"I love living on campus because it is easy to get to my classes, especially during the winter. I chose to continue to live on campus for the convenience and because I really enjoyed my first year living in the halls. It is just so much easier to get connected when you live on campus."

***Kobi A., Mathew Living Learning Centers***

"I love living in University Village! After moving off campus my sophomore year, I realized how much I enjoy the ease of living in NDSU housing. While incredibly different than living in the dorms, it has proved to be another great experience of living on campus."
