Ref: Agreement for pricing on safety glasses

The University Police and Safety Office on behalf of NDSU recently negotiated pricing levels with Midwest Vision of Fargo and Moorhead for safety glasses for NDSU employees.

The attached datasheets contain the pricing and frame style options. The listed base price of lenses on the first datasheet includes a standard frame and the prices on the individual premium frames on the remaining datasheets have been discounted accordingly for this standard frame credit.

In order to take advantage of the negotiated pricing it is necessary for the employees to take with them:

1. An NDSU Employee ID
2. A memo from their employing department identifying the individual as an employee.

The agreement with Midwest Vision does not provide for the payment associated with the safety glass purchase. It is expected that the employee will pay for them upon receipt. The purchase receipt may be turned into the employee's department for reimbursement at the department's discretion. It is the employee's responsibility to verify before visiting Midwest Vision how much, if any, of the cost associated with the safety glasses is covered by department policy.

This arrangement with Midwest Vision is for the sole purpose of establishing a price rate for protective eyewear for NDSU employees. The employing department at their discretion may choose whether or not to reimburse the employee for this personal protective equipment.

For assistance in interpreting the datasheets attached to this memo, please contact the University Police & Safety Office at 231-9535.
