Lesson 2

Original Medicare
Part A (Hospital Insurance) &
Part B (Medical Insurance)
Lesson 2 Objectives

At the end of this lesson, you’ll be able to:

- Describe coverage and costs for Medicare Part A (Hospital Insurance)
- Describe coverage and costs for Medicare Part B (Medical Insurance)
- Explain who gets Part A automatically
- Discuss what to consider when deciding to sign up for Part A
- Discuss what to consider when deciding to keep or sign up for Part B
Part A (Hospital Insurance) Covers

- **Inpatient care in a hospital, including:**
  - Semi-private room
  - Meals
  - General nursing
  - Drugs (including methadone to treat an opioid use disorder)
  - Other hospital services and supplies

- **Inpatient care in a skilled nursing facility (SNF) after a related 3-day inpatient hospital stay**
Part A helps cover:

- Blood (inpatient)
- Hospice care
- Home health care
- Inpatient care in a religious nonmedical health care institution (RNHCI)
Most people don’t pay a premium for Part A, but:

- If you or your spouse paid FICA taxes for at least 10 years, you get Part A without paying a premium.
- You may have a penalty if you don’t enroll when first eligible for Part A (if you have to buy it):
  - Your monthly premium may go up 10%.
  - You’ll have to pay the higher premium for twice the number of years you could’ve had Part A, but didn’t sign up.
### Hospital Inpatient Stay
- $1,556 ($1,600 in 2023) deductible for each benefit period.
- Days 1–60: $0 coinsurance per each benefit period.
- Days 61–90: $389 ($400 in 2023) coinsurance per day of each benefit period.
- Days 91 and beyond: $778 ($800 in 2023) coinsurance per each “lifetime reserve day” after day 90 for each benefit period (up to 60 days over your lifetime).
- Beyond lifetime reserve days: all costs.

**NOTE:** You pay for private-duty nursing, a telephone, or a phone in your room. You pay for a private room unless it’s medically necessary.

### Mental Health Inpatient Stay
- $1,556 ($1,600 in 2023) deductible for each benefit period.
- Days 1–60: $0 coinsurance per day of each benefit period.
- Days 61–90: $389 ($400 in 2023) coinsurance per day of each benefit period.
- Days 91 and beyond: $778 ($800 in 2023) coinsurance per each “lifetime reserve day” after day 90 for each benefit period (up to 60 days over your lifetime).
- Beyond lifetime reserve days: all costs.
- 20% of the Medicare-approved amount for mental health services you get from doctors and other providers while you're a hospital inpatient.

**NOTE:** There's no limit to the number of benefit periods you can have when you get mental health care in a general hospital. You can also have multiple benefit periods when you get care in a psychiatric hospital. Remember, there's a lifetime limit of 190 days.
### Skilled Nursing Facility (SNF) Stay
- Days 1–20: $0 for each benefit period.
- Days 21–100: $194.50 ($200 in 2023) coinsurance per day for each benefit period.
- Days 101 and beyond: all costs.

### Home Health Care
- $0 for home health care services.
- 20% of the Medicare-approved amount for durable medical equipment (DME).

### Hospice Care
- $0 for hospice care.
- You may need to pay a copayment of no more than $5 for each drug and other similar products for pain relief and symptom control while you're at home. In the rare case your drug isn’t covered by the hospice benefit, your hospice provider should contact your Medicare drug plan to see if it's covered under Medicare drug coverage (Part D).
- You may need to pay 5% of the Medicare-approved amount for inpatient respite care.
- Medicare doesn't cover room and board when you get hospice care in your home or another facility where you live (like a nursing home).

### Blood
- If hospital gets it from a blood bank at no charge, you have no charge.
- If the hospital has to buy blood for you, you must either pay the hospital costs for the first 3 units of blood you get in a calendar year or have the blood donated by you or someone else.
Each benefit period:
  • Begins the day you first get inpatient care in hospital or SNF
  • Ends after being home for 60 days in a row (not in a hospital or skilled care in a SNF)

- You pay Part A deductible for each benefit period
- No limit to number of benefit periods you can have
Decision: Do I Need to Sign Up for Part A?

Consider:

- It's free for most people
- You can pay for it if your work history isn't sufficient (there may be a penalty if you delay)
- Talk to your benefits administrator if you (or your spouse) are actively working and covered by an employer plan

**NOTE:** To avoid Internal Revenue Service (IRS) tax penalties, stop contributions to your Health Savings Account (HSA) before Medicare starts.
Medicare Part B (Medical Insurance) Covers

- Doctors’ services
- Outpatient medical and surgical services and supplies
- Clinical lab tests
- Durable medical equipment (DME) (like walkers and wheelchairs)

What’s Not Covered by Part A & Part B?

Some of the items and services that Part A and Part B don’t cover include:

- Most dental care
- Vision (for prescription glasses)
- Dentures
- Cosmetic surgery
- Massage therapy

What You Pay in 2022/2023: Part B Monthly Premiums

Standard premium is $170.10 ($164.90 in 2023)

Some people who get Social Security benefits pay less due to the statutory hold harmless provision.

Your premium may be higher if you didn’t choose Part B when you first became eligible or if your income exceeds a certain threshold.

**NOTE:** If you can’t afford to pay these costs, there are programs that may help. These programs are discussed later in Lesson 7.
Consider:

- Most people pay a monthly premium
  - Usually deducted from Social Security/RRB benefits
  - Amount depends on income
- Part B may supplement employer coverage
  - Contact your benefits administrator to understand the impact to your employer plan
  - If you don’t have other coverage, declining Part B will mean you don’t have full coverage
- Sometimes, you must have Part B
When You Must Have Part A & Part B

- To buy a Medicare Supplement Insurance (Medigap) policy
- To join a Medicare Advantage Plan
- Eligible for TRICARE for Life (TFL)
- Eligible for Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA)
- Employer coverage requires you to have it (has fewer than 20 employees)
Check Your Knowledge: Question 2

Part A helps pay for all of the following when medically necessary and requirements are met, EXCEPT for…

- a. Diabetic testing supplies
- b. An inpatient hospital stay
- c. An inpatient skilled nursing facility (SNF) stay
- d. Hospice care

**Countdown timer:** Answer the question before the bar disappears!
Check Your Knowledge: Question 3

For Part B, in most cases, you pay ____________.

a. A monthly premium
b. A yearly deductible
c. 20% coinsurance for most covered services
d. All of the above

Lesson 3
Medicare Supplement Insurance (Medigap) Policies
Lesson 3 Objectives

At the end of this lesson, you’ll be able to:

- Explain Medigap policies and who can buy them
- Describe what's similar and different in various types of Medigap plans
- Explain what to consider when deciding whether to buy a Medigap policy
- Explain when and how to buy a Medigap policy
Medigap Policies

- Are sold by **private insurance companies**
- Fill **gaps in Original Medicare** coverage, like copayments, coinsurance, and deductibles
- Each **standardized** Medigap policy under the same plan letter:
  - Must offer the same basic benefits, no matter who sells it
  - May vary in costs
- Plans are different in Minnesota, Massachusetts, and Wisconsin

* Plans F and G also offer a high-deductible plan in some states. With this option, you must pay for Medicare-covered costs (coinsurance, copayments, and deductibles) up to the deductible amount of $2,490 in 2022 before your policy pays anything. (Plans C and F aren't available to people who were newly eligible for Medicare on or after January 1, 2020.)*

** For Plans K and L, after you meet your out-of-pocket yearly limit and your yearly Part B deductible, the Medigap plan pays 100% of covered services for the rest of the calendar year.

*** Plan N pays 100% of the Part B coinsurance, except for a copayment of up to $20 for some office visits and up to a $50 copayment for emergency room visits that don't result in inpatient admission.

When’s the Best Time to Buy a Medigap Policy?

Usually, during your Medigap Open Enrollment Period (OEP):

- Begins the month you’re 65 or older and enrolled in Part B (must have Part A)
- Lasts 6 months minimum; may be longer in your state
- During your Medigap OEP, companies can’t:
  - Refuse to sell you any Medigap policy they offer

Lesson 4
Medicare Drug Coverage (Part D)
Lesson 4 Objectives

At the end of this lesson, you’ll be able to:

- Explain Medicare drug coverage (Part D) and how it works
- Describe associated costs
- Discuss considerations when deciding how you’ll get your drug coverage
- Explain the Part D late enrollment penalty and how to avoid it
- Explain how and when to enroll in a plan
Medicare Drug Coverage (Part D)

- An optional benefit available to all people with Medicare
- Run by private companies that contract with Medicare
- Provided through:
  - Medicare drug plans (also known as PDPs) (work with Original Medicare)
  - Medicare Advantage Plans with drug coverage (also known as MA-PDs)
  - Some other Medicare health plans
How Part D Works

- It’s optional
  - You can choose a plan and join
  - May pay a lifetime penalty if you join late

- Plans have formularies (lists of covered drugs), which:
  - Must include range of drugs in each category
  - Are subject to change—you’ll be notified

- Your out-of-pocket costs may be less if you use a preferred pharmacy

- If you have limited income and resources, you may get Extra Help
Most people will pay:

- A monthly **premium** (varies by plan and income)
- A yearly **deductible** (if applicable)
- **Copayments or coinsurance**
- **Out-of-pocket** costs
  - A **percentage** of the cost while in the coverage gap, which begins at $4,430 for out-of-pocket spending in 2022 ($4,660 in 2023)
  - **Very little** after spending $7,050 out-of-pocket in 2022 ($7,400 in 2023) -- will automatically get catastrophic coverage

Choosing a Part D Plan

- **Compare plans by computer or phone:**
  - Find health and drug plans at Medicare.gov/plan-compare
  - Call Medicare
  - Contact your SHIP at shiphelp.org for help comparing plans

- **To join a Medicare drug plan, you can:**
  - Enroll at Medicare.gov/plan-compare or on the plan’s website
  - Call Medicare
  - Enroll on the plan’s website or call the plan
  - Complete a paper enrollment form

- The plan will notify you whether it has accepted or denied your application

Call Medicare at 1-800-MEDICARE (1-800-633-4227; TTY: 1-877-486-2048)
Decision: Should I Enroll in a Part D Plan?

If you **have** creditable drug coverage, consider costs and coverage:

- Will it pay at least as much as standard Medicare drug coverage?
- Will you or your spouse or dependents lose your health coverage if you join a Medicare drug plan?
- How do your out-of-pocket drug costs compare to out-of-pocket drug costs with a Medicare drug plan?
- How will your costs change if you get Extra Help with your Medicare drug plan costs?
- Is your current drug coverage comprehensive?

If you **don’t have** creditable drug coverage, consider possible penalties:

- Will joining when you’re first eligible help you avoid a likely lifetime late enrollment penalty if you join a plan later?
- Do you qualify for Extra Help? (If so, you may enroll in a plan without penalty.)

Lesson 5
Medicare Advantage & Other Medicare Health Plans
Lesson 5 Objectives

At the end of this lesson, you’ll be able to:

- Explain Medicare Advantage Plans and how they work
- Discuss what to consider when deciding whether to enroll in a Medicare Advantage Plan, like coverage and costs
- Explain who can enroll in a plan, and when and how to enroll
- Explain the difference between Medicare Advantage Plans and Medicare Supplement Insurance (Medigap) policies
- Describe other types of Medicare health plans that may be available
Medicare Advantage Plans (Part C)

- Another way to get your Medicare Part A (Hospital Insurance) and Part B (Medical Insurance) coverage
- Offered by Medicare-approved private companies that must follow rules set by Medicare
- Most Medicare Advantage Plans include drug coverage (Part D)
- In most cases, you’ll need to use health care providers who participate in the plan’s network (some plans offer out-of-network coverage)
How Medicare Advantage Plans Work

In a Medicare Advantage Plan, you:

- Are still in Medicare with all rights and protections
- Still get services covered by Part A and Part B
- Can't be charged more than Original Medicare for certain services, like chemotherapy, dialysis, and skilled nursing facility (SNF) care
- May choose a plan that includes drug coverage and/or extra benefits like vision, dental or fitness and wellness benefits
- Can be charged different out-of-pocket costs
How Medicare Advantage Plans Work (continued)

In a Medicare Advantage Plan:

- Each plan has a **service area** in which its enrollees must live.

- You (or a provider acting on your behalf) can request to see if an item or service will be covered by the plan in advance (called an **organization determination**).

- Medicare pays a fixed amount for your coverage each month to the **companies** offering Medicare Advantage Plans.

- Each plan can charge different out-of-pocket costs and have different **rules** for how you get services (which can change each year).

- **Hospice care** is covered, but by Original Medicare.
When Can I Enroll in a Medicare Advantage Plan?

What if I have Part A and enroll in Part B during a General Enrollment Period (GEP)?

You can enroll in a Medicare Advantage Plan from April 1–June 30. Coverage begins July 1.

If I’m new to Medicare and enroll in a Medicare Advantage Plan, when can I make a change?

Within the first 3 months you have Medicare.

What if I enroll, then change my mind?

You can only make one change to another plan or to Original Medicare during the Medicare Advantage OEP, January 1–March 31. Coverage begins the 1st of the month after the plan gets your request.
When Can I Enroll in a Medicare Advantage Plan? (continued)

- **Can I enroll during Medicare's yearly Open Enrollment Period (OEP)?**
  Yes. You can join, switch, or drop your plan during the OEP, October 15–December 7. Coverage begins on January 1.

- **Will I have a Special Enrollment Period (SEP)?**
  You might if you move out of your plan’s service area, have or lose Medicaid or Extra Help, or move in or out of an institution.

- **When’s the 5-star SEP?**
  December 8–November 30 each year, you can switch to a Medicare Advantage Plan or Medicare Cost Plan that has 5 stars for its overall rating.

**Note:** If you drop a Medicare Supplement Insurance (Medigap) policy to join a Medicare Advantage Plan, you might not be able to get it back.
How Do I Enroll in a Medicare Advantage Plan?

- Find health and drug plans at [Medicare.gov/plan-compare](http://Medicare.gov/plan-compare)
- Once you understand the plan’s rules and costs, here’s how to join:
  - Visit the plan’s website to see if you can join online
  - Fill out a paper enrollment form
  - Call the plan you want to join (visit [Medicare.gov/plan-compare](http://Medicare.gov/plan-compare) to get your plan’s contact information)
  - Call Medicare at 1-800-MEDICARE

Call Medicare at 1-800-MEDICARE (1-800-633-4227; TTY: 1-877-486-2048)
Decision: Should I Join a Medicare Advantage Plan?

Consider:

- If the plan offers **extra benefits** (in addition to Original Medicare benefits) and if you need to pay extra to get them
- Some plans may require you to use a **network**
- You may need a **referral** to see a specialist
- You can only **join/leave plan** during certain periods
- It doesn’t work with **Medigap** policies

**NOTE:** You must have Medicare Part A and Part B to join; and you must pay the Part B premium and usually a monthly plan premium.
Can I Join a Medicare Advantage Plan if I Have End-Stage Renal Disease (ESRD)?

Yes

You can enroll in a Medicare Advantage Plan

With or without drug coverage during Open Enrollment (October 15–December 7) for coverage starting January 1

If you join a Medicare Advantage Plan during Open Enrollment but change your mind,

You can switch back to Original Medicare or change to a different Medicare Advantage Plan during the Medicare Advantage Open Enrollment Period (OEP) (January 1–March 31)
