VI. Consent agenda

MOTION (Grieves/Hearne): to approve consent agenda. MOTION CARRIED WITH UNANIMOUS CONSENT.

a. Policies

i. 706 – Traffic and Safety/University Police (update to possession and use of dangerous weapons to be compliant with NDUS policy as well as to better define double-authorization process) (Attachment 1)
ii. 713 – Records Management (cleanup of policy due to campus reorganization and renaming; Attachment 2)

All policy documents are available at: https://www.ndsu.edu/policy/senate_coordinating_council/

b. UCC report (Attachment 3).

VII. Unfinished Business

a. None

VIII. New Business

a. Policies

i. 333 – Class Attendance Policy and Procedure (Attachment 4); Absence Guidelines (Attachment 5); UCC responses to Faculty about questions from last Faculty Senate meeting (Attachment 6)

MOTION (Katti/Klamm): to approve Policy 333.

- Concerns about large enrollment classes and lab sections weren’t adequately addressed in the UCC responses to Faculty questions.
- Faculty is willing to vote yes on the Title IX portions of the policy but there are other aspects that faculty do not want to approve.
- Religious policies – faculty shouldn’t have to decide which religions are ok to let student absences be made up or excused. The policy nor guidelines lay out any boundaries of the number of excused absences an instructor has to allow.
- We should be looking at what affects the majority of the students, not just some of the one-time instances or very rare cases.
- A lot of other universities have similar policies that excuse students for religious holidays and NDSU is getting closer to that with this policy.
- Language is maybe “too loose” or open ended and in the students favor.
- Section 4 – more clarification on University Sanctioned events, peripheral or associated activities such as galas, etc. that are held for a sports team. The gala itself is not a sanctioned event, but because the sport is, students might perceive the gala to be as well.
- Number of excused absences – no limit was in the response. This causes an issue regarding some departmental policies and a separate response indicated that departments may have to change their policies. That is not an acceptable expectation.
- The guidelines are just that, guidelines. It is not part of the policy.
  - This list is to give some guidance on how faculty could handle things. Faculty can always contact the Provost’s office if they would like additional guidance.
- Suggested students must present the request in the first three weeks of class.
- Someone suggested to approve policy but put the guidelines on hold until next fall and maybe form a committee with senators on it to relay or include what the faculty would like in the guidelines.

MOTION (Grieves/Berry): to amend policy to remove the wording in the policy that says ‘but no later than one week before the absence’ in Section 3. Student Responsibilities and Recourse.

MOTION (Katti/Klamm): to approve Policy 333 with the 2 amendments that were made. MOTION PASSED WITH A VOTE OF 23-10-2. The following senators or their substitute voted aye: D. Bajwa, E. Berry, A. Braaten, U. Burghaus, E. Conwell, L. del Rio Mendoza, A. Flood, J. Frenzel, E. Gillam, K. Gordon, J. M. Jones, B. Klamm, Z. Liu, K. Lyman, S. Markell, K. Nelson, M. Secor-Turner, M. Smith, K. Swanson, A. Ungar, M. Vosen Callens, A. Werremeyer, and T. West; the following senators or their substitute voted nay: S. Duffield, R. Hearne, D. Katti, T. Peters, F. Salajan, K. Sassi, W. Sun, C. Whitsel, D. Wyum, and R. Yellavajjala; the following senators or their substitute abstained: T. Grieves and A. Wagner.

All policy documents are available at: https://www.ndsu.edu/policy/senate_coordinating_council/

b. Election:

i. Faculty Senate President.
   a. Kenneth Lepper (Attachment 7)
   b. Molly Secor-Turner (Attachment 8)
   c. Tracy Barrett (Attachment 9)

Each candidate said a few words before the election took place. President Haring asked senators for vote for their preferred President-Elect candidate. Molly Secor-Turner was elected as 2018-19 Faculty Senate President-Elect with a vote of 6-17-13. The following senators or their substitute voted for Lepper: L. del Rio Mendoza, J. Frenzel, R. Hearne, Z. Liu, W. Sun, and A. Ungar; the following senators or their substitute voted for Secor-Turner: E. Berry, U. Burghaus, E. Conwell, E. Gillam, K. Gordon, T. Grieves, J. M. Jones, B. Klamm, S. Markell, K. Nelson, M. Secor-Turner, M. Smith, K. Swanson, A. Werremeyer, T. West, C. Whitsel, and D. Wyum; the following senators or their substitute voted for Barrett: D. Bajwa, A. Braaten, S. Duffield, A. Flood, D. Katti, K. Lyman, T. Peters, R. Pieri, F. Salajan, K. Sassi, M. Vosen Callens, A. Wagner, and R. Yellavajjala.

ii. Standing Committee on Faculty Rights (SCOFR) – faculty-wide election Mon, May 7-Mon, May 14 via Qualtrics
Linda Charlton-Gunderson is creating a Qualtrics survey for this vote. It may not go out until tomorrow (May 8).

Provost Ingram presented President Haring with a plaque and gavel thanking him for serving as the 2017-18 Faculty Senate President.

c. Passing of the gavel

SECTION 333
CLASS ATTENDANCE POLICY AND PROCEDURE

SOURCE: NDSU Faculty Senate Policy

1. ATTENDANCE

Attendance in classes is expected and important. (The term “class” includes class, online class, laboratory, field trips, group exercises, or other activities.) However, there are instances in which students are unable to attend class and in which those absences must be excused. These instances are described in the following sections. Absences not covered by this policy are excusable at the discretion of the instructor. Class attendance policies may not have discriminatory effect (intentional or unintentional) on members of a protected class (see NDSU Policy 100). Students and instructors should note that the NDSU Student Health Service does not provide students with excuses for class absences or tardiness due to illness or injury.

2. INSTRUCTOR RESPONSIBILITY

   a. Students must be clearly informed on the first day of class in writing in the syllabus (1) of class policy regarding class absence (including if supporting documentation is required); and (2) of class policy for making up missed coursework. It is recognized that sometimes an assignment is impossible to make-up.

   b. Excused students must be given an opportunity to address any missed coursework in a reasonable amount of time. Guidelines for best practices for managing make up work are available through the Provost's Office.

3. STUDENT RESPONSIBILITIES AND RECOURESE

Students who anticipate excusable absences shall notify the instructor as soon as possible, preferably by the third week of class, but no later than one week before the absence. In the case of unanticipated excusable events, the student needs to contact the instructor as soon as possible. Students have the responsibility to visit with the instructor if exams or assignments are scheduled during times where absences are required.

Unless covered by another policy, students who feel that they are being treated unfairly through class policies may file a grievance or complaint through the Provost's Office by following directions at https://www.ndsu.edu/provost/academicaffairs/student_grievances/.
4. UNIVERSITY SANCTIONED EVENTS

North Dakota State University values and supports the required participation of students in university-sanctioned activities. A university sanctioned event or activity shall be as defined by the Congress of Student Organizations as Tier 1 or Tier 2. Sanctioned activities also include mandatory participation as a student athlete in NCAA-sanctioned competition, performing arts outreach, exhibitions, competitions, academic meetings, and conferences.

5. PREGNANT STUDENTS

Absences due to pregnancy or related conditions, including recovery from childbirth, shall be excused for as long as the student's health care provider deems the absences medically necessary. When the student returns to class the student must be provided the opportunity to make up any work missed. Alternatives include allowing the student to take an incomplete and complete the course at a later date, or retaking the course or taking an online course. Further, recognizing the need for flexibility when childcare responsibilities impact a student, instructors are encouraged to accommodate students with childcare responsibilities.

6. RELIGIOUS ACCOMMODATIONS

Religious observances may require absence from a class session and other required class activities. A student who is to be excused from class for a religious observance is not required to provide a second party certification of the reason for the absence. A list of common religious holidays and events is available through the Office of Multicultural Programs.

7. OTHER EXCUSED ABSENCES

a. Legally mandated absences such as jury duty or court subpoena.

b. Absences due to military duty or veteran status, including service related medical appointments, where failure to appear might result in a loss of benefits.

1. GENERAL PHILOSOPHY

a. Attendance in classes is expected. Only the course instructor can excuse a student from course responsibilities. (The term course includes class, laboratory, field trips, group exercises, or other activities.)

b. If class attendance is a component of the course grade, the course instructor must clearly communicate this to the class in writing in the syllabus.

2. FACULTY RESPONSIBILITY
a.—The course instructor must clearly inform students on the first day of class and in writing in the syllabus (1) of their policy regarding class absence (including if supporting documentation is required; and (2) policy for making-up missed assignments. It is recognized that sometimes an assignment is impossible to make-up.

b.—The course instructor must exercise a fair and consistent standard for resolving questions of missed assignments, the type, extent, manner, and time frame of the make-up assignments.

3. STUDENT RESPONSIBILITY

a.—Students are responsible for informing course instructors of absences. If absences are known (e.g., university sanctioned activity, such as student-government, judging, clubs, athletic competition, fine arts performances), course instructors shall be informed with written notification as far in advance as possible (preferably a two-week notice). Where advance notification is not possible (e.g., illness, family emergency), students should contact their course instructor as soon as possible about the absence. Veterans and student servicemembers with special circumstances or who are activated, to include State Active Duty, are encouraged to notify the instructor as soon as possible, provide Activation Orders if possible, and inform the NDSU Office of Military and Veterans’ Services to facilitate a smooth exit from and successful re-entry to the University.

b.—When a student misses class for any reason, the student is responsible for contacting the instructor to make arrangements to follow the course instructor’s policy in making up any missed assignments, if permitted.

Guidance for Instructors and Managers of University Sanctioned Events
Last Updated January 24, 2018

These guidelines are provided as a resource for instructors to help manage required student absences (see NDSU Policy 333 Class Attendance Policy) and for managers of university sanctioned events to proactively ensure that instructors are alerted in a timely way with clear information about the absence. If you have any questions about these guidelines or how to manage required absences in a course, please contact the Vice Provost for Academic Affairs, Charlene Wolf-Hall (Old Main 103B, 701-231-6163, charlene.hall@ndsu.edu).

1. **University Sanctioned Events** include those defined by the Congress of Student Organizations guidelines as Tier 1 and Tier 2. Students in Tier 1 and Tier 2 student organizations will be eligible for excused absences. It is recommended that all Tier 1 and 2 organizations follow clear procedures for excusing their members from class.

Other university sanctioned events include “mandatory participation as a student athlete in NCAA-sanctioned competition, performing arts outreach, exhibitions, competitions, academic meetings, and conferences” (NDSU Policy 333).

Athletics has established clear procedures as examples for other managers of university sanctioned events. Athletics has outlined procedures for student absences and protocol for taking exams while traveling. See Appendices A and B for full protocol and sample excuse letters.

Below is the Tier 1 and 2 descriptions as they appear in the Congress of Student Organizations guidelines.

**“Title 5 Recognition Policy**

5.1. **The Tier System**

5.1.1. In an effort to maintain consistency from year to year, organizations are categorized into three tiers.

5.1.1.1. Tier I: A Tier I entity is defined as an organization which meets these qualifications:

The organization provides important services to the entire student body;

The organization has established a continued and prominent
existence in the NDSU community and will continue to remain in existence for an extended period of time;

The organization requires consistent funding to allow for continued existence and appropriate standing.

These organizations will receive a percentage of the Student Activity Fee as recommended by the Finance Advisory Board and the Finance Commission, and approved by the Student Senate. They include: Bison Athletics, Fine Arts, Memorial Union, Campus Recreation, Media Advisory Board, Student Government, and Campus Attractions.

The Media Advisory Board encompasses the Spectrum, Thunder Radio and Bison Information Network. These are to be referred to as student-run sub-Tier I student organizations. Any other student media organization that qualifies for the Media Advisory must seek CSO recognition as a Tier II organization.

5.1.2. Tier II: A Tier II student organization must allow any student to be involved in their student organization. Any type of membership restriction, objective or subjective, will move a student organization from Tier II to Tier III. Tier II student organizations charging dues must allow their non-dues paying members to fully participate in the student organizations’ activities, i.e. general meetings, opportunity to participate in events, etc.”

2. Assignments that can’t be made up

When a student must be excused during a class period that has a one-time activity that is not possible to provide in the same manner as a makeup assignment, instructors are encouraged to substitute any equivalent activity or assignment for the missed work. If there is no practical substitution for the assignment, instructors can comply with Policy 333 by not factoring the missed assignment into the final course grade.

An example, if a student misses a microbiology lab class that has points assigned for hands-on activity in the lab, the instructor might assign an essay about the learning objective for that lab session for the same amount of points but intrinsically no more difficult than the original assignment.

Another example could be a class discussion with points associated with it is missed. The instructor might have an alternative online discussion board for makeups.
3. Religious Accommodations

Instructors are encouraged to consider major religious event dates in the scheduling of assignments during the course of the semester. Avoiding some of these dates may help alleviate the need for makeup assignments.

The University of Arizona provides some useful information for religious accommodation, including:

“What are some ways to accommodate a student’s need to miss class for religious reasons?

Reasonable accommodations are necessarily determined on an individual basis and depend on the circumstances. They might include rescheduling an exam or giving the student a make-up exam, allowing an individual or group presentation to be made on a different date, letting a student attend a different discussion section for the same class that week, adjusting a due date, or assigning the student appropriate make-up work that is intrinsically no more difficult than the original assignment.

As a student, how should I ask my instructor for a religious accommodation?

A student should make his or her religious accommodation request to the instructor or faculty member in charge of the course. Students are asked to examine the course syllabus for potential conflicts at the start of the semester and promptly notify the instructor of any anticipated accommodation needs, providing as much notice as possible. If an instructor has asked that requests be made in a certain way (such as by e-mail), it is best to make the request in that manner; in any case, clearly specify the reason for the requested absence or other accommodation. Students are responsible for arranging in advance to make up missed work or material in a timely manner.”

4. Equivalencies of work

Make-up assignments must intrinsically be no more difficult than the original assignment, otherwise the practice is potentially discriminatory.

The environment where a student is making up an assignment should also be considered. When students are traveling for sanctioned events, they may not be housed in spaces suitable for the work needed to complete makeup assignments or may have access problems for online assignments that may cause undue stress for the both the student and the instructor expecting the work submission.
5. **Dealing with the unusual cases**

Students can experience catastrophes of all sorts that you may not anticipate and may struggle with how to manage absences for.

What [Student Affairs](https://www.ndsu.edu) does with emergencies – “When notified by the student of specific emergencies we send notification to the student’s instructors, academic advisor, and residence life staff via an email. We don’t provide a lot of detail in the email to protect student privacy, but just state that we have been notified of an emergency that will prevent the student from attending classes. We attach this document - [https://www.ndsu.edu/fileadmin/enrollmentmanagement/Forms/absence.notification.for.faculty.pdf](https://www.ndsu.edu/fileadmin/enrollmentmanagement/Forms/absence.notification.for.faculty.pdf)”

Sometimes incomplete grades or retroactive withdrawals may be necessary.
- [https://www.ndsu.edu/fileadmin/registrar/forms/retroactivewithdraw.pdf](https://www.ndsu.edu/fileadmin/registrar/forms/retroactivewithdraw.pdf)

When you can’t determine the best course of action, please call the Provost’s Office to help trouble-shoot. We are here to help.
Appendix A

Athletic Academic Protocol for missed assignments, quizzes and exams

Introduction
1. Student-athlete is required within the first 5 days of class to introduce themselves to the instructor and let them know that they are a student-athlete.
2. In the initial conversation the student-athlete needs to let the instructor know they will be missing some classes when they are traveling with the team. **At that time the student-athlete needs to ask if they will be willing to work with them to get assignments, quizzes and tests done before they leave or made up within 2 days of their return.** If the instructor wants the student-athlete to meet with them during their office hours to discuss the method in which they want them to make up the missed assignments, quiz or test the student needs to make sure they follow through with the request before leaving or when the professor wants to meet with them. **It is not the responsibility of the instructor to chase the student-athlete down to complete missed assignments, quizzes and exams.**
3. If the student-athlete knows how many days at the time of the conversation they need to let the instructor know the total days they will be absent. **The student-athlete is required to be in class if they are in town.**
4. As soon as the student-athlete receives the travel letter from the coach the student needs to provide it to the instructor. If the instructor does not want the letter, it is the responsibility of the student-athlete to remind the instructor when they will be traveling.

Missing assignments, quizzes and tests
1. The week of team travel the student-athlete should remind the instructor they will be indeed traveling and what assignments, quizzes and or exams they will be missing.
2. If they are missing an assignment, quiz or test during that time, ask if they can turn in the assignment early or take the quiz or test the day before departing.
3. If the instructor wants the quiz or exam proctor on the trip then the student-athlete will follow the following protocol. (Please note the Athletic Trainer who travels with the team will proctor the quiz or exam).
   a. Ask the instructor if they would like to contact Athletic Academics to set-up the process or do they want Athletic Academics to contact the instructor.
   b. Once contact between the instructor and Athletic Academics occur the following protocol is followed:
      i. Athletic Academics will talk to the instructor and find out the procedures the instructor wants the student-athlete to follow while taking the quiz or exam.
      ii. Athletic Academics will procure the quiz or exam in the method the instructor prefers, which can be a hard copy or email copy.
      iii. Athletic Academics will make a copy of the quiz or exam, if emailed and seal it in an envelope with instructions on how to take the exam, duration and any material that will be allowed to be used during the quiz or exam.
iv. There will also be another envelope in the initial packet that the proctor of the quiz or exam will seal the completed quiz or exam in and sign over the seal.

v. Once the team is back in town from the trip, Athletic Academics will obtain the sealed envelope from the proctor and deliver it to the instructor.

4. If the instructor prefers for Athletic Academics to proctor any quiz or test at the Athletic Academic Center in the SHAC prior to the student-athlete leaving or upon returning from travel the same protocol is used unless it is an online quiz or exam that will automatically be scored and returned to the instructor.

5. If the travel occurs during dead or finals week and the exam is the final, the Athletic Academic staff will travel with the team and proctor the exam.

UCC Response to Faculty Concerns from the April 9, 2018 Faculty Senate meeting regarding the changes to Policy 333 Class Attendance Policy

Updates:
- Student Government passed the latest revision on April 15, 2018
- Staff Senate passed the latest revision on April 4, 2018

Q – What was the reason for rewriting this policy?

A – About three years ago, two Faculty Senate standing committees started discussing the need to change this policy. One committee was University Athletics, who were concerned about mistreatment of student athletes. The other committee was the Academic Affairs committee, who recognized the need for change due to the NDSU Student Health Service’s change regarding excuse letters - https://www.ndsu.edu/fileadmin/studenthealthservice/Forms/Faculty_Excuse_Letters.pdf.

Over the course of these discussions there also arose an opportunity to ensure that the policy was compliant with Title IX, including the federal mandate to excuse pregnant students who need medically necessary absences. The policy has been revised and thus far has failed to pass Faculty Senate approval three times, but still needs to be changed from the current version – see these Faculty Senate minutes:
- April 9, 2018 - https://www.ndsu.edu/fileadmin/facultysenate/201718/minutes/04_09_18_FS_Minutes.pdf

The UCC has twice formed sub-committees of faculty and support staff to work on the revisions. The last sub-committee also included representatives of student government. Each time, the sub-committees have worked to address questions and concerns expressed at Faculty Senate and Student Government. The revisions were then discussed and approved at UCC prior to submission to the Senate Coordinating Committee.

It is essential the federal mandate components of the policy be approved to ensure compliance. Examples of non-compliance situations include not permitting medically necessary absences for pregnant students or supporting absences for requests to observe religious holidays. See U.S. Department of Education’s Office of Civil Rights information regarding Title IX pregnancy and parental protection for students.

Concern - Concerns from faculty saying that this policy protects student but not faculty.

Response – The policy attempts to clarify which absences must be approved by Faculty. It is recognized that Faculty may not always know how best to manage absences and/or may be concerned about the time and effort needed to manage make-up work. The current policy provides no protection to students who are absent from class due to legitimate reasons; the revised policy is intended to equalize responsibility on both sides. The guidance document is intended to help faculty manage absences, and if
that doesn’t address the particular issue a faculty member may be facing, then a call to the Provost’s Office should help resolve the situation.

Q - What’s the limit on the number of excused absences?

A – For absences covered by this policy there would be no limit. If there is a student who is missing a significant number of class periods, it would be good practice to either express concerns directly to the student and/or advisor. The guidelines provide ways to accommodate students who are absent due to university-sponsored events, some of which require substantial travel.

Q - What other cases could an incomplete be used for missing classes?

A – No one document could encompass every scenario that Faculty may encounter. The guidance document attempts to offer some helpful information, and includes a prompt to call the Provost’s Office if you don’t know what to do. There is help available to figure out the solution. For questions specifically about incomplete grades, Registration and Records is also a resource.

Suggestion - It was suggested to balance student needs with instructor time and space to accommodate these requests.

Response – This is a bit vague. We absolutely recognize that large enrollment courses will have more management challenges. Again, if Faculty need help with figuring out how to manage absences, please consult the guidelines or call the Provost’s Office for assistance. There will also be more Faculty resources available and professional development opportunities in the coming year.

Concern - It’s possible that dept. policy might be in conflict with this policy.

Response – NDSU Policy overrides any department policy. The department policy would need to change.

Q - It was asked if these guidelines can be changed at any time by the Provost’s office.

A – Yes, as the guidelines are not meant to be rules, but rather help for Faculty to determine how to handle excused student absences. It is intended to develop an FAQ section over time, and the next version may include some of the questions asked here. The document is meant to be helpful and adaptive.

Q - Do ‘academic meetings’ include meeting with a professor or an advisor?

A – No. Meetings with advisors or instructors would not fall under this policy. Instructors could determine if absences for those reasons are acceptable based on their own course policy.

Research-teaching

I began my research career as an undergraduate student. It was the most formative experience in my professional life. Involvement in research ignited a fire of curiosity in me that cascaded through my entire educational experience and is now the core of my professional life. Because of the strong influence that research has had on my life, one of my primary missions as a scientist and an educator is to provide research opportunities for students. Listed below are students I have interacted with in a research-teaching context. I have assisted many of these students in securing awards to support their endeavors, which are listed as well.

   Briefly describe the changes that are being made to the policy and the reasoning behind the requested change(s).
   - Is this a federal or state mandate? X ☑ Yes ☐ No
   - Describe change: NDSU Policy 603 should be removed from the policy manual:

SECTION 603
SEXUAL MISCONDUCT AND TITLE IX COMPLIANCE

Policy 603 has been incorporated into Policy 162 and Policy 156. This policy can be deleted from the policy manual.

1. INTRODUCTION: North Dakota State University (NDSU) strives to create a campus community free from interpersonal abuse including sexual misconduct. In working to achieve this intent, NDSU commits to:

   a) Taking action to stop sexual misconduct;
   
   b) Taking action to remedy its effects by providing advocacy, support and appropriate referral services for recipients of the behavior;
   
   c) Taking action to prevent recurrence;
   
   d) Educating individuals and promoting discussions on interpersonal abuse and violence; and
   
   e) Conducting impartial investigation of all reports/notice of sexual misconduct through fair, equitable and prompt procedures. Investigations will be independent of and separate from law enforcement investigations of criminal activity.

2. POLICY: This policy is required by federal law and implementation of this policy is guided by the U.S. Department of Education, Office of Civil Rights.

   a) Sexual misconduct is prohibited in all forms, regardless of intent to harm. Sexual assault, sexual exploitation, coercion and sexual harassment are examples of sexual misconduct, and all are prohibited.
   
   b) Also prohibited under Title IX is any rule violated on the basis of the recipient of the behavior’s sex/gender which is severe enough to cause a discriminatory effect. (Examples of this may include but are not limited to bullying, cyber-bullying, relationship violence and stalking.)

3. DEFINITIONS: For the purpose of this policy, the following definitions apply:

   a) Consent is:
   
      1. Words or actions showing a clear, knowing and voluntary agreement to engage in mutually-agreed-upon sexual act; or
   
      2. An affirmative decision given by clear actions or words.
3. Consent may not be inferred from:

   i. Silence, passivity, or lack of active resistance alone.

   ii. A current or previous dating or sexual relationship.

   NOTE: It is important to obtain explicit consent from any sexual partner and not to make assumptions. If confusion or ambiguity on the issue of consent arises anytime during the sexual interaction, it is essential that each participant stops and clarifies, verbally, willingness to continue. Consent to one form of sexual act does not imply consent to other forms of sexual act(s).

b) Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

c) Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction).

d) Intimidation is implied threats or acts that cause an unreasonable fear of harm in another.

e) Responsible employees:

   1. Those with authority to address and remedy sex and gender-based discrimination and harassment;

   2. Those with responsibility to report sexual misconduct to a supervisor; and/or

   3. Those who a student would reasonably believe have such authority or obligation.

f) Retaliation: Any adverse action taken against a person because of their participation in a protected activity. Retaliation against an individual for alleging sexual misconduct, supporting a complainant or for assisting in providing information relevant to a claim of sexual misconduct will be treated as another possible instance of harassment or discrimination. Any acts of alleged retaliation should be reported immediately to the Title IX Coordinator or a Deputy Title IX Coordinator and will be promptly investigated. NDSU is prepared to take appropriate steps to protect individuals who fear that they may have been subjected to retaliation.

   g) Sexual Acts include, but are not limited to the following actions:

   1. Sexual intercourse;

   2. Sodomy (oral and/or anal);

   3. Sexual penetration with any object;
4. Sexual touching of a person’s intimate parts (genitalia, groin, breasts, buttocks, mouth or other bodily orifice or the clothing covering them); or

5. Compelling a person to touch his or her own or another person’s intimate parts.

h) Sexual Assault: Any sexual act between two or more people to which one person does not or cannot consent. This includes sexual acts or contacts with others that can involve:

1. Compelling a person to submit to sexual acts or contacts by force, threat of force, or intimidation;

2. Use of intoxicants to substantially impair the person’s power to give consent;

3. Engaging in such acts when the person suffers from a mental state that renders him or her incapable of understanding the nature of the contact. This includes, but is not limited to, situations when an individual is intoxicated, “high”, scared, physically or psychologically pressured or forced, passed out, unconscious, intimidated, coerced, mentally or physically impaired, beaten, isolated, or confined; or

4. A victim under fifteen (15) years of age. (Do note the age of consent may vary depending on the ages of the individuals involved in the act. For more information see: a link to the Sexual Assault Prevention Programs location with this information will be provided here.)

i) Sexual Exploitation: Taking sexual advantage of another person without consent. Examples include, but are not limited to:

1. Causing the incapacitation of another in order to take sexual advantage of the person;

2. Distributing or publishing sexual information;

3. Engaging in indecent exposure;

4. Engaging in voyeurism (the viewing of another for sexual gratification);

5. Invasion of sexual privacy;

6. Knowingly exposing another to an STD or HIV;

7.Prostituting another person; or

8. Recording, photographing, or relaying sexual sounds or images.

j) Sexual Harassment: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic achievement;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions affecting such individual; or

3. Such conduct has the effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive environment.

k) Sexual Misconduct: Any non-consensual behavior of a sexual nature that is committed by force, intimidation, or is otherwise unwelcome that is sufficiently severe, persistent, or pervasive so as to limit a student’s ability to participate in or benefit from an NDSU program or activity. Depending on the circumstances, a single incident of sexual misconduct may be sufficient to limit a student’s ability to participate in or benefit from an NDSU program or activity.

4. REPORTING/CONFIDENTIALITY: Students are encouraged to report incidents or information related to sexual misconduct as soon as possible. If criminal activity is involved, students are encouraged to contact NDSU Police or your local law enforcement. NDSU employees who became aware of a complaint or violation of this policy and have the authority to take action on the complaint or violation, shall report the complaint or violation either to the Title IX Coordinator or a Deputy Title IX Coordinator:

   Canan Bilen-Green, Vice Provost for Faculty and Equity/Title IX Coordinator
   — Old Main 201
   — Phone: 701-231-7040; email: canan.bilen.green@ndsu.edu

   Janna Stoskopf, Dean of Student Life/Deputy Title IX Coordinator
   — Memorial Union 250
   — Phone: 701-231-8240; email: janna.stoskopf@ndsu.edu

   Colleen Heimstead, Associate Athletics Director for Compliance/Deputy Title IX Coordinator
   — Bison Sports Arena 102W
   — Phone: 701-231-5696; email: colleen.heimstead@ndsu.edu

The guiding principle in accepting reports or sexual misconduct is to avoid re-victimizing the recipient of the behavior by forcing them into any plan of action. NDSU will make every attempt to safeguard the privacy of the complainant and/or recipient of the behavior; however, it is important that complainants recognize that NDSU cannot ensure confidentiality in all cases. NDSU must weigh the request for confidentiality against its obligation to protect the safety and security of the entire campus. Depending on the circumstances of the offense (the severity of the offense, the number of victims involved, etc.), NDSU may be required to respond to an incident, even if confidentiality has been requested. Therefore, NDSU employees cannot guarantee absolute confidentiality. Individuals desiring confidentiality should be encouraged to contact one of the following:

   F.M. Rape & Abuse Crisis Center: 701-293-7273 (Available 24 hours)  www.raccfm.com
   NDSU Counseling Center: 701-231-7671 (Available 24 hours)
   http://www.ndsu.edu/counseling/

5. FORMAL/INFORMAL RESOLUTION: NDSU offers both formal and informal resolution of sexual misconduct complaints involving NDSU students, faculty or staff. Regardless of the path chosen by the recipient of the behavior, NDSU will conduct an impartial, fair, and prompt investigation
into the allegations, and ensure that actions will be taken to prevent similar actions in the future. Typically, investigation/resolution of the complaint will occur within 60 days. The sexual orientation and/or gender identity of individuals engaging in sexual activity is not relevant to allegations under this policy. Investigation/resolution of the allegations shall include:

a) The complainant and the accused having equal opportunities to present relevant witnesses and other evidence;

b) Providing both sides with similar and timely access to any information that will be used during the process;

c) Equal opportunity to have a support person present, and equal restrictions on how a support person may participate during the process;

d) The right of the complainant and the accused to be informed of the outcome of the investigation/resolution, and the right of either party to appeal; and

e) The right of the complainant and the accused to receive periodic status updates throughout the investigation/resolution process.

6. FORMAL RESOLUTION: Formal resolution of sexual misconduct complaints will be resolved as follows:

a) If the alleged perpetrator is a student, the University will follow the procedure outlined in NDSU Rights and Responsibilities of Community: A Code of Student Behavior.

b) If the alleged perpetrator is an NDSU employee, the University will follow the applicable policy for the circumstances (e.g. Policy 156: Equal Opportunity Grievance Procedures, Policy 162: Sexual Harassment).

c) All sexual misconduct cases shall use a “preponderance of the evidence” standard; meaning that in order for the accused to be held responsible, the hearing officer must determine that it is more likely than not that the sexual misconduct occurred.

7. INFORMAL RESOLUTION: Except in cases of sexual assault which always require a formal resolution, complainants may choose to pursue informal resolution of their complaint. Informal resolution is entirely voluntary and the complainant may end informal resolution at any time. Complainants should never attempt to resolve the complaint directly with the accused. In cases of informal resolution, the Title IX Coordinator shall assign a school official with the authority to remedy the alleged violation (e.g. Dean of Student Life, the alleged perpetrator’s supervisor, etc.) to oversee the informal resolution process. Informal resolution provides the complainant with a forum to confront the accused; to express how the alleged behavior has impacted them and those close to them; and to communicate to the accused and the University how this behavior needs to be addressed so that they, or anyone else at the University, are not victimized again by the behavior.

a) In cases where the accused acknowledges their involvement in the sexual misconduct, the school official shall impose an appropriate sanction for the misconduct. If the sanction is agreeable to the parties, the informal resolution is complete, and the sanction is imposed. No appeal is allowed.
b) In cases where the accused does not acknowledge responsibility, the school official may impose a sanction warranted by the information gathered during the informal resolution, and any supporting information known to the University. The sanction may be appealed either to the Title IX Coordinator or to the Dean of Student Life/Deputy Title IX Coordinator, who shall have the final decision on the appropriate sanction.

8. ANONYMOUS COMPLAINTS: Anonymous complaints will be accepted by the University. The University's ability to investigate and resolve anonymous complaints will be limited if the information contained in the anonymous complaint cannot be verified by independent facts. Anonymous complaints may be filed by any of the following means:

a) Bias Report Form: https://www.ndsu.edu/biasreport/

b) Dean of Student Life Anonymous Report Form

c) Sexual Assault Resources and Advocacy (SARA):
http://www.ndsu.edu/student_life/departments_and_programs/sexual_assault_prevention/get_help_now/

9. INTERIM MEASURES: When warranted by the circumstances surrounding a complaint of sexual misconduct, the University may implement interim measures until its investigation concludes. Violation of these interim measures may be considered grounds for additional complaints of sexual misconduct or as retaliation for the ongoing investigation of sexual misconduct. Potential interim remedies include, but are not limited to:

a) Providing an escort to the complainant so that he/she may move safely on campus;

b) Issuing a no contact order to the parties, prohibiting any contact between them;

c) Moving the complainant and/or accused to different University housing;

d) Altering the class schedule of the parties so that they do not attend the same classes;

e) Providing counseling services; and

f) Providing academic support services.

10. PREVENTION: NDSU considers both physical surroundings and educational programming in addressing prevention of sexual misconduct. The University continually reviews and modifies the physical surroundings to foster security and safety, including but not limited to such factors as emergency phones, lighting, and locking procedures. For further safety information, contact the NDSU University Police and Safety Office: 701-231-8998 (NDSU University Police) or 701-231-7759 (Safety Office). NDSU offers curricular and co-curricular educational experiences concerning bystander intervention, primary prevention efforts, personal safety, sexual assault, and sexual misconduct. For further information on pertinent campus educational opportunities, contact the NDSU Dean of Student Life Office at 701-231-6560.
http://www.ndsu.edu/student_life/
11. INTERVENTION: The NDSU community actively supports individuals who experience sexual misconduct through a coordinated response system that attends to their physical and emotional well-being. NDSU disciplinary efforts respect the personal rights of all parties. For further information, see NDSU Rights and Responsibilities of Community: A Code of Student Behavior and NDSU Calendar Handbook distributed by Residence Life. All reports/notice of sexual assault and sexual misconduct are handled in a manner designed to respect the privacy of the involved individuals, to the extent permitted by law. Incidents are reported to appropriate Departments and agencies in consideration of safety concerns and investigative needs. In addition, NDSU publishes and disseminates annual statistics on incidents of sexual assault in the annual Personal Safety and Security publication (available in printed and online form). http://www.ndsu.edu/police_safety/police/annualsecurityreport/

12. FALSE COMPLAINTS: Knowingly submitting a false report of sexual misconduct is prohibited. Anyone submitting a false report is subject to disciplinary action.

SECTION 352
PROMOTION, TENURE AND EVALUATION

SOURCE: NDSU President
NDSU Faculty Senate

1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 All colleges are responsible for creating and enforcing a workload policy. Workload policies and procedures are documents that map percentage allocations of time, across teaching, research, and service, as specified in a job description with actual job duties. Colleges are responsible for demonstrating congruency between the policy and its promotion and tenure requirements.

1.4 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within each college should be consistent with the missions of the University and college and their
policies on promotion and tenure, and also should designate evidence of how faculty in the academic unit meet the expectations of the college and University.

2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (comprising both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.
2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.2.1.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or

2.2.2.1.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;

2.2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;

2.2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;

2.2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;

2.2.2.2.5 the receipt of awards or special recognition for research;

2.2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or

2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

2.2.3.2.1 the receipt of awards or special recognition for service;
2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;

2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;

2.2.3.2.4 active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5 contributions to fostering a campus climate that supports and respects faculty, staff, and students who have diverse cultures, backgrounds, and points of view;

2.2.3.2.6 effective management or improvement of administrative procedures or programs;

2.2.3.2.7 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.8 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1 Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

3.2 A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes,
shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan. Tenured and non-tenure-line candidates for promotion to the rank of full professor may choose to be evaluated by the criteria in effect at the time of the previous promotion, if the application is made within eight years of the previous promotion. Thereafter, candidates shall be evaluated by the criteria in effect at the time of application. Candidates applying for promotion to the rank of full professor more than eight years after the previous promotion may choose to be evaluated based on work completed in the eight years immediately prior to applying rather than on their entire post-promotion record.

3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum number of years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as
accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.

3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extension of Probationary Period
At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption
A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability
A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of
the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of
keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

Related Policies and Procedures:
Policy 156. Discrimination, harassment, and retaliation complaint procedures (http://www.ndsu.edu/fileadmin/policy/156.pdf)

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the
case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 While faculty in Professor of Practice and Research Professor positions are not eligible for tenure, promotion through ranks is encouraged and is based on time in rank and satisfactory evaluations of assigned responsibilities. An application for promotion is initiated via a departmental recommendation and follows the same procedure and submission deadlines as for tenure-line faculty. Faculty in such positions are eligible to apply for promotion from assistant to associate after the completion of five years in rank.

4.6 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.7 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.8 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for election to service with full voting rights on a college or department PTE Committee. When reviewing applications for promotion of Professors of Practice or Research Professors, PTE committees are encouraged to solicit advisory input from Associate/Full Professors of Practice or Research Professors. If allowed by department and college policies, PTE
committees may include representation from Associate/Full Professors of Practice or Research Professors. In such cases, full voting rights for Professors of Practice or Research Professors are limited to applications for promotion of Professors of Practice or Research Professors.

5.3 Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost. Faculty members and administrators being considered for promotion may not be involved in any candidate review and recommendation process, including the selection of external reviewers, while under consideration. Nonadministrative faculty members who have applied for promotion and/or tenure may not be involved in the review and recommendation process of any candidate. Administrators who have applied for promotion may not be involved in the review and recommendation process of any candidate where there may be an actual or apparent conflict of interest. A candidate may provide input concerning selection of external reviewers if allowed by department and college policies.

5.4.3 The department and college PTE committees’ reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. (“Academic administrative appointment” includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty.) Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.4.4 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.6.5 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate’s PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department’s recommendations, and an explanation of the basis for them, to the College Dean and the College’s PTE Committee according to the PTE Timeline.
6.2 In the absence of an approved extension, faculty who do not submit a tenure portfolio during their final probationary year, or who withdraw a submitted tenure portfolio, shall receive a one-year terminal contract for the following year.

6.2.1 After the deadline for submission of the portfolio to the Dean’s office, as stated on the PTE timeline, the information that may be added to the portfolio is limited to:
   a) Recommendations by the evaluating units considering the portfolio at that time;
   b) the candidate's response to those recommendations;
   c) any materials requested by the evaluators.

6.2.2 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

6.2.3 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after the deadline for submission of the portfolio to the Dean’s Office that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.

6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate’s portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost according to the PTE Timeline. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate,
to the Provost according to the PTE Timeline. A copy of the Dean’s report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost’s written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the appointment as appropriate to the allocation of effort. This input from other units which shall be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.

7. APPEALS

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. DOCUMENT RETENTION

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

Housekeeping February 14, 2011
Per the University Curriculum Committee’s charge as indicated in Faculty Senate Bylaws, Section 14.2.c.; and after almost two years of discussion, the committee has implemented procedures for General Education course review including the process for revalidation of existing General Education courses. The process ensures that students achieve the outcomes as NDSU has indicated in the Bulletin/Catalog.

The revalidation process is spread over the next five years with existing courses indicated being due for review in the procedures document on the UCC website, along with syllabi templates. Due dates were assigned for review of the courses that had not been reviewed in the last five years or longer (most not since before 2005). It will be important to have adequate evidence to show to our Higher Learning Commission accreditors that we are accomplishing what we say we are doing. There is an accreditation report due August 1, 2019 that will need to include information about assessment of the program. There will be particular scrutiny of General Education as the CULE process was the quality improvement project from the last accreditation cycle. It is particularly important that we indicate assessment of student learning outcomes as we need to address “met with concerns” from the last HLC review. Indicating that students only meet 60% of the learning outcomes for the General Education program would not be acceptable.
Resolution Delaying Implementation of General Education Re-Validation

Whereas in August of 2018 the University Curriculum Committee issued a 5-year schedule for General Education Re-Validation which requires courses falling into General Education Category A (Humanities and Fine Arts) to submit revised syllabi to the Committee by December of 2018;

Whereas the re-validation process requires substantial revision of course syllabi to meet general education learning objectives adopted by the Faculty Senate at various times between 2013 and 2017, and a new submission format adopted by the University Curriculum Committee in August of 2018;

Whereas the courses on the re-validation schedule for the Fall of 2018 fall almost entirely in the College of Arts Humanities, and Social Sciences (44 of 48 courses), with the majority falling in only three departments: English (7 courses), Modern Languages (12 courses), and History, Philosophy, and Religious Studies (8 courses);

Whereas the burden of revising these syllabi in a three-month period constitutes an undue burden on the twenty-nine tenured and tenure-track faculty in the aforementioned departments, who are all engaged full-time in teaching and research and who had no notice of this obligation prior to August of 2018;

Resolved, that the Faculty Senate of North Dakota State University:

1) Instructs the University Curriculum Committee to extend the deadline for submission of revised syllabi for re-validation in General Education Category A (Humanities and Fine Arts) to at least Fall of 2019; and

2) Recommends that the University Curriculum Committee revise its schedule for re-validation of all general education courses to avoid placing undue burdens on individual departments in any given semester or academic year.

i. Includes approved amendment from Sept 10 meeting

MOTION (Salajan/Secor-Turner): to amend Section 5.2, sentence 2 to read ‘If allowed by department and college policies, PTE committees may include representation from Associate/Full Professors of Practice or Research Professors holding terminal degrees. However, at the very minimum, Professors of Practice or Research Professors shall be granted full voting rights on applications for promotion of Professors of Practice or Research Professors.’

MOTION (Sassi/Bajwa): to amend the amendment by adding ‘In such cases’ in the 3rd sentence, so it would read, ‘If allowed by department and college policies, PTE committees may include representation from Associate/Full Professors of Practice or Research Professors holding terminal degrees. In such cases, full-voting rights for Professors of Practice or Research Professors on applications for promotion shall be determined by the respective colleges or departments. However, at the very minimum, Professors of Practice or Research Professors shall be granted full voting rights on applications for promotion of Professors of Practice or Research Professors.’
terminal degrees. In such cases, full-voting rights for Professors of Practice or Research Professors on applications for promotion shall be determined by the respective colleges or departments. The North Dakota State Board of Higher Education encourages its employees within the North Dakota University System to pursue a program of continuing education.

1. For courses taken at the request of the employee, institutions shall waive or provide tuition assistance for benefited employees, limited to three approved-for-credit undergraduate or graduate courses during each calendar year, in any combination of subsections 1 and 2 as follows:

   1.1 For courses taken at the campus of employee employment regardless of delivery type: 100% tuition and fee waiver is provided, with the exception of the CND, NDSA, program and course fees which shall be paid by the employee.

   1.2 For courses taken at another NDUS campus, other than the campus of employment, regardless of delivery type: a system-wide fixed 50% employer paid tuition assistance, with the employee paying the remaining 50% of tuition and 100% of all fees.

2. This educational benefit is available to benefited employees as defined in SBHE Policy 703.2. Employees who are eligible for this educational benefit are not eligible for the graduate assistant tuition waiver absent exceptional circumstances.

3. Employees may be released from work for one face-to-face regular class sessions for one academic class per semester with approval of the employee's immediate supervisor and/or department head. Approval may be granted if it does not interfere with completion of the employee's essential job duties and the essential work of the institution.

4. This policy is applicable to any degree eligible and remedial courses, regardless of delivery or instruction mode system, for NDSU employees only. This includes, but is not limited to, self-support and online courses, that would be normally accepted toward a degree program. For these types of courses, the policy does not apply to employees of other institutions or of the university system.

   4.1 Waivers cannot be used for third party provided curriculum where NDSU directly pays full or partial tuition collected to the third party, sponsored, grant funded, consortium programs such as the Great Plains IDEA consortium, study abroad, study tour, or remedial professional development courses which do not result in the award of college credit.

5. Release time may be granted only for the amount of time required to attend the regular class session. Field trips and outside class activities are not included.

6. The waiver tuition assistance benefit is applicable to all North Dakota University System institutions of higher education.
6.7 The waiver benefit is available to NDSU employees taking classes through the Tri-College University Course Exchange. Classes taken through the Tri-College University Course Exchange by employees of other ND University System institutions are available for the 50% tuition assistance benefit paid by the employee’s institution to NDSU, subject to approval by the employee’s institution.

7.8 Regular employees, who are not North Dakota residents, may receive a waiver from the non-resident portion of tuition requirements for courses beyond the three classes per calendar year. All benefited employees are eligible for the North Dakota Resident tuition rate, regardless of receiving the waiver or tuition assistance benefit. It is the employee’s responsibility to ensure ND resident tuition rates are assessed.

8.9 Procedure:

98.1 The employee must obtain initial approval for this educational benefit from his/her immediate supervisor and/or department head and final approval from. After the initial approval is obtained, the Human Resources and Payroll Office will review to ensure the employee is eligible as a benefitted employee. The Customer Account Services office will review the educational benefit for course and waiver exclusions, and will process the tuition waiver or tuition assistance benefit.

98.1.1 To obtain a tuition waiver or tuition assistance benefit, employees must complete the standard "NDUS Employee Tuition Waiver or Assistance" form which is available in the Human Resources and Payroll Office.

98.1.2 The request for a tuition waiver or tuition assistance must be submitted and approved prior to the beginning of the class for which the waiver benefit is requested.

98.1.3 No employee who has an overdue accounts receivable balance with the University may receive a tuition waiver or tuition assistance.

98.1.4 The benefit will count towards the three-class limit documented in Section 1, if the employee drops the course after the 100% drop date. If the employee drops the course prior to the 100% drop date resulting in the course being fully refunded, it is the employee’s responsibility to notify the Human Resources and Payroll office of the dropped class in order to utilize the benefit for future class enrollment.

98.1.4 The benefit will be considered used if the employee is enrolled in the course past the 100% drop date. If the employee does not remain enrolled in the course past the 100% drop date and wishes to use the benefit towards a new class, it is the employee’s responsibility to notify the Human Resources and Payroll office.

98.2 Upon approval, employees are responsible for registering for classes through regular admission/registration procedures.

SECTION 154
DISTRIBUTION OF LITERATURE

SOURCE: NDSU President
Rights and Responsibilities of Community: A Code of Student Conduct

1. All individuals or organizations responsible for distribution of literature on campus must be identified on the literature.

2. All individuals or organizations distributing literature will be held responsible for cleaning up all litter resulting from its distribution. Clean-up costs will be assessed to any such person or group which does not clean up all such litter within a reasonable time.

3. Distribution by means involving shouting, pursuing, hawking, or accosting individuals is prohibited, as is any interference with normal University functions or interruption of the free flow of traffic, inside or outside a building.

4. Commercial literature may not be sold or distributed on campus unless the rules governing advertising in the NDSU Policy Section 150, Commercial and Fund-Raising Activities, have been followed. (These rules include prohibiting the placing of leaflets or flyers on cars on the NDSU campus.)

5. Any person or group of persons wishing to distribute literature to the public in the Memorial Union may use the following methods:
   a. literature racks located near the Service Center on the main level;
   b. contact tables in the main concourse area, available for reservation for up to two-week periods, (a rental fee will be charged for off-campus entities wishing to utilize contact tables);
   c. exterior locations as designated by the University. Exterior location distributions are limited to one location for no more than two consecutive weeks per group, with at least five class days between multiple registrations. In times when a large number of requests have been received, the Memorial Union Administrative Office reserves the right to reduce the two week limit to accommodate as many users as possible. Distributor(s) must register in advance in the Memorial Union Administrative Office, at which time the following information will be required.
      a) the type, location, date(s), and time of the distribution;
      b) a copy of the literature;
      c) the name of the organization represented, if any; and
      d) the name, address, and signature of the person or a group representative.
6. Literature may not be distributed in classrooms except by permission of the instructor or by registered student organizations at the scheduled meetings or events.

7. Literature may not be distributed in buildings on campus other than the Memorial Union unless it is University or student organization sponsored and complies with building policies. An employee, student or visitor may not solicit or distribute literature to NDSU employees in work areas for matters not related to NDSU business (See NDSU Policy 706.3700 Services and Facilities Usage). Literature may not be distributed in classrooms except by permission of the instructor or by recognized student organizations at the scheduled meetings or events. For questions regarding literature distribution within the Memorial Union, contact the Director of Operations. Literature to be distributed within the Residence Halls, must be approved by contact the Associate Director of Residence Life. For questions regarding literature distribution in other areas, contact the Director of Facilities Management.

8. A poster distribution list of places on campus where notices may be posted is available in the Memorial Union Administrative Office, Room 246. Bulletin boards in buildings on campus are restricted unless a notice on the board states otherwise.

9. Demonstrations

9.1 The University community is one of inquiry and persuasion. An individual or group may protest, rally or demonstrate provided such protest or demonstration does not disrupt University operations or obstruct physical movement to, from, or within any place on the campus, including University property located off the main campus. While the campus must be open to the free exchange of ideas, the University may limit the time, place and manner of protests, rallies, and demonstrations. All members of the community are expected to conduct dialogues with dignity and courtesy. Organizers and participants must allow other community members freedom of movement on campus and the freedom to engage in the performance of their duties or the pursuit of their educational activities.

9.2 A protest, rally, or demonstration must not interfere with the missions, processes, procedures or functions of the University. Therefore, organizers and participants must recognize and allow the staff and faculty of the University to engage in the performance of their duties, and for students to pursue their educational activities. Impeding or restricting these activities by making noise, blocking entrances or exits from University facilities, or by coercion, intimidation or threats or use of violence is unacceptable.

9.3 Organizers and participants are expected and required to vacate an area or facility of the University when directed to do so by an appropriate official of the University for reasons stated in subsections 9.1 or 9.2 or if there has been a failure to register pursuant to 9.4.

9.4 Any protest, rally or demonstration must be registered with the Memorial Union Administrative Office and University Police prior to the event. Whenever possible, at least 24 hours lead time will be given. The registration process will enable University officials to:

A. Outline and discuss with demonstrators the guidelines necessary to keep the demonstration non-violent and non-disruptive.
B. Plan for the control of possible counter-demonstrations which would infringe upon the rights of the demonstrators or result in violent or abusive action.
C. Identify information similar to section 5.
9.5 If the Demonstration/Parade will involve a public street, applicants may also have to get a City of Fargo Special Event permit. Parades through campus buildings are not permitted, except in the case of a silent march through the Memorial Union.

North Dakota State University
Policy Manual

SECTION 155
ALCOHOL AND OTHER DRUGS: UNLAWFUL AND UNAUTHORIZED USE BY STUDENTS
AND EMPLOYEES

SOURCE: NDSU President
SBHE Policy Manual, Section 918

1. NDSU complies with and supports the North Dakota State Board of Higher Education policy
   governing alcohol use on campus, the Drug Free Workplace Act of 1988, Public law 100-690 and
   the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, and 2
   CFR § 182.215.

North Dakota State University has a genuine caring concern for the community in which it lives and
for its people. For this reason, the university is committed to maintaining an academic and social
environment that is conducive to the intellectual and personal development and the safety and
welfare of all members of the university community.

This policy statement has been established because NDSU:

- is committed to changing the culture that perpetuates the misuse and abuse of alcohol and
  other drugs;
- is concerned with promoting the well-being of our campus and surrounding communities;
- believes that the solution to alcohol and other drug misuse and abuse will require a
  community-wide approach.

The misuse and abuse of alcohol and other drugs represents a major health problem in the United
States today and poses a serious threat to the health and welfare of the NDSU community. In
addition, alcohol and other drug abuse consequences can limit career choices and achievement.
NDSU has gathered data that demonstrates that high-risk drinking among students is significantly
associated with violence, memory loss, driving under the influence (DUI), sexual assault, lessening
of academic performance, estrangement of social relationships and property damage. Studies
outside the university show that alcohol misuse can result in serious bodily injury, illness, or death.
This policy applies to all NDSU students and employees, as well as visitors to campus.

2. The State Board of Higher Education prohibits the possession, sale, dispensation, use or
consumption of alcoholic beverages upon land or in buildings owned by the Board or its
institutions. Exceptions may include the lawful possession of alcohol in family student residences,
on-campus professional staff residences, fraternities and sororities (in certain circumstances), the
President’s residence, and other special exceptions as granted by the President or the President’s
designee. For the complete State Board of Higher Education policy see SBHE Policy 918: Alcoholic
Beverages.

The University prohibits the unlawful or unauthorized use, possession, storage, manufacture,
distribution, or sale of alcoholic beverages and products (hereafter referred to as “alcohol”), as
well as any illicit drugs or drug paraphernalia in University buildings, any public campus area, in
University housing units, in University vehicles, or at any University affiliated events held on or off-campus, which are sponsored by students, employees and their respective campus organizations (including all fraternities and sororities).

For NDSU employees, non-compliance with this policy could result in disciplinary action up to and including termination of employment (see section 5.2).

For NDSU students and student organizations, non-compliance with this policy could result in disciplinary action up to and including suspension, expulsion or loss of status as a registered student organization (see section 5.1).

3. The University recognizes that chemical dependency and chemical abuse are concerns that can impact both academic success and work performance and there are assistance programs available to help individuals experiencing problems. When appropriate, NDSU personnel may refer students to the NDSU Counseling Center (701-231-7671), or to agencies outside of NDSU for evaluations and/or treatment for alcohol- or other drug-related problems. NDSU personnel may also refer NDSU employees to agencies outside of NDSU for evaluation and/or treatment for alcohol or other drug related problems. As part of their benefit package, employees may access services through the Employee Assistance Program. Employees may refer students in need of services to the Counseling Center at (701) 231-7671. Faculty, staff, and students can access information on available drug and alcohol prevention programs the university offers by going to the Alcohol and Other Drug Prevention Programs website.

3.1 Organizations are required, by Federal Regulation (2 CFR § 182.215), to not only publish a drug-free workplace statement, but also establish a drug-free awareness program for employees. Part of the drug-free awareness program is to inform employees regarding the dangers of drug abuse in the workplace. Information on the health risks of alcohol abuse and drug abuse can be found at the U.S. National Library of Medicine and the National Institute for Health. Additional information can be found at the Alcohol and Other Drug Prevention Programs website.

4. These guidelines apply to students, employees, and campus organizations, which include, but are not limited to registered student organizations under the Congress of Student Organizations. For information concerning applications of this policy, please consult the Vice Provost for Student Affairs and Enrollment Management (for students) or the University Human Resources/Payroll Director (for employees).

4.1 Students and employees and their respective campus organizations may not use organizational or public funds (including general and special funds) for the purchase of alcohol or associated permits.

4.2 Sale of alcohol by students, employees and their respective campus organizations is strictly forbidden. This is to include any action that can be remotely construed as alcohol sales such as charging admission to parties, passing the hat, selling empty cups, selling drink tickets, etc.

4.3 Off-campus activity conducted by students and employees, and their respective campus organizations shall not encourage excessive and/or rapid consumption of alcohol. The use of alcohol at any such events is expected to be lawful and low risk. Acceptable low-risk use of alcohol may vary due to certain individual considerations. For further information about low-risk alcohol consumption, see the Alcohol and Other Drug Abuse Prevention Program website.

4.4 Registered student organizations planning off campus events at which alcohol may be available must complete and file with the Student Activities Office the NDSU Event Risk.
Management Planning Notification Form. When planning an off-campus work related event where alcohol will be present, employees with questions about low-risk guidelines should contact the Director of Human Resources/Payroll, SGC Building.

4.5 University sponsored events that are held at locations off campus, and at which alcohol may be present, are required to adhere to this policy. In addition, if alcohol will be served at the event, the sponsor(s) of the event should ensure compliance with N.D.C.C. § 5-02-06(4) regarding individuals under twenty-one years of age at events where alcohol is served. Sponsors need to be aware of both potential civil and criminal liability for knowingly serving alcohol to minors or obviously intoxicated persons (N.D.C.C. § 5-01-06.1, § 5-01-09). Oversight of the distribution and consumption of alcohol is required at such events in order to manage risk. If the event is to be held on public grounds, e.g., Fargo parks, the sponsor(s) of the event is/are required to obtain the appropriate permit for the event per N.D.C.C. § 5-02-01.1(2). See, for example, the Park District of the City of Fargo Alcoholic Beverage Policy.

4.6 Alcohol shall not be used as awards or prizes in connection with events or activities sponsored by students, employees and their respective campus organizations, on or off-campus.

4.7 The public display of advertising or promotion of the use of alcohol in University buildings or any other public campus area including all University owned housing areas is prohibited. This includes banners, lighted beer/liquor signs, and large inflatable advertising, etc. (Entities that lease commercial or research property from the university may be excluded. However, the University may, in these leases, include provisions that will assist in its effort to promote legal and safe use of alcohol and to change the culture that perpetuates alcohol and other drug misuse and abuse.)

4.8 Alcohol promotional activities including advertising shall not be associated with otherwise existing campus events, programs, or campus organizational functions on or off-campus. This includes, but is not limited to, such items as: cups, t-shirts, beverage can coolers, and any other items carrying alcohol/beer advertising.

4.9 Advertising of alcohol shall not appear in University controlled or affiliated publications (including University affiliated web sites). Advertising of establishments that sell alcohol may appear and must adhere to the following guidelines.*

*Student Media (Bison Information Network, the Spectrum, Thunder Radio)
NDSU student media (as governed by the Board of Student Media) is not subject to the advertising portion of this university policy due to first amendment provisions of the US Constitution and State Board of Higher Education Policy 507. Student media organizations are accountable to the Board of Student Media for standards of conduct. Because of the belief that advertising perpetuates the culture of high-risk and underage drinking, the established boards of NDSU Student Media may, if they choose to accept revenue for advertising alcohol, decide to adopt guidelines compatible with this policy. Student Media organizations shall comply with all federal laws relating to advertising of alcohol or other drugs.

a) Advertising of establishments that sell alcohol shall not include brand names, logos, prices, visual images or verbal phrases that refer to consumption of alcoholic beverages. Advertising of establishments that sell alcohol shall not encourage any form of alcohol abuse nor shall it promote alcohol specials such as two for one, happy hour drink specials, or any ads that encourage rapid and extensive consumption of alcohol.

b) Advertising of establishments that sell alcohol shall not portray drinking as a solution
to personal or academic problems or as necessary to social, sexual or academic success.

c) Advertising of establishments that sell alcohol shall not associate consumption of alcohol with the performance of tasks that require skilled reactions such as the operation of motor vehicles or athletic performance.

d) Advertising of establishments that sell alcohol shall include a statement of low-risk such as "know when to say when" or "please use our products legally and in a responsible manner".

4.10 Unless otherwise authorized by the President of the University, the use of alcohol during all events held on the NDSU campus is strictly forbidden (including concerts, theatrical performances, athletics events, workshops, etc.)

4.11 Though alcohol consumption is legal for individuals over 21 years of age, and the most commonly used drug by young adults, the focus of this policy is not limited to alcohol. The misuse of illicit and/or otherwise legal prescription drugs poses a significant threat to student well-being and undermines the student-focused goals of the University. The use of marijuana, including recreational and medicinal uses, is strictly prohibited under Federal law. As such, any use of marijuana on campus property or at University sponsored or hosted events is strictly prohibited.

5. When students, student organizations, or employees violate University alcohol policy they will be subject to campus resolution. Campus resolution of such acts may proceed before, during, or after any pending civil or criminal proceedings are concluded. Since the campus actions are educational and/or managerial in nature, and not criminal proceedings, such simultaneous actions do not constitute double jeopardy and differing judgments may result.

5.1 Sanctions-Students and Student Organizations: Individual students and student organizations (including fraternities, sororities, residence hall associations and registered student organizations) who are found in violation of the University policy on alcohol and/or other drugs are subject to one or more of the following sanctions, dependent upon the severity of the violation and the existence or absence of prior alcohol or other drug violations: (For a more complete description of these sanctions and terms and conditions see Code of Student Conduct.)

5.1.1 When a student has been found responsible for violating University policies, one or more of the following sanctions may be imposed:

a. Written warning.
b. Conduct probation
c. Supervised conduct probation.
d. Conduct suspension.
e. Conduct expulsion.

5.1.2 With each sanction, other restorative actions or other terms and conditions may be assigned. In addition, notification may be given to other University officials as necessary. Terms and Conditions include, but are not limited to:

a. Alcohol or other drug programming, evaluation, and/or testing
b. Written assignments.
c. Participation in a specific activity or project.
d. Restricted access.
e. Loss of privileges.
f. No contact orders.
g. Restitution.
h. Confiscation.
c. Educational sanction/project (i.e., reflection paper or research).
d. Registration/Graduation Hold.

NOTE: These sanctions and terms and conditions need not necessarily be applied in any numerical sequence. Any sanction may be chosen from this list for any violation, dependent upon its severity, and the behavioral history of the involved student(s) or student organization.

Individual student behavioral actions and or student organization behavioral actions will be adjudicated as assigned by the Vice Provost for Student Affairs and Enrollment Management or designee.

**Good Samaritan Responsible Action Expectations:**
All students are expected to protect and promote the well-being of themselves, fellow students and others wherever events occur. If a person needs emergency medical attention, particularly resulting from the use of alcohol or other drugs, it is critical that students are expected to call take responsible action by calling an ambulance or other appropriate emergency response personnel (ambulance, police, etc.) to gain that assistance. Students/student organizations who fail to respond appropriately may be subject to serious university sanctions and may potentially be subject to additional civil and/or criminal liability.

Students/student organizations who appropriately report or take such responsible action, or for whom action is taken, will not be subject to the Student Conduct process for charges related to alcohol or drug use, nor will the incident become part of the student’s conduct record. However, all students [including the student(s) needing assistance and reporter(s)] may be required to have an educational meeting with University personnel and/or complete an educational program. This protection may not apply if other conduct violations occurred within the same incident. This protection will only apply once in a two year period. Subsequent incidents will not be eligible for protection under this policy. See Code of Student Conduct.

**Parental Notification:**
Parents or guardians of students under 21 may be contacted by an NDSU student affairs administrator following alcohol and/or other drug related incidents:
- If a student is found responsible for violating the University’s alcohol/drug policy that results in a University referral for assessments or evaluations for chemical dependency, and/or when University judicial sanctions of Conduct Probation or greater are assigned.
- Based on situations that appear to endanger the health, safety, or life of other persons or the student.
- If an individual is involved in incidents that resulted in significant property damage.
- If a decision is made that it is in the best interest of a particular student to involve a parent or guardian to help address other significant life concerns related to illegal use of alcohol or other drugs.
See Student Affairs website for the full policy and rationale.

**Financial Aid Eligibility:**
A federal or state drug conviction can disqualify a student from receiving federal financial aid funds. The conviction must have occurred during a period of enrollment for which the student was receiving Title IV aid (i.e., Federal Pell Grant, Federal Perkins Loan, Federal Direct Loan, etc.). Depending on whether the conviction was for sale or possession and if the student has previous offenses, the period of ineligibility can range from one year to an indefinite period. The student regains eligibility the day after the period of ineligibility ends or when the student successfully completes a qualified drug rehabilitation program as defined in the Higher Education Opportunity Act of 2008, § 485(a)(7)(c) and (a)(9).

5.2 Notice and Sanctions - Employees

Individual employees who are found in violation of the University policy on alcohol and other drugs by their supervisors will be reported to the Director of Human Resources/Payroll for consultation prior to action. For potential actions see 5.2.1 and 5.2.2.

Any employee arrested under circumstances involving an alleged violation of a criminal drug or alcohol-related statute while in his or her workplace, whether on or off campus; in a University vehicle; or as part of any activity the University initiates or takes part in must notify his or her immediate supervisor within five days of the arrest. An arrest and/or failure to report an arrest, depending on the circumstances may be grounds for actions or sanctions. The status of the criminal proceeding is a factor the supervisor may take into consideration. It is important that faculty and staff supervisors seek advice from the appropriate, designated University contact. Staff supervisors should contact the Human Resources/Payroll Director, and Faculty supervisors should contact the Office of the Provost, before taking action in arrest situations.

Any employee convicted of violating any federal, state, or local criminal drug or alcohol-related statute in his or her workplace, whether on or off campus; in a University vehicle; or as part of any activity the University initiates or takes part in must notify the University Human Resources/Payroll Director no later than five days after such conviction. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a judge or jury in any federal, state or local court. North Dakota State University is required by law to inform the federal contracting officer within 10 days of receiving notice of a conviction of violating a criminal drug statute from an employee or otherwise receiving notice of such conviction.

If an employee is convicted of violating any criminal drug or alcohol-related statute while in the workplace, as described above, University actions may include:

5.2.1 Requiring the employee to participate in a drug assistance or rehabilitation program approved by the University;

5.2.2 Disciplinary action for a violation of university alcohol or drug policy up to and including termination of employment. Disciplinary action may include one or more of the following:
   a. Warning/reprimand;
   b. Ineligibility to receive the next available annual salary increase;
c. Suspension without pay for up to 5 days;
d. Termination of employment; or
e. Any combination of the above sanctions.

NOTE: These sanctions need not necessarily be applied in any sequence. Any sanction may be chosen from this list for any offense, dependent upon its severity. Referral for prosecution may also be a result of any criminal violations.

Work attendance while under the influence:

SOURCE: SBHE Section 803.1, Purchasing Procedures
NDSU President

1. Definitions:

a) Procurement Officer – means an individual duly authorized to enter and administer purchasing contracts and make written determinations with respect thereto and also includes an authorized representative acting within the limits of authority.

b) Commodities – means all property, including equipment, supplies, materials, printing, insurance, and leases of equipment. The definition applies to commodities obtained through payment methods, including purchase, sponsorship or exchange.

c) Services – means the furnishing of labor, time, or effort by a contractor, not involving the delivery of a specific end product other than reports that are merely incidental to the required performance. The term includes professional services. The definition applies to services obtained through all payment methods, including purchase, sponsorship or exchange.

d) Informal Quote/Bid – means an oral or written competitive solicitation for commodities or services that does not require formal sealed proposals, public opening, or other formalities. Award is made to the lowest cost, responsive, responsible bidder meeting specifications.

e) Informal Proposal – means a written competitive solicitation for commodities or services that does not require formal sealed proposals, public opening, or other formalities. Award is made to the highest scoring bidder based on stated evaluation criteria.

f) Formal Bid - means a process by which sealed bids are received and opened at a specific time in response to a solicitation for a well-defined commodity or service. Award is made to the responsible bidder whose bid is the lowest price and responsive to the specifications and other solicitation requirements.

g) Formal Request for proposal (RFP) - means a process by which sealed proposals are received and opened at a specified time in response to a solicitation for a certain commodity. Award is made to the highest scoring bidder based on the stated evaluation criteria. RFPs are subject to the requirements outlined in N.D.C.C. §54-44.4-10.

h) Sole Source – means that the commodity or service is unique and that the vendor, to the best of the requestor’s knowledge and belief, based on the thorough research of the requestor, is the only vendor able to furnish the commodity or service.
Each institution shall develop and implement necessary and appropriate policies and procedures to ensure compliance with laws and State Board of Higher Education policies governing purchasing. Officers and employees involved in purchasing decisions shall comply with all applicable federal and state laws and regulations relating to conflict of interest and acceptance of gifts and gratuities. Institution purchasing policies and procedures shall incorporate (or refer to) SBHE Policy 611.4 relating to conflict of interest, and include procedures for disclosing a conflict of interest. Further, institution purchasing policies and procedures shall address whether vendors' offers of scholarships, endowments, and other premiums contained in bids or proposals will be considered and, if so, the criteria for evaluating such offers.

NDSU Guidelines

2.1.1 The Director of Purchasing is responsible for the preparation and enforcement of NDSU purchasing policies. The Director of Purchasing may delegate authority to an NDSU employee to purchase specific types and classes of goods and services with prior written authorization by the departmental supervisor. This authorization shall specify what may be purchased by the employee and the duration of the purchasing authorization.

2.2.1 Purchasing has the responsibility for obligating the University and for making the final determination of source of supply consistent with the required delivery schedule, ability to meet specifications and price negotiations, except where others are so authorized. These decisions will be made in conjunction with user departments as appropriate.

2.2.1.1 In the event there is an unauthorized purchase, Purchasing will arrange to meet with the individual(s) and the supplier to reduce the potential for future non-compliance. Any unauthorized purchase may result in holding the individual personally responsible.

2.2.2 The basic responsibilities of Purchasing and those of the using departments are as follows:

2.8 In addition to this section, all other federal and state laws, rules and regulations relating to Purchasing must be followed.

3. NDUS institutions shall cooperate and make joint purchases with the Office of Management and Budget Purchasing Division when advantageous to do so as intended by North Dakota Century Code 54-44.4-02. 4. Personal property, equipment or supplies estimated at less than $100,000.00 may be purchased at the discretion of the institution. When feasible, informal quotes or proposals should be solicited from more than one vendor. Reasonable steps shall be taken to ensure that qualified North Dakota vendors have an opportunity to compete for the contract. Personal property, equipment or supplies estimated at $10,000.00 or more must be purchased from formal bids. As many sources as possible, including qualified North Dakota vendors, should be solicited.

NDSU Guidelines

4.2 With the exception of direct purchases as defined in 5 of this policy, the following procurement requirements apply to commodities and services. In accordance with N.D.C.C. §54.44.4-11(3), procurement requirements may not be artificially divided as to constitute a lesser purchase under these requirements.
Purchases of $10,000.01 and above shall be processed through NDSU Purchasing Department.

7. Items which do NOT require competitive bidding are purchases made from discount contracts under a group alliance or consortium, other items possessing unique characteristics or properties which because of those peculiarities are essential to the conduct of particular research projects or instructional endeavors or sole source services.    a) The unique characteristics of the products, and
   b) Specifically what task is to be performed requiring the unique characteristics of the product.

The purchasing office shall document in writing the process in all cases in which the lowest bid is not accepted. All required documentation shall be retained according to governing records retention policies.
NDSU Guidelines

7.2 Items which do not require competitive bidding are:
   a) Utilities such as telephone, electric power, and natural gas services.

   b) Public books and maps, periodicals and technical pamphlets.

   c) Services for the maintenance or servicing of equipment by the manufacturer or authorized servicing agent of that equipment when the maintenance or servicing can best be performed by the manufacturer or authorized service agent, or when such a contract would otherwise be advantageous to the state.

   d) Direct purchases from any NDSU campus auxiliary service or internal service fund operation(s).

   e) Term contracts created by the NDSU/NDUS/State Purchasing Personnel.

   f) Consulting Services up to $50,000 (excluding architect/engineering services) if the Contracted Services Agreement form is used or an agreement is reviewed and approved by the Attorney(s) assigned to NDSU. The Purchasing Department will determine if competitive bids are required for services greater than $50,000 but less than $100,000.

   g) Construction/Remodeling Services up to $30,000 total project cost, if the Contracted Services Agreement form is used and the specifications are in compliance with applicable building codes and policies and the NDUS/NDSU "Guidelines for Architects and Engineers" manual. A copy of the completed form should also be sent to the Facilities Management Director, Thorson Maintenance Center.

8. Preference shall be given to North Dakota bidders when required pursuant to N.D.C.C. Section 44-08-01. Accordingly, preference equal to the preference given or required in the state of a nonresident bidder shall be given in purchasing any goods, merchandize, supplies, or equipment. Also, when accepting bids for the provision of professional services, including research and consulting services, the contract shall be awarded to a resident North Dakota bidder if the bid of the resident North Dakota bidder is equal to or less than the low bid of a nonresident bidder and the resident North Dakota bidder has an acceptable performance history and meets the minimum requirements specified in the bid solicitation.

1. Introduction

1.1 General NDSU Values

North Dakota State University (NDSU) students have an opportunity to gain the most from their education when every member of the NDSU community takes responsibility to observe and help maintain a code of personal conduct that contributes to the educational effectiveness of the University. The Code of Student Conduct is derived from three core values that support an educationally purposeful environment:
The intent of this Code is to foster educational development of personal accountability and commitment to the community.

Respect for the NDSU Community
All NDSU stakeholders have a responsibility to respect the NDSU community. It is vital for all individuals to conduct themselves in a manner that does not negatively affect the educational mission of the University or the welfare of themselves or others. This includes promoting an environment conducive to learning and nurturing a sense of shared and mutual community responsibility. Community responsibility also involves awareness of how personal decisions affect others.

Respect for the Protection and Rights of Others
A community respecting the protection and rights of others is necessary to provide a positive and enriching educational environment. Conduct that inhibits the educational process is of concern, whether it occurs on or off University premises.

Respect for Individuals Students in the Conduct Resolution Process
All NDSU students have identified rights within the Code of Student Conduct and as afforded by due process as outlined in this Code. The University will work with students in an educational and fair manner to assist them in reflecting upon and growing from their personal experiences.

1.2 General Complaint Procedures
Students may report general concerns, issues and complaints utilizing the Problems and Complaints guidelines and form. The complaint procedure is designed to provide for orderly collection of information, to address students’ complaints in a timely manner by appropriate University personnel, and to help students learn effective conflict resolution skills.

Students also may arrange a meeting with a staff member in the Student Affairs Office, Memorial Union 250, for advice and direction in resolving the problem. Complaints regarding student conduct covered in this Code will be resolved according to procedures described in this document.

1.3 Authority
The Vice Provost for Student Affairs and Enrollment Management (the “Vice Provost”), as delegated by the President, has responsibility for supervision of the process of handling the University’s response to student violations of University rules and regulations, including the
imposition of sanctions. All student non-academic conduct that violates University rules and regulations and conduct occurring off-campus that affects the University is considered the responsibility of the Vice Provost.

This authority includes the overall supervision of the various administrative committees and boards charged with hearing complaints against students or student organizations for violation of those rules and regulations. Student organizations and University employees are required to inform the Vice Provost or designee whenever action is deemed necessary against a student or student organization.

A Code of Student Conduct contains statements of University policies relevant to student life. Development and enforcement of these standards of conduct are an educational endeavor designed to foster students’ personal, social, and ethical development. This document forms the basis for student conduct expectations as a member of the NDSU community. The enforcement of these standards serves to promote the protection of the rights, responsibilities, and health and safety of members of the NDSU community.

Conduct described in this Code is illustrative rather than exhaustive. The term “including” should be interpreted to mean “including, but not limited to.” All ambiguities, inconsistencies, or clarifications of the Code will be resolved by the Vice Provost or designee. Faculty, staff, and students are encouraged to request clarification if a clause or rule is unclear. Final authority for interpretation of this Code lies with the Vice Provost.

Administrators identified in this document may designate one or more individuals to act on their behalf.

Questions should be referred to the Student Affairs Office, 250 Memorial Union.

2. Community Expectations

2.1 General Student Responsibilities

All students are expected to observe the University standards published in the University Policy Manual. This section outlines responsibilities that pertain specifically to students. However, students must follow all other University policies, procedures, contracts, or license contracts published elsewhere. In addition, students are expected to observe the laws of the community, the state, the nation, and relevant jurisdictions when touring or studying abroad.

2.2 Responsible Action Expectations

All students are encouraged to promote the well-being of themselves, fellow students, and others. If an individual needs emergency medical attention, particularly resulting from the use of alcohol or other drugs, it is critical that students take responsible action by calling an ambulance or other appropriate emergency response personnel (police, fire, etc.) to gain that
Responsible action includes:

1. **CALL for help:** In medical emergencies, immediate action should be taken by calling 9-1-1 either off or on campus. In non-emergency situations, you can also contact NDSU Police (701-231-8998) or notify Residence Life staff.
2. **STAY with the individual until help arrives and you have been told your assistance is no longer needed.**
3. **COOPERATE with responding staff or emergency personnel, including all requests for information and assistance.**

Students/student organizations who take such responsible action, or for whom such action is taken, will not be subject to the Student Conduct process for alleged policy violations related to alcohol or drug use or minor policy violations, nor will the incident become part of the student’s conduct record. However, students (including the student(s) needing assistance and reporter(s)) may be required to have an educational meeting with University personnel and/or complete an educational program. This protection may not apply if other conduct violations occurred within the same incident.

2.3 **Persons Covered Under This Code**

For the purpose of this document, “student” is defined as any individual who has been admitted to the University or enrolled for credit or non-credit in one or more courses. Students previously enrolled in the University may be held accountable under this Code for those violations committed any time after they were admitted and before they left the University. Students are accountable for their guests’ conduct; if a student’s guest(s) commits prohibited acts, the student may be sanctioned as if they had committed the violations themselves. Student organizations are held to the same conduct standards that apply to individual students.

2.4-5 **Prohibited Conduct Not on University Property**

The University may discipline a student for acts of prohibited conduct committed outside of University property which, in the University’s determination, may adversely affect the University community or the pursuit of its objectives. When NDSU becomes aware of alleged Code violations through law enforcement or other third party reports, the University may
pursue charges/action under this Code against NDSU students identified in such reports.

2.6-6 Tri-College Policies
NDSU students who are charged with a violation of institutional policy at Concordia College, Minnesota State University Moorhead, Minnesota State Community and Technical College, or North Dakota State College of Science will be referred to NDSU and may be subject to action under this Code.

2.6-7 Multiple Accountabilities
Because of the varying roles/relationships/responsibilities students may have within and outside of the University, a student may be held accountable for prohibited conduct under other university, local, state, or federal policies/laws/jurisdictions, including relevant jurisdictions when touring and/or studying abroad. Examples of other areas of accountability may include:

- Student athletes under the Student Athlete Code of Conduct
- Student leaders within student organizations
- Personnel actions with student employees
- Academic actions under academic programs’ professional standards
- Criminal charges or civil suits

Actions under this Code are educational (administrative) as are other actions taken under NDSU policies. Because the University’s procedures are educational and not criminal in nature, such separate proceedings do not constitute double jeopardy. The University may proceed under this Code before, during, or after the other NDSU administrative processes, or legal proceedings; NDSU does not typically wait for a court finding/judgment prior to proceeding with University process. Findings under this Code may differ from judgments in criminal courts. Court judgments are not determinative of University findings.

2.7—Financial Responsibility
All students must pay in full any debts to NDSU. For the complete text of the NDSU Collection Policy, please consult the Customer Account Services staff or NDSU Policy 513, NDSU Collection Policy.

NDSU bears no responsibility for financial obligations of individual students or student organizations. Any debts incurred, either on or off campus, by students or student groups will be the responsibility of the individual, organization and its leadership. In the event an organization dissolves and is no longer in existence, individuals holding leadership positions at the time the debt was incurred will maintain responsibility for settling outstanding debts.

NDSU will normally take no action on behalf of creditors in the case of debts incurred by students, student organizations or other student groups. NDSU officials will not use the...
power of the state to act as a collection agency for private debts of students.

2.8 Bias-Motivated Violations
Any Code violation that is determined to have been motivated by hate bias based on a protected class may result in enhanced sanctions above those typically assigned for the same violations when not motivated by hate bias. See NDSU Policy 100, Equal Opportunity and Non-Discrimination Policy for further information.

2.9 Repeated Code Violations
Repeated violations of this Code are relevant in determining a student’s continued membership in the University community. Progressively more severe sanctions, including suspension or expulsion from the University, may be assigned, depending on the nature of the violation(s).

3. Prohibited Conduct

3.1 Violations of Law
The University reserves the right to address any conduct occurring on or off campus that may be construed as potential or alleged violations of local, state, or federal laws. Violation of local, state, or federal law is prohibited by this Code. The University reserves the right to address conduct occurring on or off campus that may be construed as potential or alleged violations.

3.2 Complicity or Attempts to Commit Prohibited Acts
Complicity is association with and/or participation in an act prohibited by this Code. To avoid being complicit to Code violations, students are expected to do one or more of the following:

- Personally confront those involved and stop the violation, except in cases of violence;
- Bring the violation to the awareness of a staff member; or
- Leave the scene of the violation, if not responsible for the space in which the violation is occurring.

3.3 Attempts to Commit Prohibited Acts
Students who are complicit or attempt to commit prohibited acts is a violation of this Code. Students attempting to commit prohibited acts may be sanctioned to the same extent as if they had committed the prohibited act. Students are accountable for their guests’ conduct and may be sanctioned under this provision as if they had committed the violations themselves.

3.4 Alcohol on NDSU Property
Regardless of a person’s age, the manufacture, sale, transfer, purchase, transportation, possession, use or consumption of alcohol, and/or possession or display of
empty alcohol beverage containers anywhere on NDSU owned or controlled property and/or sponsored or supervised events is prohibited, except as authorized by NDSU Policy 155 Alcohol and Other Drugs: Unlawful and Unauthorized Use By Students and Employees.

3.4-5 Off Campus Alcohol

Students may face campus charges for alcohol related incidents occurring off campus. Illegal use or possession of alcohol occurring off campus is prohibited. Such incidents include, but are not limited to: minor in possession/consumption/under the influence of alcohol, driving under the influence of alcohol, and public consumption of alcohol.

3.5-6 Drugs Other Than Alcohol

Possession, consumption, being under the influence, or transport of illegal drugs or any other controlled substances is prohibited except pursuant to a physician’s, dentist’s, or other authorized medical personnel’s prescriptions (see next paragraph for information regarding medical marijuana). The manufacture, exchange, distribution, purchase, or sale of illegal drugs or controlled substances is prohibited. The possession of drug paraphernalia for illegal drug use is prohibited as well.

Although North Dakota state law permits the use of medical marijuana, i.e., use by individuals possessing lawfully issued medical marijuana cards, federal laws prohibit marijuana use, possession, and/or cultivation at educational institutions and on the premises of other recipients of federal funds. The use, possession, or cultivation of marijuana for medical purposes is therefore not allowed in any North Dakota State University housing or any other University property, nor is it allowed at any University sponsored event or activity off campus.

3.7-8 Conduct While Under the Influence of Alcohol or Other Drugs

Being under the influence of alcohol or other drugs is a violation of this Code when the person:

a) Endangers, or may endanger, the safety of others, property, or themselves;

b) Causes a disturbance.

3.7-8 Alcohol at Student Organization Events

Recognized NDSU student organizations planning off campus events at a venue where alcohol may be present must complete and submit an Event Risk Management Planning Notification Form Alcohol Risk Management Form (ARMA) and a guest list to the Student Activities Office, Memorial Union 120. Events involving alcohol must be closed events, intended only for organization membership and invited guests, and alcohol must be sold and served by a licensed third party vendor.
Student organization or public funds may not be used for the purchase of alcoholic beverages or gift cards to alcohol establishments.

Sale of alcoholic beverages by students and student organizations is prohibited. This includes any action that can be remotely construed as an alcohol sale, such as charging admission to parties, passing the hat, selling empty cups, and selling drink tickets. Alcohol, if available, must be sold and served by licensed third party vendors.

Common sources or a bulk quantity of alcohol, such as cases or kegs, are not permitted at any student organization sponsored event.

No activities or promotions shall encourage excessive and/or rapid consumption of alcoholic beverages. This includes contests, drinking games, and discounts or special pricing of alcoholic beverages. Use of alcohol at events is expected to be lawful and responsible.

Alcoholic beverages may not be used as awards or prizes in connection with events or activities. Prize coupons and/or gift cards donated by establishments with a liquor license must include the statement, “Not valid for purchase of alcohol.”

3.8-9 Advertising Related to Alcohol

Alcohol promotional activities, including advertising, shall not be associated with otherwise existing campus events, programs, or campus organizational functions on or off campus. This includes novelty items, giveaways, and apparel associated with the event. Advertising of establishments that sell alcohol must adhere to the following guidelines:

- Advertising of establishments that sell alcohol shall not include brand names, logos, prices, visual images, or verbal phrases that refer to consumption of alcoholic beverages.
- Advertising of establishments that sell alcohol shall not encourage any form of alcohol abuse or promote alcohol specials such as two for ones, happy hour drink specials, or any ads that encourage rapid and extensive consumption of alcohol.
- Advertising of establishments that sell alcohol shall not portray drinking as a solution to personal or academic problems or necessary for social, sexual, or academic success.
- Advertising of establishments that sell alcohol shall not associate consumption of alcoholic beverages with performance of tasks that require skilled reactions such as operation of motor vehicles or athletic performance;
- Advertising of establishments that sell alcohol shall include a statement of low-risk such as “know when to say when” or “please use our products legally and in a responsible manner.”

For additional policy details, consult NDSU Policy 155, Alcohol and Other Drugs: Unlawful and Unauthorized Use by Students and Employees, and the Event Risk Management guidelines,
available in the Student Activities Office, Memorial Union 120.

### 3.9 Good Samaritan Responsibilities

All students are expected to protect the well-being of fellow students and others wherever events occur. If a person needs emergency medical attention, particularly resulting from the use of alcohol or other drugs, students are expected to call an ambulance or other appropriate emergency response personnel (ambulance, police, fire, etc.) to gain that assistance. Students/student organizations who fail to respond appropriately may be subject to serious University sanctions and may potentially be subject to additional civil and/or criminal liability.

Students who appropriately report will not be subject to the Student Conduct process for charges related to alcohol or drug use, nor will the incident become part of the student's conduct record. However, all students (including the student(s) needing assistance and reporter(s)) may be required to have an educational meeting with University personnel. This protection may not apply if other conduct violations occurred within the same incident. This protection will only apply once in a two-year period. Subsequent incidents will not be eligible for protection under this policy.

Resolution of Alleged Student Code Violations

Resolution of Code of Student Conduct Violations

Flowchart

Receipt of Incident Report
Reports are received from on-campus and/or off-campus sources and an investigation of the information occurs, if necessary.

Investigation
An investigation related to the report occurs if necessary. In cases involving discrimination, harassment, retaliation, and sexual misconduct, the Equity Office will conduct the investigation.

Notice of Charges

Non-Suspension/Expulsion Eligible Cases
Students have the right to proceed directly into the administrative hearing at the conclusion of the prehearing conference.

Prehearing Conference
Prior to the administrative hearing, the hearing officer reviews the student’s rights, hearing procedures, and answers questions.

Students have the right to make a statement describing the event(s) that led to the charges, bring witnesses/witness statements, and provide additional evidence.

Suspension/Expulsion Eligible Cases
The date/time for the administrative hearing and any applicable deadlines for material submission will be identified.

Reports and investigations are used to determine whether a student is responsible for alleged violations of the Code of Student Conduct, and include the following purposes:

- a) To provide for the education of students;
- b) To promote the health, safety, and well-being of University community members;
- c) To provide for fair inquiries concerning alleged violations of University policies;
- d) To determine whether or not any individual student has violated a University policy;
- e) To allow for consideration of extenuating or mitigating factors when a violation has been found to exist;
- f) To determine a resolution; and
- g) To help the student make a constructive response toward self-discipline.

If a student chooses to have an attorney present as his or her hearing advisor, NDSU may request legal representation be present as well. In cases that do not involve potential for suspension or expulsion, the role of an attorney shall be to advise his or her client, not to participate in the hearing.

5.34 Investigations

If an investigation is to take place, the student(s) will receive notice from the office conducting the investigation. The purpose of the investigation is to gather the facts, details and circumstances associated with a complaint. The investigation may include interviewing witnesses, reviewing documents to be considered, or completing other steps that will assist the Vice Provost and/or designee to determine whether charges action under the Code is warranted. Written findings of the investigation along with a recommendation for dismissal of the complaint or a recommendation of pursuing charges action under the Code will be produced by the investigator(s) and provided to the Student Affairs Office. If the report indicates reasonable cause to believe that a violation occurred, then the Vice Provost's designee shall proceed with a Notice of Alleged Violations.

Designated, trained University personnel are authorized to investigate alleged violations of the Code of Student Conduct.

All cases of discrimination, harassment, retaliation, and sexual misconduct involving a
potential violation by a student shall be investigated by the Equity Office utilizing the procedures set forth in Sections 1 through 8.8 of NDUS Policy 156. The Final Investigative Report as set forth in NDUS Policy 156 shall constitute the Investigation Determination for purposes of Section 5.67 below.

Any person believed to have information relevant to an investigation may also be contacted and requested to make an appointment to discuss the matter. All information/evidence needs to be provided during the investigative phase in order to be considered for determining if a case will be dismissed or whether action will be pursued and in determining findings under the Code. With the exception of the reporting party, failure to comply with a request to make and keep an appointment relevant to an investigation may result in a conduct hold being placed on a student's registration and records.

5.45 Interim or Remedial Measures
In the interest of safety and security, upon receipt of notice, interim actions or remedial measures may be implemented by the Student Affairs Office prior to a completed investigation or conduct hearing. Specific actions will be based on the circumstances of the allegations and may include, but not limited to no contact orders, housing/workplace changes, loss of privileges, restricted access to campus, or temporary emergency suspension.

If additional questions remain, contact the Information Technology Security Officer (ITSO).
The University will not intervene between students and searches authorized under law by any law enforcement agencies. The University requires that University officials notify the Vice Provost and/or designee of searches when they become aware of searches by law enforcement. The University will not intervene between students and searches authorized under law by any law enforcement agencies.

The right to inspect residence hall rooms and university apartments without notice is reserved by the University for purposes of maintenance, cleaning, fire, personal safety and administering provisions of the license agreements. The University will provide reasonable notice, when possible. Such entry by the University shall not be regarded as a search, but is separately agreed to and authorized by the student through provisions in the residence hall agreements or university apartment license agreements. Items that pose an imminent danger to health, safety, life, or property may be taken into temporary custody of residence life staff, university police, or other emergency personnel.

5.67 Notice of Charges/Alleged Violations

If the investigation determines that charges are appropriate, a written notice will be sent via authorized University email, to the responding student to arrange a prehearing conference.

The notice of charges will include:

- Nature of the alleged Code-violation;
- Date, time, and place of the alleged Code-violation;
- Source of the information;

- Notice that a decision may be made in the student’s absence based on the information currently available.

The student must be given notice in writing of a summary of the charges/alleged violations and evidence to be presented in sufficient time to ensure an adequate opportunity to prepare for the hearing. The University will provide the student oral or written notification of the hearing at least five business days prior to the hearing date. Students may consent to a shorter notice period, if they so choose.

5.78 Prehearing Conference

During the prehearing conference, the hearing officer will discuss the:

- a) Student’s rights and responsibilities,
- b) Nature of the complaint and how the Code of Student Conduct may have been violated, and
c) Process for resolution of alleged Code violations.

The student may request to proceed with an immediate hearing, except in cases which may result in suspension or expulsion. The hearing officer may refuse to hear the case and refer it to another hearing officer.

5.89 Conduct Hearings
The Code of Student Conduct resolution process is facilitated through an administrative hearing to determine whether or not there has been a violation of University policy. Although all cases are heard administratively, some procedures differ between cases that are not eligible for suspension/expulsion and those that are eligible for suspension/expulsion. The University reserves the right to determine procedures and appropriate individuals to include in the process. In an administrative hearing, the responding student has a right to make a written and/or oral statement describing the event(s) that lead to the charges, bring witnesses or witness statements, and provide any additional evidence.

In all cases involving an allegation of discrimination, harassment, retaliation, or sexual misconduct, both reporting and responding students shall have equal procedural rights as detailed in NDSU Policy 156, Discrimination, Harassment, and Retaliation Complaint Procedures.

University administrators who have direct responsibility for student organizations will process conduct cases related to fraternities, sororities, and student organizations. Individual organizational boards will address only violations of those organizational standards, not violations of this Code.

Non-Suspension/Expulsion Eligible Conduct Hearings
A non-suspension/expulsion eligible conduct hearing is an administrative hearing that generally involves only the responding student and the hearing officer. The hearing officer is the individual appointed by the University to process an alleged violation of University policy. The hearing officer shall typically be a University employee; however, the University may, in its discretion, retain a non-employee to serve as a hearing officer at the University’s expense.

Following the hearing, the reporting and responding parties will receive a written notification of the hearing outcome within 10 business days.

Suspension/Expulsion Eligible Conduct Hearings
A suspension/expulsion eligible conduct hearing is an administrative hearing that involves the responding student, hearing officer, institutional representative, and any other individual(s) appropriate to the process. The hearing officer is the individual appointed by the University to process an alleged violation of University policy. The hearing officer shall
typically be a University employee; however, the University may, in its discretion, retain a non-employee to serve as a hearing officer at the University’s expense. The institutional representative is the individual appointed by the University to present the findings at the hearing.

Prior to the hearing, any materials being utilized during or witnesses being called to the hearing must be submitted to the Student Affairs Office by a deadline set during the prehearing conference.

The recording will be recorded and retained as part of the student’s conduct file. Access to the recording will be available for the purpose of preparing an appeal. The hearing officer and the parties involved may access the recording, including for the preparation of an appeal. Requests for access should be directed to the Student Affairs Office.

Following the hearing, the student reporting and responsible parties will receive a written notification of the hearing outcome within 10 business days.

5.9 Student Advisory Options

The student has the right to have a person present who may act in an advisory capacity. Hearing advisors may not serve as witnesses. Hearing advisors who do not comply with hearing procedures or the directives of the hearing officer may be cautioned by the hearing officer and if they persist, may be asked to leave.

If a student chooses to have an attorney present as his or her hearing advisor, NDSU may request legal representation be present as well. In cases that do not involve potential for suspension or expulsion, the role of an attorney shall be to advise his or her client, not to participate in the hearing. Attorneys who do not respect this provision may be cautioned by the hearing officer and if they persist, may be asked to leave.

In cases that could result in suspension or expulsion, attorneys or nonattorney advocates may fully participate, which means they may make opening and closing statements, examine and cross-examine witnesses present during the hearing, and provide the student with support, guidance and advice throughout the process.

5.10 Default Proceedings and Unresolved Charges

When a student/organization fails to appear for a hearing appointment without advance notice, or leaves the University with unresolved charges, the hearing officer may make a decision in the student/organization’s absence, providing the student/organization was issued adequate written notice of the date, time, and place of the scheduled hearing via the NDSU email system.

In certain cases, the hearing officer reserves the option to place a registration hold.
placed on the student’s records and the case will be archived until such time the student requests re-registration or a resolution of the pending matter.

5.11 Student Organizations in Default
In the event a student organization becomes inactive rather than appearing for a hearing, the default decision will typically be withdrawal of recognition granted by the Congress of Student Organizations Commission. In addition, officers of the organization at the time of the incident may face conduct proceedings individually (see Section 3.20, Failure to Comply) and also may be charged with one or more of the original alleged violations of the Code arising from the alleged misconduct by the organization.

If the organization requests registration reactivation at a later date, the Vice Provost or designee will assign a hearing officer to meet with the student organization leadership to determine responsibility for the original charges, determine or recommend the appropriate sanction, and if that sanction is less than suspension or expulsion, will assess the need for any remedial actions.

5.12 Conflicts of Interest
Any hearing officer who has a conflicting interest in the particular case may not participate. Each party has the right to challenge the appointment of a hearing officer. Challenges must be submitted in writing to the Vice Provost or designee at least five business days prior to the hearing. If a party fails to raise an actual or reasonably perceived conflict by objecting to that person five business days in advance, any objection is deemed to be waived. An individual hearing officer may not be disqualified solely on the basis of his or her position in the University community.

5.13 Burden of Proof
The burden of proof will rest upon the University.

5.14 Standard of Proof
The standard of proof will be a “preponderance of the evidence.” A student is found to have violated this Code when:

a) The student admits to the violation, or
b) Evidence admitted at the hearing indicates by a preponderance of the evidence that the student is responsible for a violation in violation of the Code.

5.15 Witnesses/Witness Statements
Prior to the hearing, names of witnesses being called to the hearing must be submitted to the Student Affairs Office by a deadline set during the prehearing conference. All parties will be given reasonable opportunity to present witnesses and/or witness statements and will be allowed to address questions to any witnesses participating in the hearing. All questions will
be addressed through the hearing officer; however, the hearing officer may allow for direct questioning of non-party witnesses. Witnesses will be given reasonable latitude to respond fully to questions and will only remain for the duration of their own testimonies. All written statements that are to be considered are to be provided at least two business days prior to the hearing. Written statements must also be signed and dated, with the name of the witness printed below to ensure legibility or sent electronically directly by the witness. Deviations to the time restriction may be granted as long as all parties have sufficient time to prepare.

Character witnesses are not permitted. The hearing officer will exclude any information from the hearing documentation that appears to be a character statement rather than facts or evidence related to the case. If the responding student is found responsible for violating this Code, character statements may be considered during sanctioning. All parties may submit up to three letters to the hearing officer, at least two business days prior to the hearing. Each letter must be dated and signed, with the name of the individual signing printed below to ensure legibility or sent electronically directly by the witness.

5.16 Evidence
In cases that involve an investigation, all evidence is to be provided during the investigation. All parties will be given reasonable opportunity to present any written or oral information, or other documentation, or other evidence that is relevant in determining responsibility. All pertinent information that is to be considered is to be provided at least two business days prior to the hearing. Deviations to the time restriction may be granted as long as all parties have sufficient time to prepare.

Because Due to the hearing is being an educational process, formal rules of evidence do not apply. For this reason, hearsay evidence may be permitted. Hearsay evidence refers to testimony given by a witness who speaks about information received from others, rather than information given directly by that witness. The value of such evidence rests within the discretion of each hearing officer.

5.17 Self Incrimination
Parties shall not be compelled to incriminate themselves by being obligated to testify that they engaged in conduct constituting a violation of this Code and/or local, state, or federal law.

5.18 Closed Hearings
All hearings are generally closed except to those persons who are part of the proceedings. The Vice Provost or designee may permit a limited number of NDSU personnel to be present as observers for the purpose of training. Other exceptions may also be made as deemed appropriate by the Vice Provost or designee.
5.19 Appeals
Students sanctioned for violations of any part of this Code of Student Conduct or relevant University policies may appeal. Reporting and responding students are limited to one appeal and that decision is final (see Section 8, Appeal Procedures).

6. Hearing Procedures for Potential Suspension or Expulsion Cases

If a student is found not responsible for the alleged Code violation(s), no disciplinary action will be taken against the responding student; however, having been through the Code process, the student is considered knowledgeable regarding the Code’s provisions and expectations, and that knowledge may be taken into consideration in the event of future Code actions.

In cases in which the student is found responsible for violating one or more policies, alleged Code
violations, a sanction may be imposed. Sanctions may not include suspension or expulsion unless
the student receives prior written notice that the case was serious enough to warrant suspension or
expulsion. The sanctions listed below are assigned based on the severity of the incident and/or past
conduct history:

1. Written warning,
2. Conduct probation,
3. Supervised conduct probation,
4. Conduct suspension, or
5. Conduct expulsion.

The hearing officer will issue the written decision within 10 business days from the date of hearing.
Sanctions of suspension are noted in the student’s transcript throughout the duration of the
suspension period, while sanctions of expulsion remain permanently.

When certain mitigating circumstances exist, such as an extended period of time between the
incident and reenrollment, a finding of responsibility may result in no sanctions imposed.

With each sanction, terms and conditions and/or restorative actions may be assigned. In addition,
notification may be given to other University officials as necessary. Terms and Conditions include,
but are not limited to:

• 1.—Alcohol or other drug programming, evaluation, and-/or testing;
• 2.—Written assignments;
• 3.—Participation in a specific activity or project;
• 4.—Restricted access;
• 5.—Loss of privileges;
• 6.—No contact orders; and/or
• 7.—Restitution, and/or
• 8.—Confiscation.

In assigning a sanction and/or terms and conditions for inappropriate student conduct, the hearing
officer, in consultation with the Vice Provost designee, will consider factors, including:

• a)—Facts of the case as presented from all relevant sources, including the responding
  student/parties;
• b)—Existence of any physical evidence or written or oral information provided by the responding
  student and/or witnesses;
• c)—Type and severity of the offense;
• d)—Impact on the victim(s)/reporting party, the educational community, and its members;
• e)—Previous incidents of prohibited conduct committed by the accused responding student, and
• f)—The ability and/or willingness of the responding student to accept responsibility.
Parents or guardians of students under 21 may be contacted by an NDSU administrator following alcohol and/or other drug related incidents.

7.1 Sanctions

Written Warning
A warning is a written notification that subsequent Code violations will normally result in more severe sanctions.

Conduct Probation
Conduct probation is a written notification of a specified period of review and observation during which the student must demonstrate the ability to comply with University policies; local, state, and federal laws; and any other terms or conditions that have been imposed in writing. The specific terms of the probation will be determined on a case-by-case basis. Further prohibited conduct may result in additional sanctions to be assigned, including, but not limited to, suspension or expulsion.

Supervised Conduct Probation
Supervised conduct probation is written notification of a specified period of review and observation during which the student must demonstrate the ability to comply with University policies and local, state, and federal laws. Generally, supervised conduct probation requires meetings with a member of Student Affairs or Residence Life at regularly established intervals to monitor progress in behavioral, academic, social, vocational, and other areas of the student's life necessary to strive for overall success at NDSU. The supervisor may assign educational tasks and/or projects as deemed necessary and appropriate to assist the student in personal growth. Further prohibited conduct may result in additional sanctions to be assigned, including, but not limited to, suspension or expulsion.

Conduct Suspension
Conduct suspension is a written notification of the termination of status as an enrolled student or registered student organization for a specified period of time not to exceed two academic years. In cases of crimes of violence, hate crimes, and/or Title IX related violations, the Vice Provost may specify a longer period of suspension.

• a) A student may not re-enroll during the period of conduct suspension.
• b) The student’s eligibility for any refund of tuition/fees will be subject to the University’s normal withdrawal policy.
• c) The notice of conduct suspension will include the conditions for readmission that must be met prior to application for readmission. Students may obtain information regarding reactivation from Registration and Records, Ceris Hall, or online through One Stop. An interview meeting with a member of the Student Affairs Office staff may also be required prior to acceptance of the student’s application for readmission.
d) The student’s transcript will carry a notation “may not register for nonacademic reasons <effective date range>” without further explanation. Upon completion of the suspension, the notation will be removed by the University.

e) A student who has been suspended must vacate residence life facilities within the time frame established in the written notice of the conduct suspension.

f) In addition to being ineligible for enrollment, a student is also ineligible for employment with NDSU.

g) There may be other restrictions placed on the suspended student including, but not limited to, restricted access to the entire campus, specified campus facilities, or portions of specified campus facilities. The student also may be required to obtain prior written permission from a member of the Student Affairs Office staff before being on any portion of the NDSU campus during the period of suspension. Approval is generally granted only to permit a student to conduct business related to the University.

h) Conduct suspension is a permanent conduct record. A permanent record indicates which means that student conduct files may be retained indefinitely at the discretion of the Vice Provost, but not less than seven (7) years.

i) Student organizations placed on suspension may have all rights and privileges provided by CSO revoked for the duration of their suspension. In order to regain all rights and privileges, the student organization is required to comply with and complete any and all sanctions and terms and conditions.

Conduct Expulsion
Expulsion is a written notification that the student is permanently ineligible to return to the University. The expulsion will be recorded on the student’s transcript as “may not register for nonacademic reasons” and is a permanent record.

Conduct expulsion is a permanent conduct record. A permanent record indicates which means that student conduct files may be retained indefinitely at the discretion of the Vice Provost, but not less than seven (7) years.

The student must leave University residences and cease all use of University owned or controlled buildings, properties, and services as designated in the expulsion notice. The expulsion notice will also include any other specific restrictions and a time frame during which these restrictions apply. These may include restricted access to the entire campus, specified campus facilities, or portions of specified campus facilities.

Written requests for exceptions to restrictions may be directed to the Vice Provost or designee; however, approval is generally only granted for the purpose of conducting official University business. Requests for readmission will not be approved.

7.2 Conditions
Alcohol and/or Other Drug Programming, Evaluation, and/or Testing
A student may be required to participate in alcohol and/or other drug programming as a result of participating in any incident involving the use or abuse of alcohol and/or other drugs. The University reserves the right to require alcohol/drug testing and/or evaluation as a condition of enrollment or continued enrollment when:

- A student’s conduct endangers or may endanger the safety of themselves, others, or property, and/or
- A pattern of misconduct has been demonstrated by a student.

**Written Assignments**
Students may be required to complete written assignments as a means of reflecting and/or learning more about a particular topic.

**Participation in a Specific Activity or Project**
A student may be required to participate in a specific activity or project, such as public service, an educational class, and/or meeting with a designated University official, and/or other assignment.

**Restricted Access**
Students may have access to University facilities and grounds restricted for a specified period of time. Restricted access may include but is not limited to entry into University facilities or athletic fields, access to specific University offices, and visiting and/or living in any University housing facility. Students found in violation of restricted access directives may be issued a trespass citation by University Police and may be subject to further conduct action.

**Loss of Privileges**
A student may be denied various privileges associated with being a student at NDSU. Such privileges may include, but are not limited to, one or more of the following:

- Participating in or attending events sponsored by the University or by students;
- Holding office in any CSO recognized student organizations;
- Receiving or being a guest in residence life facilities;
- Access to parts of or all University property, including eligibility to reside in University facilities;
- Receiving financial aid;
- Being employed by the University;
- Representing the University, including travel on behalf of the University;
- Sponsoring or hosting organization or campus wide functions;
- Using IT Information Technology Services; and
- Maintaining recognized student organization status with the CSO.

**No Contact Order**
Students may be prohibited from direct or indirect physical and/or verbal contact with another individual or group. Reasonable restrictions to protect the safety and welfare of others may also be imposed. These include, but are not limited to, any and all forms of communication, access to University owned or controlled locations, and specified minimum distances.

**Restitution**

A student may be required to repair, pay the cost for repair, or pay for cost of replacement of any university or state property damaged by the student. In each case, the goal will be to return the damaged property to its existing condition at the time of damage. The determination of the method used to calculate restitution shall be the responsibility of the hearing officer, taking into consideration the fair market value or cost to repair the damaged item(s). In the case of personal injury, the responsible party may be required to cover the cost of medical care for others harmed as a result of the student’s actions.

When available and appropriate, secondary markets may be utilized. The decision maker shall consider information and/or evidence provided by both parties to achieve a fair and just result. Failure to make timely arrangements for restitution may result in the cancellation of the student’s registration, prevention of the student’s re-registration, or more severe sanctions including, but not limited to, conduct suspension or expulsion. When the responsible party is a student organization, additional sanctions or terms and conditions also may be assigned for failure to make timely arrangements for restitution.

---

**Confiscation**

In addition to items seized as evidence, goods used or possessed in violation of University policies and/or local, state or federal laws, may be confiscated and not be returned to the student. This includes, but not limited to, falsified information or identification.

8. **Appeal Procedures**

Students sanctioned for violations of this Code may make one appeal. Cases resulting in suspension or expulsion are appealed to the Vice Provost or designee. All other appeals are addressed to the Vice Provost or designee, or an administrator of Residence Life, depending upon who served as the hearing officer.

In all cases involving an allegation of discrimination, harassment, retaliation, or sexual misconduct, the reporting party is also allowed to file an appeal within the same parameters identified in 8.2. In these cases, an appeal could result in a different decision regarding the finding of responsible or not responsible and/or stronger, the same, or lesser sanctions than originally imposed.

8.1 **Deadline for Appeals**

An appeal of any conduct process decision must be made in writing within five business days following the date the sanction notice is provided to the student. In extraordinary circumstances...
circumstances, the Vice Provost may grant time extensions. The University reserves the right, however, to reduce the time allowed for a student appeal in cases that may have the potential to result in harm to persons an individual and/or property. The reduced time for appeal will be specified in the decision letter along with the rationale for allowing reduced time for an appeal. The appeal must be written by the student and shall contain the student’s name, date of the decision or action, and reason(s) for the appeal.

8.2 Appeal Documentation
Appeals must be submitted to the appeal officer specified in the decision letter using the designated appeal form. The documentation must specify in detail one or more of the following bases of appeal:

- a) The severity of the sanction was not consistent with the severity of the offense,
- b) The finding of the Code having been violated or not was not substantiated by the evidence, and/or
- c) The student’s due process rights as outlined in this Code were violated, which materially or substantially impacted the decision. Those rights believed to be violated must be specified.

In all cases involving an allegation of discrimination, harassment, retaliation, or sexual misconduct, the reporting party is also allowed to file an appeal within the same parameters identified above. In these cases an appeal could result in a different decision regarding the finding of responsible or not responsible and/or stronger, the same, or lesser sanctions than originally imposed.

A copy of an appeal will be given to the other party who will have the opportunity to respond. Students will have no more than five business days to submit their response to the other party’s appeal; however, the response cannot include an appeal if the time period for appeal has already expired. In cases that only involve a responding student, the appeal officer may not increase the sanctions/actions imposed by the hearing officer.

8.3 Emergency Provisions
Normally a properly filed notice of appeal suspends the imposition of sanctions until the appeal is decided; however, some emergency provisions may be sustained maintained throughout the appeal to protect persons an individual and/or property. Such provisions will be explained in the original letter to the student outlining the decision, along with the rationale for maintaining those emergency provisions throughout the appeal.

8.4 Appeal Advisory Board
The appeal officer reserves the right to appoint an appeal advisory board to review appeals. In such instances, the appointed advisory board will make a recommendation that the appeal officer may accept or reject. The decision of the appeal officer will generally be issued within
8.64 Review
The appeal officer/advisory board will review the written appeal documentation/response to appeal from the student(s) and materials from the original hearing, including the recording. In reviewing the appropriateness of sanctions, the student’s entire conduct file may be considered. After reviewing these materials, the appeal officer may decide to do one of the following:

a) Issue a decision based solely on the evidence,
b) Issue a decision based on a review of evidence and discussion with the involved principals,
c) Recall one or more witnesses,
d) Return the case to the hearing officer conducting the original hearing for presentation of new evidence and reconsideration of the decision and/or sanctions.

8.5 Appeal Advisory Board
The appeal officer reserves the right to appoint an appeal advisory board to review appeals. In such instances, the appointed advisory board will make a recommendation that the appeal officer may accept or reject. The decision of the appeal officer will generally be issued within 10 business days of receiving the recommendation from the advisory board and that decision will be final.

8.6 Decision/Sanction
When the reporting student appeals, the appeal officer may uphold or change the original decision/sanction. When the responding student appeals, the appeal officer may not increase the sanctions/actions imposed by the hearing officer. After reviewing appeal materials, the appeal officer may decide to do one of the following:

- Uphold the decision,
- Remand the case back to the original hearing officer,
- Adjust the sanction, or
- Assign a new hearing officer.

The decision on the appeal will generally be made within 10 business days of receipt of the appeal, but may take longer during University recesses or in the event of complex cases.

8.7 Rehearing Requests for Cases Resulting in Suspension or Expulsion
Any student who is suspended or expelled has the right to request a reconsideration of the case based on new or contradictory evidence that was not available at the time of the original
hearing, and/or evidence that the student was not afforded due process as outlined in this Code. A request for reconsideration of the case should be submitted to the Vice Provost. Information that may be considered may include police reports, transcripts of legal proceedings and the outcome of any civil or criminal proceeding directly related to the appeal.

9. Special Circumstances and Conditions

9.1 Registration/Graduation Hold

a) If a student (new, current, or returning) fails to respond to a request to meet to discuss an alleged violation of this Code, or fails to comply with sanctions or terms and conditions assigned as a result of being found responsible for a violation of this Code, a hold may be placed on the student’s eligibility to register or the student’s current registration may be canceled. If registration is canceled, eligibility for any refund of tuition/fees will be subject to the University’s withdrawal policy.

b) Students may not be permitted to graduate or officially withdraw from NDSU while disciplinary action is pending. If the student withdraws before NDSU becomes aware of the potential violation of this Code, the student’s academic educational records may be placed on hold and the allegations must be resolved prior to the student’s readmission.

9.2 Returning and/or New Students

If a student, during a period of non-enrollment, commits an act that violates this Code during a period of nonenrollment, a registration hold may be placed to prevent the student’s registration until a hearing may be held on that matter. The student may be notified about these holds at the time the University is first notified about the incident, or notice may be provided when the student subsequently requests enrollment. In addition, a hearing officer, in consultation with the Vice Provost or designee, may place a registration hold to deny a student the eligibility to register. Reasons may include, but are not limited to, the student’s arrest or when criminal charges are pending against the student, serious concerns arise about the health or safety of the student or others in the University community, and/or as otherwise provided by NDSU Policy 607, Admission & Re-Enrollment Safety Risks; Background Checks.

9.3 Rehearing Requests for Cases Resulting in Suspension or Expulsion

Any student who is suspended or expelled has the right to request a reconsideration of the case based on new or contradictory evidence that was not available at the time of the original hearing, and/or evidence that the student was not afforded due process as outlined in this Code. A request for reconsideration of the case should be submitted to the Vice Provost. Information that may be considered may include police reports, transcripts of legal proceedings, and the outcome of any civil or criminal proceeding directly related to the appeal.
Temporary Emergency Suspension
A student may be temporarily suspended by the Vice Provost, pending a hearing, when the student’s actions or threats of action indicate a serious threat to the welfare and/or safety of persons—an individual or property. No hearing will be required before a temporary suspension is imposed; however, one will be convened within five business days following the suspension. In unique circumstances, any alteration to this timeline will be at the discretion of the Vice Provost. If the suspension is upheld, the suspension remains subject to the rules outlined in Conduct Suspension (see Section 7.1, Sanctions) and remains a matter of permanent conduct record. Conditions under which emergency suspension may be imposed:

a) To ensure the health, safety or well-being of members of the University community,
b) To preserve University property,
c) To ensure the suspended student’s safety and well-being, or
d) To ensure against the disruption of, or interference with, the normal operations of the University.

Negotiated Withdrawal
In rare circumstances, a student may be allowed to negotiate a mutually agreed upon withdrawal for a specified period of time. Other conditions may also need to be met prior to application for reenrollment. Such conditions will be provided to the student in writing at the time of the negotiated withdrawal.

A student requesting readmission will be required to meet with the Vice Provost or designee prior to approval of the student’s petition for readmission. The student must be academically eligible for readmission to NDSU and may be required to pass a criminal background check at the student's expense prior to readmission.

Administrative Withdrawal
A student may be subject to administrative withdrawal if it is determined by clear and convincing compelling evidence that the student’s actions or threats of action indicate a serious threat to the welfare and/or safety of persons or property, engages or threatens to engage in conduct that:

a) Poses a significant threat of harm to self or others, or
b) Poses a threat of disruption of, or interference with, the normal operations of the University community.

Consideration will be given first to use of normal conduct processes of counseling, voluntary withdrawal, or use of other alternatives whenever appropriate.

Students wishing to return to the University may obtain information regarding reactivation
from Registration and Records, Ceres Hall, or online through One Stop. An interview meeting with a member of the Student Affairs Office staff also will be required prior to acceptance of the student’s application for readmission.

### 9.6 Negotiated Withdrawal

In rare circumstances, a student may be allowed to negotiate a mutually agreed upon withdrawal for a specified period of time. Other conditions may also need to be met prior to application for reenrollment. Such conditions will be provided to the student in writing at the time of the negotiated withdrawal.

A student requesting readmission will be required to meet with the Vice Provost or designee prior to approval of the student’s petition for readmission. The student must be academically eligible for readmission to NDSU and may be required to pass a criminal background check at the student’s expense prior to readmission.

### 9.6 Interim Actions

In the interest of safety and security, interim actions may be implemented by the Vice Provost prior to a completed investigation or conduct hearing. Specific actions will be based on the circumstances of the allegations and may include, but not limited to no contact orders, housing/workplace changes, loss of privileges, or temporary emergency suspension.

### 9.7 Crimes of Violence

The term “crime of violence” means:

- a) An offense that has an element of use, attempted use, or threatened use of physical violence against the person of another;
- b) Any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person of another may be used in the course of committing the offense.

Examples include, but are not limited to, arson, auto theft, assault, aggravated assault, burglary, kidnapping/abduction, manslaughter, murder, resisting arrest through the use or threat of physical force, robbery, vandalism, and sexual offenses.

In cases of crimes of violence, the Vice Provost may increase, but not decrease, timelines stated in the Code and may determine by whom the case is heard.

### 9.8 Notification of Hearing Outcomes for Crimes of Violence

Individuals who are victims of crimes of violence have a right to be notified of the outcome of complaint resolution procedures, upon written request to the Vice Provost. If the victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated
as the alleged victim.

Notification shall be limited to the responsible student(s), part(s) of the Code violated, and assigned sanction(s). Individuals in receipt of this information may assume personal civil liability for releasing this information to others.

10. Conduct Records

10.1 Disclosure

All conduct records are confidential and may not be disclosed in whole or in part except as provided under law, including but not limited to, the Family Education Rights and Privacy Act (FERPA), the USA Patriot Act, and lawful court orders.

The conduct record shall be separate from the student’s academic record, but shall be considered a part of the student’s educational record. All conduct records shall be retained in the Student Affairs Office or other offices as authorized by the Vice Provost.

As provided under FERPA, information concerning Code violations for alcohol and/or drugs may be shared with parents. In addition, Code violations may also be shared with some academic departments upon request and as necessary to fulfill their professional obligations. A procedure exists between Student Affairs and Athletics that provides for full exchange of information concerning Code violations by student athletes with the pertinent athletic personnel and the Athletic Director.

10.2 Retention and Destruction

In cases in which a student is found not responsible, all records related to that student’s cumulative conduct history will be retained for seven years from the date of the incident.

Sanctions Less than Suspension or Expulsion

In cases in which a student is found in violation and receives a sanction less than Suspension or Expulsion, with or without additional terms and conditions, all records related to that student’s cumulative conduct history will be retained for seven years from the date of the student’s last conduct violation. Student conduct records may be retained indefinitely at the discretion of the Vice Provost.

Suspension or Expulsion

In cases in which a student is found in violation and receives a sanction of suspension or expulsion, conduct records may be retained on a permanent basis indefinitely at the discretion of the Vice Provost, but not less than seven years. In cases in which a student is found in violation and receives a sanction of expulsion, conduct records will be retained on a permanent basis.

Student Organization Records
Records of conduct violations involving student organizations will be retained for seven years following the date of the incident. Student organization conduct records may be retained indefinitely at the discretion of the Vice Provost.

A. NDSU CARD.

The NDSU Card is the official North Dakota State University identification card. All faculty, staff and students are required to have a NDSU Card for identification, security, and access to University buildings and services. The card must be carried at all times while on the NDSU campus. Cardholders must present the card for identification if requested by a University official. The card is valuable and should be treated like cash, a credit card or a key. See Policy 707 for policies on card/key access.

North Dakota State University issues an all-campus card subject to the following terms and conditions:

1. To obtain a NDSU Card, an individual must first be assigned a university generated identification number.

2. The NDSU Card is intended for campus use only and must be returned upon request.

3. The NDSU Card is non-transferable and will be confiscated and returned to the NDSU Card Center if found in the possession of another person.

4. The NDSU Card must be presented upon any request for campus services.

5. The cardholder will not damage or alter the card in any manner. This includes, but is not limited to, punching holes in or affixing unapproved stickers to the card.

6. The NDSU Card, transactions and activities related to the use of the card, and any account balances are the sole responsibility of the individual cardholder.

7. IMMEDIATELY report lost, found, or stolen cards to the NDSU University Police (701-231-8998) or the NDSU Card Center (701-231-6252).

8. A replacement NDSU Card can be obtained at the NDSU Card Center (Memorial Union). A photo ID is required at the time of replacement.

9. The NDSU Card is valid for as long as the person retains their student, faculty or staff status at NDSU.

10. A fee is charged for all new cards and a replacement fee is charged for any lost, stolen or invalid card. The department will be charged for the first card for all faculty and staff, will be charged to his/her department. Billing information is required at the time of the card production. Lost, stolen or invalid cards will be the responsibility of the employee.

12. Associate Status for any individual/group must have prior approval by the NDSU President or Vice President for Student Affairs/Information Technology. Associate Status is granted to groups or individuals who may work on campus, but are not students or staff of the University.

12.1 Associate Status does not guarantee access to all NDSU activities, events, and facilities.

13. The NDSU Card Department/Associate Director/Program Manager, Campus Police or Facilities Management may revoke a NDSU Card if it is determined that abuse of the privileges associated with the NDSU Card has occurred. Students who misuse their NDSU Cards may also be referred to the Dean of Student Life Office/Associate Vice Provost for Student Affairs for possible disciplinary actions. Faculty or staff misuse will be reported to the faculty or staff members’ supervisor.

B. CAMPUS CASH ACCOUNT.
Campus Cash is a debit card service that is linked to the NDSU NDSU Card. This benefit is free to ALL students, faculty and staff. There are NO hidden charges, expenses or interest.

1. A $5 minimum is required for opening a Campus Cash account and for additional deposits.

2. After opening, no minimum balance must be maintained.

3. Cash refunds are not given for any Campus Cash purchases at any participating merchants. Credit is returned to the Campus Cash account.

5. For those students who are graduating, withdrawing, or cancelling enrollment from the University, and who also have a balance of $15 or more on their Campus Cash accounts, the University will first apply the balance to the student’s University (Campus Connection) account. If there is no money owed to the student’s University NDSU account, a refund will be generated.

5.1 If the check or direct deposit funds are returned, the University shall retain it for safekeeping for three years. Attempts are periodically made to contact the student until the check is written off and the money is turned over to the state abandoned property office.

5.3 Uncashed NDSU checks are accounted for as outstanding checks until they are written off.
5.4 When uncashed NDSU checks are written off, they are temporarily placed in a local NDSU fund for old outstanding checks. On November 1st of each year, NDSU submits the outstanding check funds with the required reports to the state abandoned property office. Separate unclaimed property reports are required for over $50, versus $50 and under.

5.5 Per N.D.C.C. § 47-30.1-03, any intangible property (which includes, but is not limited to, moneys, checks and credit balances), that is unclaimed for more than three years becomes abandoned property and is then reported and handed over to the administrator of the state abandoned property office, who is then responsible for the safekeeping and final disposition of the abandoned property.

6. A $15 fee, or the account balance if it is under $15, will be imposed for accounts that are inactive for more than one year from the date of the last transaction.

6. Customers with checks returned for insufficient funds will have their Campus Cash accounts frozen until payment is received.

7. Funds are non-transferable.

SECTION 714
SENATE COORDINATING COUNCIL

1. The Senate Coordinating Council coordinates the routing and adoption of policies and policy changes for their placement into the NDSU Policy Manual. “All policies of a permanent nature affecting the University as a whole should be published in the electronic NDSU Policy Manual. Before approval by the President and placement into the policy manual, such policies, except for interim policies adopted pursuant to subsection 6, must be presented to the Senate Coordinating Council who will direct each policy for review by the appropriate Senates consistent with the Faculty Senate, Staff Senate and Student Body Constitutions and purview of each Senate. Failure to present a policy to the Senate Coordinating Council will not invalidate a policy, but may result in unnecessary delay in its implementation or having a policy resubmitted to the proposing body or department for potential revisions. The Senate Coordinating Council does not approve or disapprove policies but facilitates the policy review process by the various Senates. Finally, the Senate Coordinating Council advises the President on their placement in the manual.”

2. The membership of the Senate Coordinating Council is made up of the following individuals or their designees:

   Voting Members:
   1. Faculty Senate President
   2. Staff Senate President
   3. Student Body President
   4. Two representatives of the Faculty Senate as appointed by the Faculty Senate President.
   5. One or Two representatives of the Staff Senate as appointed by the Staff Senate President.
   6. One or Two representatives of Student Government appointed in accordance with the Student Government Code.

   Non-Voting Members:
   1. Provost (or designee)
   2. Vice President for Student Affairs (or designee)
   3. Vice President for Finance & Administration (or designee)
   4. Two representatives from Office of the one of these Vice President’s or Provost’s offices to facilitate meetings and maintain records. Every three to five years, these offices will rotate responsibility for selecting representatives to facilitate meetings and maintain records.
Policy initiators and stakeholders are welcome and encouraged to attend the meetings as non-voting members. Only a governing body president or representative can determine whether a policy may move to their governing body for consideration. Therefore, a quorum of at least one voting member of each governing body shall be present in order to conduct SCC business.

3. Committee Responsibilities

1. The Senate Coordinating Council reviews policy to determine first whether it is ready to bring to any of the senates or whether it should be returned to the policy makers for clarification and revisions.
2. The Senate Coordinating Council coordinates the distribution of policies to the appropriate senate body consistent with the Faculty Senate, Staff Senate, and Student Body Constitutions and purview of each Senate.
3. After approval or review by the appropriate senate bodies, the Senate Coordinating Council sends policies to appropriate channels at NDSU for final approval.
4. The Senate Coordinating Council serves in a liaison capacity regarding the Faculty Senate, Staff Senate, Student Government, and administration.

4. The Senate Coordinating Council follows the NDSU Policy Manual Process for coordinating policy review and revisions prior to publication in the NDSU Policy Manual. (For detailed information on the process, please see the Senate Coordinating Council Process link on the NDSU Policy Manual website.)

5. After a policy is reviewed by the Senate Coordinating Council and placed in policy manual format, and routed to the various senates, Provost, Vice Presidents, councils, committees or other parties for approval or input as needed, it will be submitted to the President for approval. Following such approval the policy will be returned to Office of the Provost the office currently responsible for maintaining records for distribution and publication in the manual (available on the NDSU web site at www.ndsu.edu/policy).

6. The President has the authority to adopt interim policies and procedures concerning matters for which legislative authority is delegated by the State Board of Higher Education to campus legislative bodies. Any adoption of an interim policy or procedure must include notice to all Senates prior to or at the time the policy or procedure takes effect. Not later than six months of its effective date, the President shall present the interim policy or procedure to the various Senates for review and their decision, subject to the President's approval or veto, concerning whether the policy or procedure should be continued, revised or discontinued.

SECTION 352
PROMOTION, TENURE AND EVALUATION

SOURCE:  NDSU President
          NDSU Faculty Senate

1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 All colleges are responsible for creating and enforcing a workload policy. Workload policies and procedures are documents that map percentage allocations of time, across teaching, research, and service, as specified in a job description with actual job duties. Colleges are responsible for demonstrating congruency between the policy and its promotion and tenure requirements.

1.4 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within each college should be consistent with the missions of the University and college and their
2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;

2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.
2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.2.1.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or

2.2.2.1.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;

2.2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;

2.2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;

2.2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;

2.2.2.2.5 the receipt of awards or special recognition for research;

2.2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or

2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:

2.2.3.2.1 the receipt of awards or special recognition for service;
2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;

2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;

2.2.3.2.4 active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5 contributions to fostering a campus climate that supports and respects faculty, staff, and students who have diverse cultures, backgrounds, and points of view;

2.2.3.2.6 effective management or improvement of administrative procedures or programs;

2.2.3.2.7 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.8 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes,
shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan. Tenured and non-tenure-line candidates for promotion to the rank of full professor may choose to be evaluated by the criteria in effect at the time of the previous promotion, if the application is made within eight years of the previous promotion. Thereafter, candidates shall be evaluated by the criteria in effect at the time of application. Candidates applying for promotion to the rank of full professor more than eight years after the previous promotion may choose to be evaluated based on work completed in the eight years immediately prior to applying rather than on their entire post-promotion record.

3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum number of years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service; given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as
accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.

3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extensions to Probationary Period
At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption
A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability
A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of
the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty’s ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality

Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of
keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

Related Policies and Procedures:
Policy 156. Discrimination, harassment, and retaliation complaint procedures (http://www.ndsu.edu/fileadmin/policy/156.pdf)

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.

4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the
case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 While faculty in Professor of Practice and Research Professor positions are not eligible for tenure, promotion through ranks is encouraged and is based on time in rank and satisfactory evaluations of assigned responsibilities. An application for promotion is initiated via a departmental recommendation and follows the same procedure and submission deadlines as for tenure-line faculty. Faculty in such positions are eligible to apply for promotion from assistant to associate after the completion of five years in rank.

4.6 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.7 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.8 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for election to service with full voting rights on a college or department PTE Committee. When reviewing applications for promotion of Professors of Practice or Research Professors, PTE committees are encouraged to solicit advisory input from Associate/Full Professors of Practice or Research Professors. If allowed by department and college policies, PTE
committees may include representation from Associate/Full Professors of Practice or Research Professors. In such cases, full voting rights for Professors of Practice or Research Professors are limited to applications for promotion of Professors of Practice or Research Professors.

5.3 Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost. Faculty members and administrators being considered for promotion may not be involved in any candidate review and recommendation process, including the selection of external reviewers, while under consideration. Nonadministrative faculty members who have applied for promotion and/or tenure may not be involved in the review and recommendation process of any candidate. Administrators who have applied for promotion may not be involved in the review and recommendation process of any candidate where there may be an actual or apparent conflict of interest. A candidate may provide input concerning selection of external reviewers if allowed by department and college policies.

5.43 The department and college PTE committees’ reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. (“Academic administrative appointment” includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty.) Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

5.54 A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

5.65 Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate’s PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision

Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department's recommendations, and an explanation of the basis for them, to the College Dean and the College's PTE Committee according to the PTE Timeline.
6.2 In the absence of an approved extension, faculty who do not submit a tenure portfolio during their final probationary year, or who withdraw a submitted tenure portfolio, shall receive a one-year terminal contract for the following year.

6.2.1 After the deadline for submission of the portfolio to the Dean’s office, as stated on the PTE timeline, the information that may be added to the portfolio is limited to:
   a) Recommendations by the evaluating units considering the portfolio at that time;
   b) the candidate's response to those recommendations;
   c) any materials requested by the evaluators.

6.2.2 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

6.2.3 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after the deadline for submission of the portfolio to the Dean’s Office that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.

6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost according to the PTE Timeline. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate,
to the Provost according to the PTE Timeline. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the appointment as appropriate to the allocation of effort. This input from other units which shall be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.

7. APPEALS

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. DOCUMENT RETENTION

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

How often are General Education courses evaluated?
Courses that have been approved for the General Education program are required to be evaluated every five years to ensure that learning outcomes are being met as indicated. In late summer/early Fall 2018, departments will receive a list of courses due for evaluation. New courses can also be proposed in fall semesters for evaluation and approval, and new courses are encouraged to help keep the program up to date and to help fill demand in required categories/outcomes. Currently highest demand is for D, G, S.

When are proposals evaluated by the UCC?
Submission procedures of proposals for General Education new courses or revalidation of courses is only open in fall semester. The UCC will continue to evaluate all submitted courses that flow to them by the end of fall semester. General Education courses that are being revalidated will have until February 15 of the spring semester. If a course due for evaluation is not submitted, it will be automatically removed from the General Education course list in the next issue of the Bulletin.

Resolution Delaying Implementation of General Education Re-Validation

Whereas in August of 2018 the University Curriculum Committee issued a 5-year schedule for General Education Re-Validation which requires courses falling into General Education Category A (Humanities and Fine Arts) to submit revised syllabi to the Committee by December of 2018;

Whereas the re-validation process requires substantial revision of course syllabi to meet general education learning objectives adopted by the Faculty Senate at various times between 2013 and 2017, and a new submission format adopted by the University Curriculum Committee in August of 2018;

Whereas the courses on the re-validation schedule for the Fall of 2018 fall almost entirely in the College of Arts Humanities, and Social Sciences (44 of 48 courses), with the majority falling in only three departments: English (7 courses), Modern Languages (12 courses), and History, Philosophy, and Religious Studies (8 courses);

Whereas the burden of revising these syllabi in a three-month period constitutes an undue burden on the twenty-nine tenured and tenure-track faculty in the aforementioned departments, who are all engaged full-time in teaching and research and who had no notice of this obligation prior to August of 2018;

Resolved, that the Faculty Senate of North Dakota State University:

1) Instructs the University Curriculum Committee to extend the deadline for submission of revised syllabi for re-validation in General Education Category A (Humanities and Fine Arts) to at least Fall of 2019; and

2) Recommends that the University Curriculum Committee revise its schedule for re-validation of all general education courses to avoid placing undue burdens on individual departments in any given semester or academic year.

POLICY 352 including amendments that have already PASSED at September and October Faculty Senate meetings

Blue text reflects changes to the policy proposed by the Faculty Senate Ad Hoc Committee to Review Policy 352

Red text reflects changes approved at Faculty Senate

NOTE: This policy in its entirety has NOT passed Faculty Senate yet
1. INTRODUCTION

1.1 The promoting of faculty and awarding of tenure, and the prerequisite processes of evaluation and review, are of fundamental importance to the long-term ability of the University to carry out its mission. Promotion recognizes the quality of a faculty member's scholarship and contributions in the areas of teaching, research, and service. Promotion acknowledges that the faculty member's contribution to the university is of increasing value. Tenure assures academic freedom and enhances economic security for faculty members who show promise of sustained contributions in those three areas. Tenure aims to both recognize a candidate's potential long-term value to the institution as evidenced by professional performance and growth and to provide the expectation of continued employment. The decision to award tenure rests on criteria that reflect the potential long-term contribution of the faculty member to the purposes, priorities, and resources of the institution, unit, and program. With the individual autonomy derived from academic freedom and tenure comes the responsibility to create and/or maintain an ethical, respectful, and professional work climate for oneself, one's colleagues, one's students, and others with whom one relates professionally. Due to the emphasis on institutional purposes and priorities, tenure recommendations should be reviewed at department, college, and university levels.

1.2 From the University's mission flows the expectation that each faculty member will make contributions of high quality to the areas of teaching, research, and service. "Teaching" includes all forms of instruction both on- and off-campus. "Research" includes basic and applied research and other creative activities. "Service" includes public service, service to the University, college, and department, and service to the profession. Because of the University's mission, the quality and quantity of contributions in all three areas will be considered at the times of promotion and tenure. But, because of variations among faculty in strengths and/or responsibilities, faculty members are not expected to exhibit equal levels of accomplishment in all areas. Moreover, disciplines will vary with respect to the kinds of evidence produced in support of quality of contributions.

1.3 Colleges are responsible for ensuring that promotion and tenure evaluation criteria be aligned with official position descriptions. All colleges are responsible for creating and enforcing a workload policy. Workload policies and procedures are documents that map percentage allocations of time, across teaching, research, and service, as specified in a job description with actual job duties. Colleges are responsible for demonstrating congruency between the policy and its promotion and tenure requirements.

1.4 The policies and standards of each college should be congruent with the University's mission and its policies on promotion and tenure, and also should reflect the college's unique expectations of its faculty members. The policies and standards of academic units within...
each college should be consistent with the missions of the University and college and their policies on promotion and tenure, and also should designate evidence of how faculty in the academic unit meet the expectations of the college and University.

2. UNIVERSITY PROMOTION, TENURE, POST-TENURE, AND EVALUATION: CRITERIA AND EVIDENCE

2.1 Promotion and granting tenure are not automatic. In addition to contributions in the areas of teaching, research, and service, consideration may be given to factors such as professional background and experience. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

2.2 The evaluation of a candidate's performance shall be based on the individual's contributions to teaching, research, and service, on- and off-campus, in regional, national, or international activities. Judgments will be based on evidence of both the quality and significance of the candidate's work.

2.2.1 TEACHING

2.2.1.1 CRITERIA In the areas of teaching (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.1.1.1 The effective delivery of instruction to and the stimulation of learning by students and/or clients;

2.2.1.1.2 the continuous improvement of courses or instructional programs;

2.2.1.1.3 the effective advising and mentoring of undergraduate and/or graduate students.

2.2.1.2 EVIDENCE A candidate demonstrates quality of teaching (encompassing both instruction and advising) by providing evidence and information from multiple sources such as:

2.2.1.2.1 the receipt of awards or special recognition including certification or licensing for teaching;

2.2.1.2.2 student, peer, and client evaluation of course materials, expertise, and ability to communicate knowledge;

2.2.1.2.3 peer evaluation of an individual's contribution to the improvement of instructional programs through the development and/or implementation of new courses, curricula or innovative teaching methods;

2.2.1.2.4 the dissemination of best practices in teaching;
2.2.1.2.5 evaluation by advisees of the quality of graduate and undergraduate advising.

2.2.2 RESEARCH

2.2.2.1 CRITERIA In the areas of research and creative activities (as defines above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure, and post-tenure review:

2.2.2.1.1 contributions to knowledge, either by discovery or application, resulting from the candidate's research, and/or

2.2.2.1.2 creative activities and productions that are related to the candidate's discipline.

2.2.2.2 EVIDENCE A candidate demonstrates quality of research by providing evidence of completed original work (i.e. published/in press, exhibited, or funded) from multiple sources such as:

2.2.2.2.1 presentation of scholarly or professional papers, and publication of books or articles;

2.2.2.2.2 juried or invited presentations or productions in the theater, music, or visual arts, design, and architecture;

2.2.2.2.3 the development and public release of new products or varieties, research techniques, copyrights, and patents or other intellectual property;

2.2.2.2.4 peer evaluation of research by colleagues from an individual's discipline or area of expertise;

2.2.2.2.5 the receipt of awards or special recognition for research;

2.2.2.2.6 the receipt of grants or other competitive awards.

2.2.3 SERVICE

2.2.3.1 CRITERIA In the areas of service (as defined above), the following criteria apply to evaluation of contributions by a candidate for promotion, tenure and post-tenure review:

2.2.3.1.1 contributions to the welfare of the department, college, university, or profession, and/or

2.2.3.1.2 contributions to the public that make use of the faculty member's academic or professional expertise.

2.2.3.2 EVIDENCE A candidate demonstrates quality of service by providing evidence and information from multiple sources such as:
2.2.3.2.1 the receipt of awards or special recognition for service;

2.2.3.2.2 evaluation of an individual's service contributions by peers, administrators, and constituents;

2.2.3.2.3 active participation in and leadership of societies which have as their primary objective the furtherance of scholarly or professional interests or achievements;

2.2.3.2.4 active participation and leadership in University governance and programs at the department, college, university and system levels;

2.2.3.2.5 contributions to fostering a campus climate that supports and respects faculty, staff, and students who have diverse cultures, backgrounds, and points of view;

2.2.3.2.6 effective management or improvement of administrative procedures or programs;

2.2.3.2.7 contributions to knowledge as editors of scholarly publications, or service on editorial boards, juries, or panels;

2.2.3.2.8 contributions to the operation of state or federal agencies.

2.3 The foregoing lists are not exhaustive, and other forms of information and evidence might be produced in support of the quality and significance of the candidate's work. The mission statements and specific promotion and tenure criteria of the individual academic units are important in defining the appropriate forms of evidence in the context of the candidate's discipline and distribution of responsibilities.

3. COLLEGE AND DEPARTMENTAL PROMOTION, TENURE, POST-TENURE, AND EVALUATION CRITERIA

3.1. Each academic unit is responsible for refining the University promotion, tenure, post-tenure, and evaluation criteria and applying those criteria within the special context of the unit. Thus, each academic unit will develop specific promotion, tenure, post-tenure, and evaluation criteria and designate the types of evidence to be used for evaluation of progress toward tenure, for renewal, promotion, and tenure decisions, and for post-tenure review. Within the framework of the University's promotion and tenure criteria, each academic unit shall specify the relative emphasis on teaching, research, and service, and the extent to which a faculty member's assigned responsibilities can be allocated among teaching, research, and service. Expectations for faculty in Professor of Practice and Research Professor positions may differ from those for tenure-line faculty.

3.2. A statement of promotion, tenure, post-tenure, and evaluation criteria specific to each college shall be developed by the Promotion, Tenure, and Evaluation (PTE) committee of the college in consultation with the Dean and approved by the faculty of the college. The faculty of each department shall also develop a statement of criteria for promotion, tenure, post-tenure, and evaluation that shall be reviewed and approved by the college PTE committee.
and the Dean to assure consistency with the college promotion, tenure, post-tenure, and evaluation criteria. The college and departmental statements, and any subsequent changes, shall be reviewed and approved by the Provost assure consistency with University and State Board of Higher Education (SBHE) policies.

3.3. For probationary faculty, and for non-tenure-line faculty at the assistant rank, the basis for review of the candidate's portfolio and any recommendations on promotion and/or tenure shall be the promotion and tenure guidelines and criteria of the academic unit that were provided to the candidate at the time of the candidate's appointment to the position. The dean or director of the college or equivalent unit has the responsibility to provide to the appointee these documents, as well as a position description, contract, or other document that constitutes a tenure or work plan. Tenured and non-tenure-line candidates for promotion to the rank of full professor may choose to be evaluated by the criteria in effect at the time of the previous promotion, if the application is made within eight years of the previous promotion. Thereafter, candidates shall be evaluated by the criteria in effect at the time of application. Candidates applying for promotion to the rank of full professor more than eight years after the previous promotion may choose to be evaluated based on work completed in the eight years immediately prior to applying rather than on their entire post-promotion record.

3.4. Faculty Hired Without Previous, Relevant Experience

For a faculty member without previous academic-relevant experience, eligibility for tenure requires a probationary period of six years. Evaluations for promotion to Associate Professor and granting of tenure will ordinarily be conducted concurrently. However, exceptional academic accomplishments may warrant early promotion prior to the completion of the six years of the probationary period. Petitions for early promotion shall be initiated by department heads/chairs, and not by faculty members themselves.

3.5 Faculty Hired with Previous Relevant Experience

3.5.1 Individuals hired into a tenure-eligible position at a negotiable faculty rank may be hired with tenure and at a rank of Associate Professor or Professor when this is negotiated as a provision of the original contract. Decisions regarding tenure and advanced rank are made using the same process and standards as in the customary promotion and tenure process, although the timeline may be altered. The recommendation proceeds through the regular channels, including the respective Department and College PTE Committees, the Department Chair/Head, College Dean, Provost and President, prior to hire. The process of review is initiated by the Chair/Head of the unit in which the tenure line is housed.

3.5.2 A probationary faculty member with relevant professional/academic experience may be given credit toward tenure and promotion when this is negotiated as a provision in the original contract. The Department PTE Committee recommends to the Department Chair/Head the maximum number of years of tenure credit offered.

There are two options:

3.5.2.1 Faculty may be hired with one to three years of tenure credit. For each year of tenure credit awarded, one year shall be subtracted from the tenure application deadline. For example, given one year of credit, promotion and tenure application would be due in the fifth year of service;
given three years, the application would be due in the third year of service. Faculty accomplishments during the tenure credited years are included as accomplishments in the faculty member’s promotion and tenure portfolio. Requirements for promotion and tenure shall be adjusted according to the years at NDSU to maintain productivity at the same rate as that expected for promotion and tenure without tenure credit; for example, if six quality publications are required in the six-year probationary period for promotion and tenure, then one quality publication shall be required for each year the faculty member is at NDSU.

3.5.2.2 Faculty may be allowed the full six-year probationary period with the option of applying for promotion and/or tenure at any time following three years of academic service. How prior work is considered must be specified in the appointment letter.

3.5.2.3 For either option, failure to achieve tenure will lead to a terminal year contract. 3.6 Extensions to Probationary Period, apply in all other cases.

3.5.3 Any exceptions to Section 3.5 must be approved by the President.

3.6 Extension of Probationary Period

At any time during the probationary period but prior to the sixth year (or prior to the year in which the portfolio is due), a faculty member may request an extension of the probationary period not to exceed a total of three years based on institutional, personal or family (pertaining to a child, spouse/partner or parent, as described in NDSU Policy 320) circumstances, personal illness or disability, which, according to reasonable expectations, impede satisfactory progress towards promotion and tenure. Faculty given promotion and tenure credit are also eligible for this extension. Faculty members are encouraged to request probationary period extension as soon as they recognize the need for extension. Written notification to the Provost must be submitted within one year of the beginning of the event for which the extension is requested and approved prior to July 1 of the year in which the tenure/promotion portfolio is due. A faculty member who submits an extension request during the academic year in which they are to undergo third year review must successfully undergo third-year review and renewal before any extension can take effect. The request must be in writing and will be submitted to the Provost who will review the request and will approve or deny the request. Denial of an extension may be appealed under NDSU Policy 350.4, however, appeals will not be granted for requests that are submitted outside the required timeline for extension.

3.6.1 Extension of Probationary Period for Childbirth or Adoption

A probationary faculty member who becomes the parent of a child (or children in case of twins, triplets, etc.) by birth or adoption, prior to the year in which the portfolio is due, will automatically be granted a one-year extension of the probationary period upon written notification to the Provost. While NDSU supports the use of the extension, the probationary faculty member has the option at any time after the birth or adoption to return to the original schedule of review. Any additional extensions beyond the one year (per birth/adoption occurrence, not to exceed three years total extension) must be requested under the provisions of 3.6 above.

3.6.2 Extension of Probationary Period for Personal Illness or Disability
A probationary faculty member who experiences a personal illness or disability may request an extension of his/her probationary appointment. Medical documentation of the personal illness or disability is required. Such documentation shall be collected and housed by the Office of Human Resources/Payroll following guidelines provided in NDSU Policy 168. However, the Office of Human Resources/Payroll shall not make recommendations to the Provost pertaining to probationary period extension requests. The faculty member will grant the Provost access to Human Resources records relevant to the request. The Provost shall maintain strict confidentiality of such documentation. Written notification of the request for an extension, along with supporting documentation, must be provided to the Provost.

3.6.3 Extension of Probationary Period for Institutional Circumstances

A probationary faculty member may be granted an extension of probationary period due to institutional circumstances, such as major disruption of work or faculty's ability to perform their duties beyond the reasonable control (e.g., natural or human-caused disaster, or lab-space unavailability) of the faculty member. Written notification of the request, along with supporting documentation, for an extension must be provided to the Provost.

3.6.4 Procedures for Initiating, Reviewing, and Approving Notifications/Requests for Extension of the Probationary Period

3.6.4.1 Notification of extension of the probationary period due to childbirth or adoption may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.2 Request for extension of the probationary period due to personal or family circumstances, personal illness or disability shall be initiated by the faculty member. In the case of requests involving disability or illness, it is the responsibility of the faculty member to provide appropriate documentation to adequately demonstrate why the request should be granted.

3.6.4.3 Request for extension of the probationary period due to institutional circumstances may be initiated by the faculty member, the Department Chair/Head, or the Dean of the college.

3.6.4.4 Faculty members may inform their Department Chair/Head and/or Dean of the college of their request if they wish to do so, but they are not required to do so.

3.6.4.5 Extension of the probationary period requests shall be submitted to the Provost using the Request for Probationary Period Extension form.

3.6.4.6 Once an extension of the probationary period request is approved, the faculty member, Department Chair/Head, and the Dean of the college will be notified in writing by the Provost. If the request is denied, the faculty member will be notified in writing by the Provost.

3.6.5 Confidentiality
Individuals involved in the extension of the probationary period process (which may include the supervisor, the Department Chair/Head, the Dean of the college, the Provost, and/or the Office of Human Resources/Payroll) have the responsibility of keeping information pertaining to the request confidential and not sharing such information with individuals not involved in the process. Medical documentation provided by a faculty member requesting extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of Human Resources/Payroll. Other written documentation and forms pertaining to the request/notification of extension of the probationary period shall be maintained in a confidential file separate from the employee's official personnel file in the Office of the Provost. It is understood that some information provided pursuant to this policy may be subject to disclosure pursuant to North Dakota open records laws.

3.6.6 Granting of an extension does not increase expectations for performance. For instance if the department requires at least five refereed journal articles in the standard six year probationary period, and a faculty member receives an extension of the probationary period, then the department will still only require at least five refereed journal articles for that faculty member’s probationary period.

Related Policies and Procedures:
Policy 156. Discrimination, harassment, and retaliation complaint procedures (http://www.ndsu.edu/fileadmin/policy/156.pdf)

3.7 Each academic unit shall establish the criteria for promotion and tenure, including early promotion, as part of its statement on promotion, tenure, post-tenure review, and evaluation.

4. PERIODIC REVIEW

4.1 Periodic reviews of faculty serve multiple functions. The reviews assist faculty members in assessing their professional performance, assist the administration in delineating areas to which particular effort should be directed to aid in improving the professional achievement of the faculty members, and contribute to the cumulative base upon which decisions about renewal, promotion, and tenure are made. In addition, periodic reviews may result in changes in responsibilities, modified expectations, and/or altered goals for performance.

4.2 The procedures for periodic review that are developed by each academic unit shall be reviewed and approved by the college PTE committee and the Dean.

4.3 All full-time faculty will be reviewed annually. Unless college or department procedures provide otherwise, annual reviews of non-tenured faculty shall be conducted so that decisions and notifications can be made in accord with the deadlines listed in Section 350.3.
4.4 Probationary faculty hired into tenure-track positions must receive special review during their third year of service to the institution. This third-year review shall recognize and reinforce areas of strength as well as point out areas of weakness that could jeopardize the case for promotion and tenure. Specific formative evaluations shall be provided to help candidates prepare their strongest case for promotion and tenure. Any extension granted prior to the third year review will delay the review by an equal period.

4.5 While faculty in Professor of Practice and Research Professor positions are not eligible for tenure, promotion through ranks is encouraged and is based on time in rank and satisfactory evaluations of assigned responsibilities. An application for promotion is initiated via a departmental recommendation and follows the same procedure and submission deadlines as for tenure-line faculty. Faculty in such positions are eligible to apply for promotion from assistant to associate after the completion of five years in rank.

4.6 Unless college or department procedures provide otherwise, the department chair or head of the academic unit will be responsible for the conduct of the reviews and the communication of their results. Periodic reviews shall result in a written report to the faculty member being reviewed. The report shall state expectations and goals for the coming review period. For probationary faculty, the report shall include an assessment of the faculty member's progress toward tenure and recommendations for improvement. Should the periodic reviews indicate that a faculty member is not making satisfactory progress toward tenure, the report may include a recommendation for nonrenewal. In making a judgment on satisfactory progress toward tenure, due consideration shall be given to the candidate's academic record, performance of assigned responsibilities, and potential to meet the criteria for promotion and tenure at the end of the probationary period.

4.7 Colleges and departments shall develop specific post-tenure review policies appropriate to their faculty. Annual reviews of tenured faculty shall include an evaluation of the faculty member's performance relative to the current position description. For Associate Professors, annual reviews must include specific recommendations to strengthen the case for promotion. Annual reviews of Professors must recognize and reinforce areas of strength, as well as discuss areas of weakness and recommend improvements. Should the annual reviews indicate that performance of a faculty member is unsatisfactory under the standards for post-tenure review, the report shall include a recommendation for appropriate remedial action.

4.8 The faculty member being reviewed shall have 14 days to respond in writing to the written report if the faculty member wishes to do so. The written report, and any written response from the faculty member, shall become part of the faculty member's official personnel file.

5. COMPOSITION OF PTE COMMITTEES

5.1 Each college shall have a PTE Committee consisting of at least three faculty members elected by the faculty of the college. The college PTE committee shall be as reflective as possible of the college's breadth of disciplines and fields of expertise. Ordinarily, at least three departments or sub-units of a college will be represented on the committee, and usually no more than one member of the same department may serve on the committee at one time.

5.2 Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for service with full voting rights on a college or department PTE Committee. When reviewing applications for promotion of Professors of Practice or Research Professors, PTE committees are encouraged to solicit advisory input from Associate/Full Professors of Practice or Research Professors. If allowed by department and college policies, PTE committees may include representation from Associate/Full Professors of Practice or Research Professors holding terminal degrees. Voting rights for Professors of Practice or Research Professors on applications for promotion shall be determined by the respective colleges or departments. In such cases, Professors of Practice or Research Professors shall be granted full voting rights on applications for promotion of Professors of Practice or Research Professors, respectively.
Prior to commencement of deliberations, the chair of any PTE committee must have received PTE committee training within the last three years, provided through the Office of the Provost. Faculty members and administrators being considered for promotion may not be involved in any candidate review and recommendation process, including the selection of external reviewers, while under consideration. Nonadministrative faculty members who have applied for promotion and/or tenure may not be involved in the review and recommendation process of any candidate. Administrators who have applied for promotion may not be involved in the review and recommendation process of any candidate where there may be an actual or apparent conflict of interest. A candidate may provide input concerning selection of external reviewers if allowed by department and college policies.

The department and college PTE committees’ reviews and recommendations are part of a process of peer review. Thus, faculty holding academic administrative appointments, including those with interim status, are not eligible to serve. (“Academic administrative appointment” includes appointments as President, Provost, Vice President or Provost, Associate or Assistant Vice President or Provost, Dean, Associate or Assistant Dean, Department Chair or Head, Associate, Assistant or Vice Chair or Head, and any other administrators who supervise and/or evaluate other faculty.) Center or Program Directors who do not supervise and/or evaluate other faculty are eligible to serve.

A college PTE committee member who has voted on the promotion/tenure of a candidate in the department PTE committee shall be recused from the vote by the college PTE committee. In such a case, college policy shall determine whether the committee member may or may not deliberate with the committee on the candidate.

Faculty members, including administrators, who participate in the PTE process shall be recused from deliberations and decisions regarding a candidate if there is a past or current relationship that compromises, or could have the appearance of compromising, a faculty member’s judgment with regard to the candidate. The following list, while not exhaustive, illustrates the types of relationships that constitute a conflict of interest:

- A family relationship
- A marital, life partner or dating/romantic/intimate relationship
- An advising relationship (e.g., the faculty member having served as the candidate’s PhD or postdoctoral advisor)
- A direct financial interest and/or relationship
- Any other relationship that would prevent a sound, unbiased decision
Recusal due to a conflict of interest with one candidate does not prevent a faculty member from participating in deliberations and decisions regarding other candidates.

6. PTE PROCEDURES

6.1 The candidate shall ensure that the electronically submitted portfolio is current, accurate and complete for review at the department level using procedures consistent with department and college policies. The chair or head shall forward the electronic portfolio together with the department's recommendations, and an explanation of the basis for them, to the College Dean and the College's PTE Committee according to the PTE Timeline published by the Office of the Provost:

6.2 In the absence of an approved extension, faculty who do not submit a tenure portfolio during their final probationary year, or who withdraw a submitted tenure portfolio, shall receive a one-year terminal contract for the following year.

6.2.1 After the deadline for submission of the portfolio to the Dean's office, as stated on the PTE timeline, the information that may be added to the portfolio is limited to:
- a) Recommendations by the evaluating units considering the portfolio at that time;
- b) the candidate's response to those recommendations;
- c) any materials requested by the evaluators.

6.2.2 Candidates may petition the college Dean and PTE committee to add additional materials after the deadline. The Dean and PTE committee must both agree to the addition in order for additional material to be added.

6.2.3 Any additional materials added to the portfolio must pertain to information or material already in the portfolio, such as pending publications or grant proposals.

6.3 Unsolicited individual faculty input is limited to the department level of review.

6.4 Recommendations and any other materials collected as part of the evaluation process at the department, college, and university levels must be added to the candidate's portfolio before being sent forward to the next level of review. At the time that any written materials are added to the candidate's portfolio, copies of the added material must be sent to the candidate for review. The candidate shall have 14 calendar days to respond in writing to the additional materials. Any response from the candidate to such materials must be in writing and must be included in the portfolio for review at the next level.

6.5 Allegations of misconduct discovered after the deadline for submission of the portfolio to the Dean's Office that could be detrimental to a candidate's case (e.g. academic misconduct) shall be handled through the appropriate University policy and mechanisms. In such cases, the PTE process will be suspended until the allegations are resolved. Once the PTE process resumes, the candidate may update the portfolio.

6.6 Colleges and departments shall document that they have followed all procedures; e.g., by a comprehensive checklist of the steps in the PTE process. The documentation must be included in the portfolio.
6.7 The College PTE Committee and the College Dean shall separately and independently review and evaluate the candidate's portfolio without discussion or communication.

6.8 The college PTE Committee shall prepare a written report, including recommendations and an explanation of the basis for them, that shall be included in the candidate's portfolio. The report and recommendations shall be submitted to the Provost according to the PTE Timeline. A copy shall be sent to the Dean, the chair or head of the academic unit, and the candidate.

6.9 The College Dean shall also prepare a separate written report, including recommendations and an explanation of the basis for them that shall be included in the candidate's portfolio. The Dean shall forward the report and recommendations, and the portfolio of the candidate, to the Provost according to the PTE Timeline. A copy of the Dean's report shall be sent to the College PTE committee, the chair or head of the academic unit, and the candidate.

6.10 The Provost shall review the candidate's materials and the recommendations of the Department, College PTE Committee, and College Dean, and shall solicit input from a nonvoting advisory committee consisting of a faculty representative from each College PTE Committee, selected by the Provost with attention to diversity. The Provost shall submit a recommendation to the President in writing, including an explanation of the basis for it, by the deadline established in the PTE guidelines. Copies of the Provost's written recommendation shall be sent to the candidate, the Department Chair/Head, the College Dean, and the Department and College PTE Committees.

6.11 When appropriate, the President shall then make the final recommendation to the SBHE for tenure. When appropriate, the President shall notify the candidate of promotion or denial of promotion.

6.12 In the case of joint appointments, the primary responsibility for the review rests with the department and the college that hold the majority or plurality of the appointments. Such department or college shall solicit input from the other units holding the remainder of the appointment as appropriate to the allocation of effort. This input from other units which shall be included in the portfolio.

6.13 When evaluating faculty participating in interdisciplinary programs, the primary department may solicit input from the director of the interdisciplinary program as appropriate to the allocation of effort.

7. APPEALS

7.1. Appeals of periodic reviews are made by requesting a reconsideration by the evaluating party. If not satisfied, the faculty member may initiate the grievance process pursuant to Section 353.

7.2. Appeals of nonrenewal and nonpromotion decisions shall be pursuant to Policy 350.3.

8. DOCUMENT RETENTION

Electronic copies of portfolios shall be maintained by the appropriate college for the length of time specified by the university records management policy. Disposal of these documents, as well as filing of archival copies, will also conform to the university records management policy.

Only tenured faculty members who have completed three years of full-time appointment with the University and who have attained the rank of associate professor or above are eligible for service with full voting rights on a college or department PTE Committee. When reviewing applications for promotion of Professors of Practice or Research Professors, PTE committees are encouraged to solicit advisory input from Associate/Full Professors of Practice or Research Professors. If allowed by department and college policies, PTE committees may include representation from Associate/Full Professors of Practice or Research Professors holding terminal degrees. Voting rights for Professors of Practice or Research Professors on applications for promotion shall be determined by the respective colleges or departments. Only in such cases where unit policy allows can Professors of Practice or Research Professors who hold positions in the evaluating unit shall be granted full-voting rights on applications for promotion of Professors of Practice or Research Professors, respectively.
How often are General Education courses evaluated?
Courses that have been approved for the General Education program are required to be evaluated every five years to ensure that learning outcomes are being met as indicated. In late summer/early Fall 2018, departments will receive a list of courses due for evaluation. New courses can also be proposed in fall semesters for evaluation and approval, and new courses are encouraged to help keep the program up to date and to help fill demand in required categories/outcomes. Currently highest demand is for D, G, S.

When are proposals evaluated by the UCC?
Submission procedures of proposals for General Education new courses or revalidation of courses is only open in fall semester. The UCC will continue to evaluate all submitted courses that flow to them by the end of fall semester. General Education courses that are being revalidated will have until February 15 of the spring semester. If a course due for evaluation is not submitted, it will be automatically removed from the General Education course list in the next issue of the Bulletin.

   • Governor’s budget – this is the beginning of a very long process. President Bresciani remains optimistic in getting full funding for Dunbar.
   • There are unsupportive reactions to the 3 higher ed boards. Presidents’ Bresciani and Kennedy can’t be the ones to go out explain why it is a good idea to have 3 governing boards because it would be seen as self-serving. Governor Burgum’s staff needs to do be the one to explain why.

<td>Theory in Archaeology</td>
<td>Desc: Theory doesn’t always get the best rap. It has a reputation for being dry and distanced from the ‘real world’. But theory isn’t something we can do without. Any statement about what happened in the past depends on theory. Even apparently trivial activities like drawing a stratigraphic profile or cataloguing artifacts rely on theoretical concepts, though these are often taken for granted. This is because theory is how we make sense of the world. It provides a framework for understanding, a basis for asking new questions, and a guide for how data should be collected and arranged. Because theory isn’t optional, it needs to be critically and carefully thought out. In this course, we’ll do just that by examining in detail how theory (a) helps us to define what archaeology as a field consists of, (b) provides a vision of human culture, social relations, and long-term change, and, (c) determines appropriate methods for excavating and interpreting archaeological remains. May be repeated.</td>

SECTION 823
FINANCIAL CONFLICT OF INTEREST – PUBLIC HEALTH SERVICE, NATIONAL SCIENCE FOUNDATION OR OTHER APPLICABLE SPONSORED RESEARCH

SOURCE: SBHE Policy Manual, Section 611.4
NDSU President

1. INTRODUCTION

1.1. The US Public Health Service (PHS), National Science Foundation (NSF) and other applicable sponsors require institutions to establish standards that promote the objectivity of research by ensuring that the design, conduct, and reporting of such research is free from any potential for bias resulting from Investigator financial conflicts of interest. Investigators should conduct their affairs as to avoid or minimize conflicts of interest, and must respond appropriately when conflicts of interest arise.

1.2. This policy governing financial conflict of interest applies to all Investigators funded by, or submitting proposals for funding to any agency of the PHS, except for Small Business Innovation Research (SBIR) Program Phase I applications. This exclusion does not apply to investigators submitting proposals to NSF. Investigators are required to disclose any external financial interests related to their NDSU responsibilities for review, and any required management, to ensure the design, conduct or reporting of the PHS research is not biased by a financial conflict of interest. Investigators of sponsored projects funded by any other external agency are referred to NDSU Policy 151.1, External Activities and Conflicts of Interest to address conflicts of interest, including financial.

2. DEFINITIONS

2.1. **Administrative Head:** a Department Chair or Head, Dean, Director, Vice President, President or equivalent officer who has the primary authority for administering an administrative unit, and is responsible for solicitation and review of disclosures of Investigator’s Significant Financial Interests (SFI) related to their institutional responsibilities, including interests of an Investigator’s family members. When a conflict exists for an Administrative Head, refer the matter to the next level of administrative authority in the normal reporting lines. (See also in Policy 151.1.)

2.2. **Conflict of Interest Advisory Committee (CIAC):** a committee comprised of five members recommended by the Faculty Senate Executive Committee and appointed by the President of the Faculty Senate. The CIAC shall serve as an advisory body to the University administration on conflict of interest issues, and shall also hear appeals of decisions in conflict of interest cases. (See also in Policy 151.1.)

2.3. **Family:** any member of the Investigator’s immediate family, including spouse, domestic partner, parents, siblings, and children.

2.4. **Financial Conflict of Interest (FCOI):** a Significant Financial Interest (SFI) that the University reasonably determines could directly and significantly affect the design, conduct or reporting of NDSU research.
2.5. **Investigator’s Institutional Responsibilities:** the Investigator’s responsibilities associated with his or her institutional appointment or position, such as research, teaching, clinical activities, professional practice, institutional committee memberships and service on panels, such as an Institutional Review Board.

2.6. **Investigator:** the project director/principal investigator, co-PD/co-PI and any other person, regardless of title or position, who is responsible for the design, conduct or reporting of research (PHS) or research or educational activities (NSF) funded by the PHS, NSF or other sponsors, or proposed for such funding, which may include collaborators or consultants.

2.7. **Management:** taking action to address a Financial Conflict of Interest (FCOI), which includes a documented plan to reduce or eliminate the FCOI to ensure, to the extent possible, that the design, conduct or reporting of the project will be free from bias.

2.8. **Public Health Service (PHS):** the Public Health Service of the U.S. Department of Health and Human Services, and any components of the PHS to which the authority of the PHS may be delegated. The components of the PHS include, but are not limited to, the Administration for Children and Families, Administration on Aging, Agency for Healthcare Research and Quality, Agency for Toxic Substances and Disease Registry, Centers for Disease Control and Prevention, Federal Occupational Health, Food and Drug Administration, Health Resources and Services Administration, Indian Health Service, National Institutes of Health, and Substance Abuse and Mental Health Services Administration.

2.9. **Research:** a systematic investigation, study, or experiment designed to contribute to generalizable knowledge relating broadly to public health, including behavioral and social-sciences research. The term encompasses basic and applied research (e.g., a published article, book, or book chapter) and product development (e.g., a diagnostic test or drug).

2.10. **Retrospective Review:** a review of a financial interest that was either not disclosed, or not reviewed and managed by the University in a timely manner. The review is conducted to determine whether any PHS research conducted prior to the identification and management of the FCOI was biased in the design, conduct, or reporting.

2.11. **Significant Financial Interest (SFI):** anything of monetary value received or held by an Investigator or a Family member, whether or not the value is readily ascertainable, that reasonably appears to be related to the Investigator’s Institutional Responsibilities. (Note: this exceeds the definition of SFI in [Policy 151.1](#)). SFI includes:

   2.11.1. Salary or other payments for services (e.g., consulting fees, honoraria, or paid authorships for other than scholarly works) when the aggregated value received from a publicly traded entity during the 12 month period preceding the disclosure, and the value of any equity interest during the 12 month period preceding or as of the date of disclosure, exceeds $5,000; or

   2.11.2. Salary or other payments for services, when the aggregated value received from a non-publicly traded entity during the 12 month period preceding the disclosure exceeds $5,000; or

   2.11.3. Equity interests (e.g., stocks, stock options, or other ownership interests) in a non-publicly-traded company of any value during the 12 month period preceding or as of the date of disclosure; or
2.11.4. Income related to intellectual property rights and interests (e.g., patents, trademarks, service marks, and copyrights) not reimbursed through NDSU; and

2.11.5. Reimbursed or sponsored travel that is related to Investigator’s Institutional Responsibilities. This includes travel that is paid on behalf of the Investigator rather than reimbursed, even if the exact monetary value is not readily available. It excludes travel reimbursed or sponsored by U.S. Federal, state, or local governmental agencies, U.S. institutions of higher education, research institutes affiliated with institutions of higher education, academic teaching hospitals, and medical centers.

SFI does NOT include:

2.11.6. Salary, royalties, or other remuneration from NDSU;

2.11.7. Income from the authorship of academic or scholarly works;

2.11.8. Income from seminars, lectures, or teaching engagements sponsored by or from advisory committees or review panels for U.S. Federal, state or local governmental agencies; U.S. institutions of higher education; U.S. research institutes affiliated with institutions of higher education, academic teaching hospitals, and medical centers; or

2.11.9. Equity interests or income from investment vehicles, such as mutual funds and retirement accounts, so long as the Investigator does not directly control the investment decisions made in these vehicles.

3. DISCLOSURE OF SIGNIFICANT FINANCIAL INTERESTS

3.1. Investigators must disclose all SFI related to their Institutional Responsibilities (or certify no SFI) by completing the [SFI Disclosure Form] and submit it to their Administrative Head and Dean for initial review.

3.1.1. PHS, NSF or other sponsors proposal submission. Investigators must have a current (within the last 12 months) [SFI Disclosure Form] on file with the University prior to submitting a Research proposal to PHS, NSF or other sponsors as a principal or subrecipient Investigator. A copy of the [SFI Disclosure Form] is routed with the Proposal Transmittal Form to Sponsored Programs Administration (SPA). (The disclosure does not require review by the Administrative Head and Dean until funding has been awarded, unless otherwise required under Policy 151.1.)

3.1.2. Annual disclosure. Investigators participating in PHS, NSF or other sponsored Research are required to submit to their Administrative Head and Dean an updated disclosure at least annually by submission of the [SFI Disclosure Form]. New investigators must disclose within 30 days of their initial appointment or employment. The disclosure must be reviewed, managed, and reported to PHS, NSF or other sponsor when necessary, within 60 days of employment.

3.1.3. New SFI. Investigators participating in, or applying for PHS, NSF or other sponsored Research are required to submit an updated disclosure within 30 days of discovery or acquisition (e.g., through purchase, marriage, or inheritance) of a new SFI. The disclosure must be reviewed, managed, and reported to PHS, NSF or other sponsor when necessary, within 60 days of identification.
3.1.4. Travel. Investigators participating in, or applying for PHS, NSF or other sponsor-funded Research are also required to disclose any reimbursed or sponsored travel related to their Institutional Responsibilities as defined under 2.11.5 above. Such disclosures must include, at a minimum: the purpose of the trip, identity of the sponsor/organizer, destination, duration, and monetary value, if known. The Administrative Head determines if additional information is needed (e.g., the monetary value if not already disclosed) to determine whether the travel constitutes a FCOI with the Investigator’s Research.

4. REVIEW OF SFI DISCLOSURE

4.1. Prior to expenditure of funds, the review and management of any FCOI must be complete, and a copy of the documentation forwarded to SPA. SPA will report any identified FCOI to the PHS, NSF or other applicable agency. If the proposal does not result in an award, FCOI disclosures will be returned to the Administrative Head and Dean for further action if required under Policy 151.1.

4.2. If the Investigator has certified that he/she has no SFI to disclose, the Administrative Head and Dean, if they are in agreement with the Investigator’s disclosure, sign the SFI Disclosure Form, acknowledging receipt and agreement, and sending a copy to SPA.

4.3. When the Investigator has disclosed SFI, the Administrative Head and Dean must review the SFI Disclosure Form(s) before the expenditure of funds. This review is to determine whether:

4.3.1. The SFI reasonably appears to be related to the funded Research (e.g., if the SFI could be affected by the Research, or is in an entity whose financial interests could be affected by the Research); and

4.3.2. The interest constitutes a FCOI (e.g., a SFI that may directly and significantly affect the design, conduct, or reporting of PHS, NSF or other sponsor-supported Research).

4.4. If the SFI is either found to not be related to the funded Research, or does not involve a potential FCOI, the Administrative Head and Dean sign the SFI Disclosure Form, forwarding a copy to SPA; no further action is needed.

4.5. If the SFI is determined to constitute an actual or apparent FCOI, the Administrative Head and Dean sign the determination, forwarding the SFI Disclosure Form to the respective VP, Provost, or the CIAC for additional review and Management, as set forth in Section 5.

4.5.1. Should the VP, Provost, or CIAC review result in a determination that no actual or apparent FCOI exists, the final determination is documented on the SFI Disclosure Form, a copy is forwarded to SPA, and no further action is required.

4.5.2. In the event the Dean, VP, Provost, or CIAC determines that the FCOI cannot be satisfactorily managed, NDSU will refuse the award. The final determination is documented on the SFI Disclosure Form, a copy is forwarded to SPA, and no further action is required.

5. MANAGEMENT OF FINANCIAL CONFLICTS OF INTEREST

5.1. Prior to expenditure of funds, the VP, Provost, or CIAC are responsible for development of a Management plan including conditions or restrictions to eliminate, reduce, or manage the FCOI. The Investigator, Administrative Head, and Dean may also be involved in drafting the plan, including conditions such as:
5.1.1. Public disclosure of the conflict when publishing or presenting Research;

5.1.2. For human Research projects, disclosure of the conflict directly to participants;

5.1.3. Appointment of an independent monitor capable of taking measures to protect the design, conduct and reporting of the Research against bias resulting from the conflict;

5.1.4. Modification of the Research plan;

5.1.5. Change of personnel or their responsibilities, or disqualification from participating in all or a portion of the Research;

5.1.6. Reduce or eliminate the SFI; or

5.1.7. Sever relationships that pose a FCOI.

5.2. Upon review and consideration, the Management plan is documented in writing, including:

5.2.1. Role and principal duties of the conflicted Investigator;

5.2.2. Conditions of the Management plan;

5.2.3. How the plan is designed to safeguard objectivity in the Research;

5.2.4. Confirmation of the Investigator’s agreement to the Management plan;

5.2.5. How the plan will be monitored to ensure Investigator compliance; and

5.2.6. Any other information relevant to the management of FCOI.

5.3. The Dean and the VP or Provost signs the Management plan, and appoints an individual to monitor the project until completion of the funded Research. SPA receives a copy of the approved Management plan, and reports all instances of FCOI to PHS, NSF or other sponsor, or the primary awardee institution, including applicable Management plans.

5.4. Where the Research involves human subjects, the Investigator provides a copy of the approved Management plan to the IRB for review with the IRB protocol. The IRB may impose additional, specific conditions or restrictions, where necessary, to ensure protection of the rights and welfare of research participants, but may not alter the Management plan finalized by the VP or Provost.

6. TRAINING

6.1. Investigator training on FCOI, this policy, and their responsibilities regarding disclosure of SFI is:

6.1.1. Recommended prior to submitting a Research proposal to the PHS, NSF or other sponsors;

6.1.2. Required prior to expenditure of PHS, NSF or other sponsored funds;

6.1.3. Required every 4 years during the period of award;
6.1.4. Required immediately when the FCOI policy is revised, an Investigator is new to a PHS, NSF or other sponsor project, or an Investigator is not in compliance with the policy or Management plan.

6.2. Online training modules shall be completed via www.citiprogram.org. The principal Investigator of each PHS, NSF or other sponsor funded project ensures that all applicable individuals involved in the design, conduct or reporting of their Research complete training.

7. SUBRECIPIENT REQUIREMENTS

7.1. PHS, NSF and other sponsors requires the awardee institution take reasonable steps to ensure that any subrecipient complies with FCOI requirements.

7.1.1. Subrecipient awards must specify whether the FCOI policy of NDSU, or that of the subrecipient will apply to the subrecipient’s Investigators.

7.1.2. When the subrecipient’s Investigators must comply with the subrecipient’s FCOI policy, the subrecipient award will certify that the subrecipient’s policy complies with PHS, NSF or other sponsors regulations, and specify the time period to report all identified FCOI to NDSU, in sufficient time to allow NDSU to report any FCOI to PHS, NSF or other sponsors prior to expenditure of funds by subrecipient.

7.1.3. When the subrecipient’s Investigators must comply with NDSU FCOI policy, the subrecipient award will specify the time period to report all SFI disclosures to NDSU, in sufficient time for review, management and reporting of any FCOI to PHS, NSF or other sponsors prior to expenditure of funds by subrecipient. In such a case, the subrecipient disclosure and review will follow the same process required by NDSU Investigators in Section 3 and 4.

8. APPEALS

8.1. If Research is determined to be subject to restrictions or conditions due to FCOI, the Investigator may appeal the decision to the Faculty Senate President, as described in Policy 151.1. The CIAC serves to hear appeals of decisions in conflict of interest issues, and shall meet with the appellant Investigator within 15 working days of receipt of the appeal. If a member of the CIAC has any personal or working relationship with the appellant Investigator, that member should recuse him or herself and be replaced by another member appointed by the President of the Faculty Senate. More than one meeting may be scheduled to decide the case, if necessary.

8.2. The appellant Investigator has the right to call any witnesses and produce any evidence that could bear on a recommendation to allow the activity, as well as to have an advisor accompany him/her to any CIAC deliberations. The CIAC, however, will come to its conclusions and write its final recommendations in private. The recommendation to either uphold or change the original decision shall be sent to the appropriate Dean, VP, or Provost. If the CIAC finds that the original decision should be upheld, then a final appeal may be made to the President of the University. If the recommendation is to change the original decision, the Dean, VP, or Provost shall take appropriate action as he or she deems fit. All records of the proceedings shall be maintained on file in the office of the appropriate Dean, VP, or Provost for three (3) years. A copy of the final recommendations shall be provided to the appellant Investigator.

9. COMPLIANCE AND SANCTIONS
9.1. In the event an Investigator fails to disclose SFI, or the Institution fails to review the disclosure in a timely fashion, PHS, NSF and other sponsors requires the Institution to conduct a review within 60 days of knowledge of the failure. If the SFI is found to involve FCOI, an interim Management plan is required, as well as a report to the sponsor by SPA.

9.2. In the event a FCOI is not identified or managed in a timely fashion, or the Investigator fails to comply with terms of a Management plan, PHS, NSF and other sponsors requires that the Institution conduct a Retrospective Review. Within 120 days of identification of the noncompliance, the Dean, VP, Provost, or CIAC performs the review to determine whether the Research conducted during the period of noncompliance was biased in its design, conduct or reporting. The process and findings of the review are documented, and reported promptly to the sponsor by SPA.

9.3. If bias is found, the Institution is required to notify PHS, NSF or other sponsors promptly, and submit a mitigation report. The report is prepared with the assistance of the Investigator, Administrative Head, and Dean, and shall include a description of the impact of the bias on the Research project and the plan of action to eliminate or mitigate the effect of the bias.

9.4. Violations of this policy shall be subject to disciplinary procedures, including sanctions up to and including suspension and termination of employment at NDSU. In addition, any NDSU employee who has received financial benefit from transactions in violation of this policy shall be liable for repayment (to the appropriate entity) of all financial benefits resulting from such violation. Compliance with this policy may also be enforced through the exercise of administrative oversight of funded Research and management of NDSU facilities and other property. Such enforcement measures may include, but are not limited to:

9.4.1. Freezing Research funds or accounts;

9.4.2. Rescinding contracts entered in violation of this policy or state law; or

9.4.3. Bringing legal action for restitution to the appropriate entity or entities of the amount of financial benefit received by the NDSU employee as a result of the employee’s violation of this policy.

10. REPORTING

10.1. Prior to expenditure of funds, SPA shall report all findings of FCOI to PHS, NSF or other applicable sponsor. The report shall include sufficient information to allow the agency to understand the nature of the conflict and appropriateness of the Management plan. It shall include:

10.1.1. Project number; project director or principal Investigator;

10.1.2. Name of Investigator with the conflict, and the entity involved;

10.1.3. Nature of the financial interest (e.g., equity, consulting fee, travel reimbursement, honorarium, etc.);

10.1.4. Value of the financial interest (dollar ranges are acceptable), or a statement that value is not readily determined;

10.1.5. Description of how the SFI relates to the funded Research and the basis for determining that the SFI conflicts with the Research;
10.1.6. Description of the key elements of the Management plan, as described above.

10.2. On an annual basis, SPA reports to PHS, NSF or other sponsor the status of any previously identified FCOI, and any changes to the Management plan.

10.3. SPA submits Retrospective Review and mitigation reports promptly to PHS, NSF or other sponsors as necessary.

11. RECORDS AND CONFIDENTIALITY

11.1. Records of all disclosures of SFI and of all actions taken to review and manage conflicts will be maintained by the respective Department or College until at least three (3) years after the later of the termination or completion of the award to which they relate, or the resolution of any governmental action involving these records.

11.2. The disclosure and supporting documents filed in compliance with this policy will be maintained as confidential to the extent possible under applicable state and federal requirements and the North Dakota Open Records Act. Whenever requests for such information are requested by any external entity, the individual will be notified.

12. PUBLIC ACCESSIBILITY

12.1. PHS, NSF and other sponsors requires NDSU to ensure public accessibility of SFI information related to PHS, NSF and other sponsored Research, including an obligation to respond to any requestor within five business days, with information concerning any SFI that meets all the following criteria:

   12.1.1. The SFI was disclosed and is still held by the senior/key personnel;

   12.1.2. A determination has been made that the SFI is related to the funded Research; and

   12.1.3. A determination has been made that the SFI constitutes an FCOI.

12.2. The information to be made available shall include the Investigator name, title and role in Research, name of entity involved with the FCOI, nature of the interest, approximate dollar amount of interest, or statement that the value is not readily determined.

12.3. The information must be made available for a period of three (3) years from the date that it was most recently updated.

Faculty-Student Involvement/Faculty In Residence Research

Neil Browne, M., Headworth, S., & Saum, K. (2009). Rare, but Promising, Involvement of Faculty in Residence Hall Programming, Economics Faculty Publications Bowling Green State University Scholar Works @BGSU.

Summary from meetings with faculty at all 11 State of North Dakota institutions
Birgit M. Pruess, Faculty Advisor, State Board of Higher Education
Prepared for CCF

As the faculty advisor on the SBHE, I toured the state and had meetings with the faculty from all our institutions. Of these, seven were held face to face, the remaining four were IVN meetings. Faculty were given a 5 min presentation on how the SBHE functions, with a special emphasis on interactions with the NDUS and the Council of College Faculty. I then allowed faculty to ask any kind of questions they might have and express their concern about Higher Education in the State. The following is a summary that was prepared from 11 campus visits for the specific purpose of being presented to the Task Force.

There is large overall agreement that the faculty of the State of North Dakota love our students and are highly dedicated to student learning and student success. In fact, faculty from two institutions commented that they would appreciate the focus of higher education to go back to student learning, because they don’t feel that they hear the term ‘student learning’ often enough. Of course, excellence in learning requires excellence in teaching and that gets us to the current situation of the faculty. In order to recruit and retain excellent faculty, salaries need to be competitive, the institutions will have to offer a solid benefits package, and the tenure policy needs to provide protection to the faculty. Being a faculty at NDSU myself, I was not aware that faculty at the nine colleges received salaries that are below those of K-12 teachers. While the reasons for this inequity may be the constitution, this situation is nevertheless not bearable. If we try to hire faculty at starting salaries in the lower 40k range, followed by a lack of raises for the consecutive years, we realistically are not competitive. At the nine colleges, faculty pointed out that the sole reason why they were still here was their deep love for the students. However, I was also asked by one faculty whether there was still a point in staying at her current institution.

At the two research universities, we have seen many faculty leave over the past 1.5 years and part of the reason for this development may be the faculty salaries (among other reasons, such as a diminished ability to do research). Note that research faculty with large research grants are the first to go because other institutions want them as well. These faculty also tend to have the larger numbers of graduate students. Losing faculty reduces the ability of NDSU and UND to do research, as well as teach at the graduate level.

Tightly connected with faculty salaries are faculty benefits, in particular health insurance. Obviously, this does not fall under the responsibility of the SBHE, I will prepare a separate letter to ND PERS. The problem is that the proposed 4% raise in faculty salaries may be eradicated by higher expenses for personal and family health before we even know whether we will get the raise. This is something that needs to be addressed. The tenure policy is something I will personally have an eye on at SBHE.

Increased work load is a topic that was brought up at almost all the institutions. For the colleges, this means an increased teaching load, up to 15 or 18 credits. Besides the obvious increase in work time, faculty also expressed frustration about their own now diminished ability to provide the best learning experience for the students. This lowers faculty morale. At the research universities, the situation is only slightly different. Faculty are encouraged to write more research
grants. However, the teaching load is also higher for many but not all faculty. Adding to that a decrease in administrative support due to the budget cut, our ability to write research grants has decreased, rather than increased.

Distance education came up at a few institutions, but was never a hot topic. Many of our faculty do teach their courses via distance ed, up to about 60% of their total course load. Some faculty expressed concern because distance ed is not the best solution for all students. Others mentioned that distance ed may not be the favored way to teach for some faculty either, primarily because they thrive on the personal contact with the students.

Intriguingly, the Task Force was mentioned many times. Compiling the various comments, there appears to be a split between the four/two year colleges and the two research universities. There is a general concern that splitting up the boards may make institutions more competitive and might put some institutions at risk (note that the latter was expressed at NDSU). I got the sense that the colleges would prefer to either keep the SBHE or have one single board for all nine institutions, as opposed to splitting into separate boards for two and four year institutions. At the research universities, there was more of an interest in having different boards for each of NDSU and UND. This was primarily because of the larger amount of flexibility and autonomy this would grant each institution. However, the question was raised at UND whether this could be done within the SBHE and whether the discussion of the Task Force outcome during the legislative session may distract from issues that faculty perceive as more important (e.g. salaries, health insurance, ability to do research). At MiSU, faculty suggested that one might further develop the sub-committee structure under the SBHE that was recently proposed by the Chancellor.

**Specific concerns raised by NDSU faculty**

1) The first concern that was brought up was the balance between being a system and autonomy of individual institutions. In particular, the desire was voiced for a clearer distinction between Research Universities and Colleges by the SBHE. The point was made that SBHE board members may need to be educated better by our faculty themselves on what is important on our campuses. Regarding Research University, it was brought up that graduate students are important and that health insurance is still an issue.

2) A request was made for more transparency in the presidential evaluations. One faculty would prefer a 360 review.

3) Communication between faculty and legislators was discussed. The current understanding is that faculty can talk to legislators, but only as private citizens and not as faculty. It was requested to find out where that is written? In Minnesota, faculty seem to have the permission to represent faculty interest to the legislators.
Political Activity Instruction Sheet for System and Institution Employees

With the approaching session, you may have opportunities to engage with the legislature. Please consult the following guide to avoid violating SBHE policy regarding political advocacy and related activities.

1. You must use your personal time to engage in political advocacy or related activities.
2. While you can identify yourself as a faculty member or employee of the system or your institution, you must then clarify that you are acting in your personal capacity, and not on behalf of the NDUS or your institution.
3. You should not wear identification or uniforms issued by your institution while participating in political advocacy or related activities, but may wear articles of casual clothing bearing the logo, name, or insignia of your institution.
4. You must use your personal email accounts, phone, or other electronic devices. Likewise, you must use your personal or home address on any forms or correspondence, rather than your office address. You cannot use system or institution resources for political advocacy or related activities.
5. You may not represent that you have the authority to take a position on behalf of your institution or the system, nor may you take a position on any political issue or legislation in your official capacity, as opposed to your capacity as a citizen or constituent.
6. You may not ask, encourage, or coerce any colleague, co-worker, or student to engage in political advocacy or related activities while you are acting in your capacity as a system or institution-sponsored employee, such as in class, while on-duty, or during official or institution-sponsored activities.

Please also review your institution’s policy on political activities to ensure that you act in compliance with the provisions of that policy.

If you have any questions, please contact your institution’s administration or Eric D. Olson, SBHE counsel, at 701-328-3611 or edolson@nd.gov.
I. Call to Order
   ● The meeting was called to order by President Gillam at 3:01 PM.

II. Attendance/Substitutions
   ● Absent: Bajwa, Dybing, Johnson D., Liu, Nelson S.,
   ● Absent (Substitution): McCourt (Hinsz)

III. Adoption of Agenda
   ● Motion (Hearne/Wagner): Adopt the agenda. The motion carried by acclamation.

IV. Approval of Previous Meeting Minutes from December 10, 2018
   ● Motion (Jones/Klamm): Approve the previous meeting minutes. The motion carried by acclamation.

V. Announcements
   a. Dean Bresciani, University President
      ● Update from Bismarck - mood is positive (very different from past years).
         ○ Much more respect towards higher education; more interest in higher education than in past years.
         ○ State not economically rebounding as much as wanted, but there is optimism.
         ○ Presentations were well received by legislators.
         ○ Campus presentations coming up.
      ● Direction as far as facilities is to bundle 4-5 projects as a bonding package.
         ○ This would include Dunbar and Harris for NDSU.
         ○ This would also take this out of the appropriated dollars discussion - thus, there would be less of a give and take with respect to appropriations (this is probably advantageous for getting approval).
         ○ Legislators do see Dunbar as a necessary priority.
      ● Research funding proposal by NDSU-UND is receiving positive support. Everyone is talking about needing to increase research funding in ND. Our proposal will be advantageous for a breadth of reasons, including businesses and economy. Optimistic that something will move forward with respect to research funding.
   b. Ken Grafton, Provost
      ● Close to finishing visits with academic departments (except departments in College of Agriculture, since very familiar).
Questions about Wolf-Hall's departure: What will happen to the Vice Provost position?
  - Not filling this position at this time (due to interim tag and budget).
  - Salary savings will be used to hire an Assistant Vice Provost (on a temporary basis - 2-3 yr).
  - Potential 1-2 individuals will be given opportunity to gain experience in that position(s).

c. Erin Gillam, Faculty Senate President
   - No announcements.

d. Molly Secor-Turner, Faculty Senate President-Elect
   - No announcements.

e. Amanda Booher, Staff Senate President
   - No announcements.

f. Marisa Pacella, Student Body Vice President
   - Student Senate met and passed resolution unanimously in support of faculty salary increases.

VI. Consent Agenda
   - Motion (Wagner/Berry): Approve the consent agenda. The motion carried by acclamation.

a. UCC Report (Attachment 1)

b. Policy 339: NDSU Policy on Communication Policy (Attachment 2)

VII. Unfinished Business
a. None

VIII. New Business
a. Chris Wilson, Chief of Staff, and Laura Oster-Aaland, Vice Provost for Student Affairs and Enrollment Management
   i. Presentation and discussion on status of enrollment at NDSU and ongoing efforts to increase student enrollment
      - Presented a PowerPoint about admissions and enrollment.
      - Institutions in the upper-midwest have also recently seen enrollment declines (this was a general/regional trend).
      - Recent goals (for 2019):
        - 7,300 applications; 6,300 admits; 2,650 enrolls.
      - 2017 was largest class ever (2,600 enrolls).
      - EAB (outside consultant) has assisted.
      - Actions taken:
        - Scholarship additions (one-time money to a bit lower ACT and GPA scorers)
        - More MN recruiters - both current recruiters had 10-mo contract converted to 12-mo.
        - New admissions counselors (2 of them).
        - Fee waiver.
        - Additional marketing research.
- Increased communication.
- Self-report admission decisions - admissions are now quicker based on self-reported GPA and ACT (verification occurs after admission).
- Universal scholarship deadline.

- Realizations:
  - ND high-school graduate changes appear to be growing long-term - growth of about 34.5% from 2018-28 (7,400 to 9,951).
  - MN high-school graduate changes appear to grow until 2026, then drops.
  - Midwest appears to be dropping, with a precipitous drop around 2025.
  - West region (west of Great Plains) - increase until 2026, then drop.

- Working on customer and institution interface.
  - Tableau - weekly reports available to administrators.
  - Oster-Aaland presented actual numbers from Fall 2017, 2018, and 2019 for applicants and admitted.
  - Yield rate has stabilized at a new normal, so application numbers become important.
  - If applications do not reach goal, then working on admits becomes even more important.
  - Students below published guidelines cannot self-report for admission.
  - Up several hundred in ND; MN numbers are maintaining.
  - Other indicators like housing applications and visitation reports will be included in data soon.

- It was emphasized that faculty participation in campus visits are critically important. Choosing correct faculty in departments to coordinate visits is important. Visitations are one of the most important factors in whether or not a student will enroll.

- We need to get better at talking about the uniqueness of our programs and campus.

- Advising is also important - for keeping enrollment and for transfer students. Responsiveness to students or registrar’s office regarding students is crucial.

- Is there a market for programs that should be communicated to officials to relay to students and families.

- Question regarding international students - What is being done recruiting globally?
  - Response: International recruitment is an area of growth that is absolutely a part of the strategic aim.

- Question: How is enrollment management working with public relations?
○ Response: Showed the admissions funnel and indicated that the two offices have been working together - marketing study in MN was done to help drive marketing efforts. Will need more dovetailing in these arenas.

● Question: How did SD tuition decision to offer in-state rates for out-of-state students affect recruiting?
  ○ Response: Special arrangement with MN that students pay 1.12 of rate and MN pays the other 0.08 (to meet 1.2 threshold). SD is looking at other states, and this is probably not too consequential for us. Tuition flexibility has been used (at least temporarily) to counter this.
  ○ Response: Direct comparisons revealed that price comparison was not that disparate, especially with MN.

● Question: Retention and enrollment numbers?
  ○ Response: Advising and Student Success Collaborative have been important for retention. Efforts to provide "coordinated care" have and will hopefully continue to increase retention. Mobile app downloaded by freshman provides direct communication for steps to take to keep on track.
  ○ Response: Graduation rates (25% to now 37%) actually takes away student enrollment, but this is something to celebrate and communicate to students.

● Question: Efforts to recruit Native Americans?
  ○ Response: We have worked on this and have a multicultural recruiter that makes regular visits to tribal colleges. New person working on transfer students and coordination of tribal students.

● Comment: Tribal student concern has been the cultural diversity tuition waiver, and this has become a barrier.
  ○ Response: Talk with Laura about this. Changes that potentially hamper this have been due to budget cuts.

● Question: Recruitment from other schools or of students near to other schools?
  ○ Response: Know where students went, if they did not come here. We recruit if student is attending two-year, but professional guidelines preclude us from recruiting students from four-year schools.

● Question: Used to have an Office for Student Affairs. Are we lacking resources?
  ○ Response: We still have an office for student affairs. Just organized differently. Resources are there and enrollment is a priority.

● Question: What are national trends on international students?
  ○ Response: No direct numbers, but this is generally/slightly down with exceptions here and there.
IX. Adjourn

- Motion (Wahl/Katti): Adjourn meeting. The motion carried by acclamation.
- The meeting was adjourned at 4:00 PM by President Gillam.
I. Call to Order
   • The meeting was called to order by President Gillam at 3:01 PM.

II. Attendance/Substitutions
   • Absent: Bajwa, Dybing, S. Nelson
   • Absent (Substitution): D. Johnson (Theile), Park (Braaten), Salajin ( ), Sanders (Wyum), Wagner (Christensen)

III. Adoption of Agenda
   • Motion (Pieri/Hearne): Adopt the agenda. The motion carried by acclamation.

IV. Approval of Previous Meeting Minutes from December 10, 2018
   • Motion (Hawley/Hearne): Approve the previous meeting minutes. The motion carried by acclamation.

V. Announcements
   a. Dean Bresciani, University President
      • Good news - about a week away from the crossover within the legislature (halfway point).
      • Bonding bill (replacement Dunbar, Harris, moving Meats Lab) passed the Senate unanimously.
         ○ Historical note: never received funding for two buildings in same session in the past.
      • Cost of living - looks like a 2 and 2 w/ a full funding of healthcare.
      • Research funding proposal - has widespread support, but funding level is still in question (original ask was $100M and what was put forth was $40M, which is a percentage of Legacy Fund interest).
         ○ Will likely wait until end of session to decide on funding.
         ○ Most important aspect is getting "concept" approved.
         ○ Senator Ron Sorvaag has taken leadership role on bonding and research bills.
      • Thus far, session has been positive.
      • Looking at a hold-even budget (or only a very slight increase), which is encouraging and discouraging (as it is compared to a very high budget cut previously)
   b. Ken Grafton, Provost
● No announcements (not present).

c. Erin Gillam, Faculty Senate President
   ● Bill in Senate (SB2320) - bill on "free speech" is in the pipeline.
      ○ Says what types of speech can be on campus.
      ○ Also says what faculty can speak only in class with respect to their "expertise".
   ● Discussions with Chris Wilson about what are some problem spots of this proposed bill (thus far appear to be taking feedback).

d. Molly Secor-Turner, Faculty Senate President-Elect
   ● No announcements.

e. Amanda Booher, Staff Senate President
   ● No announcements (not present).

f. Marisa Pacella, Student Body Vice President
   ● Student government hosted a faculty luncheon.
   ● Mason Rademacher (Executive Commissioner of Student Affairs) gave a brief overview of legislative session.
      ○ Tracking last week (HB1500) would change SB of Higher Education to change board to a two-board structure (NDSU and UND would be combined) - student representative advocated for merge.
         ■ Maintaining funding formula and transfers.
         ■ Testified in support of maintaining student voice on board(s).
      ○ Sat in on hearing for bonding bill.
      ○ SB2320 - thinks that bill is not going to be dropped.
         ■ Four areas that were concerning, and four amendments were offered (three indicated below):
            ● Academic freedom - limits faculty members topics.
            ● Fees - student organization wants to bring in speaker, NDSU would have to pick up security costs, instead of student organization.
            ● Cause of action - violation of law would result in the ability to sue for monetary "damages".

VI. Consent Agenda
   ● Motion (Pieri/Hearne): Approve the consent agenda. The motion carried by acclamation.

   a. UCC Report (Attachment 1)

VII. Unfinished Business
   a. None

VIII. New Business
   a. Resolution Regarding the General Education Program at North Dakota State University (submitted by the ad hoc General Education Review Committee) (Attachment 2)
      ● Two presenters (Dena Wyum from GERC and Mark Strand from UCC).
         ○ Wyum (GERC):
            ■ Explored and discussed history that lead to outcomes.
Concerns about 100% outcome alignment.
  ● Determined that not all courses can readily align with outcomes 100%.

Concerns about HLC requirements for assessment.
  ● Determined that HLC does not really define whether or not GE courses must align with outcomes.

100% alignment has never been approved by Faculty Senate

Resolution would call for:
  ● 60% alignment
  ● New standing committee focused on addressing General Education.
    ○ Revising revalidation timeline.
    ○ Restructuring categories and associated outcomes.
    ○ Assessing functionality of any revisions.

Strand (UCC):
  ● May 9, 2016 - AA and GE committees were dissolved; QUEST model was voted down.
  ● Roles of committees were merged and determined how to deal with GE.
  ● HLC midterm report was "met with concerns".
  ● Merging of outcomes with NDUS categories was required to be completed.
    ● Outcomes were approved (May 8, 2017) for fitment into categories.
  ● Dealing with 1st whereas of resolution:
    ● Why 60%, why not 75%?
    ● Believes that CULE committee settled on these outcomes with the good faith idea that they are all important.
  ● 2nd whereas:
    ● Should some of the outcomes be more important than others?
    ● Which of the seven outcomes would not be necessary?
    ● Do you want a student to graduate without some of these competencies?
    ● If only require 60%, how do we ensure that all the outcomes are eventually met by the student?
    ● Don't allow NDSU to be a "just get by" type of university.
  ● 3rd whereas:
    ● Voting for resolution is either not supporting UCC and/or not supporting the work of the committee that proposed the merging.
    ● There is no student benefit to the decision.
Motion (Hearne/Klamm): Approve the resolution (with amendment below). Yes: 33; No: 4; Abstain: 2. Motion was approved with amendment. The following senators or their substitute(s) voted aye: Aly Ahmed, Andrianova, Berry, Conwell, Del Rio Mendoza, DeSutter, Dorfmeister, Frenzel, Green, Haring, Hawley, Hearne, Johnson, Johnson, Katti, Klamm, Larson, Lepper, Li, McCourt, Mike Jones, Nelson, Park, Pemstein, Pieri, Reindl, Rodgers, Sanders, Secor-Turner, Swanson, Vosen Callens, Wagner, and Wahl; the following senators voted nay: Daigh, Salajan, Sassi, Werremeyer; the following senators abstained: Liu, Lyman

- Discussion:
  - Clarification would be to create a standing committee (not ad hoc).
  - It is not clear yet the level of independence that a new committee would have.
    - A need to communicate with the UCC would be important.
  - 60% was originally approved, 100% was not approved.
  - Resolution is merely a method to affirm the 60% or to determine if there is not enough support for retaining 60% and that 100% should be given more consideration (and put forth).

Motion (Rodgers/Lepper): Amend resolution to remove "permanent" from last whereas. Approved unanimously by acclamation.

- Discussion (continued):
  - UCC is of the opinion that 60% or 100% do not matter for rate of getting GE revalidation (it is work to faculty either way).

For reference, a document detailing the recent history of the General Education program at NDSU is included (Attachment 3)

b. Edits to the Faculty Senate Bylaws (submitted by the ad hoc Faculty Senate Bylaws Review Committee)

i. Track-changed edits to the Faculty Senate Bylaws (Attachment 4)

  - Discussion:
    - Senate Coordinating Council amendment suggested.

- Motion (Secor-Turner/Berry): Amend SCC to put forward reference to NDSU Policy 714. Amendment was withdrawn by Secor-Turner.
  - Discussion:
    - NDSU Policy 714 refers to the Bylaws (it is circular).
    - Better way would be to add requisite information into Bylaws.

- Motion to table (Rodgers/Lyman). The motion carried by acclamation.
  - Discussion:
    - Some suggested things to address for next time:
      - Standing committee for Administrative searches - make Policy

V. Announcements
   a. Dean Bresciani, University President
      - Legislative process largely on same path
      - Any reduction in health coverage is no longer being discussed
      - Cost of living increase of 2/3 is still being discussed and emphasized by the Board to be 4/4
      - Ag Extension may get a slight increase; overall higher education will likely remain steady
      - Bonding bill for 4 projects (2 NDSU, 1 VCSU, 1 DSU) - Senate passed unanimously; will probably not be unanimous in House
      - Research funding bill did not do well in House (do not pass); opposite of Senate (pass)
         - Even if funding does not survive, concept will not be new in next session
      - Challey Institute for Global Innovation and Growth - no information for Senate at this time, deferred to Dean Beaulier
      - ND EPSCoR information is not yet available (have not heard much about this, government shutdown may have delayed)
      - Firearm bill discussions occurred and qualifications for carrying in public place (school) will likely be similar to those of law enforcement officers
         - Not really an impact on NDSU
o Impact on NDSU would be a class 1 exemption, which would eliminate some of the restrictions on carry in public
   ■ Yet again, qualifications would likely be rigorous
o Legislators don't appear too receptive to these proposed changes (still in committee)
  ● VP of Research search - will be internal; Provost Grafton will address
  ● Gifts to university - how much influence is behind these? Gift agreements protect against this and make expectations clear to donor and recipient. Foundation is very attentive to this
  o Koch Foundation monies were discussed to denote that the Koch Foundation has no role in hiring or research directions of Challey Institute

b. Ken Grafton, Provost
  ● Agreement with Koch Foundation
    o Koch Foundation has agreements with 340+ institutions across the nation
    o They have a clear understanding of what academic institutions should expect from them, and vice versa
  ● VP for Research search - internal search due to limited budget
    o EPSCoR and potential research funding from state beckons a VP for Research
    o Waiting on one search committee member to accept or decline
      ■ How many applicants were there for interim VP for Research search?
        ● Three finalists, but not sure how many applicants there were (not interim Provost at the time)
      ■ Will the pool of candidates be large or small?
        ● The pool will likely be relatively small
      ■ What is the rationale for not opening it up to the public besides funding status?
  ● Merger of Career Center with Academic Advising Center
    o Rhonda Kitch to serve as interim director of combined center and return to her position on Jan 1, 2020

c. Erin Gillam, Faculty Senate President
  ● Free-speech bill (SB2020) - drastically modified to state that every campus would have a free-speech policy; passed Senate and moved to House
    o Talk is that authors of bill would like a return of some deleted language
    o Once through conference committee, then will need to see where it goes
    o Lisa Johnson from Systems Office will be testifying
  ● Faculty Senate President-Elect candidates needed

d. Molly Secor-Turner, Faculty Senate President-Elect
  ● No announcements, so Dean Boulier spoke in her place
    o Made history in the College of Business, over $30M in support
      ■ Largest investment in people in history
      ■ Challey Institute will focus on five core areas
Areas are tied to those deemed important in ND
Seed-funded positions for 5 yr (need to figure out funding thereafter)
20 graduate positions funded

- Exposure to international markets and how they pertain to ND will be an area of focus
  - Target is $50M
  - Discussions for search for interim director are ongoing (not sure if internal or external)
    - Long-term attracting talent here is a "really heavy lift"
  - Hope hires are not all in business
  - What are the donor’s influence on selecting a director? - They will not be involved

e. Amanda Booher, Staff Senate President

     - Question about the university decision (which is not yet official, and TopHat has not been contacted)
   - Lecture capture switching to "Yuja"
     - Pushed by NDUS to do this
     - Product is probably better, but could not get an extension on Tegrity, so Yuja will be service in place for next fall

       - Yes, there will be a bulk export
     - Yuja will be available for summer

   - Introduced new Student Body President/Vice President
• Mason Rademacher and Joseph Vollmer (liaison between Student Body and Faculty Senate)

  ■ SB2320 - free-speech bill (amended very favorably by Senate, recommendation out of House committee with one small edit)
  ● Edit has SBHE adopting a policy

h. Alicia Laferriere, Department Manager of Course Materials, NDSU Bookstore

• Finishing meetings with departments
• Please get book information in for summer/fall - which is quite important for fall buyback
• On-time book orders are how prices are reduced as much as possible
• Course cancellations - the department bears a small responsibility in very rare circumstances - otherwise, timely submission of requests is still the best practice
• Alicia makes ALL of the buying decisions
• Dead week and finals week are main buyback weeks
  ○ Do have a daily buyback as well (mostly year-round)
• Do run into some issues with course packs and how much faculty can print/use (but again, this is pretty rare)

V. Announcements
   a. Dean Bresciani, University President
      ● Announcements were following Provost Grafton’s
      ● Legislative session - Bollinger would likely frame session as one of the better one’s in years
         ○ Modest increase to higher education statewide, with a hold-even (essentially) for NDSU
         ○ Dunbar Hall - for all intensive purposes - fully funded
         ○ Harris Hall - funded upon raising $20M (had about $6M in commitments); next session should be more favorable
         ○ Northern Tier funding back (at least temporarily)
         ○ Health care never materialized after Governor brought up
         ○ Cost of living was modestly addressed
         ○ State revenues are growing faster than anticipated (state reserves are essentially replenished) - cause for great optimism in two years
         ○ One issue started to emerge during session - resurfacing concern for a grant that was federally-funded seven years ago; grant has a Planned Parenthood component (some legislators have great reservations about this, and again, whispers about defunding an institution...NDSU?)
            ■ Meetings about how academic freedom and accreditation actually prevent revocation of funding (along with the fact that the funding is federal, not state)
- One legislator tried to rally a petition (with about 50 legislators on board) and suggested defunding NDSU for amount of grant
- Anticipation is that this vocal minority will likely not let this go (and that they may attempt to make this a public issue)
  - President Bresciani has reaffirmed his full support for the grant, grantees, and NDSU
  - There will be no capitulation to their expectations
- Question about state EPSCoR grant - in continuation (current funding is still in play), but no final answer on it yet

b. Ken Grafton, Provost
- President Bresciani was in a meeting with the NDUS Chancellor (arrived just after start of meeting)
- Carrying out a national search for VP for Agricultural Affairs
  - After input from the State Board of Agriculture - recommended that Ken Grafton conduct the search
  - VP would also be Dean of College of Agriculture, Food Systems, and Natural Resources, Director of Agricultural Extension, and Director of Experimental Station (four titles total)
  - In process of forming committee (within next six months)
- Search for Dean of College of Science & Mathematics
  - Dean Fitzgerald is chair of committee and this is firing up shortly
- Working on $6.1M budget shortfall and nearing completion of this
  - A solution depended on how many took VSIP
    - 13 Faculty; 17 Staff
  - Other budget cutting and prioritizing positions were used to address shortfall
- International undergraduate students
  - Decided to take responsibility away from Admissions Office and give responsibility for recruitment and admission efficiency to International Students Office
  - Key thing to focus on is to have faculty that have international relationships to help stimulate and solidify MOUs to increase international population
  - Admissions Office will focus on domestic student recruitment and admission
- Question about fall enrollment - Provost stated it will likely still be down
- Question about faculty enrollment with international students - Provost reiterated that faculty involvement will be key
- Question: Resources for faculty to recruit international students - Provost stated that resources will be minimal

g. Don Miller, Faculty Senate Budget Committee
   ● Senate Budget Committee was created about 7-8 years ago to provide input on budget decisions
   ● Meet with Provost (did so about eight times this year)
     ○ Provost requested input from committee about budget plans and also software purchases/maintenance
     ○ VP of Finance and Administration, VP of Research, and Head of Facilities Management have also met with committee
   ● Budget Committee decided that communication back with faculty would be key (website or minutes?)

h. Birgit Pruess, Faculty Representative for State Board of Higher Education
   ● New policy on student free-speech (as per legislation) coming from Systems Office
     ○ Suggested requirement for revisions to academic freedom
     ○ Legislature gave deadline for end of August
     ○ Faculty can provide suggestions, but respective offices are expected to do the work of revision
     ○ Will go to SBHE in May and either get approved in entirety in May or could have 2nd reading in June (likelihood is approval in May, so timeline is short)
   ● Some budget items for free-speech events were removed just before the end of the legislative session
   ● Academic freedom for professors proposed inclusions into free-speech were not put in, so academic freedom policy is being revisited
   ● Political activities on campus - "they" (SBHE/Systems Office?) want to know what student organizations are involved in political activities
   ● Has established a statewide faculty listserv to take polls and get faculty input

VI. Consent Agenda
   ● Motion (Del Rio Mendoza/Hearne): Approve the consent agenda. The motion carried by a unanimous vote of 34:0:0 (approve:reject:abstain).        ■ Section 2.2
         ● Section 2.2.1.2 - point out Policy 332 as reference
         ● Section 2.2.1.2.2 - note that SROIs are insufficient evidence of teaching effectiveness; need some other evidence
         ● Section 2.2.2.2.1-2 - addressing how research is evidenced
         ● Section 2.2.3.2.8-9 - evidence for service indicated here and broadened

       ■ Discussion about frequency of revision of Policy 352 and how this affects the ability to have department and college keep up with these changes; also discussed importance of maintaining currency of policy revisions
b. Added from the Floor: Introduction of faculty concern regarding the loss of Native American Professors and Students at NDSU
   ● A letter regarding this issue was presented to President Gillam
   ● Presented by Bob Pieri in an effort to address this at the beginning of the next academic year
   ● No single incident was singled out, but there is a trend that perhaps the University should address

c. Election of Faculty Senate President-Elect
   i. Carlos Hawley, Associate Professor of Modern Languages (Attachment 4)
      ● Look upon University as a whole as a community of masters and scholars - faculty and students are implicit and administrators and staff are explicit
      ● Last time served, it was a University Senate (Faculty Senate is a big improved)
      ● Will spend some time thinking about the evolutionary role of the Faculty Senate
      ● Motion (Pieri/Lepper): Vote by acclamation. Motion was withdrawn.
