Fargo North High School

Fargo North High School offers a variety of sports with preceptors willing to teach many aspects of athletic training including evaluation techniques, rehabilitation protocols, modalities, patient interaction, concussion protocols, mechanical therapies, and functional testing. What makes this site unique is the youth athlete’s willingness to improve and treat their injuries properly. This experience is completely hands-on to increase confidence in athletic training skills. This clinical opportunity involves sports such as: football, volleyball, cross-country, golf, soccer, dance, cheerleading, tennis, basketball, swimming, wrestling, hockey, baseball, softball and track & field.
