MEMORANDUM OF AGREEMENT

BETWEEN

NORTH DAKOTA STATE UNIVERSITY, FARGO, ND, USA

AND

PARTNER INSTITUTION, CITY, COUNTRY

In recognition of the long-standing and friendly relationships of fruitful cooperation between the United States and PARTNER COUNTRY, and with the aim to strengthen their scientific and scholarly links,

PARTNER INSTITUTION, with its Principal Seat at CITY, COUNTRY, hereinafter referred to as PARTNER INSTITUTION

and

North Dakota State University, with its principal offices located in Fargo, North Dakota, U.S.A., hereinafter referred to as NDSU

agree and conclude as under:

Article 1: Purpose of the Agreement

The purpose of this Agreement is to establish cooperative professional relations between the PARTNER INSTITUTION and NDSU.

Article 2: Fields of Cooperation

Both the PARTNER INSTITUTION and NDSU agree to establish, continue and renew the scientific and scholarly cooperation between the faculties and departments of both institutions.

Article 3: General Areas of Cooperation

Within the mutually designated fields, both institutions agree to, and shall endeavor, in so far as their financial means allow, the following general forms of cooperation between the institutions:

3.1 The exchange of faculty, research scientists, and institutional managers for short periods, which will generate and encourage continued scientific and scholarly cooperation between the two institutions.

3.2 The organization of joint research activities, which may be supported by the exchange of scientist, scholars and technical staff members.

3.3 The education of graduate students from the PARTNER INSTITUTION seeking advanced degrees from NDSU (see Article 5).
3.4 The organization of joint conferences, seminars, symposia, summer courses, other short courses, etc.

3.5 The exchange of publications and other scientific materials for scientific scholarly, educational and informational purposes, in order to strengthen the friendly relationships between both institutions.

Article 4: **Financial Arrangements**

4.1 Both institutions accept that all financial arrangements are to be negotiated, and are dependent upon the availability of funds.

4.2 Both institutions, in addition to their own funding sources, may seek financial support from national and international organizations for the activities and exchanges to be undertaken in the terms of this Agreement.

4.3 A detailed cooperation program in respect to the General Areas of Cooperation (Article 3) shall be reviewed annually by the representatives of both institutions. The program included from the annual review shall be a full part of this Agreement.

Article 5: **Education of Degree-Seeking Graduate Students**

In recognition of need and desire of the PARTNER INSTITUTION to strengthen its existing faculty by encouraging and supporting junior faculty and other staff members in their pursuit of advanced degrees, NDSU agrees to give special consideration to applicants from PARTNER INSTITUTION seeking admission in graduate degree programs at NDSU. This special consideration, however, may not circumvent the normal student application and admission procedures of the Graduate School of NDSU (including GRE and TOEFL/IELTS score reports), or by the individual academic departments to which faculty and staff from the PARTNER INSTITUTION may apply. To facilitate the acceptance and education of applicants from the PARTNER INSTITUTION at NDSU, the parties agree to follow the guidelines below:

5.1 Applicants from the PARTNER INSTITUTION must submit official applications for admission, following the standard procedures for international graduate students as established by the Graduate School at NDSU, as delineated on their website at:

www.ndsu.edu/gradschool/prospective_students/international_applicants/

In addition, the nominated officer at PARTNER INSTITUTION shall provide a list of all applicants to NDSU, along with specific degree program each one is applying to enter, to the Dean of the College of Graduate and Interdisciplinary Studies at NDSU.

5.2 Qualified PARTNER INSTITUTION applicants who have been admitted to NDSU shall hereafter be called “PARTNER INSTITUTION Fellows” in this document. Both PARTNER INSTITUTION and NDSU agree that the PARTNER INSTITUTION Fellow program will be initiated in the Spring Semester 2015.

5.3 A PARTNER INSTITUTION Fellow may apply to any academic program offered at NDSU, as a full-time degree-seeking graduate student, at a level determined by NDSU.
The number of PARTNER INSTITUTION Fellows to be accepted by NDSU is negotiable and shall ultimately be determined by the availability of academic (thesis) advisors at NDSU.

Financial Arrangement. For each PARTNER INSTITUTION Fellow admitted for Spring 2015 and thereafter, PARTNER INSTITUTION and NDSU agree to the following financial arrangements, set forth on a per student/per academic year basis for up to three (3) years of support for each PARTNER INSTITUTION Fellow accepted through this program.

5.5.1 For each PARTNER INSTITUTION student registered at NDSU, PARTNER INSTITUTION will provide to NDSU US$XXXX per year to be directly dispersed to students for room and board costs, books, and other costs associated with studying in the U.S. An additional amount will be provided by PARTNER INSTITUTION to NDSU to pay charges in accordance with sub-paragraph 5.5.3 below. The amounts provided to NDSU by PARTNER INSTITUTION may change each year pursuant to sub-paragraph 5.5.4 below.

5.5.2 For each PARTNER INSTITUTION Fellow registered in full standing at NDSU, NDSU will provide 100% waiver on the base non-resident tuition. Full academic standing requires a student to maintain a Cumulative Grade Point Average of 3.00 or greater depending on specific requirements of the student’s degree program as mandated by the individual NDSU academic departments.

5.5.3 NDSU’s Customer Account Services will invoice PARTNER INSTITUTION at the beginning of July for the upcoming academic year, the estimated annual charges for anticipated students, based on an academic load of 9 credits per semester for fall and spring semesters and 6 credits for summer. The annual estimated charges are due by September 15th of the academic year. If the payment is not received by NDSU by September 15th, the PARTNER INSTITUTION students risk termination of their registration. The annual charges billed will include:

- A stipend of $XXXX per student for living expenses. The stipend will be paid to each student at $XXXX per month starting September 1st of the academic year.
- Required health insurance, student fees, course fees, program differential tuition (formerly called program fees), sponsored program fees, orientation fees, and other charges associated with studying at NDSU. Actual charges for each student will be applied against the PARTNER INSTITUTION payment on a semester basis.

NDSU will invoice PARTNER INSTITUTION in the middle of November for new students starting the spring semester, the estimated charges for the remaining academic year. These estimated charges are due by January 31st. If the payment is not received by NDSU by January 31st, the new PARTNER INSTITUTION students risk termination of their registration. The estimated charges billed will include:
- A stipend of $XXXX per student for living expenses. The stipend will be paid to each student at $XXXX per month starting February 1st of the academic year.
- Required health insurance, student fees, course fees, program differential tuition (formerly called program fees), sponsored program fees, orientation fees, and other charges associated with studying at NDSU. Actual charges for each student will be applied against the PARTNER INSTITUTION payment on a semester basis.

NDSU will provide a statement at the end of each semester disclosing the actual charges for each student, and the remaining unapplied balance of the PARTNER INSTITUTION payment to use for the future semesters.

In the event the estimated amount paid by PARTNER INSTITUTION is less than the actual charges incurred, NDSU will submit an additional invoice at the end of the academic year. The invoice is due with the payment for the subsequent academic year.

In the event the estimated amount paid by PARTNER INSTITUTION is more than the actual charges incurred, NDSU will carry forward the additional amount and reduce the subsequent year’s invoice by this overage.

5.5.4 PARTNER INSTITUTION will deposit money in an account established by NDSU for the purpose of this agreement. Prior to each academic year, a summary of anticipated costs will be prepared as an overall estimate of the cost for Fellows at NDSU. This will permit cost changes to be absorbed through the Agreement. Although it is not envisioned that cost increases will exceed 10% per year, the parties acknowledge that such increases may be greater than 10% in any given year.

5.5.5 If a student, due to circumstances beyond his/her control, is unable to complete the degree requirements in three (3) complete years (36 months measured from the time they start at NDSU), a written waiver will be created that clearly defines the need for a time extension and estimated time to completion, which may be signed by PARTNER INSTITUTION and NDSU specifically for the affected student.

5.5.6 Students whose Cumulative Grade Point Average (CGPA) falls below 3.0 will have one additional semester to resolve their grade deficiency. If their following semester Cumulative Grade Point Average (CGPA) does not meet the minimum 3.0 requirement, the student will not receive further support from NDSU or PARTNER INSTITUTION. Students are also subject to the rules and procedures described in NDSU’s Graduate Assistant Policy.

5.6 PARTNER INSTITUTION acknowledges that its faculty and staff who successfully become students of NDSU are subject to its requirements, rules, and provisions governing student affairs. Participating students are subject to the admissions regulations, including language proficiency, class performance standards, conformance with the NDSU Code of Conduct, any applicable “honor codes” established by specific programs or departments of NDSU and other policies of NDSU, specifically including,
but not limited to rules prohibiting academic misconduct, academic dishonesty or plagiarism. Students are expected to meet the minimal academic “good standing” requirements of NDSU. In the event students do not meet the requirements specified in this paragraph, NDSU has the right to terminate the student(s) from NDSU as further detailed in the Termination Section below. PARTNER INSTITUTION shall advise its students of their obligation to follow the rules and regulations detailed in this Agreement.

5.7 NDSU and PARTNER INSTITUTION acknowledge that any modifications, revisions or additions to the PARTNER INSTITUTION-NDSU program discussed in this Agreement must be reviewed and mutually approved by both parties of this Agreement before being offered to PARTNER INSTITUTION faculty and staff, however, NDSU reserves the right to make any necessary changes to the program at its sole discretion if it is deemed necessary, of which it shall provide advance information to PARTNER INSTITUTION.

Article 6: Administration

6.1 Activities and exchanges in the framework of this Agreement shall be administratively coordinated for PARTNER INSTITUTION by the Office of the Registrar, and for NDSU by the College of Graduate and Interdisciplinary Studies.

6.2 Subject to prior written approval, and subject to institutional policies regarding the use of logos, PARTNER INSTITUTION and NDSU will be authorized to use corresponding university logos in conjunction with their brochures, publications, advertisements, letterhead, and material, which make reference to this Agreement.

Article 7: Mutual Agreement on Candidates

Both the sending and hosting institutions shall agree in advance on each exchange candidate, both faculty and staff member, in the framework of this Agreement.

Article 8: Duration of the Agreement

8.1 The present Agreement comes into effect when the signatures of both institutions appear on it, and shall be valid for a period of six (6) years, at which time the Agreement will be terminated unless otherwise extended by the parties.

8.2 Either party may terminate this Agreement upon six (6) months prior written notice to the other party, provided, however, that any PARTNER INSTITUTION Fellows that are currently enrolled at NDSU shall be allowed to complete the program of study if reasonably possible and their performance is within the standards set forth in this Agreement. The parties may also mutually agree to terminate this Agreement at any time. In addition, NDSU reserves the right to terminate the participation of individual PARTNER INSTITUTION Fellows in this program if it is deemed necessary in accordance with their policies. NDSU will provide PARTNER INSTITUTION with prompt notice of this decision and the factors that caused said termination. NDSU will also notify the appropriate immigration authorities of said termination. PARTNER
INSTITUTION Fellows will be responsible for their own return transportation in the event their student status is terminated by NDSU. Refunds for tuition or other costs incurred by PARTNER INSTITUTION Fellows will not be given unless they are within the normal guidelines and timelines normally provided to students of NDSU.

IN WITNESS WHEREOF, the parties hereto have offered their signatures:

For PARTNER INSTITUTION
