

Volunteer Supervisor Assessment Form

*****This must be completed for EACH opportunity the student decides to volunteer for.**

A Note to the Supervisor:

Students volunteering are pre-professional students and have not yet been accepted into the Sport Management Program at NDSU. However, it is expected that their behavior is professional in all manners. Please let the instructor know if you experience any issues while working with the student. Please evaluate the volunteer as objectively as possible by circling/highlighting electronically the number in each range that best describes the student's performance for that characteristic.
