Welcome TO THE
COLLEGE OF HUMAN
SCIENCES AND EDUCATION
HONORS DAY 2023

SEPTEMBER 26, 2023

“How do you say ‘thank you’ for sunshine or health ... for clear days or gentle rains ... for happiness, joy or love? You say it by sharing what you have. You say it by making the world a better place in which to live.”

THOMAS D. WILLHITE, 1940-1983

WELCOME TO THE FINAL HONORS DAY FOR THE COLLEGE OF HUMAN SCIENCES AND EDUCATION. Prior to the reorganization process that we experienced last year, the College was home to over 1553 students. We emphasized classroom and hands-on experience. Students in all HSE programs had the opportunity to participate in experiential learning experiences, such as internships, practicum, and student teaching. These experiences allowed students to apply their classroom learning in real-life situations.

Several of our undergraduate and graduate programs were web-based, making it possible for students to complete their program from anywhere in the world. The Center for 4-H Youth Development, which was previously part of the College, offered learning opportunities outside the classroom across the state.

The faculty and staff of the College are proud of the students who have chosen our majors. This Honors Day provides our final opportunity to recognize and celebrate student accomplishments from the College of Human Sciences and Education.

We extend a special thank you to the alumni and friends of our College who have provided the resources to help us recognize our students. Without these contributions and support we would not be able to provide student scholarships and awards. A very sincere thanks for the willingness to make this investment in the future.

To all of our students who are receiving recognition — Congratulations!

To everyone who has made an investment in the future of our students — Thank You!
