NDSU MATrg Assessment Plan 2021- 2022

Mission: To prepare entry-level athletic trainers to practice evidence-based medicine in a transformative health care environment.

Goals	Outcomes	Assessment Tool & Associated Course	Benchmark	Results
1.Students will demonstrate comprehension of foundational and medical knowledge that is necessary for competence in AT practice.				
	1A. Prepare students for the knowledge required for the profession of athletic training in the domain areas set by the BOC [®] .	1A.BOC [®] Self- Assessment Pre HNES 780	1A. Used for baseline data only in order to compare to the BOC [®] Self- Assessment Post.	Baseline Data Used for future analysis.
	1B. Evaluate students' comprehension of the BOC [®] domain areas in preparation for the BOC [®] exam.	1B. BOC [®] Self- Assessment Post HNES 773	1B. 85% of students will show an increase in scores from BOC [®] Pre- to Post Self- Assessment.	Met – 100% of students increased scores from pre to post self assessment.
	1C. Assess students' comprehension and application of formative knowledge throughout the 5-semester program. (Students will take exam(s) each semester)	1C. "Bison Exam" HNES 794 I, II, IV, V	3A. Students must achieve a minimum score of 85% exam. Students have the opportunity to re-take the exams 6 times throughout the semester. If the student is unable to achieve a passing grade on either exam, he/she will fail	Met - All students completed and scored 85% or better on the Bison Exams.

			the associated practicum	
			course.	
2.Students will provide				
high-quality, patient-				
centered care using				
evidence-based medicine.				
	2A. Facilitate the research	2A. Critically Appraised	2A. 100% of students will score	Met - All students
	process associated with	Торіс	85% or higher on CAT rubric	scored a 100% or better
	evidence-based medicine	HNES 773		on the CAT rubric.
	(Locate, summarize,			
	examine, analyze, and			
	evaluate information for			
	clinical-decision-making)			
	2B. Comprehensive	2B. Capstone Patient	2B. 100% of students will score	Met - 100% of students
	evaluation of student	Experience Project	85% or higher on Rubric	scored 85% or higher on
	skills using standardized	HNES 773		Rubric
	patients 2C. Engage students in	2C. Immersive Clinical	2C. 100% of students will score	Not Met – 2 students
	the totality of care	Experience HNES	2 or higher on preceptor	received 1's on
	provided by an Athletic	794 III	evaluation	preceptor evaluation
	Trainer	7 54 11		
	Trainer		85% of students will improve	Met – All students
			on their Self-Reflection	improved on their self-
				reflection scores.
	2D. Promote collaborative	2D. Interprofessional	100% of students will	Met – All students
	relationship and	Education Reflections	participate in interprofessional	participated in
	interactions for optimal	HNES 794 I, II, IV, V	education	interprofessional
	patient care.	Seminar Reflections		seminar.
		HNES 773 Reflections		
3.Students will				
demonstrate professional				
preparedness as outlined				
in the CAATE Core				

Competencies (2020				
Professional Standards)				
	3A. Demonstrate competence to practice as an AT.	3A. BOC [®] , Inc. Examination HNES 773	3A. 70% of students will successfully complete the BOC [®] Exam on the first attempt.	Not Met – 1 of 2 students successfully completed the BOC exam on the first attempt.
	3B. Reduce time to degree and attrition rates for graduate programs	3B. Graduation NA	3B. 80 % of students will complete the program in the specified time to degree (2 years)	Not Met – 1 of 2 students completed the program in 2 years. One student was deployed while in the program.
	3C. Evaluate the quality of practicing entry-level ATs	3C. Employment NA	 3C. 100% of graduates will secure employment as an AT within six months of graduation 3C. 100% of graduates will score an average of "2" or higher (considered average) on athletic training knowledge and skills as assessed by employer/supervisor 	Met – 2/2 students secured employment in AT within 6 months of graduation.
	3D. Promote participation in professional development activities	3D. Professional Development NA	3D. 100% of students will participate in at least one professional development activity (student organization, present at and/or attend conference)	Met – All students participated in a professional development opportunity.
4.Faculty and preceptors will provide quality instruction by demonstrating contemporary expertise in				

4A. Analyze feedback from students at the end of each semester regarding the quality of didactic content and instruction.	4A. Student Experience Survey End of semester (all courses)	4A. 100% of faculty members will score a 4.0 or better based on NDSU PTE requirements to the categories of: "the instructor as a teacher" and "the quality of this course"	Met – 100% of faculty received 4.0 or better on student evaluations. Met – 100% of faculty
contemporary expertise of faculty	Expertise Table Yearly (end of academic year)	contemporary expertise relative to role in the MATrg program	display contemporary expertise.
4C. Analyze feedback from students at the end of each semester regarding the quality of clinical content and instruction.	4C. Student Evaluations of Preceptors HNES 794 I-V	4C. 100% of preceptors will receive 80% or more "yes" responses on Teaching (11:14); Supervision (6:8); Professional behavior (11:14)	Met – 100% of preceptors received 80% or more "yes" responses on Teaching, Supervision, and Professional Behavior.
4D. Promote continued competence, development of current knowledge and skills and enhancement of professional skills and judgment in AT practice.	4D. AT credentials Yearly (start of academic year)	4D. 100% of faculty and preceptors will meet BOC certification maintenance requirements (current BOC certification documentation) 100% of preceptors will meet state regulations for AT practice (current state required	Met – 100% of faculty and preceptors are BOC certified and credentialed in their respective states.
	 from students at the end of each semester regarding the quality of didactic content and instruction. 4B. Illustrate the contemporary expertise of faculty 4C. Analyze feedback from students at the end of each semester regarding the quality of clinical content and instruction. 4D. Promote continued competence, development of current knowledge and skills and enhancement of professional skills and 	from students at the end of each semester regarding the quality of didactic content and instruction.Survey End of semester (all courses)4B. Illustrate the contemporary expertise of faculty4B. Contemporary Expertise Table Yearly (end of academic year)4C. The NDSU MATrg Assessment Plan was approved by the Athletic Training Faculty on May 7, 2015. July 2017: Revised based on curriculum changes and feedback from University Assessment Report. July 2020: Revised Assessment Plan has been developed for 2020-21 based on new accreditation requirements. Development of the MATrg Assessment Plan was guided by the following documents:

https://knowledgeplus.nejm.org/blog/what-is-competency-based-medical-education/

https://www.ncbi.nlm.nih.gov/books/NBK221519/

https://caate.net/wp-content/uploads/2019/02/2020-Standards-Final-2-20-2019.pdf

Assessment Plan: The plan will reviewed annually by program faculty and curriculum will be discussed and revised based on feedback.
