

Chris Dimino

Where was your undergraduate AT degree from?

University of Wisconsin - Madison

What is your current GA position?

Football at MSUM

What is your thesis topic and why does it interest you?

My thesis topic relates to determining tissue heating time/ parameters for Chattanooga brand therapeutic ultrasound units. I'm interested in this because they are one of the most commonly used machines by Athletic Trainers nationwide, and want to ensure that the brand provides adequate tissue heating in order to properly treat athletes.

What is your favorite aspect about being an Athletic Trainer?

I get paid to watch sports and get to be outside frequently!

If you were stranded on a deserted island, what band or musician would help keep your sanity?

I would need a good mix so I would take Christina Perri and System of a Down.

When you are not at your GA position or working on your coursework and thesis; what do you like to do in your free time?

I like to watch sports, talk with my girlfriend, lift weights, and eat all the food.

What is your favorite thing about the Fargo-Moorhead area?

There's basically no traffic ever, unless you get stopped by the trains!
