RN TO BSN

"Hearing other nurses voice their opinions, thoughts, inspirations, and goals was empowering. The insight of others has been beneficial for both my professional practice and personal life." Tanya Halvorson
Class of 2020

Registered nurses can advance to the Bachelor's Degree in Nursing (BSN) at North Dakota State University with a 100% online program. Virtual immersions will occur once per semester and all other courses are online. The curriculum is designed to recognize and expand on registered nurses' previous education and professional experiences. Students will study current issues and trends in nursing that will deepen their understanding of complex health care problems and transform their professional practice.

NDSU's BSN program can be completed in five semesters. Courses are offered in eight-week blocks. Virtual day-and-a-half immersions occur each fall and spring.

Completion of the BSN degree will provide the ability to:

- Be a leader in providing nursing care.
- Expand career opportunities.
- Understand and apply evidence-based practice.
- Initiate change to improve quality in health care.

ADMISSION REQUIREMENTS

Individuals must apply for admission to NDSU. Upon acceptance to NDSU, students should complete the application for the RN to BSN program. No application fee required in 2021.

Requirements for admission to the RN to BSN program:

- Completion of an associate degree in nursing
- Current unencumbered professional nurse license (RN)
- Admitted to NDSU
- Cumulative GPA of at least 2.75 on 4.0 scale
- Transcripts from all post-secondary schools attended
- Current CPR certification at health provider level
- Criminal background check with acceptable findings
- Completed School of Nursing application including essay and interview upon request
- Two professional references
