The College Teaching Certificate (CTC) is a three-semester (9-credit) graduate certificate in pedagogy for NDSU graduate students from across campus who plan to teach in a college or university and individuals who already have a graduate degree and work at NDSU. Students study contemporary education research and gain experience in the teaching and learning process through microteaching modules, field experience, peer observations, and a structured practicum.

Students enrolled in the CTC program must be concurrently enrolled in a graduate program leading to a degree or already have a graduate degree and work on campus.
