#### Share My Information - Terms and Conditions

In compliance with the Federal Family Education Rights and Privacy (FERPA), the university is prohibited from providing certain information from your student records to a third party. This restriction applies, but is not limited, to your parents, your spouse, or a sponsor.

FERPA is a Federal law that is administered by the Family Policy Compliance Office (Office) in the U.S. Department of Education (Department). 20 U.S.C. Section 1232g; 34 CFR Part 99. Once a student reaches 18 years of age or attends a postsecondary institution, he or she becomes an "eligible student," and all rights formerly given to parents under FERPA transfer to the student. The eligible student has the right to have access to his or her education records, the right to seek to have the records amended, the right to have control over the disclosure of personally identifiable information from the records (except in certain circumstances specified in the FERPA regulations, some of which are discussed below), and the right to file a complaint with the Department. The term "education records" is defined as those records that contain information directly related to a student and which are maintained by an educational agency or institution or by a party acting for the agency or institution.

I understand that, by selecting the "I accept" button below, I am giving written consent for University representatives to disclose student information specified by me herein to the individual(s) identified as a contact name for the purpose of facilitating the administration of the specified information. I am entitled to change, amend or rescind this authorization at any time.
