

Faculty Position Tenure Track Assistant Professor of Cognitive Psychology.
North Dakota State University invites inquires, nominations and applications for this 9-month tenure-track position to begin on August 16, 2018

Position Description The Department of Psychology at NDSU has a 9-month tenure-track faculty position at the rank of assistant professor, available Fall 2018 (August 16, 2018 start date). The position is 45% research, 45% teaching, and 10% service. We are especially interested in candidates whose research interests include the application of cognitive science methodology to real-world environments for learning and training in human participants. Successful candidates will have a record of research productivity, and experience pursuing and/or obtaining external funding consistent with their career stage. Successful candidates will also be able to contribute to teaching undergraduate and graduate classes in topics including advanced statistical methods, upper-division courses for majors, and specialized seminars relevant to the candidate's field of expertise. Finally, the successful candidate will be expected to contribute to the college-level research theme focused on STEM Education/Discipline-Based Education Research either through direct research efforts or collaborative interactions with current faculty actively pursuing related lines of research. Candidates are also expected to supervise MS and PhD students, teach 3 courses per year, and advise undergraduate students. The position is competitive with regard to start-up funds, space, and salary.

Minimum Qualifications: The minimum qualifications for the position are: 1) Ph.D. degree in Psychology, Cognitive Science or a related discipline by anticipated start date (8/2018), 2) evidence of research productivity, 3) Effective written and oral communication skills.

Preferred Qualifications: Priority will be given to candidates who can provide evidence of research productivity relevant to applied or translational contexts for learning and training, and who have experience pursuing or obtaining external funding. Also, priority will be given to candidates who can demonstrate ability or interest in teaching advanced-level graduate statistics.

The Department The Department of Psychology's offices and labs are located in the recently renovated Minard Hall. The department has 15 full-time faculty, three Professors of Practice, twenty graduate students, and 400 undergraduate majors. The department is dedicated to supporting productive, nationally recognized research programs and providing quality instruction to students. The Department's Center for Visual and Cognitive Neuroscience is currently supported by a NIH Center for Biomedical Research Excellence (COBRE) grant. Collaborative research partnerships have been established with local major medical centers. All faculty members supervise graduate and undergraduate research, and direct graduate and undergraduate theses. Additional information about the department is available at: <http://www.ndsu.edu/psychology>.

The University North Dakota State University is a student-focused, land-grant, research university with more than 14,000 students from 47 states and 79 countries. We are proud to be our state's first institution to be named to the top category of the Carnegie Commission on Higher Education, and similarly, the only North Dakota university in the National Science Foundation's top 100 institution rankings. Additional information about the university is available at: <http://www.ndsu.edu>.

The Community NDSU is located in Fargo-Moorhead (F-M), a pleasant, safe, and growing community of approximately 233,000. As the largest population center in the region, F-M is a center for entertainment, finance, and medical services for a large geographic area including the state of North Dakota and northern Minnesota. Two universities (North Dakota State University and Minnesota State University Moorhead) and one private liberal arts college (Concordia College) are located in Fargo and Moorhead. The F-M area has a healthy economy, ND has one of the lowest unemployment rates in the U.S., good public schools, low crime rates, ample shopping, local theatre and music companies, several art galleries, semi-professional baseball and hockey, and Division I intercollegiate athletics. Hector International Airport in Fargo is convenient and is served by several major airlines. Sun, clear skies, and clean air predominate year round. Visiting nearby northern Minnesota lakes, canoeing, camping, cycling, softball, and soccer are popular in summer; winter pastimes include cross-country skiing, skating, and snowmobiling. The city has an excellent park system that includes several quality golf courses and bicycle/running/ski paths along the Red River, which divides Fargo-Moorhead. Fargo is an hour drive from a major resort area in the Minnesota "lakes country" and two hours from scenic Itasca State Park, where you will find the headwaters of the Mississippi river. Central and western North Dakota offer beautiful hiking, camping, fishing, hunting, and related opportunities in the Badlands, national grasslands, and numerous river valleys. Winnipeg, Manitoba is less than a four-hour drive to the north and Minneapolis-St. Paul is an equal distance to the southeast.

Application: Applicants must submit a cover letter, a curriculum vitae, and statement of research interests, a statement of teaching philosophy, and contact information for three professional references. All application materials must be submitted online at <https://jobs.ndsu.edu/postings/8656>.

Review of applications will begin November 27 and will continue until the position is filled.

Questions regarding the search may be directed to Ben Balas, Cognitive Psychology Search Committee Chair, Department of Psychology, NDSU Dept 2765, PO Box 6050, Fargo ND 58108-6050 or via email at benjamin.balas@ndsu.edu.
