

September 26 - 28, 2017

Delta Hotel by Marriott Fargo, ND
(formerly Ramada Inn)

Objectives:

- Describe the most effective strategies and interventions for prevention of HIV, STDs, hepatitis and TB.
- Identify and describe emerging prevention, care, and treatment options.
- Develop and strengthen community partnerships and collaborations.
- Demonstrate cultural competency working with high-risk populations in urban and rural settings.
- Shape prevention, care, and outreach programs to community values and needs.
- Describe the co-occurrence of HIV with HCV, substance abuse, and mental health.
- Identify ways to apply theory to practice.

Moving Forward: The Future Begins Now

NORTH DAKOTA & MINNESOTA STD / HIV / TB / HEPATITIS CONFERENCE
