

RCA Research Development Travel and Conference Support Awards

Introduction: Research Development Travel and Conference Support Awards are available for FY2022. As this pool of funding is quite limited, please consider allowing individuals who do not have other sources of funding (i.e. grant) to apply for this opportunity.

Eligibility: NDSU tenured and tenure-track faculty are eligible to apply. Professors of Practice who have research as part of their appointments may also be considered for funding. However, visiting faculty are not eligible to apply.

Award Limits:

Virtual conference – up to \$500 in registration costs will be considered.

On-site conference – up to \$1,000 in eligible expenses will be considered.

Eligible expenses for reimbursement include conference registration, lodging, transportation and per diem. Please note that expenses, including any airfare or registration fees, will only be eligible for reimbursement after the conclusion of the conference and/or travel.

This funding will help cover expenses for the following:

1. Travel to a national-level conference (or registration fees for a virtual conference) to present research or creative work. Confirmation of acceptance to present at the conference must be provided with the application.
2. Travel to conduct research requiring access to an archive or special collection.
3. This opportunity is primarily for domestic travel; however, international travel requests may be accommodated if required for discipline-specific research. International travel must be clearly justified in the application.

Travel must be completed **by June 15, 2022.**
