# I-94 Retrieval Information

Upon your arrival to the United States, U.S. Customs and Border Protection (CBP) will issue you an electronic record of your arrival/departure, which you can access from this site: [http://www.cbp.gov/i94](http://www.cbp.gov/i94) (Please note that paper I-94 cards will be issued at land crossings.) You will also be provided with a CBP admission stamp on your travel document that has your date of admission, class of admission and admitted until date.

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>How do I retrieve my I-94 admission number?</strong></td>
<td>After entering the U.S. you must go online and retrieve your I94 number and print it out, keeping a copy for your permanent records. You must do this <strong>EACH TIME YOU TRAVEL.</strong> Go to <a href="http://www.cbp.gov/I94">http://www.cbp.gov/I94</a> and click “Get your I-94 now”</td>
</tr>
</tbody>
</table>
| **What information must I provide?**          | • Last/Surname (Family Name) and First (Given) name - As it appears on the travel document used to enter the United States.  
• Birth date – Enter the date of your birth in the MM/DD/YYYY format  
• Passport Number - If passport number is more than 10 characters, enter only the last 10 characters.  
• Country of Issuance - Country of citizenship as found on your passport. |
| **Why do I need to make a copy?**              | The electronic I-94 number proves your legal entry to the United States.  
→ If you have a spouse and/or children, make sure to retrieve their numbers as well. |
| **Do new students need to make a copy of I-94?** | Yes! New International students must complete International Student check-in by completing arrival paperwork in ISSAS office. This includes the I-94 number. You may not be able to register for classes until you have completed your check-in. |
| **What benefits are provided through the I-94?** | A paper form of your electronic I-94 number is required for immigration benefits that you may file for in the future, such as the following:  
• Driver's license application/renewal  
• Work Authorization (CPT or OPT for F-1 students or academic training for J-1s), on-campus work including student worker positions and assistantships, etc.  
• Completing the I-9 Form when applying for jobs  
• Social Security Number applications  
• Numerous other immigration related benefits including change of status and permanent residency. |
| **How long will my admission record be available on the I-94 website?** | You will have access to the I-94 information until your next departure (at that point, your last entry record will become part of your travel history record). Be sure to retrieve it soon after each entry to the United States so that you can have records of all of your entries to the United States. |
| **What if I have an error on my I-94 record?**  | Please first consult with your international student advisor for more information if you find an error – we may be able to assist you in making a correction. In general, if you were admitted incorrectly to the U.S., you should visit or call a local CBP Deferred Inspection Site or port of entry to have your admission corrected. A list of Deferred Inspection Sites and ports of entry can be found at [www.cbp.gov](http://www.cbp.gov) by searching “Deferred Inspection sites”. |

For more information see: [http://www.cbp.gov/travel/international-visitors/i-94-instructions](http://www.cbp.gov/travel/international-visitors/i-94-instructions)

If you have questions now or in the future about this process, contact your international student advisor or visit the ISSAS website at: [https://www.ndsu.edu/international/iss/immigration/students/travel](https://www.ndsu.edu/international/iss/immigration/students/travel)

Updated August 2019
Campus Emergency Procedures

Your safety while studying at North Dakota State University is very important to us. During an emergency it is necessary for students to have a basic understanding of their personal responsibilities and NDSU’s emergency response procedures. The Annual Security Report for policies concerning campus security is found at the following website:

www.ndsu.edu/police_safety/universitypolice/annualsecurityreport

Also, if an emergency and/or severe weather event disrupts normal campus operations or causes NDSU to close for a prolonged period of time, students can determine NDSU’s operational status by checking the web site at www.ndsu.edu or tuning into area radio and television stations. Students should assume that classes will be held unless they hear or read an official closure announcement.

As an international student, you must also be aware of the following guidelines

**Communication**

Email is an official form of communication at NDSU. It is important that you review all emails sent from our office as we regularly send updates regarding work hours, tax information, and visa and SEVIS regulation changes. Please remember to review our website often: www.ndsu.edu/international

**Updates**

It is your responsibility to update our office within 10 days of any changes in personal information including a change in address, major, funding, and dependent information.

**Immigration Documents**

Remember to keep immigration documents in a safe place. If traveling internationally, your I-20 or DS-2019 must have a valid travel signature, signed by your international student advisor before re-entering the U.S. You must allow one week for document processing, or the signed I-20/DS-2019 may need to be mailed to you internationally. You must keep a record of all current and previous immigration documents as you may be asked to present these documents in the future.
