Encourage Students to Sign-Up for TurboVote

What is TurboVote?
TurboVote is a free service provided by NDSU that guides users through tailored voting preparations for local, state, and federal elections.

What does it provide?
- Absentee ballot request forms
- Voter registration (outside of North Dakota)
- Voting precinct information
- Reminders via email/phone

How can students sign up for TurboVote?
- Follow the QR code or link https://ndsu.turbovote.org/
- Follow the step by step instructions (takes just a few minutes)

Encourage students to vote

- Many NDSU students may be voting for the first time and can benefit from education and encouragement from more experienced voters. Provide this encouragement and education as you are able and know TurboVote is an excellent tool to scaffold these conversations.

- Inexperienced voters may be deterred by even small inconveniences. Be sure to discuss voting in a way that is accessible to all students by clearly explaining the action-based components of voting.

- Practice using TurboVote in class to demonstrate how it works for both ND residents and out of state students.

- Interested in having someone come to your class to present about TurboVote? Contact Hailey Goplen (hailey.goplen@ndsu.edu)

Be aware of voter laws in ND

ND residents do not need to register to vote.
Please note: ND residents currently living outside of their home county (i.e. NDSU students currently living in Fargo who are not from Fargo) may register to vote at their precinct location to allow them to vote in Fargo. To do this, student must 1) be a resident of ND, 2) have lived in their precinct for 30 days prior to the election, 3) are at least 18 years of age, and 4) are a US citizen.

As voter ID laws are changing in North Dakota, please stay updated by visiting the voter section of the ND Secretary of State website: https://vote.nd.gov
