* PLEASE NOTE: If a proposed graduate research project involves human or animal subjects, or biohazards, it must be submitted for review and approval by the Institutional Review Board (IRB), the Institutional Animal Care and Use Committee (IACUC), and/or the Institutional Biosafety Committee (IBC). The student should initiate this process after his or her supervisory committee has approved the final research design because IRB, IACUC, and IBC approval must be obtained before the research project commences.

Transfer Credits

Official transcripts with grades posted from the transfer institutions must be on file in the Graduate School PRIOR to approval of the Plan of Study.

Do not include courses previously taken at NDSU. All NDSU courses should appear on the first page.

Supervisory Committee Approval

The supervisory committee must be at least three members, one of which must be from outside of the student's department/program.

If a committee member is not a full or affiliate member of the graduate faculty, the approval of the Dean of the Graduate School is required. Please attach a recommendation from the program administrator accompanied by rationale and curriculum vitae.

The supervisory committee approves the following courses and research to satisfy the master's degree requirements.
