a. Ask the instructor if they would like to contact Athletic Academics to set-up the process or do they want Athletic Academics to contact the instructor.
   b. Once contact between the instructor and Athletic Academics occur the following protocol is followed:
      i. Athletic Academics will talk to the instructor and find out the procedures the instructor wants the student-athlete to follow while taking the quiz or exam.
      ii. Athletic Academics will procure the quiz or exam in the method the instructor prefers, which can be a hard copy or email copy.
      iii. Athletic Academics will make a copy of the quiz or exam, if emailed and seal it in an envelope with instructions on how to take the exam, duration and any material that will be allowed to be used during the quiz or exam.
iv. There will also be another envelope in the initial packet that the proctor of the quiz or exam will seal the completed quiz or exam in and sign over the seal.

v. Once the team is back in town from the trip, Athletic Academics will obtain the sealed envelope from the proctor and deliver it to the instructor.

4. If the instructor prefers for Athletic Academics to proctor any quiz or test at the Athletic Academic Center in the SHAC prior to the student-athlete leaving or upon returning from travel the same protocol is used unless it is an online quiz or exam that will automatically be scored and returned to the instructor.

5. If the travel occurs during dead or finals week and the exam is the final, the Athletic Academic staff will travel with the team and proctor the exam.

Failure to comply with an NDSU police officer's request to leave the premises may result in the arrest of an individual(s) for criminal trespass or other appropriate charge.

NDCC Sec. 12.1-22-03(3) makes a person guilty of a Class B misdemeanor if:

Exceptions to this policy include authorized law enforcement officials carrying out the lawful discharge of their duties.

Contact the Director, University Police and Safety Office, for authorization. The Director will coordinate approval with the appropriate Vice President(s) and/or President. This policy shall not prohibit persons from possessing, storing, or using weapons at approved locations for the purpose of meeting the requirements of a recognized educational program and/or student group sponsored by the University.

SECTION 333
CLASS ATTENDANCE POLICY AND PROCEDURE

SOURCE: NDSU Faculty Senate Policy

1. ATTENDANCE

Attendance in classes is expected and important. (The term "class" includes class, online class, laboratory, field trips, group exercises, or other activities.) However, there are instances in which students are unable to attend class and in which those absences must be excused. These instances are described in the following sections. Absences not covered by this policy are excusable at the discretion of the instructor. Class attendance policies may not have discriminatory effect (intentional or unintentional) on members of a protected class (see NDSU Policy 100). Students and instructors should note that the NDSU Student Health Service does not provide students with excuses for class absences or tardiness due to illness or injury.

2. INSTRUCTOR RESPONSIBILITY

a. Students must be clearly informed on the first day of class in writing in the syllabus (1) of class policy regarding class absence (including if supporting documentation is required); and (2) of class policy for making up missed coursework. It is recognized that sometimes an assignment is impossible to make-up.

b. Excused students must be given an opportunity to address any missed coursework in a reasonable amount of time. Guidelines for best practices for managing make up work are available through the Provost’s Office.

3. STUDENT RESPONSIBILITIES AND RECOUSE

Students who anticipate excusable absences shall notify the instructor as soon as possible, preferably by the third week of class, but no later than one week before the absence. In the case of unanticipated excusable events, the student needs to contact the instructor as soon as possible. Students have the responsibility to visit with the instructor if exams or assignments are scheduled during times where absences are required.

Unless covered by another policy, Students students who feel that they are being treated unfairly through class policies may file a grievance or complaint through the Provost’s Office by following directions at https://www.ndsu.edu/provost/academicaffairs/student_grievances/.
4. UNIVERSITY SANCTIONED EVENTS

North Dakota State University values and supports the required participation of students in university-sanctioned activities. A university sanctioned event or activity shall be as defined by the Congress of Student Organizations as Tier 1 or Tier 2. Sanctioned activities also include mandatory participation as a student athlete in NCAA-sanctioned competition, performing arts outreach, exhibitions, competitions, academic meetings, and conferences.

5. PREGNANT STUDENTS

Absences due to pregnancy or related conditions, including recovery from childbirth, shall be excused for as long as the student's health care provider deems the absences medically necessary. When the student returns to class the student must be provided the opportunity to make up any work missed. Alternatives include allowing the student to take an incomplete and complete the course at a later date, or retaking the course or taking an online course. Further, recognizing the need for flexibility when childcare responsibilities impact a student, instructors are encouraged to accommodate students with childcare responsibilities.

6. RELIGIOUS ACCOMMODATIONS

Religious observances may require absence from a class session and other required class activities. A student who is to be excused from class for a religious observance is not required to provide a second party certification of the reason for the absence. A list of common religious holidays and events is available through the Office of Multicultural Programs.

7. OTHER EXCUSED ABSENCES

a. Legally mandated absences such as jury duty or court subpoena.

b. Absences due to military duty or veteran status, including service related medical appointments, where failure to appear might result in a loss of benefits.

1. GENERAL PHILOSOPHY

a. Attendance in classes is expected. Only the course instructor can excuse a student from course responsibilities. (The term course includes class, laboratory, field trips, group exercises, or other activities.)

b. If class attendance is a component of the course grade, the course instructor must clearly communicate this to the class in writing in the syllabus.

2. FACULTY RESPONSIBILITY
a. The course instructor must clearly inform students on the first day of class and in writing in the syllabus (1) of their policy regarding class absence (including if supporting documentation is required; and (2) policy for making up missed assignments. It is recognized that sometimes an assignment is impossible to make-up.

b. The course instructor must exercise a fair and consistent standard for resolving questions of missed assignments, the type, extent, manner, and time frame of the make-up assignments.

3. STUDENT RESPONSIBILITY

a. Students are responsible for informing course instructors of absences. If absences are known (e.g., university-sanctioned activity, such as student government, judging, clubs, athletic competition, fine arts performances), course instructors shall be informed with written notification as far in advance as possible (preferably a two-week notice). Where advance notification is not possible (e.g., illness, family emergency), students should contact their course instructor as soon as possible about the absence. Veterans and student servicemembers with special circumstances or who are activated to include State Active Duty, are encouraged to notify the instructor as soon as possible, provide Activation Orders if possible, and inform the NDSU Office of Military and Veteran Services to facilitate a smooth exit from and successful re-entry to the University.

b. When a student misses class for any reason, the student is responsible for contacting the instructor to make arrangements to follow the course instructor’s policy in making up any missed assignments, if permitted.

Guidance for Instructors and Managers of University Sanctioned Events
Last Updated January 24, 2018

These guidelines are provided as a resource for instructors to help manage required student absences (see NDSU Policy 333 Class Attendance Policy) and for managers of university sanctioned events to proactively ensure that instructors are alerted in a timely way with clear information about the absence. If you have any questions about these guidelines or how to manage required absences in a course, please contact the Vice Provost for Academic Affairs, Charlene Wolf-Hall (Old Main 103B, 701-231-6163, charlene.hall@ndsu.edu).

1. **University Sanctioned Events** include those defined by the Congress of Student Organizations guidelines as Tier 1 and Tier 2. Students in Tier 1 and Tier 2 student organizations will be eligible for excused absences. It is recommended that all Tier 1 and 2 organizations follow clear procedures for excusing their members from class.

Other university sanctioned events include “mandatory participation as a student athlete in NCAA-sanctioned competition, performing arts outreach, exhibitions, competitions, academic meetings, and conferences” (NDSU Policy 333).

Athletics has established clear procedures as examples for other managers of university sanctioned events. Athletics has outlined procedures for student absences and protocol for taking exams while traveling. See Appendices A and B for full protocol and sample excuse letters.

Below is the Tier 1 and 2 descriptions as they appear in the Congress of Student Organizations guidelines.

**“Title 5 Recognition Policy”**

5.1. **The Tier System**

5.1.1. In an effort to maintain consistency from year to year, organizations are categorized into three tiers.

5.1.1.1. **Tier I**: A Tier I entity is defined as an organization which meets these qualifications:

   - The organization provides important services to the entire student body;

   - The organization has established a continued and prominent
existence in the NDSU community and will continue to remain in existence for an extended period of time;

The organization requires consistent funding to allow for continued existence and appropriate standing.

These organizations will receive a percentage of the Student Activity Fee as recommended by the Finance Advisory Board and the Finance Commission, and approved by the Student Senate. They include: Bison Athletics, Fine Arts, Memorial Union, Campus Recreation, Media Advisory Board, Student Government, and Campus Attractions.

The Media Advisory Board encompasses the Spectrum, Thunder Radio and Bison Information Network. These are to be referred to as student-run sub-Tier I student organizations. Any other student media organization that qualifies for the Media Advisory must seek CSO recognition as a Tier II organization.

5.1.2. Tier II: A Tier II student organization must allow any student to be involved in their student organization. Any type of membership restriction, objective or subjective, will move a student organization from Tier II to Tier III. Tier II student organizations charging dues must allow their non-due paying members to fully participate in the student organizations’ activities, i.e. general meetings, opportunity to participate in events, etc.”

2. Assignments that can’t be made up

When a student must be excused during a class period that has a one-time activity that is not possible to provide in the same manner as a makeup assignment, instructors are encouraged to substitute any equivalent activity or assignment for the missed work. If there is no practical substitution for the assignment, instructors can comply with Policy 333 by not factoring the missed assignment into the final course grade.

An example, if a student misses a microbiology lab class that has points assigned for hands-on activity in the lab, the instructor might assign an essay about the learning objective for that lab session for the same amount of points but intrinsically no more difficult than the original assignment.

Another example could be a class discussion with points associated with it is missed. The instructor might have an alternative online discussion board for makeups.
3. Religious Accommodations

Instructors are encouraged to consider major religious event dates in the scheduling of assignments during the course of the semester. Avoiding some of these dates may help alleviate the need for makeup assignments.

The University of Arizona provides some useful information for religious accommodation, including:

“What are some ways to accommodate a student’s need to miss class for religious reasons?

Reasonable accommodations are necessarily determined on an individual basis and depend on the circumstances. They might include rescheduling an exam or giving the student a make-up exam, allowing an individual or group presentation to be made on a different date, letting a student attend a different discussion section for the same class that week, adjusting a due date, or assigning the student appropriate make-up work that is intrinsically no more difficult than the original assignment.

As a student, how should I ask my instructor for a religious accommodation?

A student should make his or her religious accommodation request to the instructor or faculty member in charge of the course. Students are asked to examine the course syllabus for potential conflicts at the start of the semester and promptly notify the instructor of any anticipated accommodation needs, providing as much notice as possible. If an instructor has asked that requests be made in a certain way (such as by e-mail), it is best to make the request in that manner; in any case, clearly specify the reason for the requested absence or other accommodation. Students are responsible for arranging in advance to make up missed work or material in a timely manner.”

4. Equivalencies of work

Make-up assignments must intrinsically be no more difficult than the original assignment, otherwise the practice is potentially discriminatory.

The environment where a student is making up an assignment should also be considered. When students are traveling for sanctioned events, they may not be housed in spaces suitable for the work needed to complete makeup assignments or may have access problems for online assignments that may cause undue stress for the both the student and the instructor expecting the work submission.
5. **Dealing with the unusual cases**

Students can experience catastrophes of all sorts that you may not anticipate and may struggle with how to manage absences for.

What Student Affairs does with emergencies – “When notified by the student of specific emergencies we send notification to the student’s instructors, academic advisor, and residence life staff via an email. We don’t provide a lot of detail in the email to protect student privacy, but just state that we have been notified of an emergency that will prevent the student from attending classes. We attach this document -
https://www.ndsu.edu/fileadmin/enrollmentmanagement/Forms/absence.notification.for.faculty.pdf”

Sometimes incomplete grades or retroactive withdrawals may be necessary.

When you can’t determine the best course of action, please call the Provost’s Office to help trouble-shoot. We are here to help.
Appendix A

Athletic Academic Protocol for missed assignments, quizzes and exams

Introduction
1. Student-athlete is required within the first 5 days of class to introduce themselves to the instructor and let them know that they are a student-athlete.
2. In the initial conversation the student-athlete needs to let the instructor know they will be missing some classes when they are traveling with the team. At that time the student-athlete needs to ask if they will be willing to work with them to get assignments, quizzes and tests done before they leave or made up within 2 days of their return. If the instructor wants the student-athlete to meet with them during their office hours to discuss the method in which they want them to make up the missed assignments, quiz or test the student needs to make sure they follow through with the request before leaving or when the professor wants to meet with them. It is not the responsibility of the instructor to chase the student-athlete down to complete missed assignments, quizzes and exams.
3. If the student-athlete knows how many days at the time of the conversation they need to let the instructor know the total days they will be absent. The student-athlete is required to be in class if they are in town.
4. As soon as the student-athlete receives the travel letter from the coach the student needs to provide it to the instructor. If the instructor does not want the letter, it is the responsibility of the student-athlete to remind the instructor when they will be traveling.

Missing assignments, quizzes and tests
1. The week of team travel the student-athlete should remind the instructor they will be indeed traveling and what assignments, quizzes and or exams they will be missing.
2. If they are missing an assignment, quiz or test during that time, ask if they can turn in the assignment early or take the quiz or test the day before departing.
3. If the instructor wants the quiz or exam proctor on the trip then the student-athlete will follow the following protocol. (Please note the Athletic Trainer who travels with the team will proctor the quiz or exam).
   a. Ask the instructor if they would like to contact Athletic Academics to set-up the process or do they want Athletic Academics to contact the instructor.
   b. Once contact between the instructor and Athletic Academics occur the following protocol is followed:
      i. Athletic Academics will talk to the instructor and find out the procedures the instructor wants the student-athlete to follow while taking the quiz or exam.
      ii. Athletic Academics will procure the quiz or exam in the method the instructor prefers, which can be a hard copy or email copy.
      iii. Athletic Academics will make a copy of the quiz or exam, if emailed and seal it in an envelope with instructions on how to take the exam, duration and any material that will be allowed to be used during the quiz or exam.
iv. There will also be another envelope in the initial packet that the proctor of the quiz or exam will seal the completed quiz or exam in and sign over the seal.

v. Once the team is back in town from the trip, Athletic Academics will obtain the sealed envelope from the proctor and deliver it to the instructor.

4. If the instructor prefers for Athletic Academics to proctor any quiz or test at the Athletic Academic Center in the SHAC prior to the student-athlete leaving or upon returning from travel the same protocol is used unless it is an online quiz or exam that will automatically be scored and returned to the instructor.

5. If the travel occurs during dead or finals week and the exam is the final, the Athletic Academic staff will travel with the team and proctor the exam.

UCC Response to Faculty Concerns from the April 9, 2018 Faculty Senate meeting regarding the changes to Policy 333 Class Attendance Policy

Updates:
- Student Government passed the latest revision on April 15, 2018
- Staff Senate passed the latest revision on April 4, 2018

Q – What was the reason for rewriting this policy?

A – About three years ago, two Faculty Senate standing committees started discussing the need to change this policy. One committee was University Athletics, who were concerned about mistreatment of student athletes. The other committee was the Academic Affairs committee, who recognized the need for change due to the NDSU Student Health Service’s change regarding excuse letters - https://www.ndsu.edu/fileadmin/studenthealthservice/Forms/Faculty_Excuse_Letters.pdf.

Over the course of these discussions there also arose an opportunity to ensure that the policy was compliant with Title IX, including the federal mandate to excuse pregnant students who need medically necessary absences. The policy has been revised and thus far has failed to pass Faculty Senate approval three times, but still needs to be changed from the current version – see these Faculty Senate minutes:
- April 9, 2018 - https://www.ndsu.edu/fileadmin/facultysenate/201718/minutes/04_09_18_FS_Minutes.pdf

The UCC has twice formed sub-committees of faculty and support staff to work on the revisions. The last sub-committee also included representatives of student government. Each time, the sub-committees have worked to address questions and concerns expressed at Faculty Senate and Student Government. The revisions were then discussed and approved at UCC prior to submission to the Senate Coordinating Committee.

It is essential the federal mandate components of the policy be approved to ensure compliance. Examples of non-compliance situations include not permitting medically necessary absences for pregnant students or supporting absences for requests to observe religious holidays. See U.S. Department of Education’s Office of Civil Rights information regarding Title IX pregnancy and parental protection for students.

Concern - Concerns from faculty saying that this policy protects student but not faculty.

Response – The policy attempts to clarify which absences must be approved by Faculty. It is recognized that Faculty may not always know how best to manage absences and/or may be concerned about the time and effort needed to manage make-up work. The current policy provides no protection to students who are absent from class due to legitimate reasons; the revised policy is intended to equalize responsibility on both sides. The guidance document is intended to help faculty manage absences, and if
that doesn’t address the particular issue a faculty member may be facing, then a call to the Provost’s Office should help resolve the situation.

Q - What’s the limit on the number of excused absences?

A – For absences covered by this policy there would be no limit. If there is a student who is missing a significant number of class periods, it would be good practice to either express concerns directly to the student and/or advisor. The guidelines provide ways to accommodate students who are absent due to university-sponsored events, some of which require substantial travel.

Q - What other cases could an incomplete be used for missing classes?

A – No one document could encompass every scenario that Faculty may encounter. The guidance document attempts to offer some helpful information, and includes a prompt to call the Provost’s Office if you don’t know what to do. There is help available to figure out the solution. For questions specifically about incomplete grades, Registration and Records is also a resource.

Suggestion - It was suggested to balance student needs with instructor time and space to accommodate these requests.

Response – This is a bit vague. We absolutely recognize that large enrollment courses will have more management challenges. Again, if Faculty need help with figuring out how to manage absences, please consult the guidelines or call the Provost’s Office for assistance. There will also be more Faculty resources available and professional development opportunities in the coming year.

Concern - It’s possible that dept. policy might be in conflict with this policy.

Response – NDSU Policy overrides any department policy. The department policy would need to change.

Q - It was asked if these guidelines can be changed at any time by the Provost’s office.

A – Yes, as the guidelines are not meant to be rules, but rather help for Faculty to determine how to handle excused student absences. It is intended to develop an FAQ section over time, and the next version may include some of the questions asked here. The document is meant to be helpful and adaptive.

Q - Do ‘academic meetings’ include meeting with a professor or an advisor?

A – No. Meetings with advisors or instructors would not fall under this policy. Instructors could determine if absences for those reasons are acceptable based on their own course policy.

Research-teaching

I began my research career as an undergraduate student. It was the most formative experience in my professional life. Involvement in research ignited a fire of curiosity in me that cascaded through my entire educational experience and is now the core of my professional life. Because of the strong influence that research has had on my life, one of my primary missions as a scientist and an educator is to provide research opportunities for students. Listed below are students I have interacted with in a research-teaching context. I have assisted many of these students in securing awards to support their endeavors, which are listed as well.
