

### Exceptions to Academic Standing (Spring 2020)

1. No academic suspensions at the close of the spring semester at the UGRD level.
2. Academic standing will be determined on the cumulative GPA (CGPA). Note: Normally standing is determined factoring both the semester GPA and CGPA.
3. Students receiving all pass grades will retain the same academic standing as they had when they entered the spring 2020 semester. Rational: Since pass grades do not factor into the GPA (i.e. they don't help or hinder GPA), the standing will remain unchanged from the previous semester.

Standing Entering the Spring 2020 Term	CGPA at the Close of Spring 2020	Resulting Academic Standing
Good Standing	*CGPA below 2.00	Probation
	**Earned all Pass grades	Good Standing
	***CGPA at or above 2.00	Good Standing
Warning	*CGPA below 2.00	Probation
	**Earned all Pass grades	Warning
	***CGPA at or above 2.00	Good Standing
Probation (includes admitted on probation and readmits from an academic suspension)	*CGPA below 2.00	Continued Probation
	**Earned all Pass grades	Probation
	***CGPA at or above 2.00	Good Standing
Continued Probation	*CGPA below 2.00	Continued Probation
	**Earned all Pass grades	Continued Probation
	***CGPA at or above 2.00	Good Standing
*CGPA below 2.00 is based on the student taking one or more classes with letter grades for the semester but excludes someone who earns all pass grades	**Earning only pass grades will generate a semester GPA of 0.00; this is not a deficient GPA in the same way as a 0.00 GPA with letter grades. Pass grades are not helping or hindering the overall CGPA.	***CGPA at or above 2.00 is based on the student taking one or more classes with letter grades for the semester
<b>Dean's List</b>		
This policy is to remain unchanged for the spring 2020 semester. To be eligible for inclusion on the Dean's List, a student must have earned a minimum GPA of 3.50 while completing at least 12 semester hours in letter graded (A-F) coursework, which includes MATH 098. Dean's list is only maintained for undergraduate and professional students.
